Sir,-

I have to advise you that the Department has decided to increase the salaries of Miss McBain and Miss Waite to \$600.00, a year.

These increased salaries will be paid to them from the first of the current quarter namely July 1st, 1917.

You will be good enough to inform them, accordingly.

Your obedient servant

Assistant Deputy and Secretary.

Chms
Dear Sir,

I wish to thank the Department for the increase in salary they have granted to me. It has certainly been increased at an opportune moment. The present high cost of living and advance in cotton goods also, have made me wonder how I could continue instruction in Domestic Science and Needlework in order to make the lessons interesting. The Rama Indians, like many more people, are always wanting something new, otherwise they lose interest.

I hear Mr Abraham is inspecting the gardens this week. I gave him a list of the pupils who were competing in the Home Garden Scheme. Mr Abraham kindly consented to inspect for me the gardens in connection with the Women's Institute. Last year we had 4 who took advantage of the seed distributed by the Ontario

Department of Agriculture to the Women's Institutes. The judge sent me a very complimentary letter in reference to the competitors. This year I asked for 6 parcels of seed. As we have been requested to curtail ^{the} expenses of a judge wherever possible, I thought Mr. Abraham could inspect the gardens for the Women's Institute also.

I see no reason why we should not have a Fall Fair this year. Home Garden produce can be exhibited, and the girls have their needlework. They can also have an exhibit of baking and canned fruit.

I would esteem it a very great favour if arrangements ~~for~~ could be made for Mr. Abraham to be present. October will be the best month I think. The date can be arranged later, so as not to clash with the school teachers' Convention.

Yours faithfully,
Ruth Waite

Pama Indian School.
P. H. No 2 Oshley
September 29. 1917.

OCT 1 1917
DEPT. OF
INDIAN AFFAIRS

Sir,

500039

Kindly oblige me, by placing before the Department, my resignation as teacher of the Senior Department of the Pama Indian School.

Last year I informed the Department of my then, recently acquired knowledge of the fact that I occupied a subordinate position here. I enumerated the important subjects I had added to the curriculum of the school, and as instructor of those, in addition to the ordinary subjects, I asked to be placed on an equal footing with Miss Mc Bain. This request I understood was granted, when my salary was made equal with hers. I am so accustomed to the Departmental work of the English schools that such a position offers no difficulties without, any intentional disrespect to Miss Mc Bain. She evidently finds it difficult to co-operate. I can understand her position, for she has been here so many years. Therefore, as the later arrival, I think it better to resign. Lack of co-operation will only cause regrettable trouble here.

I have, to the best of my ability, faithfully served the Department for nearly four years, and I hope, given satisfaction. The agent and the former pastor, the Rev. John Nelson, can verify my statements in reference to my work.

2.
On the whole, I have enjoyed
my experience as a teacher on an
Indian Reserve. In spite of its
many difficulties, there has been
a fascination, not only in the
school work, but that of the
community also.

I kindly accept three months notice, dating
from October 1st.

Yours faithfully.
Ruth Waite

152199/1

2/11/18

Extract from report of R. A. Hutchison, Public School Inspector, dated October 20, 1917, on the Rama Indian Day School. Original on 152199/6.

There is some friction between Miss McBain and Miss Waite. It seems that Miss Waite has been assuming that she is the head of the school for two reasons, - First, because she teaches the senior room and second, because she holds a higher certificate than Miss McBain. Of course, Miss McBain should be considered the head for many reasons, but chiefly because she stuck to her work when the conditions were not as pleasant as they are now. Now these girls are both doing good work and it is too bad that they cannot get along. You know, it is doubtful whether any two girls will get along for any length of time, living the secluded life that they do. The trouble is that they get too much of each other. I understand that Miss Waite's resignation has been accepted by your Department and it is well.

Dear Sir:

When Miss McBain informed me of the vacancy in the Rama school to take place at Xmas & asked me if I could suggest some person to fill it, my mind turned at once to Miss Grace Martin of Newport who is now making application for the position. I have personally known her & the whole family for fifteen years & have watched her during these years as she has grown up from a young girl.

I have no hesitation in saying I do not know of any person whom I think will fill the position better than she. She is one of the most conscientious & thorough-going workers I know of. She has a kindly disposition, a cheerful spirit & a delightful earnestness. Her moral & Christian character is deep-rooted & unyielding. To uplift & develop her pupils morally, intellectually & spiritually will be her greatest joy & she will shrink nothing too hard to attain that end & she will do it by love, patience & perseverance. The influence & training of her parental home is of the highest order & I feel sure she will make good in the school. While she has not any formal

Wm. Ingersoll, the truant officer, and the Indian Agent should receive instructions to prosecute parents who refuse to send their children to school. The present average of 19 is hardly enough for one teacher. Mr. Meyers is too lenient. You should write him regarding this.

The school should be supplied with the Ont. School Manuals. The lavatories are in a disgraceful condition, not fit for pigs to live in. The teachers blame young men and boys of the reserve. I understand that Mr. Meyers was notified some time ago to have notices posted on the school forbidding people from trespassing. This has not been done. Notices should be posted and the constable who lives next to the school should see that the notices are observed. Trespassers have destroyed the school garden for the last three years. Mr. Meyers should be instructed to have the closets cleaned out, also to support the constable in keeping young people out of the school yard.

apply for appointment
to the position.

I am a teacher of
many years of experience
in teaching here in Toronto
and love the work very
much, but would like
to teach in the country
for a change, and
have for long felt a
deep interest toward
this Rama Indian School
and would enjoy to
labour as teacher for
these little Indian

children.

If you would be so
kind to furnish me
with the necessary infor-
mation as to what the
Department particularly
desires here - I would
greatly appreciate your
answer, or also any
literature helpful for
this particular work.

Yours truly,

Gertrude Amer.

Dear Madam,-

I have to acknowledge the receipt of your communication of the 31st ultimo, in which you make inquiry regarding the Rama school. The present Principal, Miss Eva MacBain, has not as yet decided to retire. She has been in ill health, but we are in hopes that she may yet be able to continue this work, in which she has been remarkably successful. Should a vacancy occur, however, I shall be glad to advise you, so that you may make a formal application.

Yours truly,

del

J. MacBain

Deputy Superintendent General.

the Ontario Educational
Association - at which I
gave a paper - and Miss
MacBain and I feel
that we held close kinship
in regard to our teaching work.

Might it perhaps be possible
that I could come and help
with the work at the Rama
school - and thereby relieve

Miss MacBain or help her
in any way so that she
could pick up in health?

I am not thinking of salary
but am just interested

in the work there and these
Indian children - and would
gladly volunteer my services
to stand by Miss MacBain
in any work or service I
could render her in her
work with these Indian
children - If by coming I could
help Miss MacBain.
I trust you will understand
stand aright the spirit in
which I am writing -

I was a great admirer
of Miss MacBain as
teacher when I met
her & I am sure she
must do wonderful work
with these children -

September 11th, 1918.

Dear Madam -

I have your letter of the 7th inst., and am pleased to know of the very cordial relations that exist between yourself and Miss McBain. So far as the Department is concerned, if Miss McBain continues her work at the school there will be no objection to your giving her any assistance that you can. Of course, you will understand that it is not possible for the Department to pay two salaries for the one position, and the monetary arrangements, if any, would have to be between yourself and Miss McBain. I would suggest that you communicate with her to the above effect.

Yours very truly,

Deputy Superintendent General.

Dear Mr. Scott,

Miss Gertrude Ahner of No. 1 Bain Ave., Toronto, a member of the Toronto Public School Staff of teachers, who has been granted a leave of absence on account of illness from which she has already recovered, has been advised to live for a time in the country.

She desires to obtain a temporary appointment to the staff of Rama Indian School for the school year or during the absence of Miss McBain who, I understand, is one of the teachers of Rama School, and who expects to be absent for a protracted period.

Miss Ahner is a capable, enthusiastic, and resourceful teacher who, I believe, would give excellent satisfaction in such a school. With kind regards,

Yours sincerely,

R. H. Cowley

Rama Reserve Nov 2nd 1918

MEMO.

Samson George Councillor

I beg to report as follows in resolution passed for a School Board be appointed for the Rama Day School.

I am of opinion that it would be a good idea to have a School Board the same as other reserve has. The Teacher would have to ask the School Board for what they need, and the School Board bring it before the Council. I want the School Board to be asked by the Teacher for what they want for the School and the School Board bring the matter up before the Council.

MEMO.

Alfred William Councillor

I beg to report as follows in resolution passed for a School Board be appointed for the Kenna Day School.

I am very strong for having a School Board. for this school
~~as it is a small school~~

I think the school should be opened full time for teaching as the school was closed on Fridays one hour ~~before~~ Miss M'Bain time. and teacher should get permission first from School Board for closing school on any occasion

Nov 5th 1918

In answer to above number and date of letter. I beg to enclose herein their own report in asking for school Board. Since receiving these report from councillors. Chief Alder York has informed me that Mr Carpenter is the one that pressing to have a School Board. as he is not satisfied with the appointment of the Teachers. Councillor Williams report is Mr Carpenter own make up of report. I know that part myself. The chief says the Carpenters are anxious to have Miss Waile back, and not satisfied with Miss Anher appointment. Miss Hawley appointment as teacher. was the same. but there has come a great change of attitude since the holidays. nothing is to good. It appears to myself that this is done to annoy Miss McBain in first place and still carried out with the new teacher.

I beg to report to the Department that Miss Fawley has left the school residence and is boarding at the Parsonage. She has done very little house work since the new teacher arrived but left it to Miss Anher she will not even put in any coal in the furnace. all Miss Anher ask her to put a little coal in furnace at recess she has every thing to do or the fire will go out. even Frank Shilling the Care taker has got quite insolent to Miss Anher. I intend to dismiss him to morrow. He came last Sunday night to sweep the school. Miss Anher would not allow it. Miss Fawley has circulated all around that Miss Anher is crazy and don't know how to teach before school re opened. I am surprised at Miss Fawley lending herself as a Catpaw to the Parsonage people after the treatment she received herself. The Carpenters are acting it appears to me like fiends. all the school troubles comes from that source it appears he intends to have the running of school. There is to be a course of sermons on Sunday and Day school. Miss Anher's nerves are about broke.

Sir,—

I beg to report to Department that I was called by Phone to come to Rama Indian School. That the Seward Officer was very insolent and telling the Indian children in their own language not to come to school as they did not have to mind what this Teacher ^{sup} as he was boss he had the law right here in his book. making many gestures. This man Ingersoll is a very polite man and very civil, of course is easily seen that he has been put up to this kind of work. I appeared at the reserve at noon and dismissed Ingersoll and gave him a smart-lecture as to his behaviour. but could not find out from whom well he got his orders. It appears to me that some action should be taken at once. as Miss Ahner is heart broke.

Sir, -

I beg to report to the Department that I am of the opinion that under the present conditions of our school that there should be no white children attend the school. as the Parents come to visit the school. there was a quarrel between an Indian boy and this McPhadden white girl about a mile away from school. McPhadden came to the school and was very saucy to Miss Ahner as it so happened he was a pupil of her surely what happens away from the school the Teacher is not responsible for that. This appears to myself a planned complaint I also beg to report that there was a man in the school furnace room making all kind of noises to annoy and scare Miss Ahner who is all alone, Tuesday night. it appears according to the tracks in the new snow and Miss Ahner description of his voice it must be the Care-Taker that I dismissed as he has very large feet. Miss Fawley is very anxious to return to the Ramcar School to teach this appears to me to be all figured out. It would make no difference who would be her colleague here she would have to do the lion share of the household duties. and I am of the

I beg to report— to Department that Miss Hawley has not as yet arrived to resume her duty as Teacher of the Ramer School.

I visited the school last Friday and inquired from Mrs English if she had any word as to Miss Hawley returned she said no. I asked Mrs English in case of Miss Hawley not being back by Monday if she intended to teach till Miss Hawley came back. I concluded then that there was some thing wrong. Monday came Mrs English was not on duty. and did not even send any word why she did not come.

Miss Ahner is teaching the scholars of both rooms. I asked her if there was any trouble she informed me that there was not. as Mrs English had her lunch which she brot to school with her at the school residence last Thursday she took her lunch over to the Parsonage and had it there the same on Friday.

Ottawa, January 27, 1919.

Sir,-

With reference to the Rama Indian School I beg to say that Miss Fawley is en route for England and has sent in her resignation, which has been accepted by the Department. She has been paid in full up to the time she ceased teaching and, if Mrs. English is still teaching as substitute for Miss Fawley, she will be paid by the Department for the number of days she teaches.

If, as your letter of the 21st instant would indicate, Mrs. English has ceased teaching, you will be good enough to consult with the Public School Inspector with a view to obtaining a teacher to take charge until the end of the school year. Kindly let the Department know as soon as possible whether Mrs. English will continue teaching at this school and, if not, what arrangements you make for securing a teacher.

The Department would like to know whether Miss Fawley made any arrangements for the disposal of her personal effects which were in the school. If not, they should be packed up and stored until she gives directions regarding them. Her bedroom should be put in order.

In regard to the disturbance made by Mr. McPhadden on account of some trouble between his daughter and an Indian boy I beg to say that Miss Ahner should not be held responsible, as she has only lately taken charge of the school and the trouble occurred away from the school. If Mr. McPhadden is not satisfied the best thing he can do is to remove his daughter from the school, as there is a white school on the reserve.

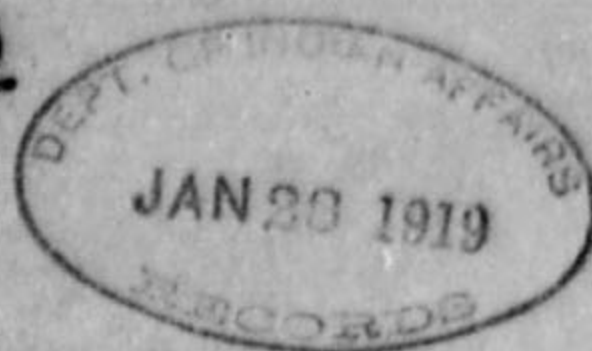

File
MS
asw. You will be good enough to inform the Indians that any one found entering the school ~~grounds~~ for the purpose of annoying Miss Ahner will render himself liable for prosecution under the 460th section of the Criminal Code, which reads as follows,—"Everyone is guilty of an indictable offence and liable to fourteen years' imprisonment who, either by day or night, breaks and enters and commits any indictable offence in a school-house, shop, warehouse or counting-house, or any building within the curtilage of a dwelling-house, but not so connected therewith as to form part of it under the provisions hereinbefore contained". *House*

I enclose herewith 2 letters I received from Miss Ahner which speaks for it-self.

This woman wanted to teach the scholars of both room, and I suppose both pays she was a little ugly when I opened the Senior room for Miss McBain. and the more she thinks about it—the more she is getting.

I called yesterday and asked her for the key of her cupboard. she told me that she was too busy, and did not want to be bothered, so I left her at that as it was no use in talking to her.

There is no lead Pencils for the Senior room. That was what I wanted her key for, so she must have locked them up in the school chest, as there are no pencils in her cupboard as I opened it.

The scribbles arrived to day per express

Madam,-

Mr. Agent Myers has forwarded to the Department two letters which he received from you which indicate that you have a mistaken idea of the duties of an Indian Agent in connection with the schools under his supervision.

Under the general instructions issued to Indian Agents they are required to give earnest attention to the administration of the schools and to use their best efforts to increase their efficiency and in pursuance of these instructions Mr. Myers is simply doing his duty in visiting the class-rooms, inspecting the school building and discussing school matters with the teachers. You will be good enough to bear this in mind when Mr. Myers has occasion to again visit the Rama School.

A copy of this letter is being sent to Mr. Myers for his information.

I beg to report to Department that I visited the Rama Reserve Indian Day School. Yesterday Monday 24th. Miss Ahner acted very strange when I entered her class room. She just walked out and went outside. She would not speak. I just left it that way as I thought it was not prudent to cause any commotion on account of the school children.

I am your obedient servant
Chas. W. Myers

Orillia Packet

July 6, 1919

furnished by Rev Mr. Carpenter

Our school which is a two-room country school and a credit to the Reserve and to the Indian Department which built it, has been left of late to the care of a Kindergarten teacher. It is impossible for one teacher to properly conduct a two-room school if there is a good average attendance of the pupils. In this case, however, the attendance is small compared with what it should be. But there being no school board and no truant officer the system of operation is very poor, and certainly calls on the Agent and the Council to make such representations to the Indian Department as shall bring forth an improvement. Surely the Indian children are worthy of a proper education, and surely the Indian Department is under obligation to see that the school is equipped with a proper staff of teachers and also that other arrangements are made to bring forth greater efficiency in the education of Indian children on this Reserve.

Dear Miss Mrs Bain

We were in the junior room for two weeks
Miss Ahner taught us. the first day we were
there we did not like it. She told us to sit still
with our hands folded. we did not do any thing
all day. She did not give us any recess in
the morning or in the afternoon. She would
not allow us even to sharpen our pencils if
they are broken. If she seen us putting our
hands on top of the desk. She would slap our
finger with a ruler. we did not read. I only
read my lesson twice. later on she told us to
do multiplication. multiplying by four. they are
too easy. and she taught us how to write
1 2 3 and so on. as if we were babies. One
day. She told us to come into this room to get
all our books. we did so. It was no use. Taking
all our books in there. She did not give us any
lessons in them. I took some scraps of paper out
of my desk. I did not like my desk being untidy
so I tidy it up a bit. She made me put them
scraps where I got them. I did so. I was afraid
of her. She is so cross. She used to say she loves
the Canadian children. But she does not treat
them nicely. She used to kiss the little ones. But
not now. We asked her one day to go out for
recess. She did not listen to us. If we don't
get a new teacher I won't go into her room.
I would rather stay home. I would be very glad
if she leaves this school. She does not
like Mrs Carpenter. or any body. I used to
think she is a kind woman. But I don't
now.

Yours Sincerely
Cora Shilline

Sir,—

I enclose herein Senior Room scholars of the Rama Indian school, version of their work done in Miss Abner room. I find in reading over what the Pupils has written, it is facts. She has lost all that loveable disposition when she first came. She appears to me that she is trying to make herself hateful. and is successful. I do not understand her action. she has quit speaking. As to Mrs English she would be very pleased to assist at any time, if cause should arise she was needed, as she is anxious to earn some money. there is too much worry in it with Miss Abner. Mr Hale of the Packet told me himself that Rev Mr Carpenter gave him that report he made no bones about it. Trusting you are well

I beg to report to Department that I visited the Rama Reserve School to day to assist Miss M. Bain with the Teacher report for 1918. as there are some questions to be answered by the second Teacher. Miss Ahner decline to answer these questions. I ask her for the register of school and was also refused. Miss M. Bain sent one of her pupil with a note kindly asking her for her for school register. Miss Ahner came to Miss M. Bain room. and said any question that Mr. Myers wants to know must be sent to her by mail. I find it impossible for me to consult with her in school matters.

Ottawa, February 28, 1919.

MEMORANDUM.

Mr. Scott,

Approved
Miss Ahner, who was appointed temporarily to replace Miss McBain at the Rama Indian School, has proved to be a failure.

Before I visited this school in December, last, she had antagonised Miss Fawley, the assistant teacher. The Methodist Missionary informed me that he would have nothing to do with her. When Miss Fawley left the school Mrs. English replaced her, but she was unable to get along with Miss Ahner and left. Miss McBain, although not fully recovered, stepped into the breach, and is still in charge of the school, but she declined to occupy her former quarters there, as she said it would be impossible to get along with Miss Ahner. She is living at Longford Mills and walks back and forth from the school.

Miss Ahner has declined to have anything to do with Mr. Myers, our Agent, and he forwarded a letter he received from her, which reads as follows, - "Would you be good enough not come into my class-room. I do not require you there, nor in any part of my school home". Miss Ahner was told that Mr. Myers was only carrying out his instructions and in visiting the school and she was requested to bear this in mind when Mr. Myers has occasion to again visit this school.

There is another letter in from Mr. Myers dated the 26th of this month, which speaks for itself, and I have also received one from him with letters from the children giving their version of the way Miss Ahner conducts the class, and some of them are quite intelligent enough to form an opinion.

I think it would be in the best interests of this school to get rid of Miss Ahner as soon as possible, as

2.

as she is not amenable to reason or advice.

Mr. Myers states that Mrs. English is available until a permanent teacher can be obtained.

Ottawa, February 28, 1919.

Sir,-

I have to acknowledge the receipt of your letter of the 26th instant reporting that Miss Ahner, assistant teacher of the Rama Indian Day School, has declined to have any further dealings with you in regard to school matters.

In reply I beg to say that Miss Ahner by her peculiar behaviour has failed to give satisfaction to the Department and, as her appointment was only temporary during the absence of Miss McBain, who has now returned to duty, it has been decided to dispense with her services at once. The Department considers that every opportunity has been afforded Miss Ahner to prove her fitness for the position without any satisfactory results and the only course open is to replace her by a teacher who will be amenable to reason and advice.

A cheque for \$150.00, being Miss Ahner's salary in full for this quarter, will be sent you tomorrow.

You will be good enough to see that Miss Ahner vacates the premises without any delay and you may appoint Mrs. English to take charge temporarily.

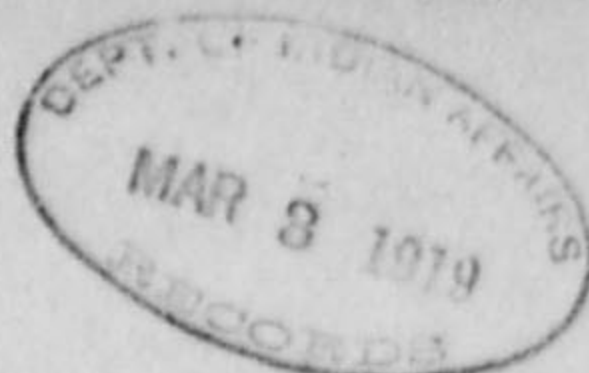

Your obedient servant,

Chas. W. Myers, Esq.,
Indian Agent,
Atherley, Ont.

Mr. Benson.
Dept. of Indian Affairs.
Ottawa.

Dear Mr. Benson-

Mr. Myers showed me a letter
from the Dept. this morning -
asking me to leave.

I do not deserve this Mr. Benson
for the way I have worked here.

It isn't just towards me.

I do not wish to leave.

I have done my duty well
here and have worked
under very hard conditions
constantly.

I wish to remain here for the
time that I am sent.

I had only good will towards
everyone but things have been
made very unpleasant for me.
but I shall struggle on.

Yours truly -

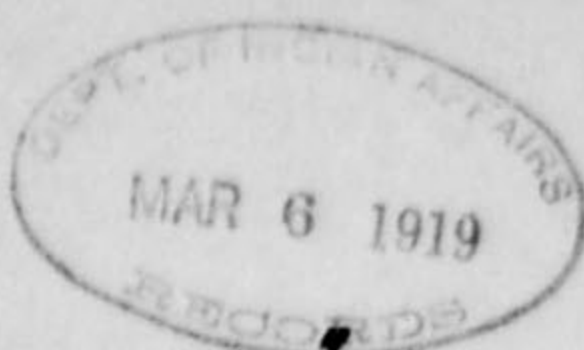

Gertrude Ahner.

The Rama Indian School.

152199

520594

Atherley March 5 1919

Sir

I beg to report Department that J. B. Stinson and Samuel Snake members of the Rama reserve ask the Council to pass a resolution to have a School Board for Rama Indian Day School. This question said Chief Alder York came up here some time ago. The Agent was requested to read all correspondence pertaining to the same, which was done. The Department refused to sanction, and nothing could be done by the Council. Councillor David Simeau was of the opinion that he could do something and wanted a Special Council he surely would make Department give a answer.

I am of the opinion that Councillor Simeau will write His Excellency the Governor General. This man has a swelled head and is not fit to be on the Council Board, for the reserve. as he is promising relief and wood to ap Hasard and the Indians are looking for this thing for nothing wasting their time.

I am making a detailed report in regard to the charges that Councillor Simeau made against me in letter No 254040-24 July 19th 1919.

I beg to report to letter of the above date and number as follows
Miss Ahner returned Monday evening from Bracebridge. The Chief and myself interviewed her this morning in regards to the Department instructions in despatching with her services, as Teacher. Miss Ahner was very sorry the stand she took against myself after reading the paragraph in Packet-News paper. Ouellet she was under the impression I was against her and in with Mr. Carpenter I could not see how she got mixed up on that.
Miss Ahner has her loveable mood on to such a extent and between crying and missing her children this thing is quite a problem. I told her I had her cheque for March month salary included in cheque, she said that was very nice but the joy of being with her children, was more than money to her.
Her whole cry is she wants to stay her time out. There will be no trouble
I will go down tomorrow and consult with chief York about further steps

Acherley March 5 1919

I beg to report to Department as follows in regard to Miss Ahner dismissal. I instructed Chief Alder York to come to the school at noon ^{yesterday} and tell Miss Ahner that his instructions was to notify the children not to come and lock the school room. She talked him out of it and said to wait till she heard from the Department. It is impossible to do any thing with her, face to face her pleading and flow of language is too much for any one to be harsh with her.

I consulted Miss McBain and we have come to the conclusion that probably it would be better for the Department to let her teach the quarter out and despatch with her by register letter before the end of the quarter with cheque enclosed.

RAMA INDIAN RESERVE

THREE more of our soldiers have returned, R. Stinson, H. Shilling and H. Charles. We shall be glad when they all get safely home.

A COUPLE of sleigh loads of the Salvation Army of Orillia came out here recently. The missionary opened the church to them and they gave a very good musical programme. Very few, however, were out to hear them.

THE Ladies' Aid and the church combined announce a bazaar and social in the Council Hall next Tuesday, March the 11th. The ladies have been very busy for some time and have a large number of things for disposal in the way of braided mats, quilts, working aprons, clothes-pin aprons, children's dresses and underclothing, men's socks, framed pictures, pickles and many other things. In the evening there will be a programme of solos, duets, trios, recitations, &c., and the sale of home cooking.

LAST fall the council passed a resolution and forwarded it to the Department of Indian Education at Ottawa, requesting the appointment of a school board at this place, but for some reason it was not done. Now the warriors, feeling the necessity for something to be done to improve conditions in connection with the school, have taken up the matter and this week are circulating a petition among the parents, petitioning the Department to reconsider their decision and grant the request. They feel that a school board here on the ground working under special rules and regulations and in close touch with the Department would tend to improve conditions, make the school more efficient and attain results more in harmony with the amount of expenditure the Department is annually making on their behalf.

In reply to above number and date of letter. I beg to report as follows
Miss Ahmes Asst. Teacher received her notice on Friday last March 7th and she packed up her belongings on Saturday, and left here on Monday morning on the 8 o'clock A.M. train from Longford for Toronto.
Miss Ahmes left her class room in very nice order, and numerous other little fixtures that she adorned the room with, which look very neat and prim.
I also found the residence part of the school in the same way.
I did not see her, since Department sent her notice to vacate.
I have her cheque here yet I suppose she will write me to forward it to her. She took one of her Indian woman friend with her to Toronto.
Mrs English came on duty this morning Tuesday March 11th. Sunday storm blocked the roads for Monday and no small children for Junior room. Miss M. Buin. had school in the after noon for the Senior room.

Sir

I enclose herein application of Mrs English, who is substituting at the Rama Indian Day School for the balance of this year 1919. She is under the impression that it is not necessary to reside at the teacher's residence, to make a success, teachers should reside at the school.

I beg to report to Department the fact is that Mrs English (Husband) is a very sick man, and not able to do work, and by his appearance there is enough of that kind of illness on the record which the Department is trying to stamp out.

It is very convenient for this school to have Mrs English as a substitute teacher.

Extract from Teacher's Annual Report on the RAMA Indian Day
School for the year ended December 31, 1918. Original on
160370-25F. ONTARIO

REMARKS.-

Everything in the school is in such an unsettled state that it is almost impossible to make a report on the work. The parents do not seem to have any control over their children and allow them to run the roads at night until all hours, consequently the pupils are unable to concentrate their minds on their work and we do not have the results we should. We hoped to have reached the mothers through our Women's Institute but the missionary's wife, who was appointed president of the society last fall after the teacher left, has failed to "carry on" the work. We regret this very much as these meetings were the only opportunity we had for securing any kind of co-operation between the school and home and until we have this harmony, the school work is bound to be a failure.

Eva M. McBain,

Teacher.

DEPT. OF INDIAN AFFAIRS
MAR 20 1919
RECORDS

Rama, March, 19, 1919

To the Indian Dept.,
Ottawa, Ont.

521297

Dear Sir:

Last fall the council passed a resolution asking you for the appointment of a school board for the Rama Indian School and forwarded it to you through the agent. In due time he reported and refused to appoint such a board. A short time after Mr. Benson of the Dept. was here on school matters and made the statement that you had no objection to a school board if it would do its work. We are, therefore, sending you this petition asking you to reconsider, and grant the request of the council which is also our request, and give us a school board with definite rules and regulations for its operation; also setting forth what authority it shall have in school matters.

We are very anxious to have our school on a par with the schools around us which are supplied with properly certificated teachers. We feel it would be an advantage to have a properly constituted board here to keep in close touch with the affairs of the school, and to co-operate with you in making the school more efficient in order to attain larger results for the money you are annually spending on our behalf. We have learned that at a conference of Missionaries to Indians with missionary officials at Muncey nearly two years ago, progress was reported in every Indian school in the Province except Rama, and the schools not as efficient as it was then.

Other Indian schools are passing pupils through the entrance examination to the High School, but none are going up from this school or have ever done so. We should like to see a change in our school and our object in asking for a school board is that through it there might be a forward move. We do hope you will be able to see your way to grant us our request.

Yours truly,

Samuel Inache

Sir,—

I beg to report to the Department that I have arranged with Miss M. Phadden to teach the senior room at the Rama Indian Day School and live at Teacher's residence with Miss M. Bain. Tell there is a qualified Teacher appointed she has done substitute work.

She has commenced her duties on Monday March 17th.

Mrs English could not reside at the school as she had her husband and family to see after.

Miss M. Bain could not stand her long walk under weather conditions and longer. so I consulted Miss M. Bain the only thing I could see to do is to start living at the school residence and moving. and accept Miss M. Phadden as substitute Teacher which we did.

Mr Inspector Hutchinson has written Miss M. Bain that he has every hope of getting a suitable Teacher for the Rama Indian Day School soon. Trusting these arrangements are satisfactory to Department.

I am your obedient servant

Sir,-

I have to acknowledge the receipt of your letter of the 20th instant reporting that you have arranged with Miss McPhadden to teach the Senior Room at the Rama Indian Day school and to live at the teacher's residence with Miss McBain until a qualified teacher is appointed.

In reply I beg to say that, as Mrs. English could not live in the teacher's residence, the Department approves of your action in appointing Miss McPhadden to take charge of the Senior Room temporarily.

A cheque for the amount due Mrs. English for the time she taught is being sent her.

Rama Reserve June 7th 1919

Resolution passed in Council

Moved by councillor David Simcoe
Seconded by councillor Samson George
That the Department of Indian Affairs of
Ottawa insist on the Rev Geo Carpenter
not to lecture ^{Sunday night} on School Board and Teachers
of the Rama Indian Day School from his
Church Pulpit as we are of the opinion
that this school will not be able to obtain
teachers, under such circumstances, as there
is now a great shortage of Public School
Teachers in Ontario.

Ottawa, June 13, 1919.

MEMORANDUM.

Mr. Scott,-

Mr. Agent Myers encloses a resolution from the Indian Council of the Rama Band protesting against the Rev. George Carpenter, Missionary on the reserve, preaching from his pulpit on Sunday nights on the establishment of a school board and his references to the teachers. The Indians claim that his action will make it next to impossible to obtain suitable teachers for this school.

As I stated in my memorandum of the 2nd of January, last, Mr. Carpenter told me in the presence of Mr. Agent Myers that he did not think a school board necessary on this reserve. He also told me that he had no personal knowledge of anything going on in the school, as he never visited it.

Chief York and Councillor Williams wrote to the Agent stating that Mr. Carpenter wished them to write to the Department to protest against the appointment of Miss Ahner, which they declined to do, as they were not willing to interfere with any appointments made by the Department.

Mr. Carpenter is the correspondent for "The Orillia Packet" and has been in the habit of furnishing that paper with reports unfavourable to the management of the school, and his preaching on the subject of the schools has been so offensive that the Indians have taken it up.

It would appear to be in the interests of all concerned that a successor to Mr. Carpenter be appointed, as since he has taken charge of this mission there has been constant trouble with the teachers and Indians in regard to school matters.

Department of Indian Affairs.
Ottawa.

Dear Mr. Scott.

Owing to illness, I have been unable to acknowledge the cheque the Department sent me for my work as teacher at the Rama Indian School for the term from January to March.

For this I thank you.

Why was I dismissed Mr. Scott, and in such a manner when I was doing excellent work?

The unjust treatment, the sudden dismissal and the cruel manner in which it was done, was such a ~~stark~~ shock to my nervous system that it has made me very ill.

While at Rama, I had to work as with the strength of several teachers, the work required it. Both in the school room and in the school home things had been left in a very bad condition - an environment impossible for me to live in and to do my work in the spirit with which I came to work and as I have been accustomed to do. I set a high standard and I was reaching my goal with those little Indian children - they responded as I have never found children to respond better.

Indian Affairs. (RG 10, Volume 6155, File 421-1, part 1)

COPY

I taught those children with the same care and manner with which I taught the children of the Members of Parliament at the Ottawa Model School. When it was my privilege to teach there at the beginning of my professional career, and in which manner I have ever since taught our children here in Toronto, - and I say it proudly, that no white child could beat those little Indians I found them possessed with wonderful minds and souls, and of great ability. They were most responsive. I taught my work according to the very latest and truest Educational Principles. Mr. Scott, my class room at the Rama Indian School was like a "Model School". If any of my friends, my Inspector, or teachers who trained me, had they come to it, they would have marvelled at my work there, and the spirit that breathed in my class room. Why did no inspector of the district, or of the Department, whose duty it is to call, come? Inspector Robinson called early in the morning ^{the day} after my arrival at the School. (The class had been dismissed owing to illness). I spoke with him concerning my work, - and he seemed greatly interested. I pointed out things to him that I wished to do, and ideals for the children I intended to make real with these children. He kindly smiled and said he feared I would disappoint myself - I must remember they were "just Indians". - I spoke further of my work and intentions and he became exceedingly sympathetic and very much interested. I asked him when his time would be to make his next professional call, when children

CANADA

POOR.
COPY

3.

joined he there and to see my results - he said, it would probably be the first or second week of January. He seemed exceedingly kind and sympathetic and interested towards my work. - but the Inspector did not come. May I ask why?

There were such disturbing troubles caused towards me, very distressing and disturbing towards my work. People there, (not Indians) presumed to criticise my work who knew nothing of what I was doing, and were utterly incapable of judging me or my work. Why did not an inspector call? Surely at a time of disturbance it is his duty to come and inspect and to pass his judgment and to give me his protection towards my work, which I merited. My class room was open to inspection, I was ready to welcome any Inspector, or any "qualified" Educational Professional. My classroom and my children were a gem of achievement. I have always loved my pupils, and been very successful, but I learnt to love those "little wild flowers" best of all. I was exceedingly proud of them. My work and my children and my class room was perfect.

I am not a "Visionary" Teacher. I am exceedingly practical, but I have "Visions" and I know how to make the child realize them, and to lift him up to those heights - through the strength that God has put into his soul.

"All Honor and Justice to the nature of a child" - that is my motto in child training. I deserve the approbation of the Department and their appreciation and I merited

Indian Affairs. (RG 10, Volume 6155, File 421-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR.
COPY

well earned "thanks" and not blame, and such treatment as was served out to me. I feel hurt to the heart, my professional honor has been hurt. I feel it very keenly.

I am not trying to cast reflection on any person nor on any teacher, there with me at the time, or who worked there before me.

Up to nearly Christmas time I had also to be caretaker. Shovel in all that heavy coal, and look after the heating of the furnace - and for the little private room. The agent informed me that that had to be done by the teachers. The other lady teacher (Miss Fawley) very wisely refused. He said he could have her dismissed for refusal to obey him - as I found him out later he seemed very keen to have a teacher "obey him" or arrange for her dismissal. I found this man absolutely false. What he said to my face and what he did behind my back were two different things. Why should a man like that be allowed to torture or to worry a teacher? He was a person too ignorant to know my work. He became a perfect nuisance and most offensive.

The Indian mothers who came to my classroom all felt and deeply appreciated all I did for the children.

When Mr. Benson from the Department made his visit to the school building he very kindly said to me that I should be "good to myself". I thought and felt that

5.

was a very kindly remark - but I had not come there to be "good to myself". I came there to be good to the Indian children through my work with them. I can only be happy when I feel success is crowning my efforts, in endeavouring to teach a child in the most beautiful way.

The more I did for those children in the care of planning and preparing of my work, the more wonderful and quick was their progress and growth. I simply marvelled at them, each and all, it was all a great surprise to me. because I had been told by those who had been, and ^{those who} were at the school that what I wished to realize was impossible. - They were Indians and I would be greatly disappointed. I realized all I expected from those children and more. I went there with the love for the best of my work. I am a teacher of high professional standing and achievement. I had planned my work carefully until "June", as the Department had asked me to do.

The hardest part of the work I had to do, in those few months that I was there. It was like ploughing a hard hard field, freeing it of all stones & debris, and sowing the seed. Why was I not allowed to go on with my work and to help towards its growth and rich budding? and allowed to view the harvest? I surely deserved that. It was my right portion & privilege. My work was to be till June. - for that my plans were made. Why was I literally "thrown out"?

Why did no inspector come to see what I was doing? I am hurt to the heart.

I have a deep feeling of professional honor. I upheld and ~~protected~~ the teacher whose class I had taken. I also thought of her while at this hard work with these Indian children, so that when she would be able to return to her work in the fall she should find it easier to go on because I had given a "good lift". No one could have come to take charge of the classroom with a better spirit of "good will" than I had towards the teacher whose class was put into my charge until the end of June.

I was very kind to the Indian people - my heart went out towards them. I had never known nor lived nor worked with Indian People. - but after a very short while I felt like a "sister" in their midst.

I had to do so much in the school building to make myself reasonably comfortable, - it took much of my strength - the others there simply "grumbled" but I "dug in" and did the work. I was never used to anything quite so hard. The "home" had been stripped of everything to make the new comers sojourn easier.

In order to come to do my work here until June I had to close my home and incur a great number of extra expenses, quite heavy ones - and to bring

7.
the necessary personal needs with me for that time involved a heavy outlay of money, especially for that purpose.

In order to do the work I did and had planned to accomplish I had to buy much for the children from my own money - much that I brought with me and some things that I bought afterwards.

At Christmas time I made a Christmas Tree, all of course from my own pocket. I did not want my little Indian children to miss their classroom "Christmas Jay", later I was told that the Department allows ten dollars towards a Christmas tree. When I spoke of a Christmas Tree & Celebration & Closing to the agent, he shook his head "no, no, don't do it. You are doing too much already, too much, too much, You are too good for this place, don't do anything, You are doing too much." His attitude and remarks and manner were perfectly ridiculous. He simply tried to dampen any wish I had towards beautiful work. He told me nothing of the fact that the Department allowed "ten dollars" towards a Christmas Tree.

I had a Christmas Tree - a beautiful closing - the parents all came. It was a joyful morning. but I had to do it all myself - with my own money. Why shouldn't my children have a Christmas Tree? Doesn't God send us Christmas & isn't it the great "Gift" for us children? I counted no cost of my

COPY

strength nor money.

I spent a great deal of money in much I gave and much I left behind. apart from the small bill the Department paid me of things I had purchased here for my coming. Had I not done so the "children's" and "my time" would have been "wasted". I simply found nothing there to work with when I came. It was like a "desert" educationally. It was starved out. What I had brought was so necessary. Nothing was sent me by the Department until a day or so of Christmas & then so little. Those Indian children are as worthy of the most careful education as the best of white children - they respond marvellously and each and all could become one of Canada's greatest and most useful assets. (I am speaking very honestly, and carefully.) They more than reached my expectations but one must work with them with unlimited strength and joy and dare not to be meddled with by those who have no knowledge of what modern Education means.

Hear Mr. Scott, owing to my hasty departure which was almost forced upon me as though I were some criminal & had to flee for my life, I was quite unable to pack my things carefully, consequently several pieces of my best china became

entirely broken. valuable pieces, very dear to me. which I had brought on purpose because they were so pretty to use in extending hospitality towards visiting Indian mothers. I wished to lead with those Indian children & Indian People an "Ideal Year" of "Life, Work, and Love" to give myself all and all to them in a Christlike manner of service and work as a teacher according to our highest standards of educational proficiency. I stopped at nothing, counted no cost. I lived a life of self-sacrifice and was glad in heart. I sought nor desired no "white man's" Company.

I also gave the children of my room & also of the Senior class when they became for two weeks my pupils, every lunch hour their cup of hot tea with milk & sugar. for the winter there was very cold. - and many & many a time had them come into my dining room and shared my dinners with these little ones. I love to live and to do these things. but I gave my substance & my strength. I gave it gladly. But for this did not deserve such treatment as was served out to me through the letter from Ottawa.

I enjoyed the company of the Indian Mothers, as they would gather around me when school time would be over or in the evenings. I spoke with them of what I knew was helpful to them. and what I could feel they needed. I taught them the "Mother Plays"

as we use them in our Educational work here in Toronto, and in our Normal School Training Department, the germ of the true educational thought as it is begun in the Kindergarten - the golden thread running like God's Spirit of Life through the entire school life of a child - if the teacher can only see it and grasp it, and know how to make it practical and adjust it rightly to our prescribed curriculum. It is the golden thread upon which bead by bead according to the child's age & need the curriculum studies of our Educational Course shone & can be strung, making the lovely necklace that will adorn the child, give him joy & gladness for his school education through his own joyful & glad responsive activity. Every child can feel the spirit of it, for it also is "life giving," and if the teacher understands it rightly herself & has it within her it becomes as it were her power to feel the child's "pulse" to know whether the child's growth is correct.

I painted the clear white band of a Kindergarten Circle on the floor space in front of my classroom. I used it for so much of my work - absolutely appropriate & necessary to the needs of the age of those children of that grade & according to the curriculum. Course of study as laid down by the Educational Department. and exceedingly helpful and necessary in the most practical sense of the word, for all their lessons. A skillful teacher knows how

11.
to adapt and to use the modern devices that are based
on the great fundamental principles of education as true
as the laws of God. Why was I allowed to be so slightly
spoken of; by people evidently of that community or
close by, who have no understanding of this work? It
was published in one of the Billia papers. That I was
called a "Kindergartner" that was beautiful, though I am
very sorry to say I am not a trained full fledged
Kindergartner; though I have been one in spirit all of
my teaching days. I just hold a Kindergarten Primary
Certificate issued recently by the Department. I am
a qualified, experienced, Second Class Certificate
Professional Ontario Teacher. also holding Senior
Matriculation and First Year University Standing -
my discipline - the manner in and out of school of
my Indian pupils - was perfect. - beautiful I used
no Strap. The Indian Chief did not require it!
My work with my pupils & all that they did & the
manner of their life was spiritually perfect. Why
should a public paper be allowed to make untruthful
statements about me? Where was the Inspector,
whose duty surely it was to call & prevent & challenge
such insults? Those statements were as false as
evil itself. Why did not the Inspector come to
see my work? It was surely getting high time.

Had I woud have welcomed him! A day with my class, as I had arranged my work, I know, woud have been a day of joy for him to have carried away with him in his heart forever. I am not given to praising my work or myself but in this case it has become necessary to speak up for myself.

When the agent woud call, all he woud say, with his hands raised up, - "You are too good for this place! Too good for this place!" I have never heard such nonsense, or have I even been spoken to in such an absurd manner, or he woud even resort to most unpleasant flattery - the man became positively repugnant - he disturbed for me with his very appearance at the door, the holiness & sacredness of the Spirit of Goodness & Truth & Joy of High Labour that breathed with life from my children. I tried very hard to be patient and considerate and civil towards him but it became finally impossible - he persisted so in coming when there was absolutely nothing for him to come for and even intruded himself into the short spaces of time that were surely my own, when the children were not there. My own free time that I needed so for a little rest & reflection for my work & my needs there.

I needed the Inspector. I looked for him day by day. I needed him for my peace & my protection against

13.

the strange disturbance which was making my work so unnecessarily hard for me.

The agent positively discouraged all my endeavors - he was a hindrance and no help. He is a false man, as I found him. I am not saying this, Mr. Scott that you or anyone of the Department or elsewhere should be led to hold a different opinion of him than you do. Whatever opinion that may be, or to influence anyone against him, but, as far as I was concerned, for I must tell the truth, as I found him towards me, he was false & wicked. He did not turn out to be what he had pretended he was.

Then after Christmas time the older pupils of the Senior Class were left without a teacher. I took them all in. What else could I do? I adopted the whole family. I found the double class room work very unexpected joy - a little hard at first but soon I became rewarded with the glorious spirit of co-operation, good-will & hard work with which the children responded. I managed beautifully, but it simply took double strength out of me. to do it all. and at the time I had a very heavy cold too, but the children and the work offered no difficulty that I could not meet. The classroom and the work

14

was wonderful, and the Spirit so peaceful and perfect.

I met all difficulties that arose and undertook to do all the work that fell for me to do, no matter how hard or under what trying circumstances.

Why did the Inspector not come then? He would have marvelled at my class room work and at those children. Oh! wasn't I proud of those "little" and "big" Indian children, they were simply perfect. I could fill pages of an educational journal of my work with them. and of the flashes of glorious spirit that gleams from the soul of children when taught as I taught that "huge" multitude, that room full. (for they are so immense.) those swarthy faces and beautiful trusting black eyes that look into your very soul to see if you are true and then when they feel it, give themselves in very truth of soul & trust back to me to guide and to help them on. I soon felt, at the end of that second week rewarded for the hard part of the task as it was at first. I felt like one carried on the high crest of a wave, with all the joy of perfect fellowship. - a wave, the strength of its waters and its depth meant either "carry you" or "drown you", but they "carried" me. God bless those dear souls as I felt them that end of the two weeks. I could have managed the whole mass successfully & very conscientiously in all their work with joy of labour until the end of June!

The Indian gives you a sympathy, which becomes
 ones strength in labor with him. — this sympathy which
 he gives you through his feeling of perfect trust, after he
 has tested you well, and which we should hold so sacred
 & value so highly. for it is the link whereby we can give him
 the help for which purpose we come to serve them.

I simply cite these things Mr Scott. to show you
 that I feel the Department has not done right towards
 me. I feel that further remuneration is coming
 to me. I feel the least that the Department should
 do is to pay me my salary until the end of June.
 the time for which I was engaged, for it was till
 the end of June that I came prepared to do service
 at the Rama Indian School.

I gave "pure gold" in service - & I served my
 government with an overflowing measure.

This would be the least the Department could do for
 me to compensate in a measure for the terrible
 nervous shock that I sustained from the manner in
 which I was so abruptly & so rudely driven out.

I have suffered fearfully, & am still suffering great
 nervous discomfort. - I hope that some permanent
 nervous trouble or resulting organic trouble won't
 settle upon me though. It would be very hard for me to have
 to meet for I stand entirely alone in this world. and

16

means are very limited at present,
and as I said I incurred special expenses which
were quite heavy in arranging to come and work as I
had planned for until June. All was spent for the
benefit of my work in service for the Indian children.
I also think that the ten dollar allowance towards the
Christmas tree should come to me. as well as two weeks
salary for taking charge of the Senior Class, as well
as my own. When those children were left without a teacher.
I did the double work.

I take things to heart. I came to work with such
pure, noble, high purpose of achievement and because
my work was very successful. It was a great
disappointment to me as I was doing my utmost
for those Indian children. Why this sudden
dismissal when I was doing excellent work?

I have entered fully into the spirit & details of my work
while at The Rama Indian School. so that ^{you} might see
for yourself how unjustly I was treated & certainly feel that
my salary until ^{the end of} June, for the time that I was employed, should
be sent to me.

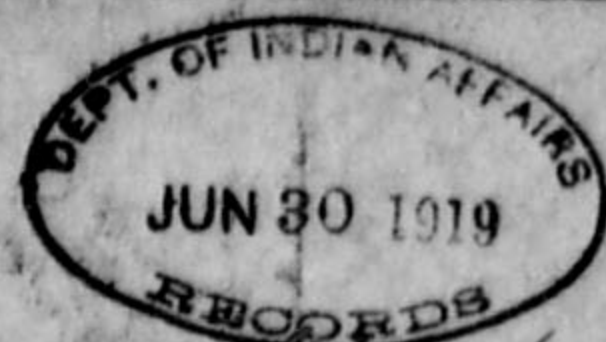

That is why I have addressed myself to you, as the head of
the Department, & I feel that I deserve your sympathy &
understanding. I feel the Department was wrongly informed about me.
Yours truly Gertrude Ahmer.

Dear Mr. Scott,

I have written at 526139 and have tried to show you just how things were for me at Rama - and also to show you, as in a mirror, my work with the Indian children and their parents. My work and my life there, for its very short sojourn, and the beauty of its place, and of its people, was to me like a very beautiful poem that I have folded away in my heart, - never to be forgotten.

I ask you to be so kind to have the patience to read my discourse, as it is truthfully rendered - for I would like to feel that at least some one at the Department of Indian Affairs should understand me rightly - and since you are the gentleman at the head of the Department I would appreciate this very highly - that is why I have addressed myself to you.

Yours truly -

Gertrude Amer.

June 27, 1919.

Dear Madam -

I have to acknowledge the receipt of your letter of the 29th May to which I would have made reply sooner but that I was waiting for certain information from the agent.

I have considered your representations carefully and I regret that I cannot comply with your request with regard to the payment of salary for any length of time after your duties as teacher at Rama ceased. I have, however, issued instructions that you should be reimbursed for the money expended for prizes last Christmas. Unfortunately, however, the letter was addressed to General Delivery, Toronto. If you have not received it will you kindly make enquiry.

I appreciate the fact that you were earnest in your efforts and I am sorry that there should have been any friction between yourself and other employees of the Department while you were engaged at Rama. The matter, however, must now be considered closed.

DATE OF INSPECTION? -.....June 13th, 1919.

REPORT OF INSPECTOR HUTCHINSON ON THE RAMA DAY SCHOOL.

Teachers, -Miss McBain and Miss McPhadden.

Miss McPhadden is a young girl and scarcely suited for her position. She has been attending the Indian dances etc. etc.

Teachers for this position should have a certain stability of character that comes with age. Young girls should not be engaged.

As far as I have been able to learn, the Minister, Mr. Carpenter is not trying to make himself very agreeable to the teachers. He apparently spends most of his time trying to make trouble for the teachers. His idea is that the school should be in charge of a Local School Board with the Minister as Chairman. I am enclosing a cutting from one of the Orillia papers, written by him. Something should be done to make this gentleman attend to his own affairs.

Teachers' salaries are steadily advancing and you will very likely have to pay more money for competent teachers.

It is a distinct loss to the school that Miss McBain is leaving.

RAMA RESERVE

MR. FRANK SHILLING is in Midland this week attending the district meeting of the Orange Order.

MR. MCPHADEN has gone back to the Longford woods with his brother, who has taken a contract with the Standard Chemical company at Longford.

MR. ANDREW YORKE of Rama Reserve and Miss Martha Pawis of Shawanaga Reserve were united in marriage at the personage on Monday, February 3rd, 1919, by the Rev. George Carpenter.

Our school which is a two-room country school and a credit to the Reserve and to the Indian Department which built it, has been left of late to the care of a Kindergarten teacher. It is impossible for one teacher to properly conduct a two-room school if there is a good average attendance of the pupils. In this case, however, the attendance is small compared with what it should be. But there being no school board and no truant officer the system of operation is very poor, and certainly calls on the Agent and the Council to make such representations to the Indian Department as shall bring forth an improvement. Surely the Indian children are worthy of a proper education, and surely the Indian Department is under obligation to see that the school is equipped with a proper staff of teachers and also that other arrangements are made to bring forth greater efficiency in the education of Indian children on this Reserve.

Sir,—

I beg to report to Department that I have secured Mr. and Mrs. Gilmore as teachers for the Rama Indian Day School (them being husband and wife) it appears to me as being in future a great deal less friction and annoyance by our missionaries against our teachers. They are both qualified teachers and they will be at the school 7 days in the week which will keep things in order and no trespassing around the school house, and school yard. To secure Mr. and Mrs. Gilmore it was necessary to raise the salary's \$100⁰⁰. \$700⁰⁰ for Mr. Gilmore and 600⁰⁰ for Mrs. Gilmore. They were highly recommended by J. I. Hart M. R. P. for services.

Trusting this will be satisfactory to Department.

on the south side of Barrie Road ~~West~~
The neighbors have been kind
and friendly to them, but as there
are three children of school
age (twelve ten and eight) receiving
no book education whatever,
I for one, feel that we cannot
let such continue any longer
without doing something to im-
prove matters. Please let me
know if they are supposed to live
on the Reserve and attend the school
especially provided for them.
Can they be compelled to?

We have made no enquiries - but
you could tell us if there is any
law to prevent them attending your
town or country Public School.
I fear even tho' they could attend school
in Orillia - they would have no chance,
as the schools are so crowded, that
several children from Dundas Park
who started to attend for the first
time, were sent home, as there
were not seats for them. I do not
feel responsible for those children
as their parents are quite capable of
giving them instruction, but it
seems different with the Westleys.
They are bright children, and for
their own and their country's
sake should not be neglected.
Am only sorry it has not been

Dear Sir: - Pardon me for bringing myself to your notice again in writing. It is in reference to my claim for salary until June, for the time that I was engaged, also the salary for the two weeks that I had charge of the Senior Pupils - this is coming to me. I did this extra work, and there was no necessity for my dismissal. I did not clash with the other employees of the Department. - They made my days bitter then. I found it sometimes almost beyond my power to hold my own - but I had to. It was a struggle for me to have the right to be left alone to do my work and my duties as they arose. and allowed to attend to my own business.

I did not clash with them. I did not cause friction. My salary for the two weeks that I had charge of the Senior Pupils is what I ask for - I did the work - also for the last quarter, the end of the time for which I was engaged.

I did nothing to merit dismissal.

Sincerely Yours. Gertrude Ahner.

Sir,—

I enclose herein ⁵³⁷³⁸⁴ *D. Gilmore's*
 Monthly report for February month
 with the Agent report for February.

I beg to report in regards to the school
 which I visited yesterday. I find that
 Mrs Gilmore is unable to attend
 to her duties as yet, owing to eye
 trouble. Mrs Gilmore appears to me to
 be in very poor health, owing to the
 attendance being small at present
 as there is quite a number of very little
 one not attending on account of severe weather.
 Mr Gilmore is handling the school all
 right in the one room.

I am your obedient servant
Chas. W. Myers

Ottawa, March 13, 1920.

Sir,-

I have to acknowledge the receipt of your letter of the 11th instant enclosing your monthly report of inspection of the Rama Indian Day School.

In reply I beg to say that it is noted that, owing to illness, Mrs. Gilmore, teacher of the junior room, is unable to attend to her duties, and that Mr. Gilmore is teaching all the children in attendance.

When forwarding the returns for the present quarter, the dates should be given during which Mrs. Gilmore was absent and unable to teach on account of illness, also the time the school was closed on account of the influenza. Mrs. Gilmore will forward a doctor's certificate at the time the quarterly return is forwarded, the question of allowing her salary for such time as she was unable to teach on account of illness will be considered. It is expected she will be able to resume her duties, and there will be a better attendance for the balance of the year.

Your obedient servant,

J. D. McLEARN

Ottawa, April 7, 1920.

Sir,-

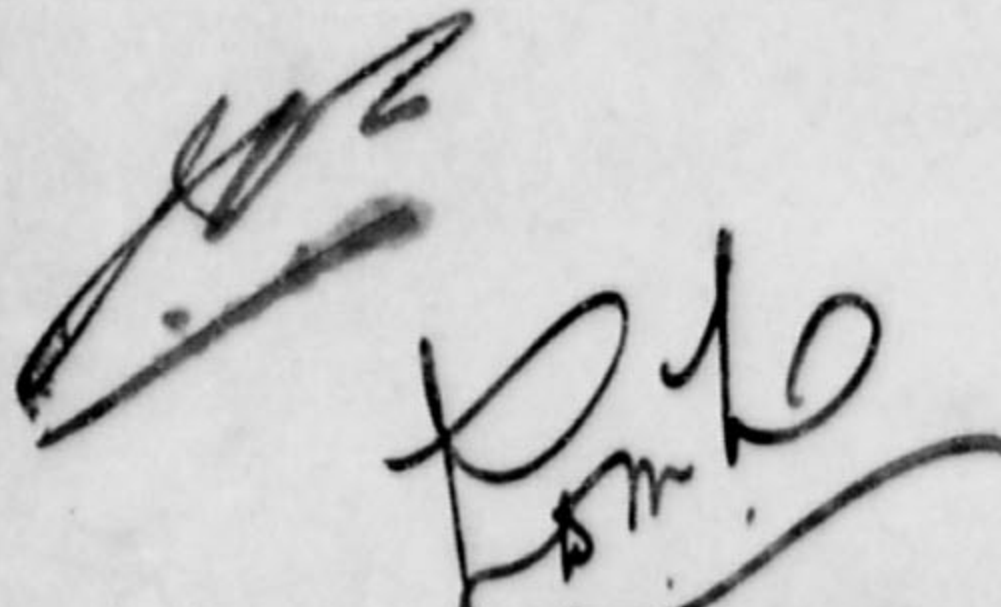

I have to acknowledge the receipt of your letter of the 3rd instant enclosing the March quarter report of the teachers of the Rama Indian Day School, together with a doctor's certificate regarding the illness of Mrs. Gilmore, the teacher of the junior room.

In reply I beg to say that the full quarterly salary is being paid Mrs. Gilmore, but it is considered that, if she has not sufficiently recovered her health to teach during the current quarter, no further grant for salary can be paid her. The Auditor General would object to any further payment of salary when no service has been rendered. It is hoped, however, that she will soon be in a position to resume her duties.

Your obedient servant,

B. D. McLEAN

IN YOUR REPLY REFER TO No. ALSO TO DATE OF THIS LETTER
--

Sir,—

I beg to report. Mrs Gilmore Teacher of the Junior Class Room Rama Indian School request that owing to her not as yet being ^{able} to take her duties that her son who is twenty two years of age would take her place.

I would not advise the Department to sanction this, as this is too much of a family affair.

As to getting another Lady Teacher it would be out of the question, as no one would live there with these people, and they would not have any outsiders there. It appears to me to be a clear case of making all the money out of it they can. There has been no female help which is now badly needed. Mr Gilmore is too old a man to attend House duties, and act nurse, and cook, and teach school. I would advise the Department to dispense with their services at the end of the quarter.

Mrs Gilmore has not as yet gone to the Hospital. It appears to be a case toughing it out.

I am your obedient Servant

Ottawa, April 20, 1920.

Sir,-

I have to acknowledge the receipt of your letter of the 16th instant informing the Department that Mrs. Gilmore, junior teacher of the Rama Indian Day School, requests that, owing to her illness, her duties be taken over by her son.

In reply I beg to say that the Department cannot approve of her request.

The Department has been considering for sometime the advisability of making a change in the teachers at this school. The work in the junior room, owing to the illness of Mrs. Gilmore, has been neglected during the greater part of the year. There is a good school building and equipment at this point, and it is not fair to the Indian children to be deprived of regular instruction in the class-room. You will, therefore, be good enough to inform both Mr. and Mrs. Gilmore that their services will not be required after the end of the present quarter, namely, - June 30th, next. They should vacate the school premises as soon after that date as convenient, and you will be good enough to see that all the equipment in the school and teacher's residence is left in good condition and properly secured until new teachers are obtained, to begin duties upon the re-opening of the school after the summer holidays next.

You should endeavour, early in July, to obtain the services of qualified teachers for this school, and the names, qualifications and experience of the teachers applying for the position should be submitted for the consideration of the Department.

You will be good enough to inform Mr. and Mrs. Gilmore as to the termination of their services, and you should

Chas. W. Myers, Esq.,

Ottawa, June 28, 1920.

Sir,-

I have to acknowledge the receipt of your letter of the 24th instant enclosing the resignation of yourself and Mrs. Gilmore as principal and assistant teacher respectively of the Rama Indian Day School, to take effect on the 30th instant.

In reply I beg to say that the resignation of Mrs. Gilmore and yourself is accepted.

You should prepare a return on the form for that purpose, showing the attendance, days taught, etc., by yourself and also a separate return should be prepared by Mrs. Gilmore, and you should hand these returns to Mr. Agent Myers, who will certify the same and forward them to the Department. As soon as these returns are received payment of the amount of salary and bonus due will be made. Payment of the salary cannot be made until these returns are received.

All equipment such as school supplies, furniture, etc., in the school and teacher's residence should be left in good condition and in the care of the Agent.

Ottawa, June 28, 1920.

Sir,-

The Department has received a communication from Mr. Gilmore, Principal of the Rama Indian Day School, enclosing the resignation of himself and his wife as principal and assistant teacher respectively, to take effect on the 30th instant.

Mr. Gilmore is being instructed to have a return prepared showing the days taught, etc., for the current quarter for both himself and Mrs. Gilmore and to hand these returns to you, which you will be good enough to certify and forward to the Department in order that payment of any salary due can be made. If Mrs. Gilmore has not been giving full service during the quarter, you should state on the return the number of days for which you consider she should be paid.

Mr. Gilmore is being instructed to be good enough to see that all the equipment such as school material and furniture in the school and teacher's residence is left in good condition and in your care.

As requested by official letter of April 20th, last, you should endeavour to obtain the services of a qualified teachers for this school; the names, qualifications and experience of all applicants received by you should be submitted for the consideration of the Department. You should attend to this matter at once and endeavour to secure the services of properly qualified teachers for this school.

Ottawa, July 27, 1920.

Sir,-

The irregularity in the attendance of the Indian children at the Rama Indian Day School has been brought to the attention of the Department.

There is no reason why, if the truant officer has been attending to his duties, the children should not all attend regularly. If good teachers are secured to take charge after the summer holidays, the present truant officer should see that all the children attend regularly and you should inform the parents that the compulsory regulations will be enforced. If the present truant officer does not perform his duties satisfactorily another man should be appointed in his place. The Department will be pleased to have a report from you as to what action you consider should be taken to compel the parents to send their children regularly to school and also whether you consider the present truant officer performs his duties satisfactorily. There is a good school building at Rama, splendidly equipped, and considerable money is spent each year on salaries of teachers and in the maintenance of the school, and the Indian parents should appreciate the advantages provided and see that their children avail themselves of the opportunities offered for an education.

I have to request that you will also be good enough to state whether you have been able to obtain the services of qualified teachers, to begin duties after the holidays.

Your obedient servant,

J. B. McLEAN

IN YOUR REPLY REFER TO No. 24-1-1 ALSO TO DATE OF THIS LETTER
--

July 27th 1920

Sir,

In reply to above number and date of letter.

I beg to report as follows:
Owing to the illness of the Junior room Teachers. The children did not take to Mr. Gilmore. The Principal was a very reserved man. The Parents had the same sentiment and the Inuit Officers had very poor encouragement.

By making an example of the Parents that school must be attended by their children will have effect on them. I am of the opinion that Lady Teachers are the best for this school. in case of illness there always a chance of getting a female teacher to help out.

It appears the Salary is low according to other Section. In my own school Section they are offering for a qualified Teacher One thousand dollars. I also think there should be an advertisement for Rama Indian Day School. for Teachers stating the salary. I don't think that it is necessary to have a qualified Teacher for the Junior room. I have not as yet received any application for the school.

Sir,-

I have to acknowledge the receipt of your letter of the 2nd instant, in reference to the attendance at the Rama Indian Day School and it is noted that you have not yet received any applications.

The Department considers that possibly it would be advisable to advertise in one of the Toronto papers and also in the local paper. You may place these advertisements at once. When placing the advertisement in the Toronto paper you might make arrangements for three insertions.

The salary will be at the same rate as was allowed the previous teachers, namely, \$700.00 per annum for the principal and \$600.00 per annum for the assistant with bonus additional in each case.

The Department trusts that you will be successful in obtaining some applications which should be forwarded to the Department for consideration.

Your obedient servant

445 Sheridan Ave.
Detroit-Mich.
Aug. 14th 1920

Sir: —

Having noticed in The Daily Mail and Empire your ad. —
"Teachers for Rama Indian School." I decided to offer my services.

My Qualifications are Third Class Professional Certificate —
(expired) with from ten to twelve years teaching experience. Most inspectors
recognize 10 yrs. experience as equal to a Normal Certificate.

I have had considerable experience in Indian schools. Having taught
in the following schools: — viz. — Mt. Elgin Indian Industrial Institute ^{Manay Ont} 2 1/2 yrs. —
Gibson Reserve School 2 1/2 yrs. Parry Island Reserve School 2 yrs. —
Moravian Reserve School 1 1/2 yrs. When I resigned, as I had to walk out to
a boarding place among the white people and take a lunch which was too
much for me. Since then I have been teaching in white schools in
Essex County near Windsor. I like an Indian school. As I am
much interested in the Indian race and their upliftment.

Since school closed first of July, I have been visiting friends
in Windsor and Detroit. Next week I intend going East as far
as Chamusville Ont. and later to Toronto Ont.

I am a widow lady 50 yrs. of age. Protestant (Anglican or Methodist).
I feel quite capable of taking charge of your Rama Indian School,
with an Assistant. The salary is small of course, considering the
present high cost of living and the isolated life a person
must necessarily live in a Reservation. However with the bonus
and good management I may get along alright.

Should you consider my application favorable, I
would like to know, as soon as possible, so I can

*Back
m. 1. 10.*

Ottawa, August 20, 1920.

Sir,-

I have to acknowledge the receipt of your two letters of the 17th instant enclosing applications from Mrs. Mary L. Yarwood, Miss Alta. E. P. Sanderson and Miss Mattie Smillie for a position as teacher in the Rama Indian Day School.

In reply I beg to say that the Department will approve of the appointment of Miss Mattie Smillie, R. R. No. 3, Walton, Ont., as assistant teacher, to begin duties upon the re-opening of the school after the holidays, on or about the first of September, next. Her salary will be at the rate of \$600.00 per annum, with bonus additional at the rate of \$150.00 per annum during the period which it is continued to teachers in Indian day schools. It is considered that the qualifications which she possesses are satisfactory and it is also noted that she prefers the work as teacher in the junior room. You will be good enough to communicate with Miss Smillie and inform her of her appointment and ascertain from her whether she will accept the position and, if so, whether she is prepared to begin duties on or about the first of September, next.

As you were informed by official letter of the 19th instant, the appointment of Miss E. Annie Henderson as principal was approved. If both these teachers accept this will complete the teaching staff at this school and any other applications which you receive can be returned to the applicants. as it is not necessary to forward them to the Department, only in the event of either of the above not accepting. You will be good enough at a later period to state the date on which both these teachers begin duty. It is expected that you will give them every assistance you can in their work, especially at the time they take up their duties.

J. D. McLean, Esq.,

Assistant Deputy and Secretary of Indian Affairs
Ottawa, Ontario.

Dear Sir:-

I am writing you to-day as to a teacher for the Rama Indian Day School. I have been speaking to Miss McBain on different occasions about our school. We would like her to come back and teach. She is used to Indian children and can do well by them. They like her and get along with her as she is kind to them. Our children are different from white children. Not every teacher likes Indian children.

If the Department could get her to teach again, it would be to our interest and I am sure the school would be better attended. I would like to see her teach this school again. When I visit the school I like to be welcome and talk to the children. I never get past the front door with these other teachers.

Chief,-

I have to acknowledge the receipt of your letter of the 22nd instant requesting that Miss McBain, a former teacher at the Rama Indian Day School, be re-engaged, as she is well liked by the children.

In reply I beg to say that Mr. Agent Myers was instructed to advertise for two teachers for this school and as a result applications for the positions were received from a number of teachers. Miss E. Annie Henderson of Acton, Ont., who holds a professional Second Class Certificate and has had eight years teaching experience, has been engaged as principal, while Miss Mattie Smillie of Walton, Ont., who has a permanent Second Class Certificate and has had five years teaching experience, has been engaged as assistant teacher.

Sir,-

I have to acknowledge the receipt of your letter of the 25th ultimo enclosing a communication which you received from Miss E. Annie Henderson, who states that she is unable to accept the position which was offered her as principal of the Rama Indian Day School.

The Department has no other teacher in view, except that it might be possible to obtain the services of Miss Eva McBain, a former teacher. You should see Miss McBain at once and ascertain from her whether she would not accept the position, at least temporarily until the services of another teacher can be secured. If, however, she would consent to remain as teacher, the Department would be pleased to avail itself of her services. If she will accept the position in the meantime, at least, you should request her to begin duties as soon as possible. Kindly inform the Department as to whether Miss McBain accepts and, if so, whether she intends to teach temporarily, or whether she will consent to remain during the balance of the school year. The Department will allow her the same salary as was offered Miss Henderson, namely \$700.00 per annum, together with the bonus at the rate of \$150.00 per annum during the time it is continued to teachers in Indian day schools.

If Miss McBain cannot accept, you should endeavour to obtain the services of a qualified teacher as soon as possible.

Your obedient servant,

For Asst. Deputy and Secretary.

Ottawa, November 5, 1920.

Sir,-

I have to acknowledge the receipt of your letter of the 30th ultimo, informing the Department that Miss Eva McBain has given up duties as senior teacher of the Rama Indian Day School and has secured the services of Miss Smillie, neice of the junior teacher, to take her place.

In reply I beg to say, in order that there will be no interruption in the work of this school, the temporary appointment of Miss Smillie is approved. It is noted that she has no professional qualifications and the Department would prefer that the services of a qualified teacher be secured to begin duties when the school re-opens after the Christmas holidays next. You should give this matter your attention and endeavour to secure a teacher with professional qualifications to begin duties at the first of the New Year. The name, qualifications and experience of any applicants received by you for the position should be forwarded for the consideration of the Department.

asw.
[Signature]

I shall be pleased if you will state the Christian name of Miss Smillie and the date on which she began duties. Payment can only be allowed her from the date that Miss McBain gave up her duties. A return should be prepared by Miss McBain covering the period she taught during the present quarter and the number of days taught by her should be stated in order that payment can be made of the salary due her.

As Miss Smillie, who succeeds Miss McBain, temporarily, has no qualifications, salary can only be allowed her at the rate of \$600.00 per annum.

Dear Sir

If you fail to
get a qualified teacher for the
Senior Room of Rama School —
I wish to recommend Miss Wanda
Bowman of Barrie. —

She attended Normal last year —
but failed. —

There is a qualified, occasional
teacher — Miss Olive Anderson
of Atherley who supplied here once
for a month. She is still
available — Miss Mc Bain
was well satisfied with her.

If Miss Laura Kavanah of Parry
Sound should apply — I can
recommend her also. —

very truly.

I have written, ² ^{requesting} Mr Myers to send me a copy of the school attendance for October, and will forward return to the Department immediately upon receipt of the same.

It was my intention to remain in Rama, until Christmas, at least, but circumstances arose which made it necessary for me to accompany my mother to Edmonton, on the first of November. Before doing so, however, I had to go to Toronto to see a physician. This

³ necessitated my leaving the school on Wednesday afternoon, October 27th, but I arranged with Mrs Ethel Smillie to substitute for me, Thursday & Friday, in order that I might complete the month.

Mrs Smillie's duties, therefore did not really commence until Monday, November 1st — Hoping this will be quite satisfactory,

I am,

Yours Very Sincerely
E. M. M. Paine.

M. McKenzie

Sir,-

I have to acknowledge the receipt of your letter of the 6th instant, and in reply I beg to inform you that the Department did not receive any replies to the advertisement which was placed in the daily Mail and Empire, Toronto, for a teacher for the senior room at the Rama Indian Day School and it has, therefore, no teacher in view for this school.

Under cover of your letter of December 2nd, last, you forwarded an application from Miss Wanda Bowman of Barrie, Ont., who has a Third Class Certificate. If the services of Miss Bowman are still available you will be good enough to communicate with her and ascertain whether she would be willing to accept the position. As she has only a Third Class Certificate, the salary allowed her will be at the rate of \$600.00 per annum and bonus at the rate of \$150.00 per annum during its continuance to teachers in Indian Day schools. If she is unable to accept the position, the Department is informed that the services of a Miss Olive Anderson of Atherley, who formerly taught at this school, might be available. You should at once communicate with Miss Bowman, whose address is Box 687, Barrie, Ont., and, if she will accept, you should have her arrange to begin duties as soon as possible. If, however, her services are not available, you may then communicate with Miss Olive Anderson. You will be good enough to attend to this matter at once and inform the Department as to what arrangements you have been able to make in the matter.

Your obedient servant,

J. D. McLean

Indian Agent,
Atherley, Ont.

24-1-1.

OTTAWA, May 31st, 1921.

Sir, -

I have to request that you will be good enough to inform Miss Wanda Bowman, who is at present teaching the senior room in the Rama Indian Day School, that her services will not be required after the end of the present school year, viz: June 30th, next.

Miss Bowman has no professional certificate, and it is desired that the services of a qualified teacher be secured, as senior teacher, to begin duties when this school reopens after the summer holidays.

You will be good enough to see that Miss Bowman furnishes returns showing the attendance, days taught, etc., on the proper form for that purpose, and forwards them to you for transmission to the Department before she leaves Rama, in order that payment can be made her of the amount of salary and bonus due.

You should keep in view the securing of a qualified teacher for the senior room, to begin duties after the summer holidays, and the names, qualifications and experience of any applicants received should be submitted by you for the consideration of the Department.

You should acknowledge receipt of this letter, and state the date on which you notified Miss Bowman, as directed above.

Your obedient servant,

J. D. McLEAN

Sir, -

Your telegram of the 6th instant received, and in reply I beg to say that the error in notifying Agent Myers that the services of Miss Bowman, senior teacher of the Rama Indian Day School, will not be required after the end of the present fiscal year is regretted. Mr. Sutherland states that when discussing the matter with you, he was under the impression that it was the senior teacher whose services were not satisfactory.

Mr. Agent Myers is being instructed by telegram to notify Miss Smillie, the junior teacher, that her services will not be required, and to endeavour to retain the services of the senior teacher, whose services have been satisfactory.

It is hoped that Miss Bowman will consent to remain, and will take up duties again when the school re-opens after the summer holidays.

Your obedient servant,

J. D. McLEAN

OTTAWA, June 6th, 1921.

Sir, -

I beg to confirm the following night letter of today's date:

"Re letter May 31st, name of senior teacher was given in error, should have been junior teacher, Miss Smillie, whose services not required after end of present school year. Notify her accordingly. Services of Miss Bowman, senior teacher, satisfactory."

It is regretted that in official letter to you of the 31st ultimo, a mistake was made in requesting you to notify Miss Wanda Bowman, senior teacher, of the Rama Indian Day School, that her services would not be required after the end of the present school year. Her name was used in error instead of that of the junior teacher, Miss M. Smillie, and I will therefore be pleased if you will explain to Miss Bowman, and it is hoped that she will consent to remain, and take up duties when the school re-opens after the summer holidays, as her services are satisfactory.

You should notify Miss Smillie that her services will not be required after the end of the present school year. She has no profession qualifications, and at the time her appointment was made, it was only temporary; in this connection I would refer you to official letter of November 5th, 1920.

You should keep in view the securing of a qualified teacher for the junior room, to begin duties after the summer holidays. The names, qualifications, and experience of all applicants should be submitted by you for the consideration of the Department.

I will be pleased if you will acknowledge receipt of this letter, and state whether Miss Bowman will consent to remain, and also whether you have notified Miss Smillie that her services will not be required after the end of the present school year.

Your obedient servant,

J. D. McLEAN

Sir,—

I beg to report to the Department that it appears to me that no professional certificate Teachers will reside at the Rama Indian Day school. while Miss Smillie has charge of the junior room. as she is acting very queer. Its a matter of impossibility to live in the same quarters with her. she is a nervous wreck and is getting worse right along. as I see a great change in her lately. I would advise the Department to make a change. as this Teacher will surely collapse. she is acting strange..

Mr. Chas. W. Myers, -
Atherly, Ont.

Dear Sir, -

Having heard through the Indian Dept. Ottawa, that there will be a vacancy in the junior rooms, of Rama Indian Day school, I should like you to consider me an applicant for the position.

My qualifications are: a Normal Entrance certificate, and an Expired Third.

I had three years' experience teaching many years ago, and this year just about completed, ~~here~~ the Western school Tyendinaga Reserve.

For reference as to character, I would refer you to the Rev. John Mc. Kie, the Presbyterian minister, whose church ^{at Shannonville, I attend,} to Mr. G. M. Campbell, ^{Deeronto, Ont.} in whose agency I have been teaching this year, and to Mr. Abraham, ^{Chatham, Ont.} the Agricultural Representative of the Indian Dept.

My reason for leaving here is, that I want to get nearer the central, or western part of the Province.

Yours truly

Mrs. Ida Corman

Sir,-

I have to acknowledge the receipt of your letter of the 27th inst., enclosing the application of Mrs. Ida Gorman for the position as teacher of the junior room at the Rama Indian Day School.

In reply I beg to say that the Department will approve of the appointment of Mrs. Gorman to begin duties when the school re-opens after the summer holidays.

She taught last year on the Tyendinaga Reserve and her services were satisfactory. The salary that will be allowed her will be at the rate of \$600.00 per annum, together with the bonus at the rate of \$150.00 per annum during the present fiscal year.

You will be good enough to advise Mrs. Gorman of her appointment and ascertain from her, definitely, as to whether she will accept or not and you should inform the Department accordingly.

I beg to report to Department that the missionary Mr McKenzie of the Rama Reserve has been holding. One hour meeting per week at the school during school hours.

Manual training and Bible Teaching which Mr McKenzie consider is very much needed and in the best interest of the school.

In conversation with the missionary the other day on this subject. I informed him it is always necessary to get permission from the Department for approval. which was not done by the missionary.

The Teachers did ^{not} inform me that this was taken place every Wednesday afternoon. I happened to visit the school on Wednesday and found this fact and enquired from the Teachers if Department has given consent for these meeting. They did not know any thing about it themselves.

OTTAWA, Nov. 21st, 1921.

Sir, -

I have to acknowledge the receipt of your letter of the 17th instant, informing the Department that the missionary on the Rama Reserve has been conducting a meeting, for manual training and bible teaching, for one hour each week, during the regular school hours, to the pupils of the Rama Indian Day School.

In reply I beg to say that the Department cannot approve of the conducting of meetings for any purpose in the school building during the regular class hours. Religious or other instruction may be given to the pupils after the regular hour of closing of the class room for the day, but such religious instruction should only be given to the children of the faith to which the missionary belongs. It is considered that all instruction, other than religious training, can be imparted by the teachers, and the missionary should not interfere with the regular programme of studies during class hours.

You will be good enough to inform the missionary and the teachers accordingly.

OTTAWA, Nov. 28th, 1921.

Sir, -

I have your letter of the 24th instant, reporting that the junior room in the Rama Indian Day School has been closed, as the teacher, Mrs. Corman, has contracted the itch from the pupils; also that the doctor advises there is an epidemic among the younger children. It is noted that the doctor has taken the necessary action to eradicate this disease.

Until the teacher has sufficiently recovered to re-open the class-room, it may remain closed. It is hoped that the epidemic will soon subside, and that the class-room will be re-opened in a short time.

The salary of Mrs. Corman will be allowed, but it should be shown on her quarterly return the period the school is closed, and the reason therefor.

Your obedient servant,

Russell T. Ferrier.

Dear Sir.. I wish to report to your Department that the "itch" is raging on the Rama Reserve. The attention of Sa Kilpan was called to the fact some weeks ago, and that several children were attending school with their bodies covered with itch. Mas Cooman, our mission teacher has contracted the disease from the children. The Council considered the matter at their last meeting and the Truant Officer was commissioned to visit each home and endeavor to get it cleaned up. From past experience, I am of the opinion that the matter will drop there. I would suggest that you deal with the matter with a firm hand.

Yours Sincerely
C. M. H. H. H.

~~Director~~ of Indian Affairs
Ottawa Ont.

562944 -

Dear Sir:- Mr. Carmyers, Indian agent for Rama Reserve, has informed me that you have forbidden me to take any of the school time of Rama school for Religious Education. I can hardly believe you would give such a decision if you knew the facts and the present need of the community. I would like you to examine the product of your school at Rama for the generation that has recently passed through the school; it is sufficient to say that the moral and intellectual standard of the young men is very low. We have organized a community club where we are trying to pave the way for better things. We can get our young men to the door of the hell where they stand and smoke cigarettes and we can get them interested

in nothing better. We can however get a
grip upon the boys and girls in the school.
They are a lively lot and are heart
and soul into any community work.
This is our growing crop. Now is it your
decision that they grow to be like their
older brothers, or can we grow a better
crop of useful men and women with
clean lives? This is the work I am
trying to do. If I mistake not, the
school act gives me the privilege of
entering ~~any~~ ^{public} school and spending
a half ~~hour~~ a week in religious
instruction. I am doing that now at
Longford Public School and spend half
an hour in each class room each
Friday. I claim the same privilege
for the Rama School.

Further I organized the Boys of the
Rama school into the "Trail Ranger"
organization and Mrs McIntyre has
organized the girls into Canadian
Girls in Training you need only transfer
to the Manual of each of these organizations

is more easily kept up. This is all carried on with the hearty co-operation of Miss Bowman the teacher. It was highly commended by the Public School Inspector upon his last visit, and received the approval of Mr R. H. Abraham.

It is unreasonable to ask us to take this work out of school hours. The children are much more responsive when they are not weary. They should have their Saturdays free.

We have been taking the time from Last Recs on Wednesdays, until 4 o'clock. By allowing no recess we get from 2.30 until 4 P.M. I will be glad to hear from you. If you are still inclined to adhere to your decision to the Indian Agent, I would like you to submit the matter to Mr Abraham for his report.

I have another matter in the following letter to which I wish to call your attention.

Yours Sincerely
C. M. M. M. M.
 Missionary.

24-1-1.

Ottawa, Nov. 29, 1921.

Reverend Sir:

I have to acknowledge your communication of the 23rd instant, referring to the activities in connection with the Rama Indian Day School and your disappointment in the departmental ruling, as explained to you by Mr. Agent Myers.

I have noted carefully the nature of the work that you and Mrs. McKenzie have been doing, and I am convinced that it would be in the interests of our Indian work if you were allowed to carry on with this activity. The danger in a missionary entering an Indian day school for the purpose of giving instruction during school hours is that the teacher and agent will feel that interference in the work is the result. One of your predecessors, a missionary at the Rama reserve, caused the Department of Indian Affairs no end of trouble, by tactless officiousness and continual "butting-in".

I have to inform you that the School Act for Ontario cannot give you the privilege of entering an Indian school for the purpose of religious, or any other, instruction because the Indian day schools are managed by the Dominion Government at Ottawa.

The Secretary of the Department is writing to Mr. Agent Myers, rescinding the order under our letter of November 21st. Since that communication, the Department has undergone a change of mind, following a careful perusal of your letter, and after ascertaining that the vast majority of the Indian band at Rama are adherents of the Methodist Church, to which organization you belong.

I trust that you and your wife will carry on the work that you have begun and will take special care to see that no friction with Department employees takes place.

Concerning your second letter, referring to the skin disease on the Rama reserve, I have to inform you that the Department has taken action, and, if results are not speedily obtained, they will again insist on careful treatment.

Your obedient servant,

Russell T. Ferrier

EXD.

Ottawa, Nov. 29, 1921.

Sir:

I have to refer again to your letter of the 17th instant, concerning the activities of the Reverend McKenzie, who is a Missionary on the Rama reserve, and who has been conducting classes during school hours on Wednesday afternoon from 2.30 to 4 o'clock, in the Rama Indian Day School.

Information is to hand concerning this work that Mr. and Mrs. McKenzie are doing: I understand now that it is "Boy Scout and Girl Guide" in character and that it might be a loss if we asked the Missionary to cease his efforts on behalf of the children. Practically all the band are adherents of the Church which Mr. McKenzie serves, and, as you did not intimate in your letter of the 17th instant that you were not in favour of this work, the Department rescinds its order of November 21st, under this file number.

Will you inform the Reverend Mr. McKenzie that he has the Department's permission to continue this work, and that we regret our communication of the 21st instant. He and his wife may, if both you and the teachers are willing, use the hours from 2.30 to 4 o'clock on Wednesday for instruction along the lines that they have been following in the past.

I would be glad if you would make sure that Miss Bowman is in favour of this work on the part of the Missionary and his wife, and let us know at your first opportunity the results of the action that you will take, following this letter.

Your obedient servant,

J. D. McLEAN

Sir,
In reply to above number and date I beg to say that I reported to the Department as Miss Bowman said they were meeting for Manual Training and Bible study.

and by me reporting the meeting that was held in the school to the Department without any permission given by the Department for these meeting. I thought it was my duty as Agent to inform the Department of the fact. If I made a mistake in so doing. I was under the impression it was right for me to do so. I visited the school yesterday and informed Miss Bowman that Manual Training and Bible Study was a wrong description of these meeting. I asked her if these meeting were Boy Scout and Girl Guide Miss Bowman said no. I asked her to write down ~~what the meetings~~ what the meetings meant. that I had no knowledge about them. I enclose Miss Bowman version of these meeting.

As to my self action, whatever the Department wishes I will be pleased to carry out in the best interest of the scholars.

Feb 11th 1924.
FEB 13 1924

Sir,—

A case of Black Diphtheria developed at Longford, a short distance from the Reserve. Members of the Rama Reserve pass between Longford & Rama continually. The School Trustees on the death of a child from the disease have closed the Longford Schools. I trust that no cases will reach the Reserve but should it I will immediately have the School closed which I trust will meet with your approval.

This case I speak of was discovered on Saturday and the child died on Sunday & buried the same day.

Yours truly
A. S. Anderson, Agent
Rama Indian Reserve

Sir:

I have your letters of the 11th instant, informing the Department that the Rama Indian Day School was re-opened on the 4th instant, after being closed on account of an outbreak of measles, also that a case of black diphtheria had developed at Longford, a short distance from the reserve.

With reference to the last named outbreak, I beg to say that, if any further cases develop and you consider the circumstances warrant such action, you may use your discretion as to whether the Indian school should be closed or not. If any further cases develop in the vicinity, it is hoped that the necessary steps will be taken to prevent the spreading of the disease to the reserve. Kindly report at a later date whether it was necessary to again close the school and, if so, the date it was closed and for what period. The teachers, in their quarterly return for the current quarter, should state the dates between which the school was closed on account of the outbreak of measles and diphtheria.

Sir,

Wm Hoppins a white man who farms and attends to the Rama Road PO and residing on first lot South of the Rama Indian Reserve has been sending his children to the Rama Indian Day School for a considerable time. The Rama Indian Day School is close to their home and provided they should attend the white childrens school. They would have to travel about one mile further. Will you kindly advise me if you approve of them attending the Rama Indian Day School. You will of course understand that he does not pay anything for their tuition for his children attending the Rama Indian Day School. his taxes being paid to the Township of Rama.

I have your letter of the 2nd instant, relative to the attendance of the children of William Hopkins, a white man, at the Rama Indian Day School.

In this connection I have to request that you will state whether, if these children continue to attend, there will be sufficient accommodation for them in the classroom, also if the teachers will be willing to give them the regular instruction in the classroom. Please also state whether there is any objection on the part of the Indian Council to the attendance of these white children. You might state the names and ages of the children. When this information is received, further consideration will be given to the question of granting permission for them to continue their attendance.

Sir,—

I beg to acknowledge receipt of your letter of 5th inst regarding William Hopkins children attending Rama Indian Day School.

At the present time there is sufficient room in the senior class and also in the junior class for these children to attend Rama Indian Day School. but in the junior class it is some times crowded.

Interviewing both the teacher Miss Bowman and Mr. Jones they stated that they were willing to give these children the regular instruction. And the Indian Council at the present time have no objection to them attending the School.

The childrens ages are as follows

Mary Hopkins 14 years

Dorothy do 10 "

Roy do 12 "

Extract from Report of Inspector Ferguson on the
Rama Indian Day School - dated March 17th, 1926.

[Handwritten signature]

Original on file 24-1-6

I understand that Miss Bowman and Mrs. Corman are leaving at midsummer. There are plenty of teachers in Ontario who are Normal trained and experienced. I suggest that two experience Normal trained teachers be appointed for the reopening of school in September. These Indians all talk English or nearly all do, I cannot see why they should not have a training similar to the Ontario Public Schools.

I have no further suggestions to make beyond those which I made in my last report, and what I have made re qualified teachers for the Fall term. With the over supply now in the province, there should be no difficulty in supplying trained experienced teachers.

Ottawa, March 29th, 1926.

Sir:

The Public School Inspector, who recently visited the Rama Indian Day School, states in his report that he understands both teachers intend to give up their duties at midsummer. You should ascertain from Miss Bowman and Mrs. Corman if it is their intention to resign at the end of June, next, and, if so, you should obtain their written resignations and forward same to the Department.

In the event of vacancies at this school, the Department will arrange to obtain qualified teachers for the next school year. Should you receive any applications from qualified teachers, you should submit same for the consideration of the Department.

Ottawa, April 7th, 1926.

Sir:

I have your letter of the 2nd instant, relative to the retirement of the teachers of the Rama Indian Day School at the end of the present school year.

In reply I beg to say it is noted that neither of the teachers has furnished you with her written resignation. As the Department desires to obtain fully qualified teachers for this school for the next school year, and also as the public school inspector has recommended that this action be taken, we will not require their services after June 30th, next. You will be good enough to inform both Mrs. Corman and Miss Bowman in writing accordingly.

As stated in our letter to you of the 29th ultimo, we will arrange to obtain qualified teachers for the next school year, and you will be informed in due course as to the names, qualifications and experience of the teachers engaged. The three applications which you forwarded in your letter have been received, none of which would be satisfactory for this school.

To Whom It May Concern.

This is to certify that I have known the bearer, Miss Florence Lee of Longford, for over four years. She is a graduate of the Orillia Colligate and Model Schools and has taken a special Business College Course. Her moral and religious character is of the very best; she is very active in Sunday School and Y. P. League; she is perfectly reliable and trustworthy; she is gritty, courageous, self-confident and ambitious to succeed; she has good health; is keen and alert, and is a good sport in baseball and other games.

C.W. McKenzie,

Pastor.

Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:

I understand the

Indian school on the
Rama Reserve is to be
vacant a teacher this
coming term, and I wish
to make an application
for the position as teacher
for the junior room.

I am twenty-one years
of age and the holder of
a Third-Class-Certificate. I
have had some experience
with the children on that
reserve, as my home is in
that locality and I feel
sure I would make a
success as their teacher.

The Superintendent of Education.

Department of Indian Affairs
Ottawa Ont.

Dear Sir:

Age about 20, married
In a chat with Rev. Mr. Barner yesterday, he told me of the vacancy in the Principalship of Rama two-roomed School and knowing several of my special qualifications for such a position, said that he would be glad if I would apply for the job and that he would recommend me.

I have an Ontario First Class Professional Certificate, a High School Assistant's Certificate, a Commercial Specialist's standing, years of experience in Public and High School teaching. A wide knowledge of practical nursing, home making and Dietetics, would help me greatly in such work also.

My husband, Mr W. A. Suckle of the Alberta Normal Schools staff died last Fall and I am very anxious to get work that will keep me busy and help me financially also. While in Alberta, we were in charge of the Government Ruthenian School for young men and I acted as matron as well as teaching the English.

The salary, I would ask is One Thousand Dollars in addition to the residence that Mr. Barner says goes with the position.

Should you give me the appointment kindly let me know at the very soonest date possible, and also information about the following.

- 1st - Is the residence completely furnished and heated and is fuel supplied?
- 2nd - Does the Government provide for janitor work?

Indian Affairs. (RG 10, Volume 6155, File 421-1, part 2)

3rd - Outline duties, course of studies &c.

4th - The name and address of the Junior teacher.

5th - What vacations, holidays and such are provided for?

6th - Could I go up any time to look over the situation and plan work for the Fall.

It seems to me, I am especially fitted for this work, being a good disciplinarian, experienced in both practical and academic work and old enough to be well balanced, yet with health, energy and love of work. Trusting for a favorable, early reply so that I can plan accordingly.

Address: -

92 Wellesley St.
Toronto
Ont.

Yours truly
(Mrs W. A.) Jean Stickle

24-1-1.

Ottawa, June 10, 1926.

Madam:

I have your letter of the 8th instant, with reference to the position of principal of the Rama Indian Day School. I have noted your qualifications and have received a recommendation from Rev. A. Barner. I am pleased to offer you the position at a salary of \$100 per teaching month, provided that satisfactory arrangements can be made for your children, if any.

Copy - 8 file
In reply to your questions, I may say that the residence is attached to the classrooms and accommodates both senior and junior teachers. It is furnished with the necessary furniture and equipment, with the exception of linens, etc. The building is heated by a furnace in the basement.. There is a supplementary unit in the senior room and a cook stove in the kitchen. Fuel is supplied by the Department and a janitor employed.

The duties are those of the teacher of an ordinary rural school. The course of studies at present is that prescribed by the Ontario Department of Education. Emphasis is placed on domestic instruction for girls and manual training for boys. The holidays are during July and August and a week at Christmas and Easter.

Letter Light
The junior teacher has not yet been selected. I am corresponding with a young lady, who at present is in Toronto, and, if you accept the principalship, I shall ask you to interview her, before making a decision with reference to the junior room.

If you accept the position, it would be well to proceed to the school with a view to learning something of local conditions and planning for the coming academic year. It is a few hundred yards from the Rama Station. Before going there, you would be well advised to communicate with our representative, Mr. A. S. Anderson, Indian Agent, Longford Mills, Ont., and ask him to show you around. He can make arrangements for you to occupy the residence any time after the first of August. The school year commences on September first.

I should be grateful if you would let me know your age and the number of your children, if any. You might also send me your professional certificates, which would be returned to you without delay. I should also be glad to know what officer of the Alberta Department of Education knows of your work in the Ruthenian School.

Your obedient servant

Russell F. Ferrier

P.R. 2 dated June 12, 06.

Department of Indian Affairs

[Handwritten signature]

Dear Sir, Miss Florence Lee has forwarded her application to your Department, for the position of Junior Teacher for the Rama School. Although she has only the Model School Certificate, she has so many other noble qualities that make a successful teacher, that I feel confident you would do well to engage her. I trust you will hold the appointment of a Senior Teacher in abeyance for a few weeks. I know of no one yet whom I could recommend for the position.

Yours Sincerely
C. W. McTearney
Missionary

Madam:

I have your letter of the 12th instant and am pleased to learn that you have accepted the position of senior teacher at the Rama Indian Day School. I should be grateful if you would make arrangements to call on Miss Florence Lee, of 567 Clinton St., at the first opportunity. She has applied for the junior room and is recommended by the missionary near the reserve. Miss Lee is a graduate of the Orillia Collegiate and Model School. I am considering a salary of \$75 a teaching month in her case. Please let me know as soon as possible what you think of her application.

I have notified Mr. Indian Agent A. S. Anderson, Longford Mills, of your appointment and he will assist you in any way he can when you proceed to the school.

Your obedient servant,

Russell T. Ferrier,
Supt. of Indian Education.

~~St. John's~~ ~~St. John's~~

Dear Sir. - ~~St. John's~~ Stickle, newly
appointed Principal of Rama School
visited us last week. We are well
pleased with her appearance and
feel confident she will make a very
competent teacher. As she has little
or no musical training, it seems
wise and necessary to appoint
a junior teacher of musical ability.
Unfortunately Miss Florence Lee
lacks in musical ability. It seemed to
be a general agreement with the
agent, Mrs. Stickle and all others
concerned that it would be best
to seek for a teacher who can play
the organ and can teach vocal singing.
Miss Laura Ivory of Orillia
is making application to you
for the position. She has special
training in music, both

Ottawa, June 24, 1926.

Sir:

I have your letter of the 19th instant, with reference to the conditions of the engagement of Mrs. Stickle, newly appointed senior teacher at the Rama Indian Day School. It is true that the Department is particularly interested in household science, but I am not prepared to authorize the supplying of a sewing machine at the present time. Later, after the work is well under way, if this equipment appears to be urgently needed, you may again bring the matter to the attention of the Department.

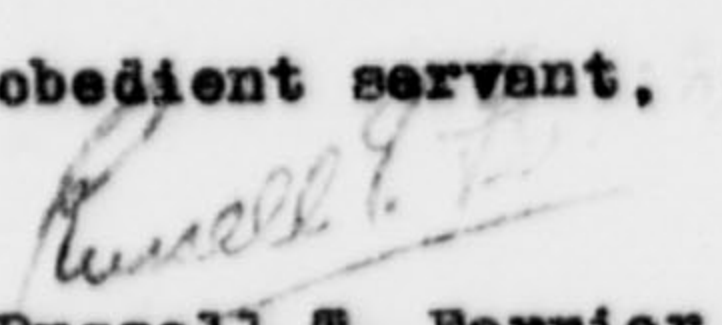

There is no change of policy in connection with what should be supplied to the teachers at this school, but I wish to make Mrs. Stickle feel as comfortable as possible. In my offer to her, I stated that the necessary furniture and equipment, with the exception of linens, etc., was provided. I mentioned that fuel was supplied by the Department and a janitor employed. I consider that the teachers should continue to pay the electric light charges and supply the smallware, etc. necessary.

With reference to the time table and course of studies to be followed, you may inform Mrs. Stickle that the Department wishes her to be guided by the curriculum prescribed by the Ontario Department of Education. She should give the practical work particular emphasis and should endeavour to correlate classroom exercises with the activities of the children's homes and environment. You might refer Mrs. Stickle to the advice and instructions printed on the covers of the classroom register.

Your obedient servant,

A. S. Anderson, Esq.,
Indian Agent,
Longford Mills,

The Sup't of Education
Dept of Indian Affairs, Ottawa

Dear Sir: -

Re the Rama School situation, as you suggested in your letter of the 17th inst, I went up to Rama to look into conditions. While there, I canvassed the outlook pretty thoroughly with the agent Mr. Andersson, Rev. Mr. McKenzie and the Junior teacher. We all agreed that the new Junior teacher should supplement with her qualifications what I lack as principal and Senior teacher. With that in mind I interviewed Miss Florence Lee yesterday (Tuesday) and find that she has no musical training - neither sings nor plays, and I consider these absolutely essential in the assistant, for I do neither, and the children must have the benefit of both not only because they are fond of both, but for the benefits accruing. Hence, if for no other reason, I should

be glad if someone, with professional training and a good singer and player could be found for the Junior position. Yesterday I had a letter from Rev. Mr. McKenzie saying that a Miss Ivory was applying. She is a trained musician, also I understand a trained teacher and a splendid type. If you could arrange for me to see her before definitely selecting her, I should appreciate it very much. I fancy she would be much better for the position than Miss Lees and Miss Lee has had no experience and only a Model School Training, also she would be very near her own home, which last from many years of experience, I have found is not apt to work out well, except perhaps in a large city.

~~Entirely~~ Now as to the School and equipments - The living rooms seemed bright, comfortable and very clean. The building needs painting to preserve it as well as to beautify it and inside, the School rooms must be cleaned and re-decorated, with some small repairs. ~~It~~ ought to be done early in vacation so

That everything will be in shape for opening.
You spoke of Household Science and
Manual arts, but I found absolutely no
equipment for either. If the Department
will supply a few requisites as a start
we can do good work I believe. I asked
Mr Anderson for a Sewing Machine and trust
you can grant it. An outfit of threads, needles,
scissors, crochet hooks, knitting needles, wools,
a little cotton goods for practice work &c not
costing a great deal, but of great value to us, would
be essential. Gradually I would get them to
make up their own materials. If I knew about
how much could be spent I could place
more suitably. Of course - complete inventories
would be kept.

For Manual arts, we can do not so much ^{at} except
in the gardening line, if part of the grounds
can be prepared for a school garden. With
flues, presses, pasteboards &c - we can do a
lot of modelling and repair work. Anything else
would require a special equipment in
another room to be kept securely locked

between classes.

If I can know pretty definitely what I can count on, I fancy we can get results. Incidentally gardening and poultry raising are hobbies of mine.

Trusting that you can supply the articles requested, also put building and grounds in shape and have this fall a small corner of the grounds prepared for a garden in the Spring, and that Miss Ivory is the assistant we need.

Yours truly
Mrs W. A. Jean Stickle

Ottawa, June 25, 1926.

Madam:

I have your letter of the 23rd instant and I note that you have visited the Rama Indian Day School. I have written to Mr. Indian Agent Anderson, asking him to get in touch with Miss Laura Ivory, of Orillia, who has applied for the junior room, and make a recommendation. The Rev. Mr. McKenzie, of Longford Mills, has already advised her appointment. It might be difficult for you to have an interview with this applicant, unless you are to be in Rama again in the immediate future. If you consider it necessary that you see her before a decision is reached, if you will so inform me I will see what can be done. If I do not hear from you in a few days, I will make the appointment if our agent recommends her.

I am writing to Mr. Anderson, concerning repairs to the school and painting, etc. The Department will allow reasonable expenditure for equipment to be used in the teaching of sewing, darning, etc. You should requisition to Mr. Anderson for what you consider necessary at the outset. I cannot authorize a sewing machine for a day school, until I am absolutely convinced of its necessity. You might also ask Mr. Anderson to arrange for the preparation of a small corner of the grounds for garden purposes.

Your obedient servant,

Russell T. Ferrier,
Supt. of Indian Education.

The Secty of Education
Department of Indian Affairs,

Dear Sir: -

I have your letter of June 25th and in regard to my request for an interview with Miss Doory, I wished it more for the making of tentative plans for next fall. I am sure, from what I have heard of her she will be splendid for the primary room and that between us we can do good work there. Her appointment will be satisfactory so far as I am concerned.

I am sorry about the sewing machine for we all thought that teaching the older girls to make their own clothes might hold them in school longer, especially if it were a sort of reward for good standing in the other work. The requisition for a small initial supply of sewing materials will go forward to Mr. Andersson shortly.

As I should like to take up residence

Sir, -
You will have received ere
this application from Miss Ivory of
Orillia for the position of Junior Teacher for
the Rama Indian Day School.
Miss Ivory holds a 3rd year Certificate and
has had about 5 months training at the
Model School.
In my interview with Miss Ivory she informed
me that she has made an application as
a missionary and expect to be appointed
to some station within a year or more and
that she would only be teaching provided
she got the position for about one year.
Miss Ivory has had no permanent School
but has done occasional work at the Orillia
Public School and holds a very high
testimonial for her work from Principal
McKenzie of Orillia Public School (a copy of
which I understand was forwarded to you)
Under the above circumstances provided

Sir,

I have received a letter from Mr. D. L. McKinnon. Sec. Treas. S.S. No. 1. Township of Rama. for permission for the teacher they have just engaged to room aboard with the teachers in the Rama Indian Day School. He states that about twelve year ago their teacher boarded at the Rama Indian Day School. The School referred to is located on Lot No. 35 Indian Sub. Division Rama Reserve. For various reasons I cannot recommend that this permission be granted. There are several farm houses in the District that if should be able to accomodate their teacher. Kindly let me have your ruling as soon as possible.

money this spring. I also
would like to ask you what
I ~~could~~ do about this affair
between Miss Ivory & I.
you will no doubt call me
fool. But I am going to give
you the straight facts. I
love Miss Ivory very dearly
I love her as a sister & pal
I do not wish to give her up
entirely. But would like to quit
this nonsense of seeing each
other all the time. Chiefly for
her sake. But I can't pound it in
to her head. I see now what a
fool I have been for giving into
her as I have done. I feel
not wish to impress upon your
2.
prepared to go. but as Miss Ivory
look sick I had to go & see
her before going so I went
into town wed. And was
going away Thursday. However
while there I found out that
my fears had been groundless
as now I am undecided as
to what to do. ~~My~~ Being char-
med from any trouble I would
like to come back to school.
& again on the other hand
I would like to go away
trapping. as that is the only
honest way I know of getting
rich quick & I will be needing

OFFICE OF
INDIAN AGENT

Longford Mee
March 22nd 1927
Reference No 24-1-1

I beg to acknowledge receipt of your letter of 18th inst in the matter of Miss Laura Ivory dismissed as a teacher from Rama Indian Day School.

I visited the School on Monday 9th inst and brought both Mrs Stickle and Miss Ivory to gether before me and went further into the matter with them.

Either one or the other of the teachers will have to leave in the best interest of the School. for matters are such between them that they cannot get along to gether.

Provided you are considering your decision regarding Miss Ivory and by any means you intend to keep her on, then you will have to accept Mrs Stickle resignation. Some month from April 1st next. for she informed me yesterday in the presence of Miss Ivory that she would not put up with her any longer.

As pointed out in my letter of 5th inst it would not be in the interest of the School to loose Mrs Stickle.

Longford Mee
March 22 1927

reference A. 74-1-1

I am enclosing herewith for your perusal two letters which I would ask you to return to me. The one dated March 9 is from Mary Stinson to Mrs. Stickle and wherein she refers to her dealings with Miss Ivory.

The other is a letter written by Miss Ivory to Mary Stinson, can you imagine a teacher writing such a letter to a pupil of the School?

At the meeting with the teachers yesterday I learned that right after night Miss Ivory would go into her classroom with Mary Stinson after her evening class was over and keep the girl there until mid night and on some occasions until 1 or 2 o'clock in the morning.

Miss Ivory did not appear to think anything wrong in this, I told her she should have known better.

The Missionary Rev. Mr. McKenzie and his wife pleaded with Miss Ivory and told her she was not doing right but all advice was unheeded.

Yours truly

Sir:

I have your letter of the 16th instant, reporting an accident to Miss Edith Willox, assistant teacher at the Rama Indian Day School, and the appointment by you of a substitute teacher.

In reply I beg to say that the accident which Miss Willox sustained is regretted. The Department will continue her salary during the period she is absent from duty, provided a certificate is forwarded from her doctor covering the period of such absence.

Your action in obtaining the services of Miss Snell to teach during the absence of Miss Willox is approved. The Department will allow her salary at the rate of \$3 per teaching day. It is to be understood that Miss Willox will return and resume duties at the earliest possible date.

When returns are prepared showing the attendance, days taught, etc., for the current quarter, it should be clearly stated thereon the period Miss Willox was absent and the number of days taught by Miss Snell, in order that payment of the salary due can be made.

Your obedient servant,

J. D. McLEAN

Jan'y 30 - 1928

Sir

I have to advise that Mrs Jean Stickle senior teacher of Rama Indian Day School. is ill with Pleuro Pneumonia and unable to attend School. The Doctor advises that she will be laid up for at least ten days. Under the circumstances and in order that the School be carried on. I arranged that Mrs Wilcox the Junior teacher take charge of Mrs Stickle's class, and I secured the services of Miss W. M. S. S. S. to take the Junior class. During Mrs Stickle's illness trusting this arrangement will meet with your approval.

Yours truly

Sir:

I have your letter of the 30th ultimo, informing the Department of the illness of Mrs. Jean Stickle, senior teacher of the Rama Indian Day School, and stating the arrangements you have made to carry on the classroom work during her illness.

In reply I beg to say that the Department approves of the transfer of Miss Willox, the junior teacher, to take charge of Mrs. Stickle's room and the arranging with Miss Winnifred Snell to take the junior class. It is hoped that Mrs. Stickle will soon be able to resume duties. When the return of attendance, etc., is being prepared for the current quarter, it should be clearly stated thereon the number of days Mrs. Stickle was absent on account of illness and also the number of days taught by the substitute teacher, Miss Snell. We will allow Mrs. Stickle leave with pay on account of illness for a period of one month only, and if she is absent from duties over that period it will not be possible to allow her salary.

Sir:

I have your letter of the 21st instant, relative to the leave of absence granted Mrs. Jean Stickie, senior teacher of the Rama Indian Day School, and recommending that Miss Edith Willox, the junior teacher, be placed in charge of the senior room during the absence of Mrs. Stickie.

The Department considers that the work in the junior room is of sufficient importance to require the services of a competent teacher, and we are, therefore, not prepared to authorize that Miss Willox transfer her duties from the junior to the senior room. It is thought that the temporary teacher whom you secure could carry on the work in the senior room until such time as Mrs. Stickie resumes duties.

Mr. Russell Ferrier

~~Chief of Indian Education~~
Dept of Indian Affairs, Ottawa.
Dear Sir: -

My son's prolonged illness and the doctor's verdict that it will be Christmas time before he is able to work and that, only if no complications set in, have made me decide that I simply can't return to Ontario this Fall. Hence, in justice, to the Rama Day School, I tender my resignation as principal of said school.

I am extremely sorry to sever my connection with the school for I enjoyed the work and the getting of results that I felt sure could be obtained if right effort were expended.

Also, I wish to thank the Department for the hearty co-operation I received and for the kindly consideration under the present trying circumstances. It is with regret that I dropout now, but hope that I may be able to serve the cause of Indian Education in some other school, perhaps at the Coast. At present, I just can't be so far away from the only one I have to live for and I must get something to do nearer Vancouver.

Again thanking you, I remain

Yours faithfully
Jean Stickle

Madam:

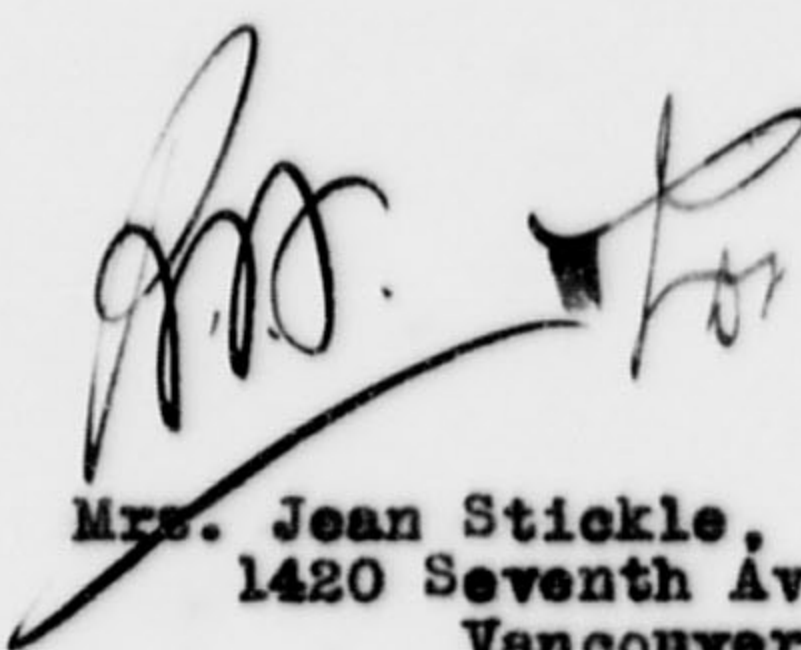

I have your letter of the 24th ultimo, and I note with regret that your son's illness makes it necessary for you to resign your post as senior teacher of the Rama Indian Day School. I am corresponding immediately with Mr. Indian Agent Anderson, with a view to securing a suitable successor. The Department thanks you for your very satisfactory services at our school during the past two years.

If you are interested in Indian work in British Columbia, you might apply to Mr. R. H. Cairns, Room 205, Winch Building, Vancouver, B. C., Inspector of Indian Schools for that province, who is informed concerning any vacancies that arise from time to time. I have placed your name on our application file for British Columbia.

Your obedient servant,

Russell T. Ferrier,
Supt. of Indian Education.

Orillia, Ont

plaint would be removed.

*Orillia
Fair*

An attractive feature of the fair at the fair last week was the exhibit made by the Rama Indian Reserve school. It was indeed a surprise to many visitors that the children of the Reserve could make such a large and splendid showing of their work. The handiwork of the school reflects credit on the staff of two teachers, Mrs. Stickels and Miss Edith Willox. It was a happy thought that our little neighbours from accross the lake should participate in the Orillia fair, and the display attracted much attention, though no doubt many passing through the hall were perhaps unaware that it was to be seen in the room upstairs.

Ottawa, October 5th, 1928.

Sir:

I have your letter of the 3rd instant, relative to the appointment of a teacher for the Rama Indian Day School to succeed Mrs. Jean Stickle, the senior teacher, who has resigned.

In reply I beg to say that the department will approve of your recommendation that Miss Edith Willox, the junior teacher, be placed in charge of the senior room, to succeed Mrs. Stickle. She will be allowed salary at the same rate as she is at present receiving, viz. \$85 per teaching month. Consideration will be given later to an increase in this amount when the Department is assured of the success with which she meets in the work as senior teacher.

With reference to the appointment of a junior teacher, it is considered that it would not be necessary to advertise and that you should consult the public school inspector with a view to having him recommend a fully qualified teacher. We would allow salary at the rate of \$80 per teaching month to a junior teacher having at least a second class certificate. Please consult the public school inspector at once with a view to the securing of a suitable teacher for the junior room. The name, qualifications and experience of the teacher recommended by the Inspector should be forwarded for the approval of the Department. It is hoped that you will be able to obtain the services of a junior teacher at an early date. In the meantime, the arrangements you have made to carry on the work at this school by the appointment of a temporary teacher is approved.

You should inform Miss Willox that she is to take charge of the senior room.

EXTRACT FROM REPORT OF MR. INSPECTOR FERGUSON,
dated October 9th, 1928, on his inspection
of the RAMA Indian Day School.

Original on File 24-1-6.

Ruby McKinnon -

Edith Willox -

Miss Willox is doing good work in junior room.

There are a number of large boys and girls in senior room and Miss McKinnon, without experience, will not handle this room satisfactorily. It has been suggested that the two teachers be interchanged. If Miss Willox feels that she is capable of controlling the big boys and girls this might be tried till the end of the Fall term. If successful, it could be continued. Mrs. Stickle resigned at an unfortunate time for the school.

T. R. Ferguson, M. A.

Public School Inspector
North Ontario

Hxbridge, Ont., October 15th, 1928.

Mr. A.S. Anderson,

Longford Mills.

Dear Sir,

In answer to your letter of October 6th, permit me to reply as follows. Miss Willox is doing good work in the Junior room. There are quite a few large boys and girls in the Senior room. Miss McKinnon certainly cannot handle the senior room. I can see already that it will not be long until the pupils get away from Miss McKinnon's control. If Miss Willox can control the senior room that would give the solution as Miss McKinnon would likely be able to get along all right in the Junior room. In advertising you might not get any one better. At ~~present~~ present I do not know of a strong teacher out of a position. If Mrs. Stickle had resigned in June we could have easily obtained a strong teacher. Have a talk with Miss Willox. Let her know what I have said about the big boys and girls in the Senior room. It is going to require firmness and at the same time judgment to handle them. If Miss Willox feels confident that she can be master of situation then the arrangement with Miss Willox in the Senior room and Miss McKinnon in the Junior room might be tried till Christmas, and if it is satisfactory it could be continued. You may make use of this letter in making any recommendation to the Department.

Yours very truly,

T.R. Ferguson.

for an increase in salary.

Miss Wilcox has again written me re the matter
requesting that her salary be increased to 100⁰⁰ per
month.
You will have received a report from the Inspector
for North Ontario Mr. T. R. Ferguson, re your letter
of 4th April last.

In taking the matter up with him he advised the
average salary paid in his inspectorate is 100⁰⁰,
so that with the salary Miss Wilcox receives an addition
applied she would be receiving the average.
However provided you decide to give Miss Wilcox
an increase I would consider either 5⁰⁰ or 10⁰⁰
per teaching month would be sufficient.

85⁰⁰ per mo.
or 80 per mo.

The Secretary

Sir:

I have your letter of the 27th ultimo, relative to the request of Miss Edith Willox, senior teacher of the Rama Indian Day School, for an increase in salary.

In reply I beg to say that, in view of your recommendation and the report of the Public School Inspector, the Department will approve of an increase of \$5 per teaching month in the salary of Miss Willox from the first of September, next, the beginning of the coming academic year. This will make her salary from that date at the rate of \$90 per teaching month. Please advise her.

Sir
I enclose herewith a letter I have received from Miss Ruby McKinnon, junior teacher in the Rama Indian Day School asking for an increase in salary. You will have on file inspection report on Miss McKinnon. In my own opinion Miss McKinnon has done very good work since her appointment a year ago and provided it meets with your approval I would recommend an increase of \$5.00 per teaching month.

Yours truly
J. S. Sedgwick

The Deputy Minister
Department of Indian Affairs,
Ottawa, Canada.

Dear Sir,-

Would you please advise what steps it would be necessary to take in order to apply for the Indian school at Rama, in case it should become vacant at any time.

I am a married man, thirty-eight years of age, and hold a permanent second class certificate for Ontario. My wife is an ex-teacher, and taught for several years. I taught six years in Barrie. We have conceived the idea that this school would be very suitable for a man and wife. We have no children living.

We both take an active interest in Sunday School work here in Barrie, and would be well fitted for this sort of work among the Indians. Also we are very fond of the Indians as a people.

Yours very truly

J. E. Carson

Sir:

I have your letter of the 14th instant, requesting to be informed as to the steps you should take in applying for the position as teacher of the Rama Indian Day School.

In this connection I have to say that insofar as the Department is aware it is the intention of the present teachers to remain for the balance of the school year. Their services are satisfactory, and they might desire to retain their positions for the school year 1930-31. There are, however, a number of other schools having partially furnished residences in connection therewith where the services of a married teacher might be required for the next school year. Certain of these schools are conducted under the auspices of one or other of the religious denominations associated with the Department in the education of Indian children, and we look to the authorities of these churches for the nomination of teachers. If you will inform the Department of the religious denomination to which you belong, you will be advised of the name of the church officer to whom you should forward an application. Your letter has been placed on our file and will receive consideration should a suitable opening occur for the services of a married teacher. The qualifications which you possess have been noted.

Sir

Longford Mills
March 1st 1930

reference to 24-1-1

I beg to acknowledge receipt of your letter of 5th February regarding pupils of Rama Indian Day School writing their entrance examinations.

When School Inspector Ferguson was visiting the School on the 24th February, I discussed the matter with him. And he agreed to take the matter up and see if arrangement could not be made for the pupils to write at home in their own School. He would only agree on condition that some responsible party preside at the examinations, and I suggested Rev Mr Saele of Rama Reserve to which he was agreeable. I interviewed Mr Saele and he was agreeable. The conditions Mr Ferguson stipulated were that he would be at no expense for the County.

Previous year accommodation was provided to convey the pupils of Rama Indian Day School to district where examinations are held. Provided arrangements are completed for the pupils to write at home. I would suggest that a fee be allowed Mr Saele about the same as transportation would have cost.

The Secretary

Department of Indian Affairs
Ottawa.

Public School Inspector
North Ontario

Hxbridge, Ont., April 2nd, 1930. 19

Mr. A.J. Anderson,

Longford.

Dear Sir,

The Department only send question papers to Entrance centres. The School Act and Regulations do not permit of Mr. Snell acting as presiding officer. The presiding officers do not receive their hotel expenses. They merely receive their fare to and from the centre along with their regular fees. Now it is too bad to drop this after all the work we have gone to. It does not matter to the Department of Indian Affairs who is the presiding officer. It is too late for me to take up this matter with that Department through the Department of Education for this year. I feel confident I could get a qualified officer to act for the regular fees without expenses, by explaining the circumstances. Then the County could pay for paper etc., as they would have to do if they wrote at Uptergrove. If this is satisfactory I shall go ahead and arrange for a centre this year at Rama. If it is not I shall have to explain to the Department the reason for dropping the proposal. There is only one thing that causes me to go to this trouble and that is sympathy with the Indian children. Please let me know at your earliest convenience if we are to go ahead with the above arrangements.

Yours very truly,

T.R. Ferguson.

Supt. of Indian Education,
Ottawa.

Dear Sir,-

I have been wondering if the Principalship of the Rama Indian Day Schools will be vacant this July and if so, I herewith submit my application for the position.

My reasons for wanting to go to Rama are, in order that our children would be able to attend Collegiate Institute in Orillia, and secure music lessons, which we find impossible on Georgina Island, as they are terrified with the rough water here. We just have two children and both will soon be attending High School.

We would be willing to board the junior teacher, if necessary. If accepted please let us know the salary paid.

If accepted I will do my best to further the interests of the pupils and the community.

Yours truly,

R. A. Gibson,
Missionary Teacher.

Sir
Reference to 24-1-1

Longford Hill
June 10th 1930

Referring to your letter of May 15th 1930.
The understanding with Miss McKinnon upon
being granted leave of absence on May 19th 1930 was
that Miss Wilcox would take her class.
Miss McKinnon was absent on above date and
the morning of 21st the reason given me for our staying
her time was on account of their connections.
Miss Wilcox, also absent on the 19th and the School
was therefore closed. I have reprimanded both
for their action. And in conversation with them
both they stated to me verbally that they were
both leaving Rama Indian Day School at
Midsummer. By their indifferent action causing the
whole School to be closed on May 19th and in view
of the fact that they are preparing to leave. Provided
they may change their mind. I consider in the
best interest of the School that they receive notice
that their services will be no longer required after
midsummer.

Ottawa, June 13, 1930.

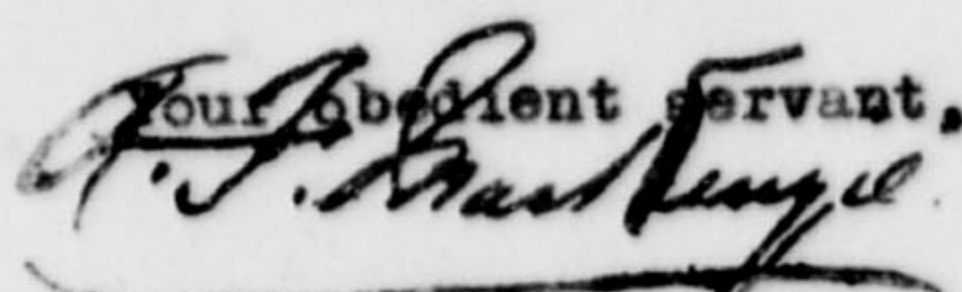

Sir:

I have your letter of the 10th instant, relative to the absence from duty of the teachers of the Rama Indian Day School, and informing the Department that both teachers have intimated to you their intention of giving up duties at the end of the present school year. The Department will accept the resignation of both Miss Willox, senior teacher, and Miss McKinnon, junior teacher, from the 30th instant, and you will be good enough to advise them accordingly.

The Department has several applications on file for this school, and will endeavour in due time to obtain the services of suitable teachers. It will not be necessary for you to take any action in this respect, but should you receive, without solicitation, any applications, you should promptly forward same for the consideration of the Department.

Please see that the present teachers prepare the usual returns when the school closes showing the attendance, days taught, etc., during the current quarter, which you should forward to the Department, in order that the salary due them can be paid. Please inform them at once of the Department's decision to accept their resignation.

A. S. Anderson, Esq.,
Indian Agent,
Longford Mills,
Ont.

Yours obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

B

Sir

reference to 24-1-1

Referring to your letter of ^{April 8/30.} March 5-1930.
I enclose herewith vouchers in favour of
John Watson covering fees & expenses as printing
officer at Entrance Examination for Rama Indian
Day School. This expenditure was authorized by
Departmental letter April 5/1930. No 24-1-1.

Two pupils were to have written their examinations
but only four wrote, Nora Wesley having taken
ill a few days before the time to write and
was unable to write her examination.

I am very pleased to advise that two of the
pupils writing, i.e. Gladys Benson and Alon
Anderson have successfully passed their
examinations.

Whether or not their writing at their own School
assisted them or not. It is the first time since I
took office that any pupils of Rama Indian Day
School have passed by writing the examination.

The Secretary

Ottawa, July 17, 1930.

Sir:

I have your letter of the 11th instant, enclosing vouchers covering the fees and expenses of a presiding officer at the entrance examinations for the pupils of the Rama Indian Day School. In this connection I have to say that a cheque in payment of same has been sent.

It is noted that two of the pupils, viz., Gladys Benson and Alan Anderson successfully passed the examinations. I shall be pleased if you will state what further course these two pupils intend to take. Is there a high school near their home which they could attend, and, if so, are the parents in a position to provide the tuition fees, etc? I shall be pleased to have your report regarding this matter.

Your obedient servant,

A. F. MacKenzie

Dear Sir:-

I am writing to you regarding a position as a teacher in your two-roomed school. I received the information about your vacancy from a Miss Willox of this city and decided to apply for the position which she has just left.

I attended the Normal school here the past year and obtained my Interim Second Class Certificate. At present I am gaining more experience in the teaching line by teaching in a Vacation School conducted in this city for a period of three weeks.

I am Protestant in religion attending First United Church. I am twenty years of age and as I have said before hold an Interim Second Class certificate.

Hoping my application will meet with your approval,

Very truly,
Yours truly,

George Young.

Dear Sir -

I understand from the Indian people that Rama school is vacant and I have been wondering this is a true report.

Now why I am asking you these questions is the Rev. Arthur Barner Supt. of Indian Missions for the United Church gave me to understand last fall that I would be likely to be appointed Principal of Rama School if a vacancy occurred. I taught Georgina Island Indian school last year, and I like the Indian work very much.

If vacancy occurs, and no appointment has been made I would like very much to secure the position.

Yours truly.

R. A. Gibson.

Ottawa, July 31, 1930.

Sir:

I wish to refer to your letters concerning the two vacancies at the Rama Indian Day School. The Department has several applications for these posts. One is from a Mr. and Mrs. J. E. Carson, of Box 401, Barrie, Ont. Mr. Carson is 38 years of age and has a second class certificate. His wife also is a teacher. They have no children and would like to take the two rooms. Mr. Carson and his wife are members of the United Church.

There is also an application from Mr. R. A. Gibson, who has taught for this Department before. He also is a member of the United Church. He has two children and he is desirous of securing a school so situated that the children can attend high school. He is very much interested in the Rama opening. He states that he and his wife would be willing to board the junior teacher. I am very much impressed by Mr. Gibson's application, but I doubt if there is room for a junior teacher in the residence if he and his wife and two children live there. Can a suitable boarding house be secured close to the school for the junior teacher if Mr. Gibson were appointed? If he were appointed and satisfactory arrangements can be made for the junior teacher's board, I am inclined to recommend a Miss Gladys Swerdfeger, who has taught for the Department on the Tyendinaga Reserve. She would do very well in the junior room, as she is experienced and has a first class professional certificate.

If the Department appoints two young lady teachers to these vacancies, Miss Swerdfeger would be quite satisfactory for the senior room and it is possible that Miss Mary Smith, R. R. No. 1, Atherley, Ont., would do well in the junior room.

The Department is informing certain other teachers, who have applied, that their applications are not being considered, and I should be grateful if you would advise Mr. George Young, 336 Cheapside St., London, Ont., who wrote to you on the 15th instant, that other arrangements are being made for this school.

As you are acquainted with the situation, the Department would like to have your recommendation. Please give the filling of these positions careful consideration, discuss the matter with the Rev. Mr. Snell if you think it advisable to do so and telegraph your recommendation.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

Sir

[Handwritten signature]

Longford Miss,
Aug 4th 1930

reference N. 24-1-1

I beg to acknowledge receipt of your letter of July 31st regarding vacancies at the Rama Indian Day School.

In view of the fact that Miss Swendegren holds a first class certificate and would be satisfactory to you for the Senior room. I would recommend that she be appointed to the Senior room and Miss Mary Smith to the junior room.

As reference to Mr. R. A. Gibson's application. There is not sufficient accommodation provided to secure the appointment for himself, wife, two children and the junior teacher, and accommodation for the junior teacher could not be secured in the immediate vicinity of the School. And in addition provided his two children were to attend Quill's High School which is the nearest to Rama Reserve they would require to leave by C. N. Ry train leaving Rama Station at 8 A.M. each morning and returning leave Quill's in evening at 9 P.M. and accommodation after close of School until train time in evening would require to be made.

Sir,-

I wish to refer to your application of the 11th instant, addressed to the Department, and to your letter of the 25th ultimo, addressed to Mr. Anderson of Longford Mills, in connection with the Rama Indian Day School. Careful consideration has been given but I have now to inform you that other arrangements are being made. The teachers' residence is not large enough to accommodate your family and the junior teacher and there is no suitable boarding place for a junior teacher. Further, it would not have been very convenient for your children to attend the Orillia High School. The first train returning from Orillia in the evening is at nine p. m.

If any other suitable opening occurs, I shall write to you.

Sir:

I have your letter of the 28th ultimo, informing the Department that there will be three pupils of the Rama Indian Day School who will write their entrance examinations this coming summer, and requesting to be informed as to the examination centre where they will write same.

In reply I have to say it is considered that these pupils should comply with the provincial regulations and write their examinations at the nearest centre to the Reserve. If the parents of the candidates are unable to provide the cost of their transportation and board during the time they are writing the examinations, this Department would favourably consider payment of same. It is expected, however, that the candidates will arrange for their own expenses. I would point out that, as the examinations will be held after the school is closed for the summer holidays, it is thought the pupils who write same could very well arrange to attend the nearest centre where they are being held.

Dear Sir,-

As we had Rev. Arthur
Barner here with us for a week
before he left for British Columbia
and he advised me to apply
to you for the principalship
of Rama Indian Day School,
if a vacancy occurs.

He thinks the change
advisable on account of our

two children attending High School
in Orillia. Our girl already has
her High School Entrance Certificate.
We have a car and could take
her back and forth every day
for most of the year. Here it is
impossible to get home even
on week ends on account of
the rough water.

Of course if a suitable
vacancy does not occur, we are
satisfied to stay here.

Yours truly,

R. A. Gibson

Sir:

I have your letter of the 15th instant, applying for a transfer from your present position as teacher of the Georgina Island Indian Day School to the principalship of the Rama Indian Day School.

In reply I have to say that at the present time the Department is not aware if there will be a vacancy at the Rama School to which you could be appointed. Should there be any change in the teaching staff at Rama, your application would receive consideration.

Your obedient servant,

Russell T. Ferrier

Neil Macdonald's, Hector
McKinnans, Pete Gilchrist
and Harold Burgess.

(2) He began by having
some play cards in a
quarters while others
danced in the hall and
at front of Junior Room.

(3) He did not the
floor with a little
quintered way.

(4) Our party lasted
for about five (5) hours.

(5) The company brought
their own lunch. They
served this lunch in the
Junior Room.

(6) The next morning we
cleaned the rooms before

9.30.

(7) There were three or
four cigarette butts
found in the places

(3)

fair ink - wells. In cleaning
we did not think to look
there for any. But Mrs.
Snacke did not clean up
these even if she did find
them.

(8) Where Mrs. Snacke found
any cigarette ashes we
cannot understand.

(9) There were no pencils
missing as result of party.
There is never a morning
but what we hear "Please,
I lost my pencil, from
some of the pupils.

(10) There was not one
book injured or taken from
the desks, or from anywhere
else.

(11) Mr. S. Snacke has just
informed us that we
should have rented the
hall. He did not know
about this at all.

April 29th 1933

IN YOUR REPLY REFER TO
No.
ALSO
TO DATE OF THIS LETTER

Sir,—

On the evening of March 24th the Teacher of Rama Indian Day School held a party in the School inviting a number of their friends in the district. At our Council meeting held on 1st inst the enclosed resolution was passed by the Rama Indian Council. I cannot recommend that any action be taken in the matter, and it is to be regretted that any friction between the Teacher and members of Rama Band should occur. From investigation it would appear that it is nothing but spite between a few. I took the matter up with Miss Swindfeger the same Teacher and enclose herewith her report. I have seen Miss Swindfeger since receiving her report and pointed out to her that I did not approve of them dancing in the Class Rooms, and had no objection to their having a party in their own quarters. The record of the present Teacher is quite satisfactory which you are no doubt aware from the Inspection report. In Miss Swindfeger's case last year was the first time during my term of office that pupils writing on the Entrance Examination passed and she let 3 out of 4 that wrote passed.

Sir: reference to 24-1-1

I beg to acknowledge receipt of your letter of 4th inst regarding Teachers of Rama Indian Day School. Enclosed herewith a further resolution passed by Rama Indian Council, and would recommend that no action be taken. I pointed out to the Council that they had nothing to do with the engaging of the teacher and until such time as circumstances would warrant a change I would not recommend any. It is to be regretted that any difference occur between members of Board and the teachers for it makes matters unpleasant on the Reserve. The letter referred to as having been handed to Inspector Mr. Tho. McGookin by Chief Sam Saache I know nothing about.

Dear Dr. McGill:

I beg to submit the following report on my
recent visit of inspection to the Rama Agency.
x x x

[Handwritten mark]

The one - two class - Day school was visited. Attendance is very good and the pupils are making satisfactory progress. Both teachers are efficient and interested in the pupils. They take an active part in Church and Sunday School work among the young people. Chief Snache complained of the teachers having a social dance in the residence for their local white friends and asked that they be dismissed. I enquired into the whole matter and found there were no grounds for any such action. The teachers have been entertained in a very friendly way by the local white residents, in return they invited these friends to dinner in the school residence and had some dancing in one of the classrooms. There is nothing to seriously criticize in their action and I would recommend that no attention be paid to any further complaints from the band in this regard. Both teachers are giving satisfactory service and are a good influence in the community.

Sir: Reference to 24-1-1

I enclose herewith a resolution passed by Rama Indian Council. That new teachers for the Rama Indian Day School be secured, in view of the fact that the present teachers services are satisfactory I cannot recommend that any change be made.

You will recollect that in April 1930 a resolution was passed that the teachers be changed every two years. The Council are of the opinion that when a teacher has taught in one place for two years that is long enough. I pointed out that as long as their services are satisfactory it is not advisable to make a change.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF THE
DEPUTY SUPERINTENDENT GENERAL
OTTAWA

JUL 20 1934

RECORDS

Ottawa, July 17, 1934.

[Handwritten signature]
MEMORANDUM:

The Honourable the Superintendent General.

The Department is in receipt of a resolution passed at the last meeting of the Rama Indian Council requesting a change in teachers at the Rama Indian Day School (Rama Reserve No. 32 - Electoral District Muskoka-Ontario). Miss Gladys Swerdfeger and Miss Mary Smith have been teaching in this school during the past four years, and the reports received from both the Public School Inspector and Indian Agent indicate that they are doing good work. In such cases, it has not been the practice of the Department to change the teachers.

In forwarding the resolution, the Indian Agent states: "The Council are of the opinion that when a teacher has taught in one place for over two years, that is long enough. I pointed out to them that as long as their services are satisfactory, it is not advisable to make a change."

In view of the satisfactory work that these teachers have been doing, I would appreciate your concurrence in notifying the Indian Council that their services are to be retained for the academic year 1934-35.

A. S. Williams

Acting Deputy Superintendent General.

DEC 26 1934

Ottawa, Dec. 21, 1934.

Sir:

The following brief report on my inspection
of the Rama Agency is respectfully submitted.

x

x

x

Attendance at the school has been very good.
The children look well and healthy. They get Cod Liver Oil
twice daily and have tooth brush drill every morning. They
appear to be making good progress in their studies. They
read well and answer questions without hesitation. Three
passed entrance this year.

x

~~Superintendent~~ of Indian Education,
Ottawa, Ont.

Dear Sir,-

I herewith make application
for a change of school this mid summer
holidays, if available.

I would prefer the principalship of
Pama Indian Day School, if it is vacant.
We would be willing to see that the
junior teacher was satisfactorily provided
for. I prefer this because of the Collegiate
privileges available so near by in Brillia.
We only have two children and they are
both attending High School.

Trusting to receive a reply from
you.

Yours very truly,
R. A. Gibson.

Sir:

I have your letter of the 18th instant, applying for a transfer from your present position, as teacher at Georgina Island, to the position of senior teacher of the Rama Indian Day School for the coming academic year.

In reply I have to say that the Department has no information as to the intention of the present senior teacher at the Rama Indian Day School to give up duties at the end of the present school year. As you may be aware, the present lady teachers reside in the living quarters provided for them, and it might not be possible to arrange for suitable living accommodation for a male teacher.

Your request for a transfer will receive consideration, should there be a vacancy.

Dear Sirs. -

In regard to the school
in the Indian Reserve near
Ouelia, I understand a teacher
will be required for the fall
term. I have applied for the
position, to your Indian agent
Mr. A. S. Anderson, who, I believe
appoints the teachers when
the Department has not
done so.

If Mr. Anderson is not to
choose the teacher for the
next term, would you be
kind enough to inform me,
so that I may apply to
the Department, if there would
be any possibility of obtaining
the position.

Thank you.

Yours truly.

Dear Sir, -

I have been informed that there is to be a vacancy in the Indian Reserve school, so that a teacher will be required for the fall term. I wish to apply for the position.

I hold a permanent second class certificate obtained at the North Bay Normal School, by two years attendance. I also have special certificates in Art, Household Science and Agriculture. I am studying each summer to gain a first class standing, which I hope to have at the close of next summer.

I have had five years teaching experience in the inspectorate of Mr. P. H. Brown. I would be very glad if you would refer to Mr. Brown in regard to my teaching ability.

I understand the room is junior which will require a teacher. I am particularly interested in younger children.

Dear Sir:-

I apply for the position of teacher in your school.

I am the holder of a permanent certificate also an Elementary certificate in Agriculture and Horticulture.

I have had eleven years successful teaching in all grades.

I am a protestant (presbyterian) with musical ability.

In my last school I had a class of fifty eight pupils Indians and French.

I found the Indian children talked their own language at home and were very shy. But I found them very clever and neat in their work and some came first in their class.

I enclose testimonials from my other school boards and for further reference refer you to Inspector Skuce Sudbury.

Should you appoint me to this position I shall strive to discharge my duties earnestly and efficiently.

Respectfully Yours
Ruth McNeill

Dear Sir:-

Reference No. 24-1-1

I beg to acknowledge receipt of your letter of the 8th, inst. regarding a vacancy for a Teacher in the Rama Indian School, When school closed at the end of June, it was rumoured that Miss. M. Smith, our Junior teacher was leaving, I intervied her in the matter, when she informed me that she had then not decided. Upon receipt of your letter I called her on the Phone, and inquired from her if she had decided what she intended to do. She informed me she was resigning, and called on me this evening and handed me her enclosed resignation.

I also enclose herewith two applications I have received for the position, one from Miss. Ruby McNeice of Gravenhurst, and other from Miss. Edith Munns of North Bay, Miss. McNeice called on me personally, and from my interview with her I believe she would be a very capable teacher for our School. One other party called on me a Miss McFadden, and I requested her to make her application in writing.

Yours truly,

Mr. A. S. Anderson,
Indian Agent,
Longford Mills, Ontario.

Dear Mr. Anderson,

I wish to recommend Miss Edith Munna,
North Bay, for the position of teacher for the
Junior Room, Rama Indian Day School.

During the Normal School term of 1933-34,
I had the opportunity of acting as critic teacher,
many times, for Miss Munna, who was
then taking her second year Normal course at
North Bay Normal School. I found her to be a
most efficient teacher, a very thorough
and faithful worker.

Having taught for two years in the Rama
Indian Day School Junior Room and thus hav-
ing a knowledge of the requirements for a
teacher of that position, I am convinced

Indian Affairs. (RG 10, Volume 6155, File 421-1, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

COPY

that Miss Munns' personality and character fit her for just such work. In her teaching, as in all her undertakings, she shows patience and perseverance, - qualities very necessary in dealing with Indian children.

Should Miss Munns be fortunate enough to receive an appointment to this position, I assure you that she will be content with nothing less than her most faithful service to you, the pupils of the school and the Department of Indian Affairs.

Yours very truly,
Ruby McInnon.

Dear Sir

In view of the vacancy occurring on the staff of the Rama Indian School I hereby make application for the position and submit the following qualifications for your consideration.

I am the holder of a Permanent Second Class Certificate and Strathcona Grade "B" Physical Culture Certificate.

I have had a number of years experience in both Graded and Rural Schools and excellent success with Primary work as I have served as Primary teacher on the staff of St. Catharines Public Schools, also First and Second Book Classes, and Primary (Overflow Class) in Orillia. In St. Catharines we had considerable experience all through the schools with children from Foreign Homes.

I had a year and a half of experience at Arnstein (S. S. No. 1 Mills) East Parry Sound a mixed German and Italian settlement. The late Mr. R. O. White of North Bay was my Inspector there.

My Sebright experience (S. S. No. 5. Rama) immediately previous to my last appointment is covered by the enclosed copy of Mr. Ferguson's testimonial (Inspector of North Ontario)

My last school was S. S. No. 4 Armour near Burk's Falls. I was under appointment there for 5 years ending June 1934. Mr. D. G. Smith B. A. formerly of North Bay was my Inspector and always commented favourably on my work and discipline. Mr. Smith has recently been transferred to London, Ontario as Inspector of East Middlesex and Elgin in part.

Mr. A. W. Grigg, Rama Twp. Councillor who introduced me has known me for a number of years. Mr. A. B. Thompson, H. C. of Orillia has given me permission to use his name as a reference as has also Dr. W. E. Brown of Orillia, who knows something of my First Aid and Home

EXD.

Ottawa, August 6, 1936.

Dear Sir:

With reference to your letter of the 9th ultimo, you may inform Miss Mary Smith that her resignation as teacher of the junior room at the Rama Indian Day School is accepted.

To succeed Miss Smith, the Department approves the appointment of Miss Ruby McNeice. She will be allowed salary at the same rate as the former teacher, viz.: \$85.00 per teaching month.

I enclose Staff Questionnaire, which you should have Miss McNeice sign and return to the Department as soon as possible. You should arrange to have Miss McNeice begin duties on September first.

The teachers whose applications you forwarded in your letters of the 13th, 14th and 16th ultimo should be informed that this vacancy has been filled.

Yours truly,

T. R. L. MacInnes,
Acting Secretary.

Dear Sir:-

Reference No. 24-1-1

R

Mr. F. R. Ferguson, Public School Inspector, for North Ontario, has requested that the teachers of the Rama Indian Day School, be granted permission to judge the School work of the pupils for the Township of Rama at their School Fair to be held on the 1st. of October.

Mr. Ferguson has kindly consented for the two teachers of the Longford School, to act as judges for the School work of the Rama Indian Day School at our Fall Fair this year.

I would recommend that permission be given our teachers to act at the Rama Township School Fair.

Yours truly

Rama Indian Reserve.

Dear Sir, -

I understand the pupils of Rama Public School are talented musically so wondered if you would be interested in having Vocal music taught in the school there. All the town schools and the majority of rural schools are taking it now as a regular subject.

Besides having my A.T.C.M. I have taken a special course on teaching Vocal in schools given in Toronto, therefore am fully qualified.

Our plan is to give a weekly lesson, thirty during the school year, which is all we can get in conveniently when we take into consideration holidays and examination time.

2.
I would teach the year for \$60.
a room. of course the Government
gives a grant of \$30. besides a
special grant of \$20. for each room.
I have not as yet received a
new Syllabus but the grants
will no doubt be much the same
as last year.

I would be willing, if you
wish to assist the teachers in
giving concerts or some sort of
entertainment to help defray the
extra expense, so you see the
financial part of the proposition
is of minor importance.

I feel sure you would never
regret having music as an extra
subject in your school as they learn
Sight-Singing, The Fundamentals of
Piano-Playing, Ear-Training, Voice-
Training, Expression, Blending of
Voices, Interpretation & Choral Conducting
and get a great deal of pleasure out
of it all.

Thanking you in anticipation
I beg to remain

Longford Mills, Ont.

October 28th. 1936.

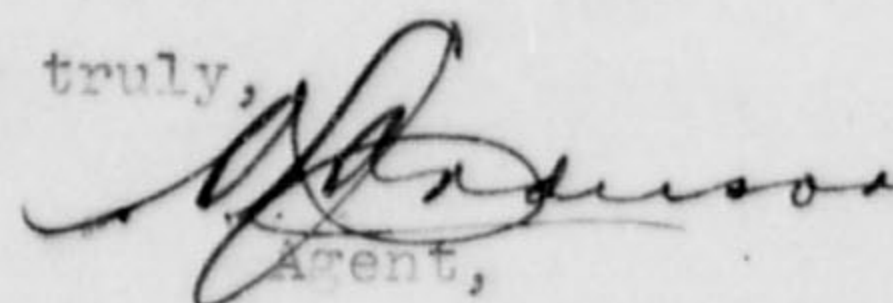

Dear Sir:

On the 24th. inst. Miss. G. Swerdferger, senior teacher at Rama Indian Day School, notified me that a number of the pupils had head lice.

I arranged with Dr. W. E. Brown, for a solution for treatment, and further with Mrs. Annie Benson, of Rama Reserve, to visit the School, and treat which ever pupils required it. after treating for several days, and overcoming the trouble the worst case after being cleaned up, again returned to school with another lot of lice.

It was therefore evident that the other children in the home that Herbert Sawyer was coming from were infested, so I arranged with Dr. W. E. Brown, to have the other children at the home of the father Ben. Sawyer, also cleaned up.

Dear Sir:-

I have to advise that Corinne Anderson, a pupil of Rama Indian Day School and a girl of fourteen years of age has become unmanagable. She is disobedient and impudent and is rapidly breaking down the discipline of the room. The teacher has strapped her without any good effect. I have now advised Miss Graham that if she can't control her, to send her home.

We have had some trouble for some time getting her to attend. Her father is away working and her mother has no control over her. She asked me some time ago to try and put her in an Indian School. I pointed out to her that it was up to her to manage her daughter but it has not worked out.

I am of the opinion that in the interest of the school this girl can not be kept there and to simply allow her to stay at home would spoil the remainder. Kindly advise.

Extract from Inspector T.R. Ferguson's report
on the Rama Indian Day School visited on March
26, 1941:

There are five pupils in Grade VIII. Three of these refused to read when requested to do so by Miss Graham. Two of these pupils may make fair entrance candidates. The pupils in the other classes read. Two of the entrance pupils knew their memory work, a third was fair. The work in such subjects as writing and art was good.

I consider that at the end of June it would be wise for Miss Graham to try to get a position as teacher in a public school with white or Canadian children. She evidently is not successful with Indian children. If the teacher in the junior grade wishes to take the senior grade I advise giving her the opportunity to try this work and engage another teacher for the junior room.

Minister's Office 24-1

MEMORANDUM

6th June, 1941.

The Deputy Minister.

Re - Teacher for senior room, Rama Indian School.

As you know, we have been having considerable difficulty in obtaining a teacher for this school. A recommendation has been received from Mr. F.R. Ferguson, M.A., Public School Inspector for that district, on behalf of Mrs. J.G. MacKinnon of Atherley, R.R.No.1, Ontario. This lady prior to her marriage taught in this school for six years. Her name at that time was Miss Mary Smith. She then married J.G. MacKinnon who worked in the mines but unfortunately through his work developed some incurable disease, which is not communicable. In view of the difficulty of securing a teacher please take the necessary action to have Mrs. MacKinnon appointed. She holds a second class interim certificate, which certificate, I understand, permits her to teach public school in the Province of Ontario.

W.J.F. Pratt
W.J.F. Pratt,
Private Secretary.

Dr. McGill -

To note.

Memorandum:

REPRESENTATIVE OF THE TREASURY

Re: Rama Indian Day School
No. 421

It has been decided to dispense with the services of Miss Graham at the end of the current academic year and no further salary should be paid to her after the end of June, 1941.

To succeed her it has been decided to appoint Mrs. J.G. MacKinnon who will be allowed salary at the rate of \$95.00 a teaching month. I enclose copy of letter of appointment and staff questionnaire will be forwarded to you when received.

Philip Phelan,
Chief, Training Division.

EXL.

Dear Sir:

I desire to refer you to my letter of the 27th ultimo in which you were directed to inform Miss Graham that her services as teacher at the Rama Indian Day School would not be required after the end of June, 1941.

To succeed her it has been decided to appoint Mrs. J.G. MacKinnon, R.R. No. 1, Atherley, Ont. She will be allowed salary at the rate of \$95.00 a teaching month and her duties will commence on October 1, 1941. When notifying her of her appointment you should advise her that there is living accommodation at the school for two teachers. I understand that Mrs. MacKinnon's husband is suffering from an incurable disease and while it is stated that this disease is not communicable at the same time it will not be possible to allow him to reside in the teachers' living quarters as these are only sufficient for the two teachers.

Handwritten: CRH

You should advise me as soon as possible if Mrs. MacKinnon is prepared to accept appointment at this school on the above conditions. I enclose staff questionnaire which she should complete and return to the Department.

Yours truly,

Mr. H.J. Featherston,
Indian Agent,
Longford Mills, Ont.

Dear Madam:

I have your letter of the 20th instant in which you state that you have not yet received your cheque for the month of February.

At the time your letter of March 5 arrived we consulted our records and found that cheque 51442, in payment of your February salary, had been forwarded to you on February 25 and we were under the impression that it would reach you and consequently did not reply to your letter of the 5th instant.

As the cheque has not yet reached you it would appear that it may have been lost in the mails, although our records distinctly show that it was mailed from here on the date mentioned above. Please make additional inquiries at the post office and from the rural mail carrier with a view to ascertaining if the cheque can be located. If, after making these inquiries, you are unable to find it, you should advise me and the necessary forms will be forwarded to you for your signature. These forms are necessary before a duplicate cheque can be issued.

Memorandum:

DEPUTY MINISTER

In Mr. Pratt's memorandum of June 6, 1941, he suggested the employment of Mrs. J.G. MacKinnon as teacher of the senior room at the Rama Indian Day School for the academic year 1941-42. Mrs. MacKinnon was employed and her services were satisfactory, but she has now advised us that she does not intend to resume duties during the academic year 1942-43.

Under these circumstances it will be necessary to secure another teacher. A Protestant, female teacher, holding Ontario certificates, should be secured, if possible. The school will re-open on October 1, 1942. There are two classrooms in this school and living quarters are provided for both teachers. Salary will be allowed the new teacher at the rate of \$95.00 a teaching month, plus bonus. As you know, the academic year is for a period of nine months.

I should appreciate your advising what action should be taken to secure a teacher for this school.

THE DEPUTY MINISTER

Mr. Pratt was advised by phone
Rama Indian Day School.
re- Teacher of Senior room.
I.A. File 24-1-1.

AUG 16 1942

I return, herewith, memorandum from the Director of Indian Affairs, July 23, regarding the appointment of a teacher of the senior room at the Rama Indian Day School, to replace Mrs. MacKinnon.

There would seem to be difficulty in locating a suitable teacher as replacement. I understand the School Inspector has no one in view. If the department is not aware of anyone, probably it would be just as well to advertise the position.

You might advise this office of the action being taken.

W.C. Bethune

Dear Sir:

Considerable difficulty has been experienced in securing a teacher for the senior room of the Rama Indian Day School. The information at our disposal indicates that the School Inspector for the district has not at the moment anyone that he would recommend for the position.

The suggestion has been made that we might advertise for a teacher in the papers published in the district. You might at your convenience let us have any comments you may care to offer on this suggestion. We naturally hesitate to incur the expense of advertising if there are no teachers in the district.

Dear Sir:

Reference: 24-I-I

In reply to your letter of August 17th in regard to advertising for a teacher for the senior room of Rama Indian Day School I would advise that an add in the Globe and Mail, Toronto would be the most likely to get results. Teachers looking for positions, keep their eye on this paper.

There are one or two things that it may not be out of place to bring to your attention at this time, in regard to the school. I have had reason to believe, in the past, that the R.C.M.P. had had some intimation from the Department to be very slow about taking action against Indian parents for neglecting to send their children regularly to school. Right now, the Indian is sitting on top of the world and is more hard boiled than before. The teacher finds it hard to get the Indian children to cover the work and when the attendance is poor it is that much more discouraging. In my opinion an example might be made of some, with benefit.

The second, is the appointing of a teacher to take the senior room and who is therefor regarded as the senior teacher in the school, who is junior in experience and who holds a lower certificate than the junior room teacher. This was done last year and does not tend to make things run smoother between the teachers.

These are two things that occur to me and are offered for what they may be worth.

Yours truly,

The Secretary,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ont.

Re: Senior Teacher - Rama School

Dear Sir:

I desire to acknowledge receipt of your letter of the 19th instant and to thank you for the additional information contained therein.

There is nothing on file here to indicate that special instructions were issued at any time to the R.C.M.P. in respect to the attendance of pupils at the Rama school. It might be advisable for you to discuss the attendance at this school with the members of the Rama Council and inform them that, unless the attendance at the school can be improved, you will recommend that action be taken under Section 10 (paragraph 4) of the Indian Act.

I am disposed to think that you might advertise the position, as you suggest, in the Globe and Mail. Salary will be allowed the senior teacher at the rate of \$95.00 a teaching month, plus the existing cost-of-living bonus, which amounts to approximately 17%. You should send forward a clipping taken from the paper with a voucher covering the cost of this advertisement.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

I wish to offer my services
as teacher for the senior room
of the Rama Indian School, at
the salary, nine hundred and
fifty dollars, which you advertise.
Duties to commence October first.
I am Protestant, Anglican, forty-
six years of age. and before my
marriage I had over ten
years successful teaching
experience, all in ungraded
schools. I am a good
disciplinarian and was
always particularly successful
with my Entrance classes.
Last year I resumed the work
of teaching to fill in where
teachers were needed. I was

at S. S. # 3 Barles; Muskegon
from October until June,
being given a permit by
the Department of Education,
which same permit would
be granted me for whatever
school engaged my services this
year. I had the Third Class
Certificate renewed at Bracebridge
summer schools - and taught
over ten years.

For many years I lived very
near the Rama Reserve and
although I cannot speak the Indian
language - I am familiar with
the life of the Indian people and
understand their attitude,
and difficulties. I think
I could give satisfaction
in this position. Thanking
you I remain Yours truly.

(Mrs) Rebecca M. Boyd,

Mrs. H. J. Featherston,
Longford Mills.

Dear Sir,

The Department of Education have written me that they will grant me a permit to teach in Public School - if a Board and their Inspectors so recommend.

I have a permanent H.S. certificate and experience. Through the illness of my husband I desired to have a full-time position. I have been doing tutoring from 1929 on - in Welland and Toronto and would promise to secure the best available helps for the senior Room work. I am in excellent health, Protestant (Baptist) fifty-five years of age, and like teaching. I therefore beg to submit an application.

Yours truly,

Bessie Regsley Shearer

Dear Sir,

I saw your advertisement in "The Globe and Mail" for a teacher for the Rama Indian Day School. I wish to make application for the position.

I hold a Permanent Second Class Certificate obtained at The Peterboro' Normal School and have had ten years experience in Ontario. I taught last year under Mr J. E. Horton of Kirkland Lake.

I may state I am married and have four children three of whom would necessarily go with me.

Assuring you of faithful and efficient service.

I am yours truly.

H. J. Featherston,
Indian Agent,
Longford Mills, Ont.

Dear Sir:

I have seen your advertisement in the Free Press for a teacher and I was whether you would be willing to engage a Roman Catholic teacher because this is my denomination.

Last year I have taught at the Pie Indian Day School, Ont., and resigned there this year because of the distance of the above place from my home.

I have taught for eight years in Manitoba. For five years I did public school work; for two high school work and last year I have taught on an Indian Reserve.

Could you give me all information possible about the above school. Where is Longford? Could it be reached by bus or train? How far would it be from Toronto? Is there another teacher? How many pupils are enrolled?

I have a Manitoban certificate; and hold a B.A.

My age is 32; religion Roman Catholic.

Hoping to hear from you,

I am,

Sincerely yours,

Jane A. Heine

Mr. H. J. Featherston,
Indian Agent,
Longford Mills.

Dear Sir,

I notice in the "Globe and Mail" your advertisement for a teacher for your senior room of Rama Indian Day School.

I wish to make application for the position at the salary you offer.

I think I can qualify as I have a first-class certificate (permanent). I have the Elementary Certificate in Agriculture, have also taken Elementary Art.

I am Protestant and musical but do not hold the Departmental Music Certificate. I took Rythem Band course two years ago this summer in London and I play piano some. My pupils always sing nicely.

I have had sixteen years of experience in teaching. I have taught steady for the last ten years.

Indian Affairs. (RG 10, Volume 6155, File 421-1, part 3)

During that time I taught three years at Lyons Head (S.S. #6) one year at the Fort Frances town school. My work was grades 7 and 8. And the last three years at Walsingham in Norfolk Co. Ont. Besides that I taught three years in Northern Ontario.

Mr. Hugh McKillop B.A., Sudbury Ont. is my reference and I am enclosing two testimonials which I think are good.

Mr. W. L. Bowden B. A., Simcoe Ont. was my Inspector for last two years and is also my willing reference.

The first year I taught was in a two roomed school here in Oxford Co. I had the junior room and had fine recommendations from Inspector and trustees.

In Fort. Frances we had the rotary system. Over ninety per cent of our pupils passed Entrance successfully and many took honours. Mr. Hoffman my principal and also Mr. Charles Ewer B.A., of Fort. Frances were well pleased with my work.

3.

So I would like to try this position. I do not know the number of pupils on the roll. But you say there are handy comfortable living quarters on the high way and that means a lot if near by.

And Mr. Featherston if you accept my application I shall do my utmost for the welfare of those in my care.

Perhaps you might like my phone number. It is Kentore 6-18.

Sincerely yours

Miss Annie J. Garry.

P. S. In y last Entrance class in Walsingham had only one pupil. He passed with honours.

Dear Sir:

Reference: 24-I-I

With reference to your letter of August 24th re senior teacher for Rama school, I wish to advise that I have advertised the position in the Toronto Globe & Mail, four insertions in all and have received ten applications which I am forwarding herewith. All applications have been acknowledged.

In my opinion the most promising applicants are Mrs. L.F.E. Carter, Farnham, Quebec and Mrs. Annie J. Garry, Lakeside, R.R. # 3, Ontario. I have not contacted the Inspectors whose names are mentioned, in either case.

If further investigation or reports do not indicate the suitability of these or other applicants for the position I would respectfully suggest that Miss McNeice be appointed to the senior room. Miss McNeice has proven her ability to handle Indian children and that she herself can take it. Prior to her service here, she had several years experience with senior classes.

Yours truly,

J. Featherston

Dear Mrs. Garry:

Re: Position of senior teacher, Rama School.

I desire to refer to my letter to you of September 9, 1942, in which I intimated that we had secured a teacher for the Rama School. In that letter I suggested to you that you should send in an application for the vacancy then existing at the St. Clair School in the Sarnia Agency.

I am today in receipt of a letter from the teacher who was appointed to the Rama vacancy in which she states that, owing to illness, she will not be in a position to report for duty on October 1, nor at any time in the immediate future. I have been wondering if you were still interested in this position. The salary at this school is, as you know, \$95.00 a teaching month, plus cost-of-living bonus which, at this date, amounts to approximately 17%. The teacherage is attached to the school and is furnished. You would be expected to take a certain amount of your own linen, etc. Should you require additional information you could secure it from Mr. H.J. Featherston, Indian Agent, Longford Mills, Ont.

Your immediate attention to this matter will be very much appreciated. In view of the fact that we intend, if at all possible, to open the school on October 1, would it be possible for you to wire your acceptance?

Yours truly,

Mrs. Annie J. Garry,
R.R. No. 3,

October 19th, 1942

Dear Sir:

Lorne Ingersoll has applied to me for permission to have his son Lloyd, age 15 years one month, remain out of school to work. Due to indifferent attendance and other causes, he is not as far advanced as he should be for his age.

There are several boys in the Agency of about that age who do not want to stay in school. A firm stand will have to be taken to compel attendance or else permission granted for them to remain out for the purpose of working. Kindly advise.

Yours truly,

J. H. Featherston
Indian Agent, Rama Agency.

Dear Sir:

I have your letter of the 19th instant, with reference to Lorne Ingersoll. The Department has no objection to this boy remaining out of school during the fall months, provided you are definitely assured that he is working. However, he should attend school during the winter months. What has been said regarding Ingersoll applies also to other Indian boys of the same age.

Yours truly,

Philip Phelan,
Chief, Training Division.

Dear Sir -

I hope I am not putting you to too much trouble, but would like a statement of how my salary was made out for the month of October.

I understood that this year your department deducted the money for the Income tax.

But as there has been changes in national defence etc.

I would like to have a statement so as I would know about my income tax

Thanking you again

I remain

Yours truly

DEPUTY MINISTER

Re: Rama Indian Day School,
Rama Indian Agency,
Electoral District of
Muskoka, Ont.

Miss Ruby P.L. McNeice, teacher of the junior room at this school, has tendered her resignation, effective at the end of the current month. To succeed her we require a Protestant teacher with Ontario qualifications. Salary is at the rate of \$85.00 a teaching month, plus bonus at 17%. The school will be in operation for a ten-month period beginning September 1, 1943. Living quarters for the teacher are attached to the school. There are two teachers at this school and the new appointee will be in charge of the junior room.

In addition to bringing the matter to your attention, we have written to the Indian Agent and instructed him to consult the Public School Inspector. If we receive any applications you will be advised.

TO WHOM IT MAY CONCERN:

This is to certify that Miss Ruby P. McNeice has been employed as teacher at the Rama Indian Day School, Longford Mills, Ont., during the last seven year period.

The Public School Inspector's reports on Miss McNeice's work during this period have been uniformly good and always satisfactory to the Department. These reports indicate that Miss McNeice is a hard-working, conscientious teacher and one who has been interested, not only in her classroom work, but in the general welfare of the Indians on the reserve. The Inspector recommended the promotion of Miss McNeice from the junior to the senior room in his report dated March 26, 1941. However, the officials of this Department found it impossible to make this promotion, owing to circumstances over which they had no control.

We received Miss McNeice's resignation with a great deal of regret, this year. We shall be glad, however, to hear of her future success and feel confident that she will render satisfactory service at any school to which she may be appointed as teacher.

R. A. Hoey,
Supt. of Welfare & Training.

September
Third
1943

R.A. Hoey, Esq.,
Superintendent of Welfare and Training,
Department of Mines and Resources,
OTTAWA, Canada.

Dear Sir:-

It has just been drawn to my attention that Mrs. Olive I. Akiwenzie may have been appointed teacher in Sidney Bay Indian School, although I had definitely stated that I felt her academic and professional qualifications were not sufficient for this appointment.

Some weeks ago the local agent, Mr. F.W. Tuffnell, wrote asking me to recommend a teacher for this school. I have been working on the matter ever since, but only a few days ago succeeded in making contact with a qualified teacher willing to live in the Reserve. On August 23rd Mr. Tuffnell sent me an application from Mrs. Akiwenzie, and asking for my recommendation in connection with it. My reply in part was as follows:

"I note that this applicant has had but three years in High School and has had no professional training whatsoever. In my white schools at the present time I have three teachers who hold temporary permits but each has attended Normal School having failed on examinations there. I am not prepared yet to recommend any person with lesser qualifications than these. In the meantime I think it best to wait another week or two. If by September 7th no suitable application has come in it might be necessary to consider seriously Mrs. Akiwenzie's letter. Today I was in touch with two teachers whom I thought might accept the position, and I purpose contacting several more this week."

On August 27th I wrote Mr. Tuffnell as follows:

"After writing a considerable number of letters and putting through a half dozen long distance telephone calls I think I have secured a suitable applicant for the position of teacher in Sidney Bay Indian School. Miss Anna MacDougall of Kincardine informs me that she has sent you a formal application and I do not hesitate to recommend that she be appointed."

INSPECTOR OF PUBLIC SCHOOLS

WALKERTON, ONT.

- 2 -

R.A. Hoey

Superintendent of Welfare and Training

"Miss MacDougall taught for 3½ years in Haldimand County on a third class certificate which has since expired. She holds a B.A. degree from Queen's University and while securing this taught several summers in rural schools in the Prairie Provinces. She also took a short Normal Course at the Regina Normal School. During April, May and June of this year she supplied in a rural school in West Bruce under Inspector Geo. Dobson. Mr. Dobson informed me today that she had done quite satisfactory work."

Since my letter of the 27th two fully qualified teachers listed below indicated to me that they would accept an appointment in Sidney Bay Indian School. There are:

+ 95¹⁰²
85¹⁰²
| Mrs. O. Farrow, Second Class Certificate,
| Warton, r.r. # 4.

| Mrs. Ina Shaw, Second Class Certificate,
| Walkerton.

In view of these factors it appears to me that there was unnecessary haste in appointing an unqualified teacher. If the appointment by any chance has not been made I would urge that my recommendation of the 27th be followed.

Yours very truly,

J. M. Game

Ottawa, September 10, 1943.

Dear Sir:

I have your letter of September 3 and we appreciate very much the efforts that you have made to secure teachers for our schools. Mrs. Akiwenzie is an Indian and as the school is not a heavy one we felt that she could handle it for the current year at least. Her appointment has been made.

I am very much interested in the statement in your letter, that Mrs. O. Farrow and Mrs. Ina Shaw are anxious to secure a school.

We have a two-room school on the Rama Indian reserve, 7 miles from Orillia. The attendance is approximately 25 pupils in each room and we have living accommodation for two persons, attached to the school. If the two ladies just mentioned would be interested in this school, we would be pleased to accept them. The Indians on the Rama reserve have never caused us any trouble, and as the school surroundings are good, I feel that the ladies mentioned should be interested.

One of them could be appointed principal and the other, assistant. You would be the best judge of who should be named principal. For the principal we would allow a salary of \$95.00 a teaching month and for the assistant, \$85.00 a teaching month. In each case they would receive, in addition, the cost-of-living bonus at the rate of 17%.

 I trust that you will find it possible to bring our offer to their attention. If they are

J. M. GAME, B. A., B. PAED.
INSPECTOR OF PUBLIC SCHOOLS
WALKERTON, ONT.

September
14th
1943

R. A. Hoey, Esq.,
Superintendent of Welfare and Training,
Department of Mines and Resources,
OTTAWA, Canada.

Dear Sir:-

I wish to acknowledge your letter of the 10th instant in which you state that two teachers are required for the Indian School on Rama Reserve, and that Mrs. Olive Farrow, r.r. # 4 Wiarton, and Mrs. Ina Shaw of Walkerton would be appointed if they applied.

Following the receipt of your letter I telephoned to your Agent, Mr. H.J. Featherston, Longford Mills, in order to ascertain the size of the residence as both teachers have children who would accompany them. I then interviewed Mrs. Shaw and telephoned Mrs. Farrow. Neither teacher appeared to be interested in going so far from her present home. However, I gave each full particulars concerning the school, your name and address, and also the name and address of the Agent. I have had no further word from these ladies but it is barely possible that one or other may have sent in an application. Mrs. Farrow has an eight-year old girl while Mrs. Shaw has a two-year old boy and a seven-year old boy. The former has good qualifications as she has taught two years in an Indian School and five years on the Staff of the Public Schools in Sault Ste. Marie. She holds a second class certificate.

I would not hesitate to recommend Mrs. Farrow as principal of your school. It would not appear advisable, however, to have two families of children in the residence, but one eight-year old girl would fit in satisfactorily. Possibly Miss Anna McDougall of Kincardine whom I recommended for the Sidney Bay School might be interested in the position of assistance in Rama School. I am sending her some information concerning the position. If I can be of further assistance I shall be pleased to do so.

Yours very truly,

J. M. Game

Dear Mr. Game:

I have your letter of the 14th instant, with reference to the action you have taken regarding our suggestion of engaging Mrs. Farrow and Mrs. Shaw as teachers at the Rama School. As you state in your letter, it would not be advisable to have two families of children in the residence. However, as you state, Mrs. Farrow would be acceptable and, if Miss McDougall would accept the assistant's position, we would be prepared to appoint her. We have not yet heard from Mrs. Farrow.

I wish to take this opportunity of expressing our thanks for the assistance that you are giving in this matter.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.Mr. J.M. Game,
Inspector of Public Schools,

Superintendent of Welfare and Training,
Department of Mines and Resources,
Indian Affairs Branch,
OTTAWA, Canada.

Dear Mr. Hoey:-

I wish to acknowledge your letter of the 17th instant in connection with Mrs. Olive Farrow and Miss Anna MacDougall. I have contacted these two ladies again advising them that you are willing to accept applications from them for the positions of principal and assistant in Rama Indian School. If they are not interested in going so far away from their homes there is nothing I can do, I suppose, to persuade them. I discussed the matter to some extent with Mr. Arneil today.

Yours very truly,

J.M. Game

Dear Mr. Hoey:

Re - Rama

There is a possibility of our being able to secure the services of Rev. J. R. Hayward for Rama. Mr. Hayward is a Bachelor of Science and is, I understand, a certificated teacher, but of that I am going to make sure. In any case, he has taught around Elk Lake, where he is now, to the satisfaction of an Inspector. I do not know whether we can persuade the present incumbent at Rama to go to Elk Lake, but we can try - particularly if the school is still vacant.

The appointment of Mr. Hayward would not do everything for Rama, as it would still leave one room vacant; but it might be better to try to work it with one teacher than to have none; and if we had a man who was competent to teach and preach, it might be possible to get another teacher to go in.

I will be glad to hear from you as soon as possible whether there is a possibility of your appointing Mr. Hayward. Mr. Lyttle, our Superintendent of Missions, will be at Elk Lake - where Mr. Hayward is at present - at the end of the week, and will wire us to see if he can make the necessary move, provided the school at Rama is still open.

Yours sincerely,

Hoey Dorey

Mr. R. A. Hoey, Esq.,

Superintendent of Welfare and Training,
Department of Mines and Resources,
Ottawa, Canada.

Dear Sir:-

If you have not already secured a teacher for the Junior Department of the Rama Indian School near Ojibwa, I would like to apply for the position.

Mr. Game, I.P.S., of Walkerton, may have mentioned to you my qualifications. I taught for three and a half years in Haldimand County on a Third Class certificate which has expired. I hold a B.A. degree from Queen's University and while securing this taught several summers in rural schools in the Prairie Provinces. I also took a short Normal Course at the Regina Normal School. During April, May and June of this year, I supplied in a rural school in West Bruce under Inspector Geo. Dobson.

On account of never having taught in a graded school and having no recent professional training,

Indian Affairs. (RG 10, Volume 6155, File 421-1, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR.
COPY

I have hesitated to apply for the position.
However, "The Canadian Teacher" and the aids to
teaching sent out by the Dominion Teachers
Service, Toronto, could be used as a guide in
outlining the work. A course in Teachers Training
could be taken later during the holidays.

Respectfully Yours,

Anna MacDougall.

Dear Madam:

I have your letter of the 30th ultimo, applying for appointment as teacher of the Rama Indian Day School.

We have been attempting to secure two teachers for this school since the end of June, but we have been unsuccessful. Recently we requested the Board of Home Missions of the United Church of Canada to secure teachers for it and we had a letter yesterday from the Associate Secretary in which he expressed the opinion that he could secure the services of Rev. J.R. Hayward as principal of the school. I am not certain if, in the event of Mr. Hayward accepting the position, he will wish to use the residence attached to the school, or if there is a mission house available for him. Consequently the appointment of a teacher for the junior room will depend to some extent on the appointment of the principal.

I am forwarding a copy of this letter to Rev. Geo. Dorey, D.D., Associate Secretary, Board of Home Missions, United Church of Canada, 299 Queen St. West, Toronto 2, Ont. I suggest that you also communicate with him and I feel that he will adjust the matter.

Yours truly,

Miss Anna MacDougall,
Kincardine, Ont.

Dear Doctor Dorey:

I received today an application from Miss Anna MacDougall of Kincardine, Ont., for appointment as teacher of the junior room at the Rama Indian Day School. For your information I enclose copy of our reply to her and you will note that I have expressed the opinion that she should correspond with you. Possibly you have a mission house at Rama which would leave the living quarters at the school available for Miss MacDougall.

I desire to take this opportunity of again expressing our appreciation of your assistance in securing teachers for the Rama School.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

I have to report that no progress has been made in the matter of securing teachers for Rama Indian Day School in so far as this office is concerned.

Unless the Department has someone in view, I would suggest that the matter be given some publicity through the press in the hope of attracting some married women who, possibly have not recently been teaching. The first step would necessarily be a paid advertisement.

Re - Rama (Your File 24-1-1)

I regret very much to say that the arrangements which were contemplated in connection with Rev. J. R. Hayward's appointment have fallen through - we cannot secure him for Rama. I am writing to Miss Anna MacDougall to say that we are referring her application again to you, under the circumstances, and that she will hear from you in due course. I do not know whether you want to appoint her alone.

I am very sorry that our attempts to help you out have not met with success.

Yours sincerely,

Dear Miss MacDougall:

EX'D.
I am today in receipt of a letter from the Reverend George Dorey, D.D., Associate Secretary of the Home Mission Board of the United Church, informing me that he has not succeeded in securing the services of the Reverend J. R. Hayward for the position of missionary teacher at the Rama School.

In view of this fact, I have been wondering if you would be prepared to take over the junior room at Rama. Salary would be allowed you at the rate of \$85.00 a teaching month, plus cost-of-living bonus. I may add that while we have not yet secured a teacher for the senior room at this school, an attempt will be made to fill that vacancy at the earliest possible date.

Yours sincerely,

R. A. Hoey,
Supt. of Welfare & Training.

I have your letter of the 19th instant,
enclosing application of Miss Alice Franklin
and Miss Dolores Flavelle for appointment as
teacher at the Rama Indian Day School.

Previous to the receipt of this letter
we had offered the position of teacher of the
junior room to Miss Anna MacDougall of Kincardine,
Ontario. She has accepted the position and will
reach the reserve in time to re-open the junior
room on November 1. I feel that it is very
desirable to have the senior room opened at the
same time, if at all possible, and consequently
I suggest that you engage either Miss Franklin
or Miss Flavelle as a second teacher. If either
one of them accepts then Miss MacDougall and the
other teacher can mutually agree which one of them
will be in charge of the school. Salary will be
allowed at the rate of \$35.00 a teaching month,
plus bonus. I trust that you will find it possible
to give this matter your immediate attention and
that you will be successful in obtaining one of
the two ladies mentioned as the second teacher.
I enclose the necessary forms which you should
have both teachers complete and return as soon as
they begin duties.

Dear Mr. Hoey:

Re - Rama (Your File 24-1-1)

You will remember that we had correspondence about this towards the end of 1943. It looks now as if we would be in a position to make a nomination of a man, fully qualified professionally for the Province of Ontario, who could act both as missionary and teacher in that School. Before taking any further steps, I should be glad to know if there is likely to be a vacancy.

Yours sincerely,

Ottawa,
March 8, 1944.

Dear Doctor Dorey:

I have your letter of the 6th instant, with reference to a male teacher who you consider might be suitable for the Rama School.

You know the difficulty that we had in obtaining teachers for this school, but eventually we were successful and reports received so far indicate that both the ladies who were employed are doing satisfactory work. As yet they have not given any intimation of their intention of giving up duties at the end of the current academic year and at the present time I hesitate to decide to make any change.

Would it not be possible to defer a decision on this matter for a month or two? Possibly by that time we would be glad to accept your offer.

You are probably aware that teachers' living quarters are attached to the school. If a man were appointed teacher and intended to use part of the living quarters it would necessitate the second teacher rooming elsewhere. Possibly you have a mission house which could be used by the male teacher, in the event of such an appointment being made.

Yours truly,

Rev. Geo. Dorey, D.D.,

I have to report that the discipline in the Rama Indian Day School has deteriorated to a point that some change will have to be made.

Both teachers made a good start last fall. For some weeks it has been apparent that all was not well in the senior room and I have given Miss Franklin my utmost support in an effort to rectify the situation. When the pupils started walking out of the room, I had the R.C.M.P. round them up and try and impress them. The police report to me that these big girls were so bold that they would even talk back to them. I have kept in close touch with the situation and on the evening of April 4th, Miss MacDougall phoned me asking me to come down before nine in the morning. In going into the matter with both teachers together I was informed that the situation in so far as the senior room was concerned, was completely out of hand, that the children would do nothing that they were told, were impudent, would go out of school or stay out as it suited them and the previous day, when the outside door was locked at recess, had smashed a panel out of the door.

Miss MacDougall stated that Miss Franklin had done her best, that the children had rebelled against all authority and that they were not going to do anything that they were not actually compelled to do and so far as she was concerned, she was not going to lower herself to the point of fighting with them nor had she the physical strength to do so, pointing out that these girls were stronger than either of them. She stated that she had liked the work but under the circumstances that had arisen, she would not be back after Easter. We discussed various possibilities at considerable length as to what

could be done. I instructed the teachers to call school and if the situation got out of hand in the senior room to dismiss school at noon for the holidays. I had a talk with the senior room and tried to put some shame into them.

There is no trouble in the junior room, other than a reflection of the senior pupils' misconduct and Miss MacDougal, in my opinion is doing a good job. I encouraged her to continue and assured her that the present situation could not continue and would not be permitted to continue and some change would be made for after the holidays. Miss MacDougal agreed to continue with this understanding.

Miss Franklin realizes that things can not continue without a change and thinks that if the following pupils were removed that possibly she could continue; Harvey Pavis, born Mar. 28, 1929; Joyce Martell, born Dec. 4 1930; Shirley York, born June 27, 1930 and Geraldine Snache born July 6, 1931. I think it most unlikely that she could do so. I think that there is little to choose between these named and several others and that once control is lost it can seldom be regained. It will be noted that none of these girls are as yet fourteen and one is not thirteen. If these children are allowed to stay out of school, it will be only what they want to do and will, as well, ~~have~~ have a bad effect. If they are sent to a residential school, I imagine, compulsion would be required. These are big husky girls, as big or bigger than the teacher.

Since Miss Swerferger's time we have only had one teacher, Mrs. Mary MacKinnon, who could handle this room and I think it would be indeed a very exceptional woman who could now handle the job. It requires a man.

I trust that I shall be advised in the matter before the end of the holidays otherwise I purpose not opening the senior room until some solution is worked out.

Ottawa,
April 14, 1944.

Memorandum:

MR. HOEY

As requested by telephone on April 10, I instructed Agent Featherston to come to Toronto on April 11. At that time Mr. Doucet and myself discussed very fully with him the situation that has arisen at the Rama School, due to the fact that Miss Franklin is apparently unable to control the pupils. It was quite evident from the report given to us by Mr. Featherston that it would be a waste of time for all parties concerned to allow Miss Franklin to return to this school. Two alternatives were suggested:

1. Close the senior room for the balance of the current academic year. This would result in four or five pupils who are taking their entrance work losing their year and Agent Featherston was instructed to speak to Miss McDougal about the matter with a view to ascertaining if she would be prepared to teach these entrance pupils at least in addition to her regular class.
2. Transfer Miss Daly from the Caughnawaga U.C. School to the Rama School until the end of June. At the present time the attendance at the Caughnawaga School has decreased considerably and Mr. Doucet feels that one teacher could handle the school for the balance of the current academic year. On file 5-5-1 there is a letter dated April 14 to Miss Daly requesting her to proceed to Rama.

Mr. H.J. Featherston, Indian Agent, Longford
Mills, Ont.

As agreed with Mr. Phelan when you met him in Toronto on April 11, the Department wishes you to inform Miss Franklin that her services are no longer required at the Rama School. Our reason for taking this action is that she is apparently unable to maintain discipline in the school. She will be allowed salary for the month of April. A cheque for this month will be forwarded on April 30.

We are communicating with Miss Daly, a qualified teacher at present in charge of the Caughnawaga United Church School, with a view to obtaining her services for the Rama School for the balance of the current academic year. If we are successful in this regard, Miss Daly will proceed to Rama at an early date. We will notify you as soon as we have definite information.

Dear Mr. Haey.

Your letter of April 14 reached me on Saturday night and I am replying at the earliest opportunity. I am preparing to leave for Rama Tues. night, April 18. I expect to arrive in Orillia about 12 o'clock noon on Wednesday. How does one get to Rama from there? Will there be anyone to meet me, or what shall I do about getting to the Reserve? I am sorry I can't leave any sooner, but, as you will understand, there were many arrangements to complete before I could leave my present place of employment.

I have been having the Treasury Dept. send my cheques directly to my bank in Montreal. I think, if it could be so arranged, I would like them to continue to do so. Would it be possible for you to make

this arrangement for me or shall
I write to the Treasury Dept. myself?

I thank you for the increase in
salary which will help to defray my
extra expenses.

I hope to be able to do some good
at the new school, though in the few
weeks left it will be difficult to pull
the children up in their work if they
have neglected it all year. However I
shall do my best to remedy the situation.

yours truly,
Viola M. Daly.

REPRESENTATIVE OF THE TREASURY

**Re: Rama Indian Day School, No. 421, and
Caughnawaga U.C. Indian Day School, No. 304.**

Miss Viola M. Daly remained at the Caughnawaga United Church School until April 5. She was then transferred to the Rama Indian Day School at a salary of \$100 a teaching month. For the month of April she should be paid as follows: April 1 to April 5 inclusive at a salary of \$95 a month and April 6 to April 30 inclusive at a salary of \$100 a month.

At the present time her cheques are forwarded to her bank in Montreal and this arrangement should continue, as she will only be at the Rama School for the balance of the current academic year and will return to the Caughnawaga School for the academic year 1944-45.

I enclose copy of letter approving this transfer.

Sir:

In reply to your letter of the 6th instant, I have to say that the cheque for the June quarter salary of Mrs. Ida Corman was mailed from here on the 15th ultimo, addressed to her at R. R. No. 2, Atherley, Ont. The cheque for her bonus was mailed to the same address on the 14th ultimo. As neither of these has been returned to the Department, it is presumed that they have been held by the postal authorities at Atherley and you should communicate with them.

Ottawa, September 18, 1924.

Sir,-

I have to acknowledge the receipt of your letter of the 15th instant, in further reference to the June quarter salary cheque of Mrs. Ida Corman, teacher of the Rama Indian Day School.

The Department regrets that this cheque apparently has gone astray but this is due to some mistake in the mail, as our records show that the cheque left the Department on July 15th, last, addressed to Mrs. Ida Corman, R. R. No. 2, Atherley, Ont. The bonus cheque was mailed to the same address on July 14th, and, as she has received the latter, it is difficult to understand why she did not receive her salary cheque. Have you made full enquiries from the postal authorities in Atherley? The cheque has not yet been cashed, as we telephoned the Finance Department this morning and ascertained that it was still outstanding.

The Department is today communicating with the postoffice officials and requesting them to make immediate enquiry. You will be further advised when their report is received.

If Mrs. Corman requires any money, please advise the Department and an advance will be sent her.

Your obedient servant,

Russell T. Ferrier,
Supt. of Indian Education.

ENCLOSURE.

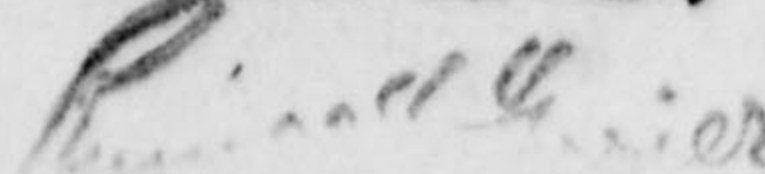

Sir,-

I have to acknowledge the receipt of your letter of the 24th instant, in which you advise that Mrs. Ida Corman's cheque for \$180.00, covering her salary for the quarter ending June 30th, last, has not yet been received. The Department regrets very much the inconvenience caused Mrs. Corman but, as you were informed by official letter of the 18th ultimo, it is not owing to any fault of ours.

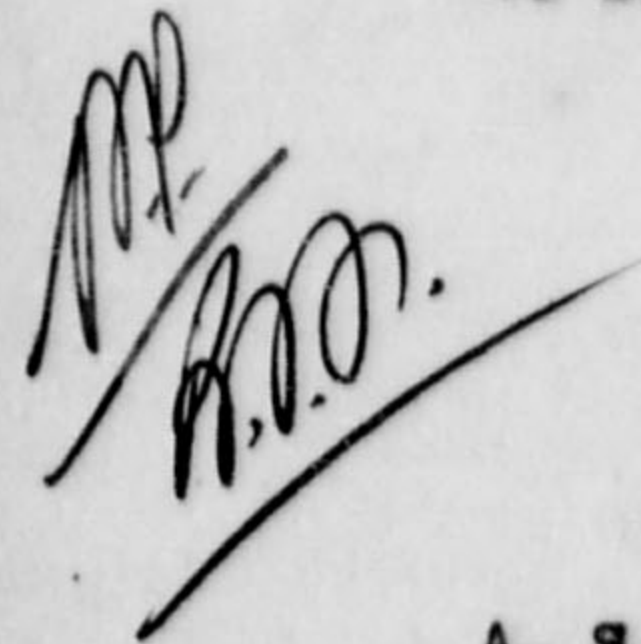

In order that a duplicate cheque may be issued, it is necessary for the Department to receive a Bond of Indemnity. I enclose the necessary form for this purpose which should be filled out by Mrs. Corman and two sureties. It should be signed by the three parties just mentioned, also, a witness to their signatures and should be further signed, in the spaces provided for that purpose, by a Commissioner; Justice of the Peace; Notary Public or yourself.

For your guidance in preparing this Indemnity Bond, I enclose an extra form showing the information that should be furnished. As soon as this form is properly made out and returned to the Department, a duplicate cheque will be issued.

IN YOUR REPLY REFER TO

ADDRESS REPLY TO THE
SECRETARY, DEPT. OF INDIAN AFFAIRS,

Original on No. 24-1-1.

ALSO TO THE DATE OF THIS LETTER.

PLEASE WRITE ON ONLY ONE SUBJECT
IN EACH LETTER.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, June 17, 1926.

Sir:

I have to inform you that Mrs. Jean Stickle has been appointed senior teacher at the Rama Indian Day School. A salary of \$100 per teaching month will be allowed in her case. Mrs. Stickle has excellent qualifications and references. She holds an Ontario First Class Professional Certificate, a High School Assistant's Certificate and Commercial Specialist's standing. Her husband is dead and her only son is established elsewhere. Please give her any help you can in looking over the situation and commencing her work.

When you have had an opportunity of enquiring into the character and qualifications of Miss Florence Lee, I should be glad to have your recommendation, as I am desirous of filling the junior position in the immediate future.

Your obedient servant,

Russell T. Ferrier

Ottawa, April 12th, 1927.

Sir:

I have your letter of the 6th instant, nominating the services of Miss Edith Willox for the position as junior teacher of the Rama Indian Day School, and stating the qualifications which she possesses.

In reply I beg to say that the Department will approve of the appointment of Miss Willox, to begin duties when the school reopens after the coming Easter holidays, on or about the 25th instant. The salary allowed her will be at the rate of \$75 per teaching month. Please inform her of her appointment and arrange with her to take up duties on the date mentioned. You should give her every assistance you can in her work. Please inform the Department later as to whether she accepts the position and state the date on which she begins duties.

Ottawa, November 21st, 1927.

Sir:

I have your letter of the 16th instant, reporting an accident to Miss Edith Willox, assistant teacher at the Rama Indian Day School, and the appointment by you of a substitute teacher.

In reply I beg to say that the accident which Miss Willox sustained is regretted. The Department will continue her salary during the period she is absent from duty, provided a certificate is forwarded from her doctor covering the period of such absence.

Your action in obtaining the services of Miss Snell to teach during the absence of Miss Willox is approved. The Department will allow her salary at the rate of \$3 per teaching day. It is to be understood that Miss Willox will return and resume duties at the earliest possible date.

When returns are prepared showing the attendance, days taught, etc., for the current quarter, it should be clearly stated thereon the period Miss Willox was absent and the number of days taught by Miss Snell, in order that payment of the salary due can be made.

Ottawa, February 3rd, 1928.

Sir:

I have your letter of the 30th ultimo, informing the Department of the illness of Mrs. Jean Stickle, senior teacher of the Rama Indian Day School, and stating the arrangements you have made to carry on the classroom work during her illness.

In reply I beg to say that the Department approves of the transfer of Miss Willox, the junior teacher, to take charge of Mrs. Stickle's room and the arranging with Miss Winnifred Snell to take the junior class. It is hoped that Mrs. Stickle will soon be able to resume duties. When the return of attendance, etc., is being prepared for the current quarter, it should be clearly stated thereon the number of days Mrs. Stickle was absent on account of illness and also the number of days taught by the substitute teacher, Miss Snell. We will allow Mrs. Stickle leave with pay on account of illness for a period of one month only, and if she is absent from duties over that period it will not be possible to allow her salary.

Sir:

I have your letter of the 11th instant, recommending an increase in the salary of Miss Edith Willox, junior teacher of the Rama Indian Day School.

In view of your recommendation, the Department will approve of an increase of \$10 per teaching month in the salary of Miss Willox, such increase to date from the 1st of September, next. This will make her salary from that date at the rate of \$85 per teaching month. Please advise her accordingly.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

Sir

reference to 24-1-1

In further reference to your letter of Oct 1 + Aug 22. I secured the services of Mrs. Edith Jackson as a substitute for senior classes of Rama Indian Day School. and she taught from Sept 4 to 24. less 3 days of Rama Fair. making 12 teaching days that she taught at \$3.00 per day, on the evening of 24th inst she notified Miss Wilcox that she would not be back giving no reason whatever. Miss Wilcox immediately notified me and late that night I secured the services of Miss Ruby McKinnon who reported for duty on the 25th inst. I will advise you the length of time she has acted as a substitute when a permanent teacher is secured.

Sept 26/28

Sir,-

I beg to acknowledge the receipt of your letter of the 2nd instant enclosing the September quarter return of the Rama Indian Day School. It is noted that Mrs. Jackson taught for 12 days and that Miss McKinnon taught from September 25th to 29th, or 4 days during the month of September. The Department, therefore, is issuing a cheque for \$36.00 in favour of the former and for \$12.00 in favour of the latter.

Your obedient servant,

Russell T. Ferrier

(Original on No. 24-1-1.)

Ottawa, October 5th, 1928.

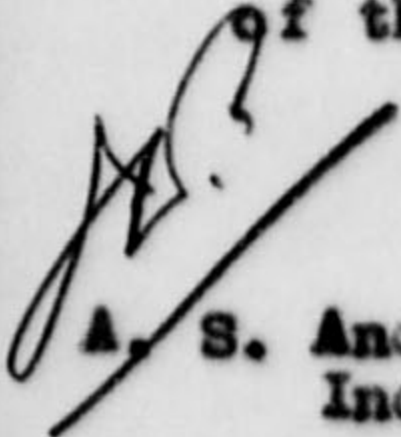

Sir:

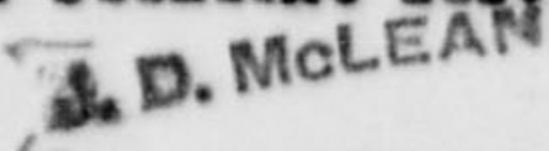

I have your letter of the 3rd instant, relative to the appointment of a teacher for the Rama Indian Day School to succeed Mrs. Jean Stickle, the senior teacher, who has resigned.

In reply I beg to say that the department will approve of your recommendation that Miss Edith Willox, the junior teacher, be placed in charge of the senior room, to succeed Mrs. Stickle. She will be allowed salary at the same rate as she is at present receiving, viz. \$85 per teaching month. Consideration will be given later to an increase in this amount when the Department is assured of the success with which she meets in the work as senior teacher.

With reference to the appointment of a junior teacher, it is considered that it would not be necessary to advertise and that you should consult the public school inspector with a view to having him recommend a fully qualified teacher. We would allow salary at the rate of \$80 per teaching month to a junior teacher having at least a second class certificate. Please consult the public school inspector at once with a view to the securing of a suitable teacher for the junior room. The name, qualifications and experience of the teacher recommended by the inspector should be forwarded for the approval of the Department. It is hoped that you will be able to obtain the services of a junior teacher at an early date. In the meantime, the arrangements you have made to carry on the work at this school by the appointment of a temporary teacher is approved.

You should inform Miss Willox that she is to take charge of the senior room.

A. S. Anderson, Esq.,
Indian Agent,
Longford Mills,
Ont.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

Ottawa, October 23, 1928.

Sir:

I have your letter of the 18th instant, relative to the appointment of a junior teacher for the Rama Indian Day School and enclosing an application from Miss Ruby McKinnon for the position, together with a communication from Mr. T. R. Ferguson, Public School Inspector, in which he considers that her appointment would be satisfactory.

In reply I beg to say that the Department will approve of the appointment of Miss McKinnon as junior teacher, with salary at the rate of \$80 per teaching month. Her retention in the position will depend entirely upon the success with which she meets in her work. As you were advised in official letter of the 5th instant, Miss Edith Willox is to be placed in charge of the senior room. It is hoped that, with the appointment of Miss McKinnon, the work at this school will progress favourably.

Your obedient servant,

J. D. McLEAN

Ottawa, June 13, 1930.

Sir:

I have your letter of the 10th instant, relative to the absence from duty of the teachers of the Rama Indian Day School, and informing the Department that both teachers have intimated to you their intention of giving up duties at the end of the present school year. The Department will accept the resignation of both Miss Willox, senior teacher, and Miss McKinnon, junior teacher, from the 30th instant, and you will be good enough to advise them accordingly.

The Department has several applications on file for this school, and will endeavour in due time to obtain the services of suitable teachers. It will not be necessary for you to take any action in this respect, but should you receive, without solicitation, any applications, you should promptly forward same for the consideration of the Department.

Please see that the present teachers prepare the usual returns when the school closes showing the attendance, days taught, etc., during the current quarter, which you should forward to the Department, in order that the salary due them can be paid. Please inform them at once of the Department's decision to accept their resignation.

Ottawa, August 8th, 1930.

Sir,-

I have your letter of the 4th instant, with reference to the Rama Indian Day School. Miss Gladys Swerdfeger, R. R. No. 3, Chesterville, who will get in touch with you before proceeding to her work, is appointed senior teacher in charge of the school. Her salary will be at the rate of \$100 per teaching month. Miss Swerdfeger has a first class Ontario certificate. Miss Mary Smith, R. R. No. 1, Atherley, is appointed teacher of the junior room at a salary of \$85 per teaching month. Please inform her. I have given her address to Miss Swerdfeger, who will write to her before going to the school.

You will please give these teachers every possible assistance as they take up their new duties. The Department is writing to Mr. Gibson, informing him that other arrangements are being made for this school.

Your obedient servant,

A. F. MacKenzie.

In making payment for September quarter a mistake was made in deducting 10% from the amount due for that quarter and the above balance, viz., \$1.00, is therefore due.

I HEREBY CERTIFY THAT THIS VOUCHER IS CORRECT.

A handwritten signature in black ink, appearing to be "M". It is located at the bottom right of the page, below the typed name "M." and above the date "1968".

Ottawa, August 6, 1936.

Dear Sir:

With reference to your letter of the 9th ultimo, you may inform Miss Mary Smith that her resignation as teacher of the junior room at the Rama Indian Day School is accepted.

To succeed Miss Smith, the Department approves the appointment of Miss Ruby McNeice. She will be allowed salary at the same rate as the former teacher, viz.: \$85.00 per teaching month.

Received SP
I enclose Staff Questionnaire, which you should have Miss McNeice sign and return to the Department as soon as possible. You should arrange to have Miss McNeice begin duties on September first.

The teachers whose applications you forwarded in your letters of the 13th, 14th and 16th ultimo should be informed that this vacancy has been filled.

Yours truly,

Encl.

T. R. L. MacInnes,
Acting Secretary.

Dear Sir:-

Miss Swerdfager visited the Department yesterday and it was decided to allow her to leave Ottawa on Sunday, January 2nd. This means that she will not reach the Rama School until some time on Monday and therefore the school will not re-open until Tuesday morning, January 4/38.

You should so inform the other teacher and the Indian children.

Yours truly,

Philip Phelan,
Chief, Training Division.

Sir,-

It has been reported to the Department that the grounds about the Indian School at the Rama Mission which the Missionary had improved were recently much injured by cattle.

You will be good enough to have locks put upon the gates and furnish the teacher and the caretaker with keys.

Your obedient servant,

[Handwritten signature]

Atherley, Aug. 4, 1902.

Sir;-

I have the honor to acknowledge receipt of your letter No. 15-2 199 dated 30th ultimo and in reply would say, there is 85 ft. of Blackboard, in the school at Rama, by 3 ft. 5 in. high. If a slate Blackboard is put in, it will require at least 22 ft. 7 1/2 in. x 3 ft. 5 in. This is the dimensions of the board in the back of the school room. I have examined the old boards, and find them in perfect condition only the hard surface or finish is all worn off. I believe they could be made as good as ever by dressing and painting them, and besides they are all nicely placed in the wall.

Kindly advise me in this connection.

I have the honor to be
Sir

Your obedient servant

Atherley, Oct. 21, 1902.

Sir; - I have the honor to acknowledge receipt of Departmental letter No. 152 199/5 dated the 4th inst., and in this connection, I beg to refer you to Departmental letters, Nos. 231350 and 231350 dated 5th and 12th of March 1901, for authority to purchase wire for fencing along highways. The Department has been paying accounts for wire furnished to this Band since 1897, and, as a result the outside fences on the Reserve are in good condition, and during the winter the roads through the Reserve are free of snow drifts; and large portions of the reserve that had been a commons prior to 1897 has been fenced, and is now used for pasture and other purposes. The hooks and nails were used to repair the wood-shed and closets at the school, and the brooms are used in the school.

In the matter of Resolution No. 1, the wood delivered for school purposes by Mr. McKinnon is a good article, and the price reasonable. Regarding Resolution No. 11, the pump at the school is entirely worn out and for some time they have been opening and leaving open, at times, the covering of the well to draw water, thus making it very unsafe hence the requisition for a new pump.

+ +
In the matter of resolution No
4 I would say the fences at
the school in Kenna are very
much out of repair. So much so
that it is impossible to keep
them properly closed, and
the result is that cattle and
horses go into the school grounds
and make it very unpleasant,
besides breaking the walls
and the shade trees.

EXC.

I have the honour to enclose herewith minutes of Rama Council*****.

*** In the matter of Mr. J. R. Eaton's Acct., see letter No. 152,199-5 dated 5th of Sept. for authority for construction at entrance to school premises. In putting in the guards at the entrance considerable of the old walk had to be torn up, and new put in, and while at this work we had all the walk about the school repaired, which had a great many pieces broken out. The outside where the lock went on it was all worn and the tenents were off the back of both the butts, the inside doors were warped and the panels split with usage and heat, we therefore had new doors put on, and the windows overhauled. We also had the water closets repaired trimming up the doors so they would shut and lock and the wood-house door was repaired and some repairs done to the fences. The premises is now in a nice comfortable condition for the winter months.

Resolution No. 2. The windows in the school are very low so much so that the boys when playing have frequently fallen against them and broken them. About a month ago some scamps pried one window open and climbed into the school, remaining there all night. I was unable to ascertain who the parties were, and to prevent a recurrence of the act we put bars on the windows.

Sir -

I have the honor to advise that on looking over the Hall and School premises at Rama this week, and I thought the chimneys should be cleaned before putting fire in the stoves, I observed there was no ladder to get to the roof. For the protection and safety of the building there should be a way of getting on the roof. A steel ladder would cost about 25¢ per foot. Kindly advise me in this connection.

Ottawa, June 16, 1910.

Sir,

I beg to enclose herewith a blue print of a cupboard which the Department would like to have made for the Rama school, but before ordering you should find out how much it would cost to make and deliver. You might obtain prices from some good carpenter in the neighborhood and submit it to the Department.

There are also other repairs needed to this school. The teacher complains of a draft around the base board. This and other necessary repairs should be attended to during the holidays, but before authorizing the work the Department would like to know the probable cost.

Memo. School

Rama School, & building.

During recent visit the teacher asked me to bring to the attention of the Department the following matters.

More seating accommodation is required, and by re-arranging the the present seating and narrowing the passages at each side 12 additional double seats can be put in.

I was informed that these can be purchased from the Atholby Public School for about \$2⁰⁰ each.

A jacket for the stove and the raising of the Stove pipe is also requisite. About 2 dozen additional clothes hooks are wanted.

A small library would also be of much service and would be well looked after by the present teacher.

Encl.

EX-10

Ottawa, December 1, 1910.

Sir,

It has been represented to the Department that additional seating accommodation is needed at the Rama school and Mr. J. K. McLean, D.L.S., who recently visited the reserve, states that desks can be purchased from the Atherley Public School Board for about \$2.00 each. I have to ask you to be good enough to examine these desks and if you consider that they are good value and suitable you may purchase twelve and have them placed in position in the school during the Christmas holidays. At the same time you should make arrangements to have the stove jacketed and the stove pipes raised. You may also purchase two dozen clothes hooks for this school.

COP

EXH

Ottawa, 22nd December, 1910.

Sir,-

I beg to acknowledge receipt of the statement of accounts submitted by you in favor of James Nanigishking, John S. Shilling and Alder York; and in reply I have to inform you that the accounts have not been made out on the proper forms. I enclose herewith a supply of the proper forms and I have to point out that all accounts should be rendered thereon in detail and in duplicate and be certified by you. For your further information in this connection I enclose herewith copy of circular letter of the 11th October 1910 in regard to the manner of rendering accounts.

You may make out an account for \$9.00 in favor of James Nanigishking. You should certify it as correct and then forward it to the Department for payment.

Before you send in accounts for \$30.00 each in favor of Shilling and York, you should report in each case as to the authority under which the expenditure was incurred and when you submit the accounts you should show therein the details of the work done.

I may add that in every case where it is necessary to incur expenditure, you should write the Department for authority before having the work done or before making any purchases, and when you send in the accounts the letter granting the authority should be quoted on the face of the voucher.

Your obedient servant,

Murdoch McKenzie, Esq.,

Ottawa, February 10, 1911.

Sir,

I have to acknowledge the receipt of your letter of the 17th ultimo, and in reply I beg to say that you may have the pillars which were put in the school-house on the Rama reserve painted.

In reference to the ~~fuel~~ the Department considers that owing to the scarcity of wood it would be preferable to use coal as ~~fuel~~ after this season. You will be good enough, therefore, to bring up the matter of the purchase of a suitable coal stove early next autumn and request authority to buy coal, at the same time quoting a price delivered at the school.

Sir,

I beg to inform you that Mr. Public School Inspector Hutchison in his report on the Rama Indian School states that the school-room is used as a council hall and consequently it is hard to keep clean. It should not be occupied for this purpose as there is a council chamber over the school-room and you will be good enough to inform the Indians that they should in future use the upper room for this purpose.

The Inspector also states that the walk leading to the school is in need of repairs and that there is no proper means of ventilating the school-room. You will be good enough to obtain an estimate of the cost of relaying the walk and providing some system of ventilating the room.

Your obedient servant,

Asst. Deputy and Secretary.

Sir,-

EXD. 409409

I beg to enclose herein the costs on repairs for burning shed woodshed school fence & closets. The amount has run over my estimate of costs as every thing was in such bad state repairs. The Teacher of school asked for a separate dept in closets which I granted and it was compulsory to change the closets from its present position and move the same to another place which run up the costs. the Price of material was also higher.

Ottawa, Nov. 19th, 1912.

Sir;-

In view of the fact that a new school building is likely to be erected at the Rama reserve, I would beg to make a suggestion for the guidance of our architect when drawing up the plans of the new building.

It would be a decided advantage if provision were made for rooms for the teachers who are to have charge of the school. For this purpose I would suggest that two bedrooms, a living room and a lean-to kitchen be provided for the use of the teachers. Miss McBain, who has the school at present has a walk of at least two miles twice a day in order to get to her school and home again. There is no possible place on the reserve where she could obtain suitable lodgings. It is possible that her family may even move to Orillia in the near future, which would make it necessary for her to live at Atherly which is about four miles from the reserve. This would necessitate her using the train twice a day, and trains are not always on time.

I might say that this suggestion is my own and not occasioned by any complaint of Miss McBain's. Miss McBain seems to be a very capable teacher and one who takes a personal interest in her work among the Indian children at Rama. She deserves some encouragement in her work, which is rather discouraging under the present circumstances. I trust that my suggestion will be given consideration, believing that it is to the interest of the department's work.

I have the honor to be

Your obedient servant

Asst. Deputy and Secretary,
Dept. of Indian Affairs
Ottawa.

C. C. Parker
Inspector

Indian Affairs. (RL 10, Volume 6155, File 421-5, part 1)

Mr. Parker's suggestion is that we have a white teacher for this school in the new building which it is proposed to erect next spring I beg to say that I am well acquainted with the locality and heartily endorse Mr. Parker's suggestion. The nearest place where a white teacher could obtain suitable board is Atherley, which is about four miles from the school site. It will not be possible to secure teachers if there is this distance to walk. Miss McBain is able to live at her home, which is about two miles from the school, but to reach there she has to travel over a very bad piece of road. Should her family move to Orillia, as it is their intention to do, she would be forced to live in Atherley. I would recommend that this matter be dealt with when the plans are being prepared for the new school.

Estract from report of R. H. Walks, ~~Public School~~
Inspector, on the Rama Indian School, dated October 1st,
1912. Original on 152199/6.

I hope you will decide to erect a new school. Let me suggest that you follow the suggestions offered in "Plans for Rural School Buildings", a book issued by the Ontario Department of Education. There should be two class-rooms, cap rooms, teacher's room, basement for furnace, etc., proper heating, ventilation and lighting. In the class rooms the windows should be massed on one side ~~of the~~ admitting the light at the pupils' left, and the lower edges of the windows should be 4' to 4½' from the floor. This arrangement of windows permits the placing of blackboards at the front and ~~the~~ two other walls of the room. Much blackboard is needed for the junior pupils. The board should be placed low enough to be used by the smaller pupils. Single desks are best for cleanliness and discipline.

MEMORANDUM:-

Mr. Ogilvie.

An item has been placed in the Estimates for 1913-14 for the erection of a two roomed school-house on the Rama Reserve. It has also been suggested and approved that living accommodation should be provided for a teacher. I think preparation of plans might be undertaken. You will find below a memorandum from the Public School Inspector in reference to the equipment, which it might be well to bear in mind. There are 62 children of school age on the reserve according to the last census and each class-room should provide accommodation for about 30 pupils.

July 29th 1913

Sir,

420459

I beg to report as follows to above number and date. It appears that the mills around here are sold out entirely, waiting for new stock to be cut. I enclose herein quotation from a lumber & brick party. The Oulica bricks are a very poor quality. The Lindsay brick are first-class. The freight from Lindsay to Longford mills on brick is 2²⁵ per m. and about \$1.25 to \$1.50 per m. to lay down from car at Longford to where needed.

The price of good flooring maple or birch \$38⁰⁰ per m.

The difference in veneer & frame would be about 25 per cent less than solid brick.

We have a local quarry about 3 miles from where school house is to be built.

Mr. Hopkins would lay down the stones for 50¢ a yard 1 x 3 x 9 - 27 ft. These would be good flat Lake shore stones. If he could start at once with the job, which would be all right and finish with quarry stones for the job.

TENDERS.

Sealed tenders addressed to the undersigned and marked on the envelope "Tender for school building, Rama Reserve", will be received up to noon of May 20, 1913, for the erection of a two roomed school-house and teacher's residence combined on the Rama Reserve, Ontario County.

Plans and specifications may be seen at the office of J. T. Sing, C.E., Confederation Life Building, Toronto, and at the Post Offices at Uxbridge, Cannington, Beaverton, Orillia and Barrie, and at the office of the Indian Agent at Atherley.

Each tender must be accompanied by an accepted cheque on a chartered bank for ten per cent of the amount of the tender, made payable to the order of the undersigned, which will be forfeited if the person or persons tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted, the cheque will be returned.

The lowest or any tender not necessarily accepted.

The unauthorized insertion of this advertisement in any newspaper will not be paid for.

TENDERS.

SEALED TENDERS addressed to the undersigned and marked on the envelope "Tender for School Building, Rama Reserve," will be received up to noon of May 13, 1913, for the erection of a two-roomed school-house and teacher's residence combined on the Rama Reserve, Ontario County.

Plans and specifications may be seen at the office of J. T. Sing, C.E., Confederation Life Building, Toronto, at the Post-offices at Uxbridge, Cannington, Beaverton, Orillia and Barrie, and at the office of the Indian Agent at Atherley.

Each tender must be accompanied by an accepted cheque on a chartered bank for ten per cent. (10 p.c.) of the amount of the tender, made payable to the order of the undersigned, which will be forfeited if the person or persons tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted, the cheque will be returned.

The lowest or any tender not necessarily accepted.

The unauthorized insertion of this advertisement in any newspaper will not be paid for.

different types were developed in the culture medium in a short time.

Experimental Evidence.—That the above conditions could not have existed, had proper wall paints been used, seemed doubtless, and suggested a carefully conducted experiment to prove the relative sanitary values of wall paper and wall paints. A large sheet of fibre board, such as is occasionally used to replace plastered walls, was painted on one side with a high-grade wall paint, three-coat work. A similar sheet was papered on one side with a clean, new wall paper. These test panels were placed where unsanitary conditions, such as dampness, foul odors, and a scarcity of air were present. After a short period of exposures the panels were taken to the bacteriological laboratory, and a small section of the painted surface, about two inches square, as well as a small section of the papered surface of similar size, were removed and used for making cultures. In each case the surface of the section under test was washed with 100 c.c. of distilled, sterilized water. The washings, which dripped from the surface, were collected in a graduated flask. One c.c. of the washings was used in each case, admixed with bouillon and again with agar agar. The enormous development of bacteria in the bouillon, treated with the washings from the wall papered surface, was sufficient evidence to convince one of the greater sanitary value of the wall paint, the washings from which gave a culture practically free from bacteria. The colonies of bacteria shown in the petridish made of the washings from wall paper further supports these findings. It will be noticed that the tests made from the washings of the wall paint show a practical absence of bacteria, and were clear, as was the bouillon-solution test of paint. The washings from the wall paper showed active development of bacteria both in the bouillon and agar tests.

From the Conservation Standpoint.—It would be of interest to sum up in figures the acreage and cordage of wood that annually is transformed into pulp for the manufacture of wall paper. Unfortunately there are no available statistics on this subject. It is clear, however, that from the standpoint of conservation the use of wall paints should take precedence over the use of wall paper.

Maple Leaf Flat Wall Colors

are oil paints which can be thinned with turpentine. They are compounded of non-poisonous pigments in thorough binding, water-proof vehicles. The popular flat finishes which they produce constitute their artistic value for decoration. Their wide range of shades facilitate their use in any desired scheme of decoration. They are impervious to dust or moisture, rendering them of the utmost sanitary value. They are economic too, in the decorative upkeep of homes, hotels, schools and public buildings. They do away with the vexatious problem of repeated decoration. Once on, always on, you do not have to remove them to renew them and they do not interfere with future decoration of a different kind.

But because they can be washed and cleansed with soap and water they render incalculable service in the promotion of the healthy conditions sought by everyone in the home; and urged in public buildings by medical associations and boards of health. Like all other Maple Leaf lines they make good because they are made good.

WRITE FOR OUR BOOK

"The Wall Beautiful and Hygienic" describing the many artistic and sanitary uses to which Maple Leaf Flat Wall Colors may be put in interior wall and ceiling decoration.

Our Maple Leaf Decorative Aid Department will help in selecting proper decorative color schemes and offer all necessary suggestions.

Modern Reasons for the use of Paints in Interior Decoration

Presenting a forceful argument for the discarding of hitherto unsanitary means of decoration, and adopting paint as being the most hygienic decorative treatment for the promotion of healthful surroundings in the home and in public buildings.

Paints for Interior of Dwellings and Buildings

Extract from article read before the forty-fifth annual convention of the American Institute of Architects, held at Washington, December, 1911. Presented by Henry A. Gardner, Assistant Director of the Institute of Industrial Research.

The proper decoration of the interior of dwellings and public buildings has become of even greater importance than the protection and decoration of exteriors. There is, moreover, an increased demand for harmonious effects and the production of more sanitary conditions than have prevailed in the past. Up until a few years ago, a great variety of wall papers of more or less pleasing appearance were almost exclusively used for the decoration of walls in the interior of buildings, and their application was commonly considered the most effective means of wall decoration. There seems to be no question, however, that the use of wall paper is steadily decreasing, and that the art of interior decoration is undergoing a transition to the almost universal use of paint.

Modern process demands the maintenance of sanitary conditions for the benefit of the public welfare, and there is no doubt that from the standpoint of sanitation and hygiene, properly painted wall surfaces are far superior to papered walls. There is an abundance of evidence which shows that dust germs may easily be harbored, and thus disease transmitted from wall paper. In the tenement houses which are common to larger cities, and to a lesser extent in the dwellings found in the smaller communities, where ten-

ants are more or less transient, the continued maintenance of sanitary conditions presents a difficult problem. Infectious and epidemic illnesses generally leave behind bacilli of different types, which may find a culture medium in the fibrous and porous surfaces presented by wall paper, backed up as they invariably must be by starch, casein and other organic pastes. Occasionally the restriction of local boards of health provide in such events for proper fumigation, but too often no precautions are taken to destroy the disease germs which are caught in the dust which collects on wall paper. As a rule, both tenant and landlord are oblivious to all conditions which cannot be readily seen or detected. Burning sulphur, one of the most effective means of fumigation, will generally cause bleaching and consequent fading of the delicate colors used in printing the designs upon wall paper. Washing of the paper with antiseptic solutions will destroy its adhesiveness to the plaster and often cause bulging and general destruction.

Hospital Practice.—In hospitals, where it is necessary to maintain sanitary conditions, the walls are invariably painted, and requirements should demand the use of paints which can be washed frequently, so that there will be no possibility of uncleanness. Inquiry made of a prominent surgeon* connected with one of the large metropolitan hospitals substantiated the writer's findings regarding the greater sanitary value of wall paints, and brought forth the information that in hospitals under construction provision had been made for the finishing of the walls so that a hard, non-absorbent and washable surface might be obtained. The same authority stated that the common practice, in apartments and tenements, of covering the old wall paper over, with a layer of new, each time a tenant moved in, should be condemned, and that from a hygienic standpoint the use of sanitary wall paints should be advocated in all dwellings as well as public buildings.

If such conditions are maintained in hospitals, where special attention is paid to sanitation, it would appear that similar precautions should be equally as necessary in public buildings and in dwellings—wherever, in fact, people congregate to live.

*Dr. F. F. Gwyer, Cornell University Medical College, New York City.

Sanitary Wall Paints.—Cold water paints or kalsomines should not be used, as they often contain glue, caseine, dextrine and other binders which are easily destroyed. Oil paints which are thinned with turpentine and other volatile spirits, are the only real sanitary paints to use. These have recently appeared in trade a number of wall paints composed of non-poisonous pigments ground in paint vehicles having valuable water-proofing and binding properties, and of a nature to produce the flat or semi-flat finish that has become so popular. Such paints produce a sanitary, water-proof surface, which permits of frequent washing. By their use it is possible to secure a more permanent and wider range of tints than can be obtained with wall paper, as they are produced in a myriad of shades, tints and solid colors, from which any desired combination can be selected. On the border or on the body of walls decorated with such paints, attractive stencil designs, which bring out in relief the color combinations, may be applied.

For the decoration of chambers and living rooms, delicate French grays, light buffs, cream tints and ivory whites may be used, while in the library and other rooms richer and more solid colors, such as greens, reds and blues, may be harmoniously combined.

Defects of Wall Paper.—It recently occurred to the writer to investigate the conditions which obtain in many apartment houses in the larger cities. Inspection of a number of such places, in which wall paper had been exclusively used on the walls showed generally bad conditions; bulging of the surfaces caused by dampness in the walls, which had loosened up the binder, as well as peeling and dropping of the paper from the ceilings, were frequently observed. In many cases a shabby appearance was shown, accompanied by an odor which suggested decomposition of the paste binder used on the paper. The writer was impressed with the fact that such conditions could easily be avoided by the very simple expedient of using properly manufactured wall paints, which are so easily made dustproof and waterproof.

Samples of wall paper, which had been applied to plastered walls for a year or more, were obtained and examination under the microscope showed a most uncleanly surface. Cultures were made of these samples, and bacilli of

WHY?

Can you answer this question—"Why did you buy M. L. Paints rather than Somebody-else's?"

Our answer is simply this:

M. L. Paint covers more surface to the gallon, costs less money per square foot of surface covered, and lasts longer and looks better than any other paint there is.

That is true of M. L. Paint because we not only use the best materials the markets of the paint-world sell—the purest quality of White Lead; the best quality of Oxide of Zinc; the best quality of coloring pigments, made by ourselves from the raw materials, and so made RIGHT; the best Pure Raw Linseed Oil;—but we put these together by processes improved beyond the knowledge of most paint makers, and with machinery not excelled anywhere.

And to these ingredients, selected with the greatest care for quality, we add—in the case of all our indoor and outdoor paints—a special ingredient peculiar to the M. L. Brand.

This ingredient is the outcome of years of ceaseless study and experiment, expended freely with the purpose of improving M. L. Paints to the last degree of excellence. That study and experiment has been at our own expense, not at the consumer's; and it has produced at last a uniform and unvarying quality in M. L. Paints which insures the buyer of these paints against the many paint-troubles he must suffer with other kinds.

With the addition of this ingredient, thoroughly incorporated with the other M. L. materials by special mechanical processes, any surface covered with our indoor and outdoor paints will resist the elements longer and preserve its fresh, new appearance better, than is otherwise possible.

Durability is the big thing to consider in buying paints,—for the real measure of paint value depends upon the length of time that paint will endure. As the chief cost of painting is the labor involved, and not the price of the paint itself, it must be clear that any paint which—like the M. L. Brand—will last three years to another brand's two, is at least one-third cheaper in the long run.

Hints About Painting

If you use M. L. Paints and obey the directions here given, you cannot fail to get a painting job that will be thoroughly and lastingly satisfactory to you. And, moreover, you will get full value for what you spend in money or in labor, or both.

Preferably, employ a practical painter to do any considerable painting. He knows how, far better than you could learn unless you spend as much time learning as he has spent. His charges will be reasonable enough; and the job will be far better done than you could do it, at best. But, if for any reason you cannot hire a painter, these hints will help:

Stir the contents of M. L. cans thoroughly, and from the bottom. Stir a good deal longer and harder than you think is necessary. Then pour the paint, after stirring, from one can to another at least eight times. Twelve times is better.

Before applying the heavy paint, use a good priming paint. You can't find a better kind than M. L. Primers. **Never use an Ochre Primer.** If you do, the after coats will crack, flake or blister,—bound to do so.

Never spread paint on a damp surface, nor on a frost-coated surface.

Never spread paint on a greasy, sooty or smoked surface.

Don't try to paint green lumber, nor lumber full of pitch.

Never put a coat of paint on top of another coat which is not dry.

Always put the paint on thick and spread it out thin,—brush it in thoroughly,—brush it in and brush it in again. This is the "knack" of the practical painter; and it is a knack well worth what he charges to use it.

Don't thin M. L. Paint with anything but raw linseed oil—and be sure it is pure, high grade oil, like the oil that is in M. L. Paint when you get it.

Go on all new work, at least—a priming coat and two coats of paint. It pays far better in the long run than the two coats alone.

For Amateur Painters

Paint, applied to any surface actually covers that surface with a coat of mail, metallic oxides, in technical parlance. This plating, or armor, protects the surface it covers from the chemical action—corrosion, or "oxidation"—of the air's oxygen, and from the mechanical action (in the case of paint surface exposed to the weather) of the elements,—rain, snow, chemical action, the attrition of dust, etc.

Every layer of this plating that is put on any surface—every "coat of paint," that is,—of course increases the thickness of that armor.

This is the reason why a priming coat and even two thin coats of paint will always outlast two thick coats without any priming beneath,—something it is usually hard to make the amateur painter understand. The oil in the priming fills the pores of the surface covered, and therefore economizes the oil in the after coats; and it leaves a thin film of metallic oxides on the surface which provides a good foundation for the thicker films that are on top of it.

Now, the amount of resistance paint can offer to the destructive forces named depends upon what that paint is made of, how it is made, and how it is applied. The maker must answer for the first two factors, the user for the other one. If you do your own painting, you can safely answer for it if you follow the Hints About Painting printed in another part of this leaflet—and do not endeavor to improve them.

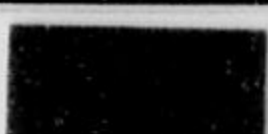

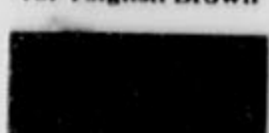

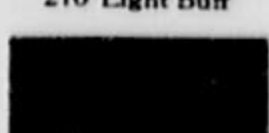

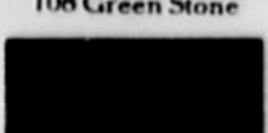

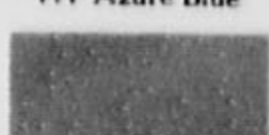

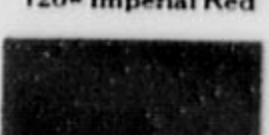

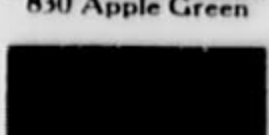

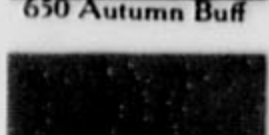

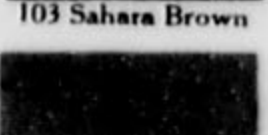

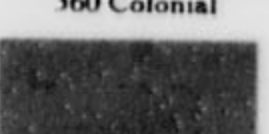

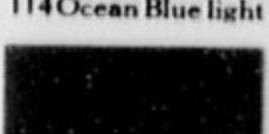

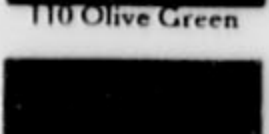

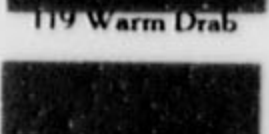

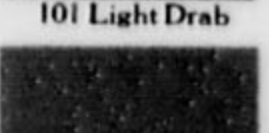

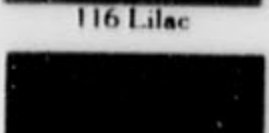

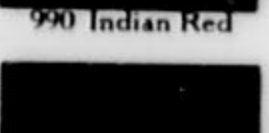

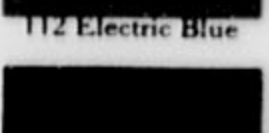

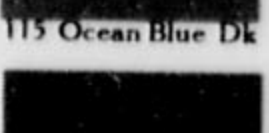

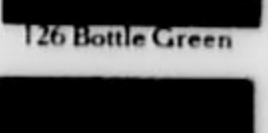

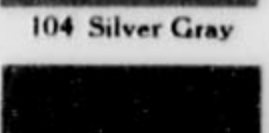

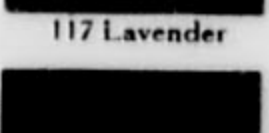

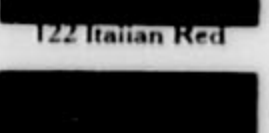

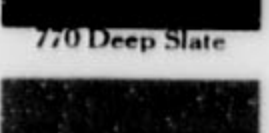

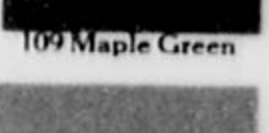

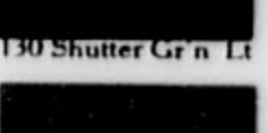

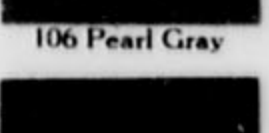

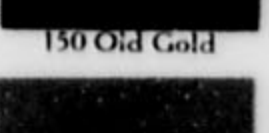

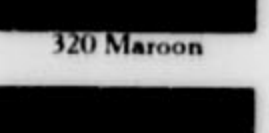

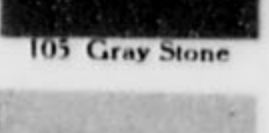

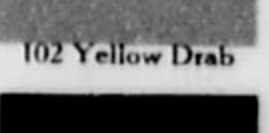

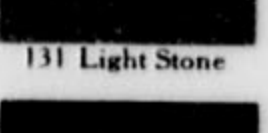

Choose M. L. Paint not because it looks alright. Any paint looks alright.

Choose M. L. Paint not because its price compares with other brands. Any half-way decent paint costs about the same as M. L. Brand.

Choose M. L. Paint not because of its covering power of 400 square feet, two coats, to the gallon. Some paints claim to cover more surface,—but how long will the covering last?

Choose M. L. Paint because it will do all any other paint does in beautifying; and fully a third more in protecting.

42 OF OUR 46 SHADES

					
99 Ivory	500*ShutterGr'n dk	121 Rose Stone	107 English Brown	210 Light Buff	108 Green Stone
					
100 Primrose	111 Azure Blue	120* Imperial Red	830 Apple Green	650 Autumn Buff	103 Sahara Brown

260 Light Slate	118 Light Pink	125 Oak Leaf Brown	Light Primer	127* Bright Red	129* Pure Blue

HOW MUCH PAINT WILL IT TAKE ?

For outside house-painting, to find the quantity of M. L. Paint needed for two coats over a priming coat—Multiply the average height of the outer walls, from ground to cornice, in feet, by the distance around the building in feet. Divide the total by 400. The answer will show the number of gallons required to cover two coats.

For inside work: One quart of M. L. Paint will finish, with two coats, both sides of any ordinary door, the frames of two windows, and all the rest of the woodwork of a good-sized room.

For floors: One quart of M. L. Special Floor Paint will put two coats on a floor 12x16 ft., or about 200 square ft. of area. Floglaze, the ideal floor finish, will surface 500 square feet to the gallon with a brilliant, washable and wear-proof surface.

Colors marked thus (*) are Higher in Price.

Dear Sir:-

We have been recently advised in regard to your preparation of plans for the erection of a new School house at Ottawa, Ont. and request the privilege of bringing to your attention MAPLE LEAF PAINTS AND VARNISHES for the painting and finishing of this property.

MAPLE LEAF PAINTS and VARNISHES are high grade finishes made of materials designed to give the best of service, not only in the way of covering, but in preserving property and conserving its value for maximum length of time.

There is in your finishing and painting a real saving in time, labor, and the value of your property, if you use good high grade paints and varnishes - materials of quality such as the MAPLE LEAF BRAND - a quality that gives satisfactory service.

If you are not directly interested would you kindly place us in touch with your architect, contractor or painter to whom we might go in regard to this matter?

For your convenience we are enclosing a post card and would be glad to take this question up with you at your request, or with any other person to whom you have entrusted this work.

We are,

Yours respectfully,

EM./W.
A4.

Mr J D M'Lean.

Assistant Deputy Surveyor

Dear sir.

I have the honor to build and complete
schoolhouse at Kuma according to Plans and spe-
cifications now in existence for the sum of \$195. Six
thousand one hundred and ninety five dollars.

Brick is substituted for outside instead of siding.
Tender will be \$485 - six thousand four hundred and
eighty five dollars. This tender includes all material
and Labor required (with the following clause. If rock is
reached in excavation before desired depth is reached that
is shown on plans. We can go no deeper without being
paid extra for putting down through rock in case it has
to be put down deeper than the rock is if there is rock
at that depth.) As money is tight and hard to raise
on any kind of property and we have not got the called for
10% deposit to spare just now we beg to submit this tender
to you without and if we are awarded the contract we can
and will give ^{all} the security required. Hoping this will be
successful we beg to remain yours &c

Ottawa, May 27, 1913.

MEMORANDUM.

Mr. Pedley, -

Tenders for the erection of a combined school-house and teacher's residence on the Rama Reserve were receivable up to the 20th instant. Only one tender was received. This was from J. J. Link and Son of Orillia for the sum of \$6485.00 if the building is brick veneered and for \$6195.00 if the exterior walls are sided. Messrs. Link and sons have not sent the required security cheque, saying that money is tight and hard to raise, but should their tender be accepted they are prepared to give all the security required.

I would recommend the acceptance of their tender for exterior brick walls as it is well within the architect's estimate, as you will see by his memorandum on the tender turned out herewith on condition that they put up the 10 per cent security cheque or a satisfactory bond for the full amount of the tender.

Link will forward security cheque to Canada if prepared

Gentlemen,-

In reply to your letter of the 19th instant submitting a tender for the erection of a combined school-house and teacher's residence on the Rama Reserve I beg to say that the Department is prepared to recommend the acceptance of your offer of \$6485.00 for a brick veneer building, provided you forward a security cheque for the sum of \$648.50, being 10 per cent of the amount of your tender. Be good enough to attend to this matter at once so that there may be no delay.

Extract from Inspector's report on the Rama Indian School.

Dated May 8, 1913. Original on file 152199-6

428

Allow me to suggest a few points:-

1. A bell that could be rung at 8.30 - this would prevent lateness.
2. Single desks for each room -- more sanitary and conducive to discipline.
3. A good teacher's desk and three chairs in each room.
4. Plenty of slate blackboard, placed low in the primary room for use of pupils.
5. two benches (or forms) in each class room.
- 6 Earthenware tanks, with covers and taps for drinking water.
7. Sanitary cups and sanitary towels.
8. Large numeral frame on a stand for Primary room.

Toronto, Canada June 3rd. 1913.

Mr. J. D. McLean,
Sec'y Dept. of Indian Affairs, Ottawa, Ont.

Dear Sir:-

We notice by a "Contract Record" report that you contemplate building. New Schools and Residence.

We hope that your plans and specifications embrace some of the materials which we manufacture, and which are outlined on the enclosed post card.

If you will kindly indicate by an "X" the materials on the "card" that interest you and send us particulars, or put us in touch with the party having the buying of these, we will be glad to submit an estimate.

Our interior materials possess the advantage of being fire-retarding, permanent, ornamental and sanitary and are not affected by settling of the building and vibration caused by traffic.

Our exterior materials give fire and lightning protection. They are permanent, handsome in appearance and reasonable in cost compared to other materials used for similar purposes.

Being light in weight our materials put no extra strain on the building and, therefore, allow a saving of lumber and foundation materials as well as the extra labor involved on these.

We will appreciate an opportunity of taking the matter up with you and look forward with pleasure to a favorable reply.

Yours truly,
The Metallic Roofing Co. of Canada, Limited,

Ottawa, June 5, 1913.

His Excellency

The Administrator in Council.

The undersigned begs to report that, it being necessary to erect a combined schoolhouse and teacher's residence on the Rama Indian Reserve, in the County and Province of Ontario, and money being available from Parliamentary appropriations (Vote No. 302, "Indian Education"), tenders were called for, receivable up to noon of the 20th May, 1913, and the following tender was received: J. J. Link and Son, Orillia, Ontario, for \$6,485.00.

The undersigned would recommend, pursuant to the requirements of subsection 2, of Section 36 of the Public Works Act, that the Messrs. Link and Son be awarded the contract for the work for the amount of their tender as above cited, it being reported by the Architect of the Department of Indian Affairs that the said tender is within the Department's estimate of the work to be done.

Section of Combined Schoolhouse and
Teacher's Residence on the Rama Indian
Reserve, Ontario.

RVB. School and Council meetings have been held in the same building, which has become unsuitable for school purposes owing to being too limited. It is considered also that as no suitable lodgings can be obtained at the Reserve and the teacher has to walk two miles or more between the school and her home, the schoolhouse should contain a couple of living rooms for the teacher.

Funds are available for this from the Vote for Indian Education (No. 302).

The Architect of the Department states that this tender is below the Department's estimate for the work to be done.

Indian Affairs, June 5, 1913.

Dear Sir:-

We beg to draw to your attention a fire-proof sanitary flooring for use in schools, hospitals and other buildings. It is largely composed of asbestos and is named Magna-Asbestos and is used by the Dominion Government architect in such buildings as the Immigration Halls, Quebec; Toronto Barracks, Toronto; Drill Hall, Winnipeg; Hospital at Quebec and many other buildings. It is also being used by the Provincial Architect Horwood of Manitoba in such buildings as Brandon Hospital; Law Courts, Winnipeg; Agricultural College and other buildings, besides being in use with many private firms for factories, halls, schools, etc.

This material is applied in plaster form and runs in cost from the price of Hardwood to 25¢ or 30¢ a foot (sq. ft.). We are in a position to take contracts in any part of the Dominion and would be glad to supply any further information or quotations necessary.

Trusting to hear from you in relation to this matter, we remain,

Yours very truly,

The Great North Western Telegraph Co.,

OF CANADA

Form 2.

Agreed between the sender of the following message and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or for error in the transmission or delivery of an un-repeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz: one per cent. for any distance not exceeding 1000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission. No employee of the Company shall vary the foregoing.

Ottawa, July 2, 1913.

Sir,-

The tender of Messrs. J. J. Link and Son of Orillia for the erection of a brick veneered building to be used as a combined school-house and teacher's residence on the Rama Reserve has been accepted. They have been authorized to proceed with the work at once, but before doing so have been requested to consult with you as to the exact location on which the school is to be put up. You will be good enough to show them the place selected and give them any other help in your power. The appointment of an inspector for this work is under consideration and you will be notified as soon as the appointment is made.

Mr. J. M. Dean. Asst Deputy Secretary.

Dear Sirs just a few lines to you in regard to payments Re. Rama School job. I wrote you once before regarding this and thought perhaps you had overlooked it and as we are not just at the present time overburdened with ready cash & are short of money to carry the contract to completion without being paid some on account as we go along

Now Mr. Dean I wish you would look into this matter at once and let us know exactly how the money is to be paid as we were under the impression that we would get money every fortnight or so on the Supervisors certificates and hope that the Department can and will do this for us as money is hard to borrow in the banks but if we can get some as we proceed with the work we will have no trouble about getting what we want from the banks so please attend to this at once and oblige us very much.

Awaiting your answer we remain yours &c

Sir,-

I beg to inform you that your name has been submitted to the Department as a competent man to act as inspector to supervise the work on the new combined school-house and teacher's residence on the Rama Reserve, which is to be built by Messrs. J. J. Link and Son of Orillia.

The Department will be pleased to avail itself of your services for this work and will pay you at the rate of \$6.00 a visit with actual travelling expenses. You should make a weekly inspection and submit a report to the Department after each visit. Payment will be made to the contractor as the work progresses up to 80 per cent of the value of the material on the ground and work performed upon receipt of progress certificates from you. A supply of blank certificates is enclosed herewith and you should forward them in duplicate. Copies of the plans and specifications are being sent you under separate cover.

Messrs. Link and Son will be notified of your appointment and requested to inform you when they are ready to start work. When the work nears completion you will be good enough to inform the Department so that one of

MEMORANDUM

Secretary -

It is represented that the Inspector of the work during the erection of the combined school-house and teacher's residence on the Rama Indian Reserve cannot properly inspect the foundation without being on the work every day to see that the proper proportion of cement is put in when the cement is mixed, but that when the foundation is completed, weekly visits will suffice. This appears to be reasonable, and unless there is some objection to it, may be acted upon favourably.

In reply to your letter of July 15th No 152/99/45
re sinking of well for Ramal School we beg
leave to quote the following price for digging &
curbing same as follows we will dig a well
approx 4 ft. square & put in good plank
curbing down between 4 & 5 ft. as this is all
the curbing that is necessary as the ground
is very stoney & hard & gets harder as you go
down hence the unnecessary of any more
cribbing we will put in a 2 ft 6 in to 3 ft.
heavy tile in bottom of well when we
reach water we will furnish a first class
iron pump & the afore mentioned tile for
bottom of well for the sum of twenty (\$20.00)
dollars we will do the digging for (\$3.00) three
dollars a lin. ft. & curbing for five dollars \$5.00
hoping this will be satisfactory & to hear
from you at once

We remain yours truly

J. J. Link & Son

J. S. approx depth of well from 16 to 25 ft.
for good water

TENDERS.

SEALED TENDERS addressed to the undersigned, and marked on the envelope "Tender for School Building, Rama Reserve," will be received up to noon of May 20, 1913, for the erection of a two-roomed school-house and teacher's residence combined on the Rama Reserve, Ontario County.

Plans and specifications may be seen at the office of J. T. Sing, C.E., Confederation Life Building, Toronto, at the Post Offices at Uxbridge, Cannington, Beaverton, Orillia and Barrie, and at the office of the Indian Agent at Atherley.

Each tender must be accompanied by an accepted cheque on a chartered Bank for ten per cent (10 p.c.) of the amount of the tender, made payable to the order of the undersigned, which will be forfeited if the person or persons tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted, the cheque will be returned.

The lowest or any tender not necessarily accepted.

The unauthorized insertion of this advertisement in any newspaper will not be paid for.

Ottawa, 8th August, 1913.

Sir,-

Referring to your letter of the 18th instant, I re-enclose herewith the account which you submitted from Hale Bros. of Orillia for printing done for this Department. Kindly attach to the account a clipping of the advertisement charged for. This is necessary to admit of taxation by the King's Printer previous to the question of payment being dealt with.

Handwritten signature and initials

Dear Sir:-

I made my weekly inspection of the Rama School on Aug 7th last. I found the foundation almost completed. The prompt payment of the 80% allowed would help advance the work faster than the present rate of progress.

Yours truly,

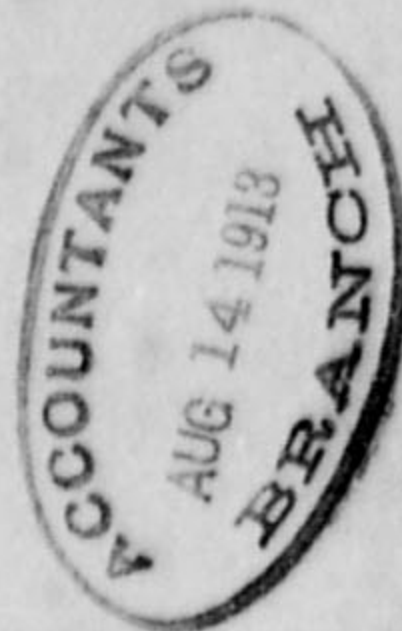

Moses Chambers
Inspector

Indian Affairs. (RL 10, Volume 6155, File 421-5, part 1)

Sir,-

The Department is in receipt of your letter of the 4th instant, together with progress certificate regarding work on buildings on the Rama Reserve; and in reply I return the certificate in question as it has not been correctly made out. You have given the additional value of work and labor done since the last certificate was furnished as \$200.00, which amount you request the Department to pay. The Department should only be asked to pay 80% of the value of labor and material.

Your obedient servant,

Asst. Deputy and Secretary

TENDERS

SEALED TENDERS addressed to the undersigned, and marked on the envelope "Tender for School Building, Rama Reserve," will be received up to noon of May 20th, 1913, for the erection of a two roomed school-house and teacher's residence combined on the Rama Reserve, Ontario County.

Plans and specifications may be seen at the office of J. T. Sing, C.E., Confederation Life Building, Toronto, at the Post Offices at Uxbridge, Cannington, Beaverton, Orillia and Barrie, and at the office of the Indian Agent at Atherley.

Each tender must be accompanied by an accepted cheque on a chartered Bank for ten per cent. (10 p.c.) of the amount of the tender, made payable to the order of the undersigned, which will be forfeited if the person or persons tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted, the cheque will be returned.

The lowest or any tender not necessarily accepted.

The unauthorised insertion of this advertisement in any newspaper will not be paid for.

Dear Sir.

I visited
Ramea Indian School yesterday
and found that Mr Link
& Son were unable to get
one inch and a half maple
flooring. They desire to use
one inch as they claim that
maple is not sawn in
the one and a half thickness.
Kindly advise me at once
in the matter as the contractors
are waiting for permission

Ottawa, September 16, 1913.

Sir,-

I have to acknowledge the receipt of your letter of the 13th instant in reference to the substitution of inch maple flooring instead of one and half at the Rama School.

In reply I beg to say that if it is not possible for the contractors to obtain inch and a half flooring inch flooring may be substituted, although it is not nearly so satisfactory, and a corresponding deduction must be made from the contract price. Inch and a half flooring is obtained in other places and the Department does not see any reason why it should not be obtained at Rama. Kindly advise what reduction will be allowed in the contract for this change.

Your obedient servant,

Mr J D M. Lean.

Dear sir would you kindly look into this matter. I.e. we are supposed or rather called to put in No 1 maple $1\frac{3}{8}$ " thick flooring in the Rama school and that ~~good~~ kind of flooring is not made by any of the factories making hardwood flooring as their standard thickness for flooring is $\frac{13}{16}$ which is all is ever used in any building around these parts. so please let us know at once if we can put in $\frac{13}{16}$ No 1 maple instead of ~~no 1~~ No 1 maple $1\frac{3}{8}$ " thick.

No. 2.

Kindly send us a detail of verandah & porch post and newels as we must have them at once as presume the architect will have them made.

Hoping you will send details as per required and let us know about flooring at once we remain

Mr Moses Chambers.

Re your inquiry regarding deductions from contract by substituting No 1 maple flooring for 1 3/8". I wish to say that we will put in No 1 maple 1 3/8" in place of 1 3/8" for a difference of approx. \$24.00 fifty four dollars and in this agreement we will strap with 3/8" lath or equivalent over the paper on floor and under flooring making an air space between the two floors and a better job than the 1 3/8" floor would be put down tight on the paper.

Hoping this will be satisfactory to the department and to hear or see you soon. I am, Sir, very respectfully,
Yours,
M. D.

J. D. McLean Esq.

Dear Sir,

You have received a letter from J. J. Link & Son re the flooring. Please let me know the decision of the Department as to the inch or 1/2 inch flooring at once. I made my weekly visit on Thursday 18th and report progress as satisfactory. The brick work will be well advanced by the end of the week.

yours truly
 Moses Chambers
 Inspector

Ottawa, September 30, 1913.

Sir,-

Replying to your communication of the 22nd instant I beg to say that the Department has decided to allow the contractors for the Rama School to substitute 13/16 inch No. 1 Maple flooring in place of 1 3/8 inch. The contractors are to strap with 3/8 inch lath or equivalent over the paper on the floor and under the flooring, making an air space between the two floors. For this substitution a reduction is to be made in the price of the contract of \$54.00, as per the terms of their offer.

Ottawa, October 9, 1913.

Sir,-

I have to acknowledge the receipt of your letter of the 4th instant, and in reply I beg to say that the Department is sending you, under separate cover, a supply of certificate forms. It is not usual to have so many payments on a small work such as this and for this reason the Department has found it necessary to make new forms. The Department cannot make a certificate providing for any larger number of payments on one sheet at least. Heretofore you have not sent these certificates in duplicate and the Department must insist upon this being done in future.

[Handwritten signature]
You have not forwarded your short report showing the progress on the building, as requested in your letter of instructions. Kindly do so in future.

Your obedient servant,

Mr Benson.

Dear sir I now write you these few lines in reference to a change (your teacher) Miss McBein suggests. namely. She asked me to write you and see if you would change the vpoint mentioned for wainscoting to Burlap. Now Mr Benson it makes no difference to us which we put on as the burlap will cost almost as much now as the vpoint as there are some changes we would have to make to be able to substitute burlap for the wainscoting. so should you decide to change it to burlap I would suggest you notify us at once in either case as we are about starting plastering and we would have to make a few changes in the plastering is done.

I would suggest (if I may be allowed to do so.) Wainscoting the cloak rooms in any case but for the rest I think to be candidly honest. the burlap makes the better looking job.. Hoping to hear from you at your earliest convenience We remain yours &c

Your letter received and also
the required certificates.

I visited the school on the 9th October and beg
leave to report the building as follows:
The cellar portion is all finished. The building
is all finished but the verandah, the hardwood
floors in the classrooms, halls, and cloak room.
the plastering is yet to do and part of the
painting. The closets are finished. The
contractors have enough material on the ground
to complete the verandah.
The contractor expects to finish in 3 weeks
time but he should be all through in one
month.

yours truly

Moses Chambers

The Contractor has informed me to day that specification calls for a wood furnace for the Rama Reserve New School & am of the opinion that this is a mistake as a coal furnace would be safer and less work in connection with it and it is inconvenient to fit wood and the wood is more expensive. Trusting that the Department will take this matter in to consideration.

Sir,-

I wrote Department a week ago
Re Furners for New School and
have not heard from Dept- as yet
Inspector Mr H. Gibbon visited here on
Friday Raina Reserve and inspected
the school and is of the same
Opinion that a coal Furness
would be the best for school
as wood would cost more and
less trouble to get fuel as it
is a task some time to get
by wood. If there is to be
a change will at once as
the Contractor expect the Furners
now any day.

Sir

When at Ramu yesterday
The Contractor for the School informed
me that the furnace ordered is for
wood. The Agent states a Coal
furnace should be installed
as the supply of wood on the Reserve
is very limited.

The Contractor states the furnace has
not been shipped and if a change
is decided on. The Agent should

Sir,-

I beg to acknowledge the receipt of your letter of the 14th instant suggesting that a coal burning furnace be installed in the Rama School instead of the wood burning furnace specified, and to say in reply that as it appears that coal can be more economically procured than wood, a number 56 Oxford A Series hard coal furnace, having a capacity of 55,000 to 60,000 cubic feet, may be substituted for the Oxford Jumbo without extra cost to the Department.

All of the provisions, as arranged for in the original specification for furnace, to be carried out.

Your obedient servant,

S. STEWART

Sir,-

435722

In reply to your letter of the above number and date I beg to say that the Contractor is not asking for this change of furnace. I have written Department my own opinion Re furnaces. The wood furnace is now on hand and the Contractor is putting it in. so if the Department wants to get the wood furnace full value for it before it is used allowed on coal furnace less transportation of the wood furnace now is the opportunity. as to costs, it will cost the Department considerable more for this change. as coal furnace cost a great deal more than wood furnace.

I am your obedient servant
Chas. W. Myers

J. D. McLean Esq
asst Deputy and Secretary
of Indian Affairs
Ottawa

P.S.

To make this change will cost Department \$75.00 for the Pease Economy furnace 50000 cubic ft including the return of wood furnace. wire me

MEMORANDUM.

Mr. Scott,-

As the new Rama School building is nearing completion it will be necessary to purchase furnishings for the class-rooms and teacher's quarters. The World Furnishing Company of Orillia have sent in prices of the articles that we require, but, as they are not on the patronage list, I should like to have directions as to where the purchases are to be made. In fact I may say that there are no firms in Orillia dealing in these articles on the patronage list.

Sir,-

I beg to inform you that it has been decided to purchase the equipment and furniture required for the new school-house and teacher's residence on the Rama Reserve from Mr. William Low, Uxbridge, Ont. I have, therefore, to request that you will obtain from Miss McBain, the teacher, a list of the articles required for this purpose. If any desks are needed the sizes and number of each size should be given. You should then forward the list to the Department for approval when you will be authorized to order the articles approved of. The Department would like to meet the wishes of the teacher in regard to the furnishings as nearly as possible, if it can do so without going to any extra expense, and you should govern yourself accordingly.

Your obedient servant,

J. D. McLEAN

Mr J D McLean

433707

Dear sir please find enclosed order certificate
No 11 for five hundred dollars. which I trust you will
send us check for the amount at once as the job is practically
finished and we are badly in need of some money right
away as we have about four thousand dollars tied up
that we cannot get until after the new year so it
leaves us pretty short so trust you will send
check for 500 as soon as you possibly can and with your
usual promptness. Trusting to receive same at
an early date and thanking you for past promptness we
remain Yours truly

Mr J D McLean.

Sec. Dep Indian Affairs.

Dear Sir

I made my weekly visit to Rama School on Dec 10th. The contractor expects the work completed by Dec 23rd except one black-board which was broken. He has not levelled the ground to suit me.

I wish some one sent out any time after Dec 23rd to take over the work. Please notify me when you will send a man as I wish to notify the contractor.

Yours truly

MEMORANDUM.

Mr. Scott, -

As Mr. Inspector Parker is going to Rama to inquire into school matters there would it not be well to let him have an accountable cheque for the balance of the contract price owing to J. J. Link & Son, the contractors for the new school, amounting to \$1285.00. Mr. Parker could settle the outstanding claims against Link and Son and pay the balance over to them and obtain their receipt for the money. Mr. Chambers, the inspector for the building, reported that one of the blackboards was broken and would be replaced and that the ground had not been levelled off to his satisfaction. Mr. Parker could retain enough from the contractors to cover the cost of levelling the ground and replacing the broken blackboard, if this has not already been done.

This will be the best way to close this matter

C.C.P.

Mr. Benson

440983

Dear Sir :-

I have to thank you for yours of Janv 5th. in reference to the claims of Messrs George Gardiner and Herbert Glenister against Mr. Link, Contractor for the new Rama School House, in which you say that the Department will take the necessary steps to protect the claims of these men.

Gardiner is now able to be out of ~~the~~ Hospital and being in my Office on Saturday, I gave him the contents of your letter.

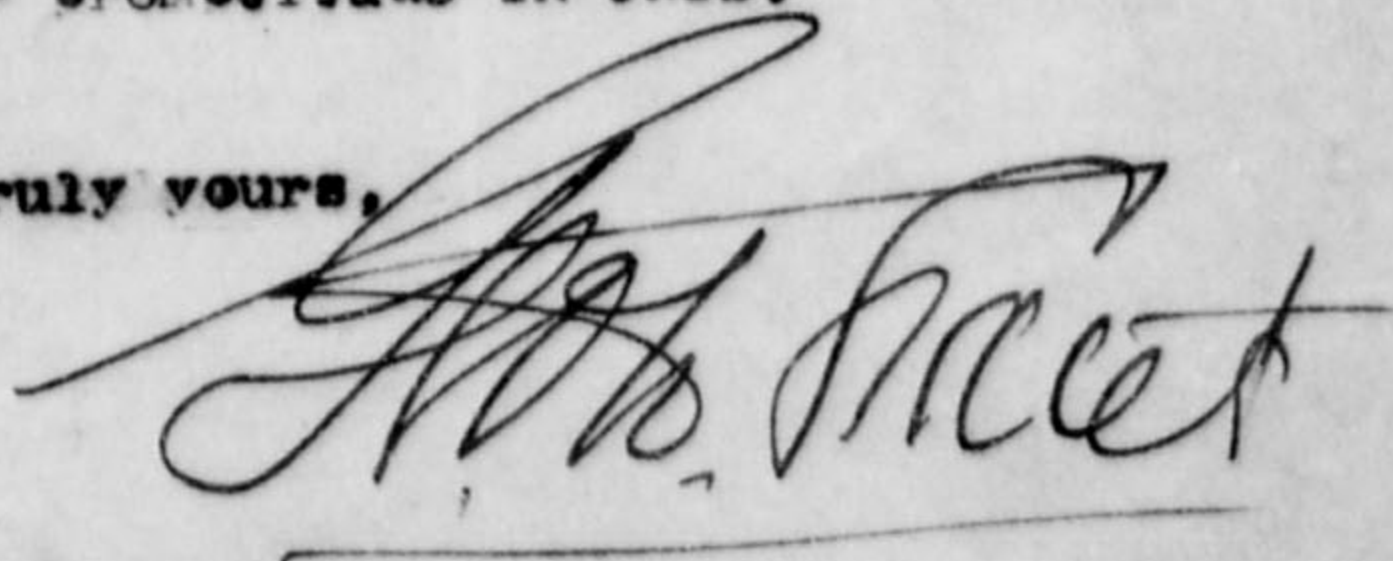

It appears that I under-stated the sum due Gardiner (personally) for plastering work at \$103.50. It is considerably more. He suffered a severe injury to the head in his fall from the top of the building to the basement and for several weeks his brain was in a confused state, so that it was impossible for him to give us a detailed statement. He is now preparing it and it will go forward in a few days.

This has nothing to do with the balance of \$100.00 on the brick work, owing to Glenister and Gardiner jointly.

Again thanking you for your attention in this.

Very truly yours,

GDG/MR

"Private".

Dear Sir :-

"Re- Gardner & Glenister Claims"
"Rama School House"

I have a letter from Mr. Scott to-day advising of your presence here for the purpose of settling these claims, if possible.

Mr. Glenister came to me in the first place, regarding the same and on his instructions, I communicated with the Department and as a result, I take it, ~~that~~ the Deputy Minister ordered an inquiry and that, in the meantime, further payment to Link should be withheld.

Mr. Gardner called on me yesterday and intimated that he had seen Mr. Hammond, Solicitor of this Town and asked his intervention, telling me at the same time that he did so because Mr. Hammond was a Political supporter of the Government and would have more weight in bringing about a favorable settlement than the Writer, who happens ~~not~~ to be of the same political stripe.

Such ^a consideration, would not, I am sure, influence either Mr. Scott or yourself in the discharge of a Departmental duty and I ~~write~~ ^{write} to explain my non-appearance this evening on the appointment, of which you so courteously gave me notice. Mr. Glenister has acted in absolute good faith throughout and I am sure you will extend to him and his claim all the protection in your power.

Yours truly,

C.C. Parker, Esq.,
Inspector Indian
Agencies etc.,
ORILLIA.

Geo. D. Grant

P.S. I intend no reflection whatsoever on Mr. Hammond as Mr. Gardner went to him of his own accord and I shall expect these men to provide for my fees.

OFFICE OF THE

Inspector of Indian Agencies
FOR ONTARIO, QUEBEC AND MARITIME PROVINCES.

441188

Ottawa, Jan. 24th, 1914. 19

Sir:-

With reference to Rama school building, which I was instructed to take over from the contractor J. J. Link & Son, I beg to report as follows.

A meeting of the contractor and his creditors was held on Thursday evening, 22nd inst. Those present were Mr. Link, contractor, and Messrs Gardner, Glenister and Pomeroy, creditors.

The account of S. Pomeroy for building material lumber etc. was accepted by Mr. Link at \$318.81. An account of gardiner's for extra work amounting to \$4.28 was also accepted. The accounts of Gardiner and Glenister for brickwork and of Gardiner for plastering were next taken up and considerable difficulty was met with in arranging a settlement.

It appears that the creditors had tendered on the work at the rate of \$6.50 per M brick but had been under the impression that there would be 30,000 brick to lay. The kiln count of brick supplied to J. J. Link was 23,200 of which 935 brick were returned after the work was finished. It was finally agreed that the creditors would accept the payment for 23,000 brick and that Mr. Link would pay at the rate of \$7.00 per M. This amounted to \$161.00 and \$5.00 for hauling scaffolding, making in all, \$166.00 for the brickwork, \$100.00 of which had already been paid.

In the account of Geo. Gardiner for plastering it will be seen by the tender that the price was 11¢ per sq. yd. Mr. Gardiner wanted this changed to 12¢.

In.

Indian Affairs. (RL 10, Volume 6155, File 421-5, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR.
COPY

In view of their written tender and the decided objection of the contractor to make any change it was agreed to hold to the price of 11¢. Mr gardiner had also been under the impression that he had done 1000 sq. yds. of paastring and had asked an independant party to go to Rama and measure the work. The report of the man who measured the work is attached and shows 899 and 2/3 sq. yds. This amounted to \$98.97 and was settled at \$99.

These were the only accounts brought before me and payment was made the following day in accordance with the above arrangement. I attach reciept in full for \$1285.00 from J. J. Link and Son. The keys were handed to me with the exception of one which was at Rama and for which I took an order from Mr. Link. The keys which I recieved I handed to Miss McBain, our teacher at Rama. Miss Mc Bain informed me that school would open on the 24th.

With regard to the broken blackboard and levelling of ground around the school I beg to say that the blackboard has been replaced. So far as I could see the contractor had levelled the ground quite well. As it will be necessary to do considerable grading around the school grounds in the spring it seemed to me that nothing further could be done by the contractor and in any case he had levelled all the he was responsible for, i. e. the earth thrown out from the excavation. In this connection I might say that, from what I could learn from the teacher agent and others of the nature of the soil, it will be necessary to put a top on of gravel and sand in ordert to protect the floors. The soil is of a clay formation and very sticky.

I have the honor to be,

Your obedient servant,

Asst. Deputy and Secretary,
Dept of Indian Affairs,
Ottawa

In reply to above No and date
I beg to say that I wrote the Dept
that there would be a difference of
\$75⁰⁰ in changing the wood furnace
to a coal burning furnace from Messrs
Phillips & Co who was doing this work
at the school.

I also instructed Messrs Phillips & Co as
to the kind of furnace mentioned in
in your telegram letter of the 28th Oct-
that it must be a Gurney Jumbo 5000
to 6000 cubic feet and that I could
not deviate from the make or size of
furnace. as this was the Department
instruction to me.

They said that they would communicate
direct with your Department. 1817
I have written to the Peace Foundry Co
Toronto to find out from whom they
got these instructions.

I enclose herein the account of Messrs Phillips & Co Oulica as per letter of the 31st January No 152199-A installed furnace in Rama Reserve New School marked on the account.

I beg to say that the installed furnace is a first class one, easily handled by the Teacher in every way.

I wrote Department that Messrs Phillips & Co wanted \$75⁰⁰ to change wood furnace to a Coal burning furnace. which must have been satisfactory to Dept as Coal burning furnace cost more than wood furnace. I instructed Phillips & Co that it must be a Gurney furnace those are my instruction from the Dept. which I carried out. The Agent Mr Hunter for the Pease Co was in Oulica at the time as Phillips & Co are the Pease Co local agents. Inspector Mr. M. Gibbon of Penetang was called up by phone, and I am informed the Department was also communicated with in this transaction for a Pease furnace, who gave orders to change for a Pease Co furnace instead of a Gurney furnace. I am unable to furnish the Department.

Ottawa, February 9, 1914.

Mr. Paget, -

The changing of furnace in the Rama School from a Gurney to a Pease was apparently made without authority, and in direct opposition to Department's instructions, which were to substitute a coal burning furnace for the wood burning furnace specified, of the Gurney make.

In my opinion, the Department would be justified in refusing to pay any extra cost or to accept the Pease furnace as satisfactory under the circumstances, notwithstanding that the Pease furnace is in every way equal to the Gurney.

First Deputy Secretary

Dear sir in reply to your letter containing
check for balance of security deposit. allow me
to say that we have a bill against the Dept. for
\$71⁰⁰ for extras, a bill of which your inspector
at Sunderland was to forward to you so if he
has not done so please write him and demand
it as he & I priced the extras before last Xmas
a short time and I don't see anything allowed as
for them. so kindly look into this matter &
oblige us very much.

P.S. Mr. Meyer has the bills in duplicate
for the extras in connection with the seats &c.
connected with the placing of furniture &c.

We remain yours truly

Ottawa, 16th February, 1914.

Sirs,-

I am in receipt of your letter of the 11th instant, relative to the return of your security deposit in connection with the erection of the Rama School building; and in reply I beg to say with reference to your claim of \$71.00 for extras that the Department was informed by the Inspector, Mr. Chambers, on the 2nd February that the cost of the extras furnished by you amounted to \$71.25, which he stated was offset by the following:-

Difference in flooring	\$ 54.00
By levelling grounds, which work has not been done	<u>17.25</u>
	\$ 71.25

In view of the foregoing the Department cannot make any payment to you on account of extras. The account of \$55.30 for putting up desks, etc. will be paid less the charge (\$33.80) for four tons of coal used for heating the building before it was taken over by Inspector Parker.

Your obedient servant,

Asst. Deputy and Secretary.

Department of Indian Affairs.

Ottawa. Ont.

Gentlemen:-

We have had forwarded to us by Messrs Phillips & Company our agents in Orillia a letter of yours of the 10th of February addressed to Mr. Myers your agent in Atherley.

We are very much surprised that you refuse to accept a coal burning furnace of our make in lieu of one of the Gurney make. It is a matter of common knowledge, we might almost say of public notoriety that our furnace is at least equal to any other make in Canada. In fact there is no other, not even the Gurney, which commands the same price. There is no other, not excepting the Gurney, which weighs so much and is so durable. There is no other that costs so much to manufacture, the extra expenses being largely upon economy devices, which will commend themselves to everyone with any knowledge of heating. Some of the best firms in Canada, notably that of the Cochrane Hdwe. Co., Sudbury, handle our furnaces

and boilers exclusively. There was a time when our boilers were manufactured in the United States and ~~then~~ we expressly stated to one of your departments that we did not wish to compete, because in our opinion all goods possible should be purchased from Canadian Manufacturers. That time has passed and our boilers as well as our furnaces are made entirely in Canada. Not even parts being imported. We submit herewith one of our catalogues showing the apparatus turned out by us last year.

We trust that under these circumstances you will see your way clear to giving a fair field and no favor to all Canadian Manufacturers, efficiency being considered.

Yours truly.

Mr J. D. W. Legg. Asst Deputy Ottawa
Dear sir, In reply to your letter of
the 20th inst. with check no 3289. for \$21.00
I wish to say that I think you are mistaken in
the amount due us as the furnaces in the
building was changed from a wood furnace
to a coal furnace and kept us back approx.
six weeks which had it not happened we would
have required no coal for heat at all as we
had wood enough in the cellar to heat the
building until we would have been done and
Mr Meyers ordered coal and I understood
the government was to supply the heat
as it was only fair as the owner of a building
is supposed to heat it for the contractors if there
is nothing mentioned in the specifications
about heating under any ordinary contract
but this one was out of the ordinary class
as we were held up by the changing of the
furnace and cannot see where we are liable
for to pay for coal to heat the government's
building so to be obliging I let the furniture
be put in to save you moving it again &

Indian Affairs. (RL 10, Volume 6155, File 421-5, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR.
COPY

also ~~two~~ tons of that coal was used while we
were doing your work putting up seats &c so
at the best we are not liable for more than
two tons of coal. but Mr McLean the wood
I sold Mr Meyers for \$500 would have heated
the building for as O.K. and I sold it to Mr
Meyers for \$500 rather than move it as I
understood the government would heat the
building at their own expense and as they
should as it is rather a cheap looking piece
of business to try to do us for the coal as
the wood ~~which~~ there will certainly offset
the coal bill. so now Mr Mr McLean I hope
you ~~will~~ will attend to this at rectify
this at once as follows

As the wood was \$55.30 but we will
be willing to deduct \$5.00 the price of the
wood off & that leaves \$50.30 minus check no
3289 for \$21.50 = \$28.80

Hoping to hear from you soon and get a
satisfactory settlement we remain Yours truly
J J Link & son

ARCHITECT.

Ottawa

Mr J D McLean Asst Deputy
Dear sir in reply to your letter of the 16th Inst
I wish to say that ~~in regard~~ to the levelling of the
ground at Rama School that you have been mis-
informed by the inspector as we levelled the ground
according to specifications and I can produce as
many witnesses as you want to prove that it has
been done and done right.

The teacher Mrs McBain can tell you whether
we levelled it off or not also Mr Tom Theate of
220 St Jean St Orillia as he is the man
who done the job and I can produce receipts that
will prove my statement.

Now Mr McLean I will tell you why Mr.
Chambers has told you that and remember I
can prove every statement I make. He was
angry at me simply because there was a few
lumps in the levelling after it was done and
every time he come around the job nearly over
there would be no trouble and every time he
come on the job under the influence of liquor
he would start to make trouble about these
few lumps which when the spring come will

Indian Affairs. (RL 10, Volume 6155, File 421-5, part 1)

dissection as the land is heavy sticky clay and when
well is very lumpy also and I presume by the way
Chambers used to talk he thought we ought to
powder all the lumps and make a garden of
the whole lot which as you are aware was not in
our contract so now for Mr. Lean I hope you
will understand me when I say that we done
the job according to specifications as we did
and as regards the inspector who was over-
seeing the job of the Ramra School building
He was no mechanic and did not apparently
know anything about a building as when I
would ask him for information his answer
invariably would be (Well I don't know put it
the best way you can.) Now do you call that fair
to a contractor to ask him to work under a man
of that caliber who admitted to me himself
that he was a farmer and not a builder and
then we are supposed to abide by his decision
which we refuse to do so now Mr. Lean
hope you will rectify this at once and if
Mr. Chambers want to take his oath that
the levelling is not done I'll have him
sworn and proved to be a pervaricator before
he is much older as this thing is only done

Indian Affairs. (RL 10, Volume 6155, File 421-5, part 1)

COPY

apparently through spite as if I were talking
to you personally I could tell you some plain
facts about your inspector that would do him
justice but not much good.

Hoping to have this adjusted at once
as we don't want any trouble but we like
to get what is our own. I remain yours
truly

Malcolm Link
Per J J Link & Son.

P.S. The difference of \$400 in the flooring
is correct.

Gentlemen:-

Messrs Phillips & Company of Orillia are again enquiring from us what response we have had to our letter to you of the 23rd ultimo and we have told them that we have as yet had no reply, but that no doubt you will take it up fully in due course.

In addition to what we stated in the letter referred to we may say that Mr. Phillips informs us that the Gurney Company manufacture no furnaces of sufficient size to heat the school building ⁱⁿ question. You may perhaps understand that we make a specialty of heating and do no other business whatever, whereas in the case of the Gurney Company it is only a fraction of their business so that they content themselves with making furnaces of a size to be used in an everyday building, whereas we manufacture them sufficiently large to heat twelve-roomed school house or larger if more than one furnace be used.

Ottawa, March 5, 1914.

Sir,-

I beg to acknowledge the receipt of your communication of the ^{22nd} ultimo wherein you express surprise that this Department refuses to accept as satisfactory a furnace installed in the Rama School near Atherley, Ont., and to say in reply that, as you are fully aware, a Gurney furnace had been specified for the work at this point. The Contractor was asked to give an estimate for a different pattern of furnace by the same manufacturer, and was instructed, that this furnace only, could be considered.

We are fully aware of the value of your hot air furnaces and place them as the equal of any of this class of heating apparatus manufactured. ^{but it is not policy} Notwithstanding this, ^{to allow any substitution of materials} we cannot allow the substitution of one make for another ^{specified for buildings without the consent} specified and tendered on, or allow any unauthorized change ^{of the material; this will however be} to contracts, and as a business man you will readily admit ^{this instance makes an exception in} that providing the case was reversed, ^{you would make} you would make ^{your favor and pay the amount} a very decided objection to any substitution in the matter, ^{in your favor} and feel aggrieved, and with justice, for the wrong done ^{you.}

Your obedient servant,

Asst. Deputy and Secretary.

Memorandum.

The Accountant.

With reference to the letter of J. J. Link & Son, contractors, for the Rama School, dated the 23rd ult.

No levelling specified except the excavated earth, which was to be graded to shed water from building, and this appears to have been done.

The contractor agreed to complete his contract for the erection of the building during the Summer, and was, therefore, not required to provide for any heating for the building. The account for changing furnace will also be paid. See letter below.

Sirs,

With reference to to the Rama School building, I have to request that you will forward to the Department your accounts for extras, to which you made reference in your letters of the 11th and 23rd February. The account should be made out less \$54.00 deducted for difference in flooring. The account should be in duplicate, and may be certified by Agent Myers.

Your obedient servant.

Asst. Deputy & Secretary.

Introduction ∞

¶ Our primary aim in issuing this booklet is to bring to the attention of those interested, the importance of supplying fresh air to the children in Schools and to all in places of Public Assembly, by a proper means of Ventilation and heating.

¶ This is a most important subject and absolutely necessary for the health of the nation. The backbone of any country is largely dependent on the Health and Brain Energy of the Children.

¶ Our secondary aim is to show how and why this object can be attained more easily and more economically by the

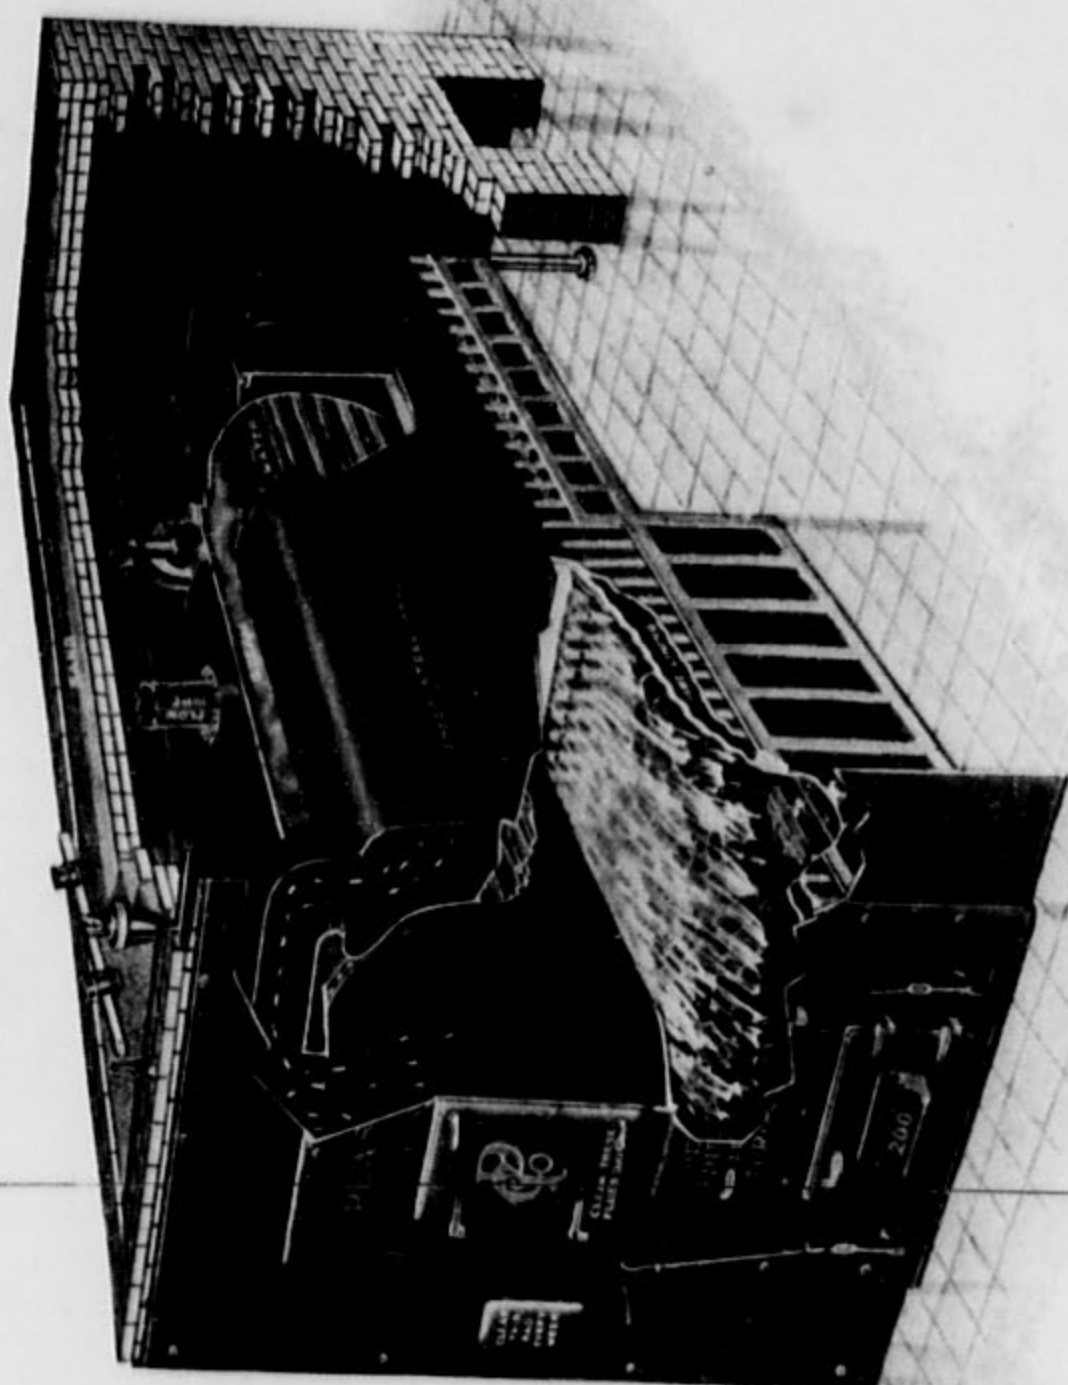

PEASE PATENTED SYSTEM
of STEAM HEATING and
VENTILATING

than by any other means.

PEASE FOUNDRY COMPANY.

As to Ventilation.

You may have often heard the remark outside the Church door, "Wasn't the sermon rather dull to-day?" and perhaps you have assented. "Dearly Beloved Brethren," examine yourselves and the church ventilation and see whether it was not your own brain that was "dull," intoxicated by that most common of gaseous poisons known to science as "carbon dioxide" which is simply common air with its oxygen burnt out and replaced by particles of carbon.

Try a Simple Experiment.

Take a small piece of candle, less than an inch will do—light it and set it on a plate. Note how well it burns. Now invert a common tumbler over it. It still burns brightly for a few seconds, then pales—flickers—dies—not for the want of wick or wax, but for *lack of oxygen*. Now light again; cover again; let the flame sicken again; but before it dies remove the glass. See how quickly it lives again. It has good air instead of air vitiated by "carbon dioxide."

A Human Candle

Every pair of lungs is a human candle, but of many "candle power." The pure air goes into the lungs as into the candle flame. There the oxygen is consumed with the waste elements of the human body which had been absorbed by the blood, and which consist, like the wick and wax of the candle, chiefly of carbon. If a constant supply of pure fresh air is not supplied, the human body would be like the candle under the tumbler—weaken and gradually die.

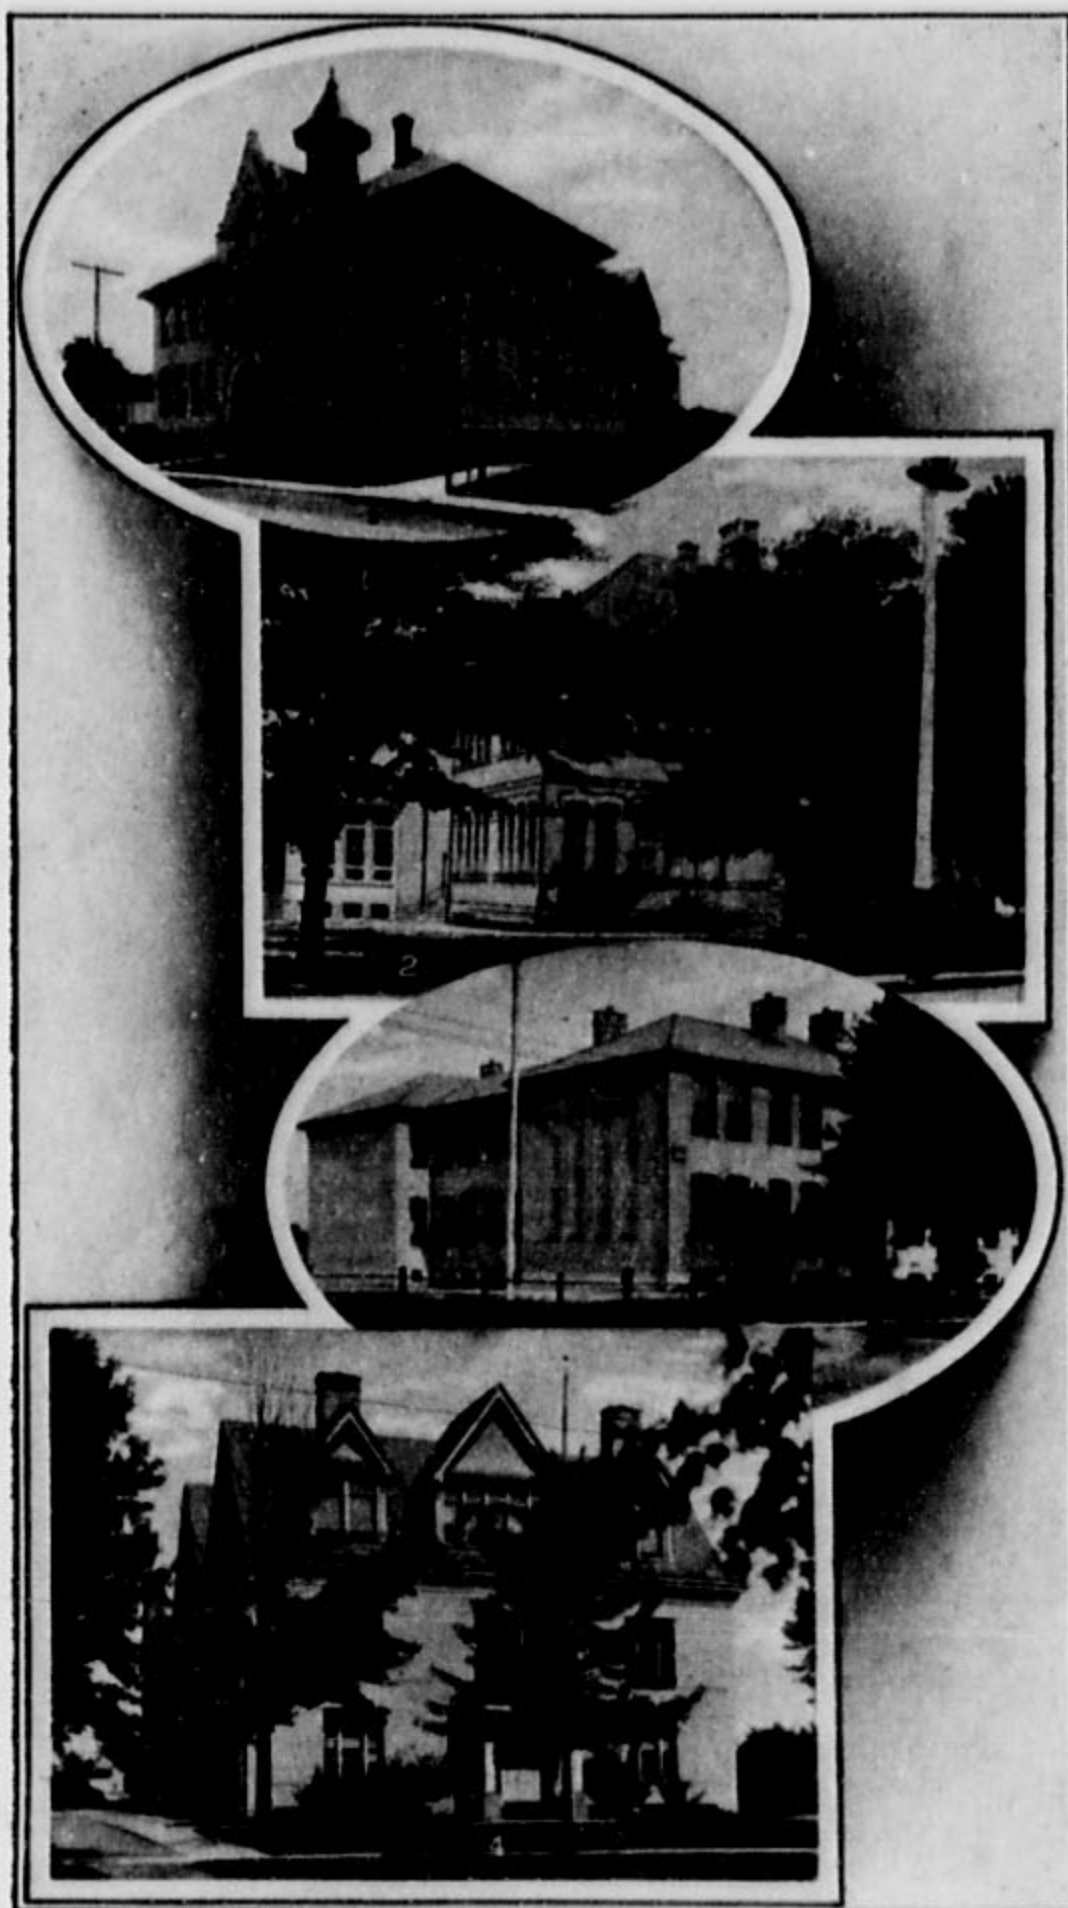

The average adult inhales about 25 cubic feet of air per minute when at rest—much more when active—and exhales

Page Five

*A group of four schools in London, Ont.
All heated and ventilated by PEASE SYSTEM.*

Page Six

PEASE FOUNDRY COMPANY

about 6 cubic feet of carbon dioxide per hour, thus exhausting the vitality of at least 1500 cubic feet of air.

If more fresh air is not supplied, this leads to that form of smothering which the doctors call "asphyxiation"—witness the "Black Hole" of Calcutta and the horrors of prisons a hundred years ago. If only partially replaced, it leads to a form of blood poisoning which dulls the intellect and energies and blocks the avenue from the preacher or teacher to the "hearing ear and the understanding heart" of the listener.

Now if this is true—and it is—why don't half the people die when they go to Church or theatres or political meetings?

Because the meeting place is (like the tumbler covering the candle) full of fresh air when the people enter.

Because every time the door opens (that's where the man who comes in late is useful) it lets in just so much more air.

Because the windows are seldom tight and often open,

Because a healthy man may take a moderate dose of carbon dioxide—just as of whisky or other poison—without knowing what hurts him.

Because all modern churches, schools and other places of assembly possess some means of ventilation, even if crude and insufficient. That is why our forbears didn't all die before we were born.

Lessens Danger of Infection.

But there is another danger in lack of ventilation. The doctors tell us that nearly every human being, even the most healthy, carries in his mouth, throat, air passages and lungs, the germs of many diseases all alive and ready to work whenever they find inflamed or weak tissues to work on.

These germs (the Doctors call them "bugs") are more or less drawn in or thrown out with every breath.

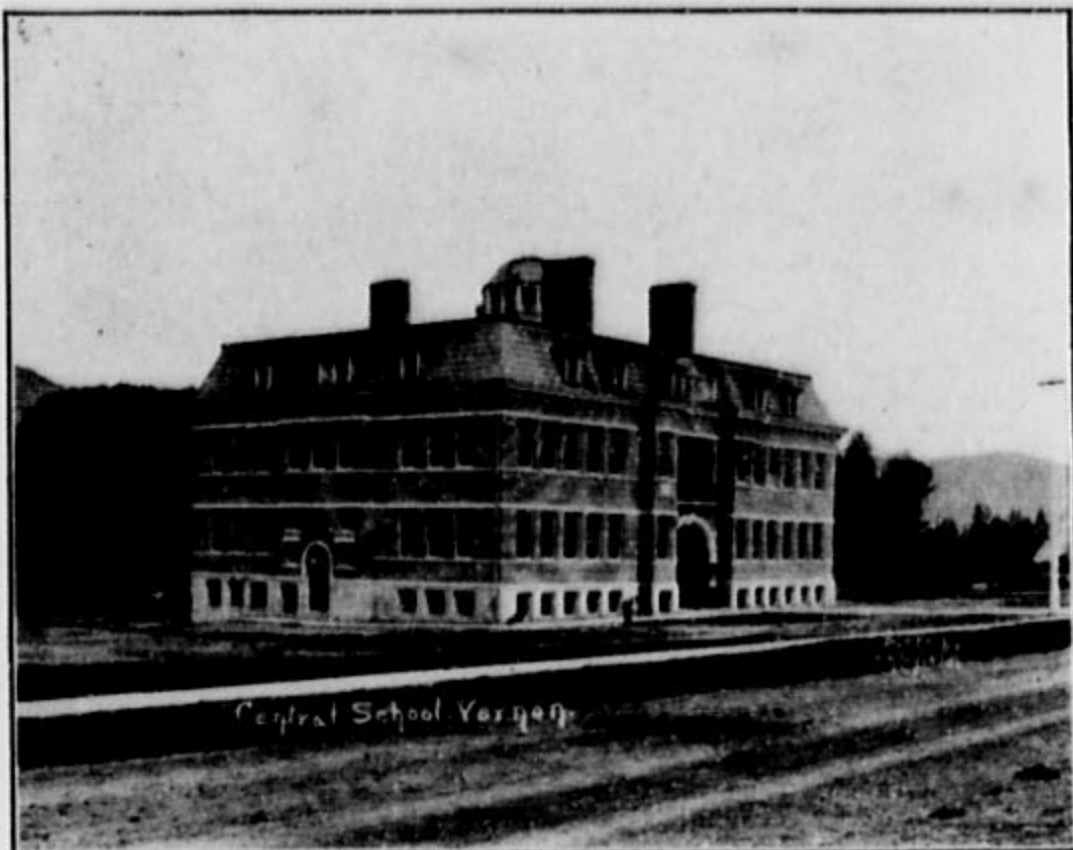

The result is, in a crowded place of meeting, that there is a friendly interchange of microbes between you and your neighbors. You may have more diphtheria germs than you

Page Seven

know what to do with; your neighbor may have a surplus of pneumonia seeds and another has a colony of measles or whooping cough embryos looking for situations. You exchange and carry your new roomers home, when if you can't feed them properly some of your family may perhaps be more hospitable.

How Ventilation Prevents Disease.

Comparisons have been carried out between schools well ventilated by mechanical means, and schools ventilated at haphazard or with no ventilation at all, which show that the average number of disease germs was only 17 per litre (or about 482 per cubic foot) in a well ventilated school, whereas in ordinary schools there were 152 disease germs per litre (or about 4307 per cubic foot).

Now, how will ventilation help this? Because by a kind provision of nature "carbon dioxide"—the breath exhaled—is heavier than air and falls to the floor by slow degrees, taking with it most of the disease germs which are carried out of the body with it.

In all good systems of ventilation the foul air is carried away through gratings in or near the floor and thus the poisoned gases and disease germs are carried quickly below the nose or intake point of the breath.

As all good systems do this we claim no special advantage in this regard.

But foul air won't go out unless other air is brought in to replace it. If it did we'd be worse off than ever, for no air is worse than foul air.

Therefore all modern heating systems for schools, etc., take in fresh air from the outside, warm it, and draw off the foul and exhausted air from the rooms, either by pressure or suction.

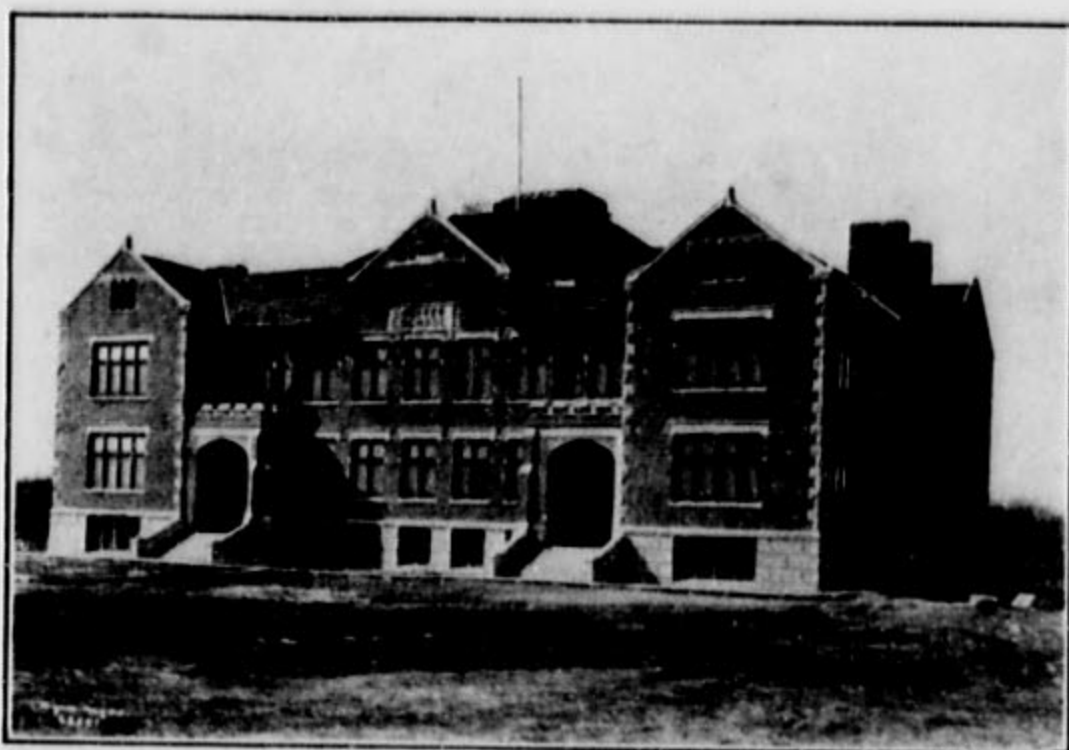

Suction produces a vacuum (usually by means of a fan) drawing off the lower stratum of air and facilitating the entrance of pure, warm air higher up.

But the disadvantage of the suction system is that it draws the cold air into the rooms through every crack and crevice in windows, walls, and doors, thereby causing drafts.

Oliver School, Edmonton, Alta.

Heated and ventilated by PEASE SYSTEM

Boiler Room, Oliver School, Edmonton, Alta.

PEASE FOUNDRY COMPANY.

Pressure Systems Safest.

Under the pressure or "plenum" system the fresh warm air enters the rooms about midway to the ceiling, thus forcing the cold air out at the exhaust ducts near the floor.

Under a *well planned* "gravity" system the warm air enters the room at a velocity of 100 to 300 feet per minute; that is with quite sufficient force to squeeze the lower cold air "down and out."

But the most reliable system, especially in large buildings, is to force the warm air into the room by a fan or "blower" driven by electric or gas power at a velocity of from 200 to 400 feet per minute.

In either case the air pressure (except against a very strong wind) is *from within to without* so that there is little chance of drafts.

Of course, under any good pressure system the windows should be kept closed tight, as all the fresh air necessary is admitted through the fresh air flues. It is sometimes difficult to get school and church caretakers to understand this.

Responsibility of Modern Science.

With higher knowledge runs hand in hand greater responsibility. What our grandfathers did and were blameless for we may not do without adopting the philosophy of the man who thought he was not his "brother's keeper."

If there is anything well established by modern science and understood by men of intelligence it is the vital necessity of abundant fresh air supply in churches, schools and other places where people "most do congregate."

Let those in control of such places think well how they can best do their duty to the human lives dependent on their care.

Pease System Patented.

So far we have claimed nothing for our own patented system.

Any good boiler with *proper installation* will heat and ventilate a building as well as ours—but at a much higher cost.

PEASE FOUNDRY COMPANY

Note the name we give our Steam Heater and Ventilator—"ECONOMY."

In the case of most steam boilers a large percentage of the incandescent gases go up the chimney flue, carrying "DOLLARS" with them. Every boiler must have "money to burn" in the shape of good fuel, but most of them don't burn, that is completely consume, half the "dollars" fed into them.

In an ordinary tubular boiler the gases caused by the combustion of the coal travel from the fire box underneath the boiler to the back—then through the tubes of the boiler to the front and up the chimney which is located at the *front*—consequently a lot of unspent heat goes up the chimney and is wasted.

With the Pease System these gases make the same double journey as in others, producing the same steam, but we make them do a third passage, viz. from the front to the back again through wide radiating wings running along each side of the boiler from eight to sixteen feet in length and from thirty to forty-two inches in depth and *then* up the chimney which is located at the *back* of the Pease boiler.

The gases at the entrance of these radiating wings are of a temperature from 100° to 200° higher than at their exit by the smoke pipe.

This heat is used to warm the fresh air, which is forced under the boiler and up between the fire-box and the radiators on the inside and between the radiators and the brick casing on the outside, through the warm air ducts into the school rooms, etc.

All this heat (and money) wasted in other systems is saved only by the *Pease Patented Steam Heater and Ventilator*.

How Much Saving?

From all this it is plain that *there is a saving* in our system, but Church and School and Hospital Boards and owners of large halls, theatres, stores, factories, etc., will want to know "*How Much?*"

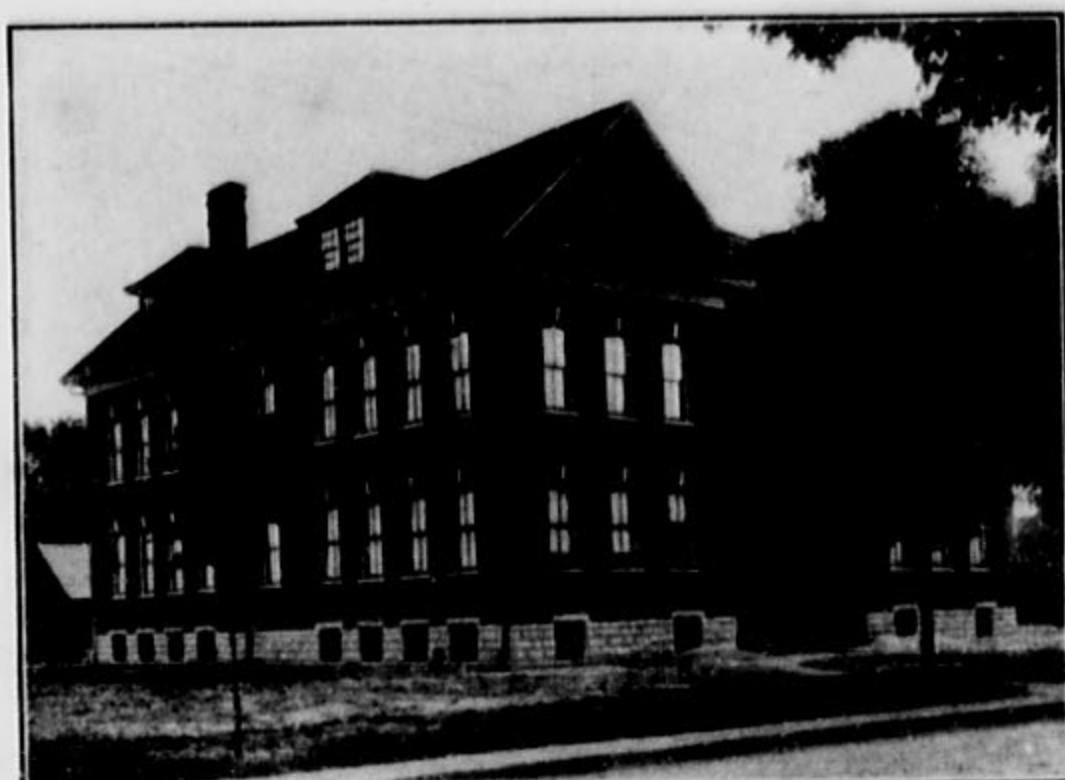

Our apparatus has been long enough on the market to enable us to give reliable and somewhat extensive statistics,

" PEASE System 8					292 01	223 94
Alexandra	10					
" PEASE System 10						Installed 1911

In explanation of the above we might point out that where the Pease system is mentioned it means that the old system was thrown out and the Pease system installed the year the figures in red are first shown.

In the case of St. George, Lorne Ave. and Wortley Road schools you will notice four rooms were added at the time the Pease system was installed.

Notwithstanding this large increase in number of rooms, in the case of two schools the total cost of heating was materially reduced.

Steam Lump used in the Pease plants cost from \$4.00 to \$4.25 per ton.

General average cost *per class room* per year in London Schools:—

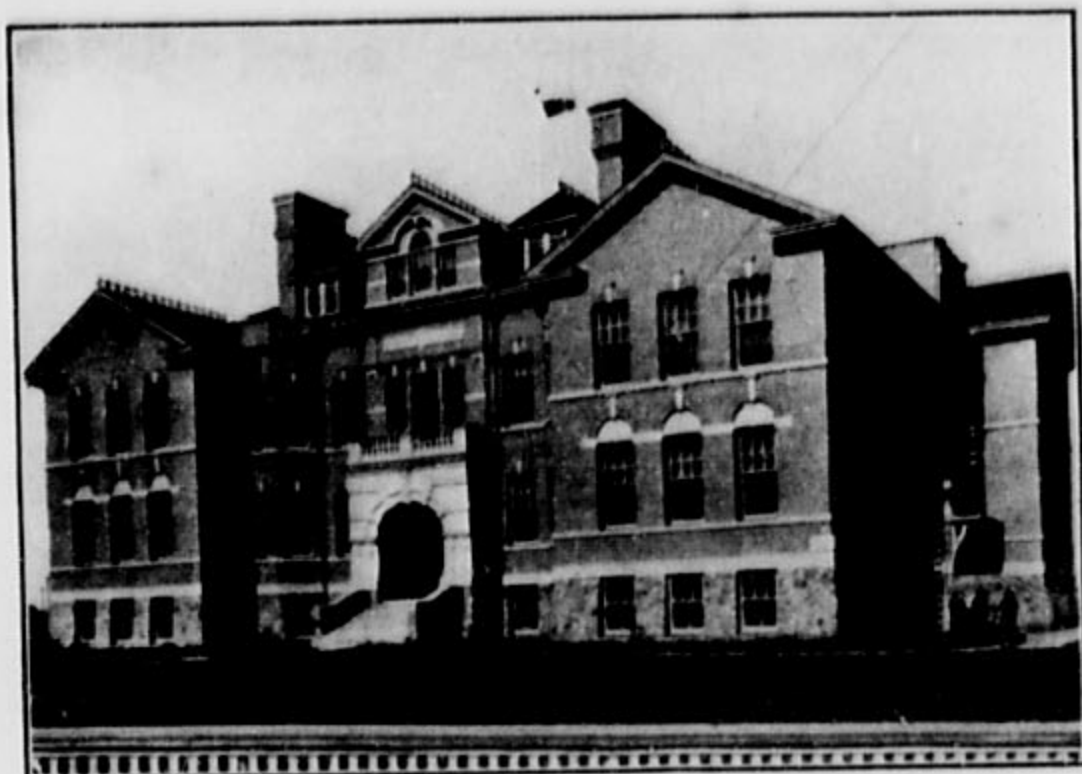

PEASE SYSTEM	-	\$27.75
OTHER SYSTEMS	-	54.44

An actual cash saving of nearly 50% in fuel alone.

PEASE FOUNDRY COMPANY

Below we give a few figures showing the cost of heating per class room of some school in Ontario.

SCHOOL	ROOMS	Average Cost of Fuel per Class Room per Year, Pease System.
Collegiate Institute	Barrie 7	\$37 71
Public School	Lucan 6	19 41
Public School	Tavistock 4	34 29
High School	Grimsby 9	42 00
Public School	Stirling 4	35 74
High School	Stirling 8	29 49
Public School	New Toronto 4	41 06
Public School	Preston 10	48 34
Public School	Allandale 8	60 50
Public School	Weston 7	31 88
Public School (2)	Lindsay 16	40 00
Public School	Kemptville 5	36 12
High School	Kemptville 6	40 25
GENERAL AVERAGE		91 \$36 66

NOTE: We do not give the average cost of heating with other systems in the smaller towns, because in almost every case the Pease system superseded some other. The general average is higher than in London because as a rule the fuel cost per ton is higher, the exposure is greater, the caretakers receive lower salaries and devote their time less fully to the heating.

Toronto has not installed a sufficient number of our Steam Heaters and Ventilators to make a fair comparison, and where they are installed we have had to accept the "lay-out" of some antiquated system.

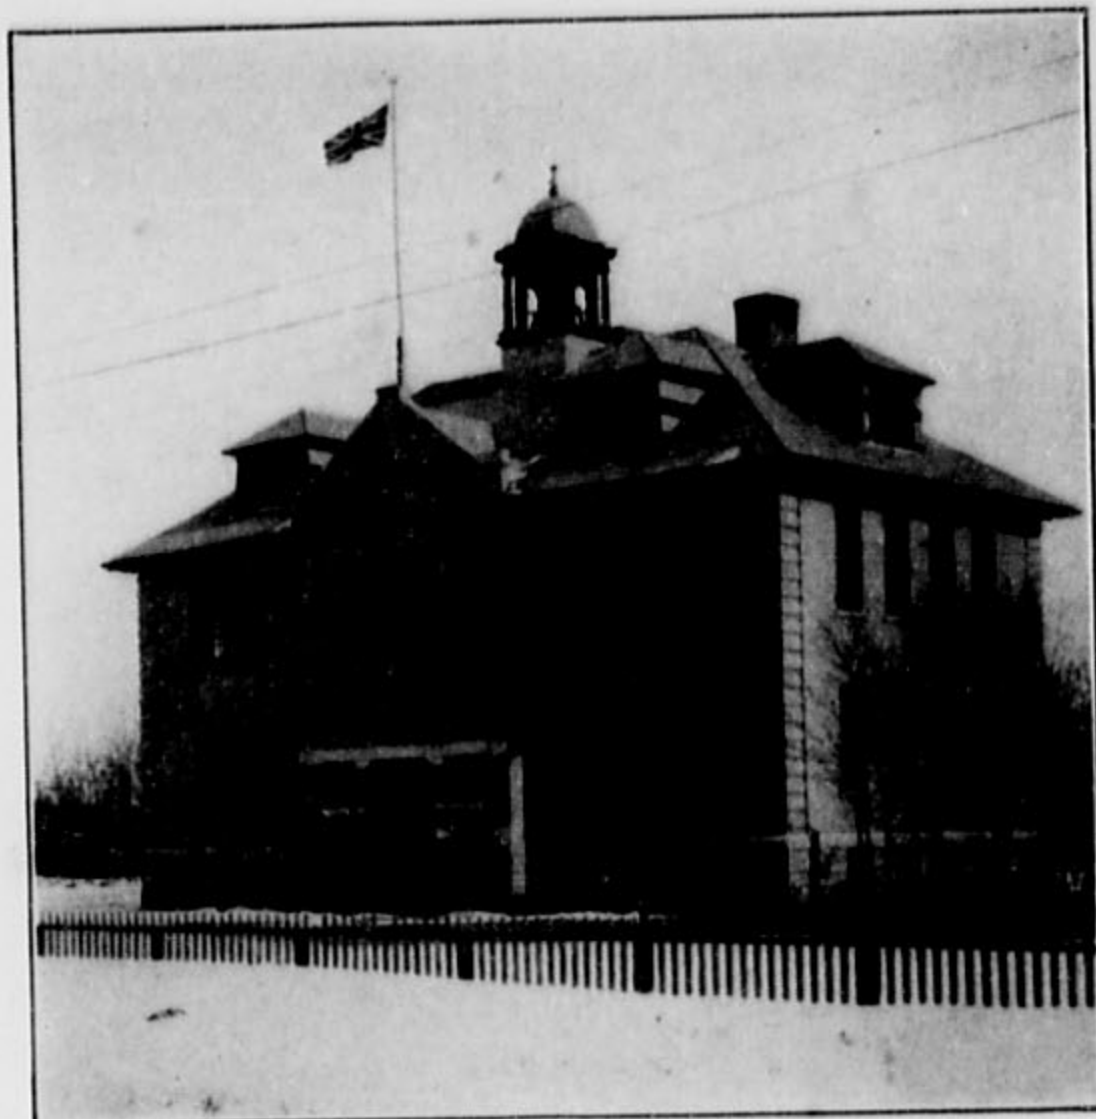

We may however mention that from the printed report of the superintendent of Buildings of Toronto Board of Education for 1910, page 88, it appears that the average cost per room of heating

Annette St. School (12 rooms)	
Cost per room with PEASE (Steam) Systems	\$21.60
Average of all Steam Heated Schools	
Cost per room	43.86
Saving per room by PEASE System	22.25

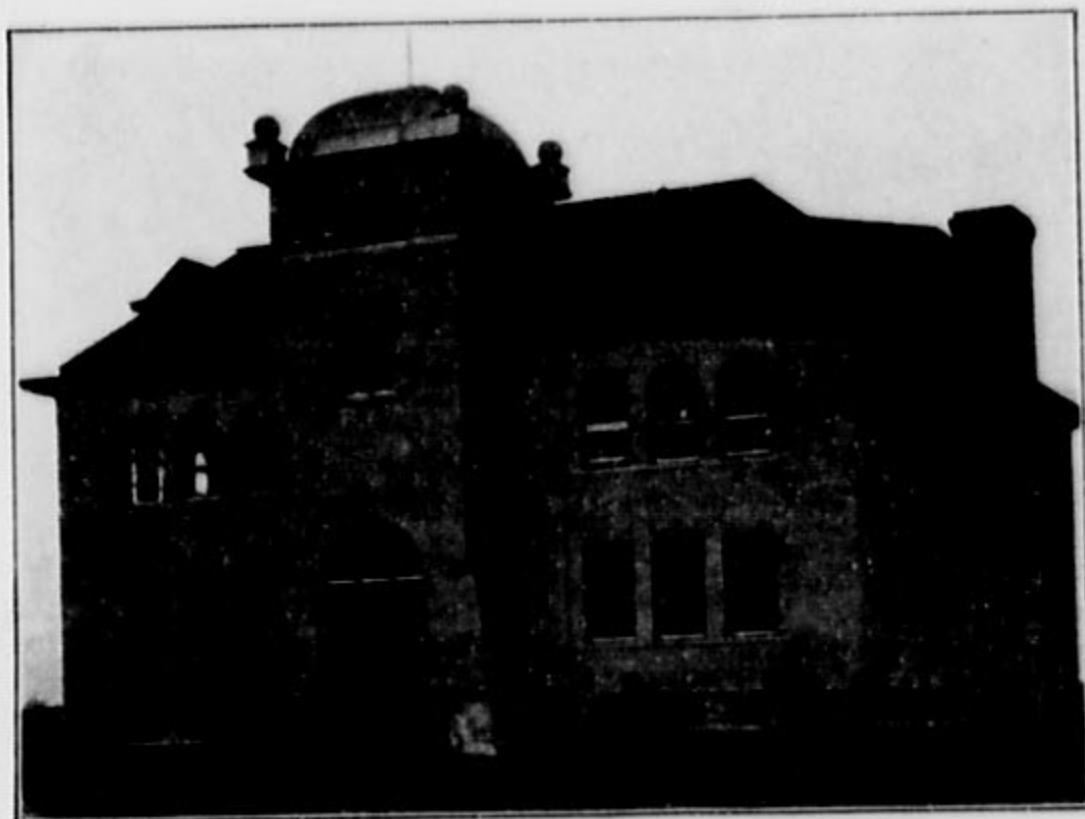

Indian Affairs. (RL 10, Volume 6155, File 421-5, part 1)

Page Eighteen

PEASE FOUNDRY COMPANY.

This may be owing partly to the superior skill and care of the Annette St. janitor but in a large measure, we think, to the more scientific construction of the PEASE APPARATUS.

We hope we have said enough to convince those interested that even if our system may not do its work any better than others (though we think it does) it certainly is more economical by almost 50 per cent. in London (the only City which has given it a thorough comparative test) and we believe by quite 30 per cent. in smaller towns.

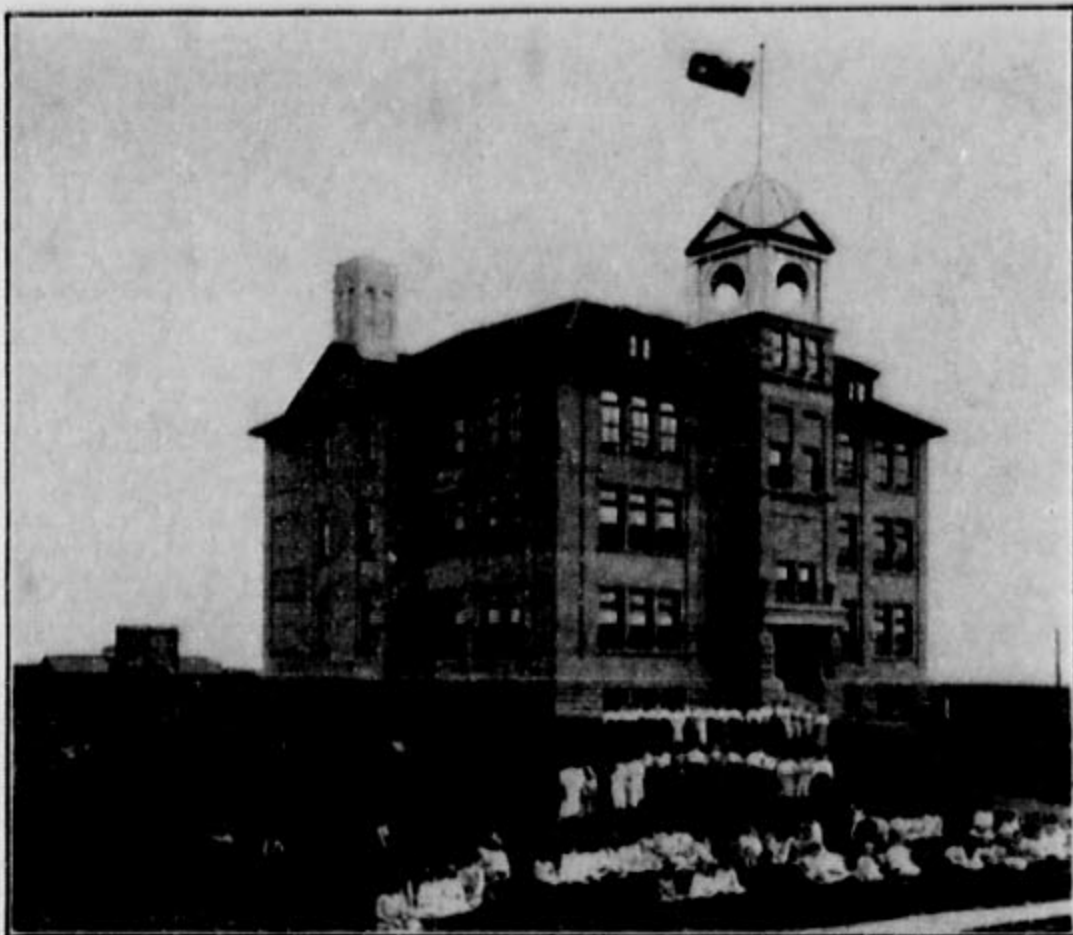

Further evidence may be found in extracts from letters received by us and appended.

PEASE FOUNDRY COMPANY

Clippings from Letters Received from Parties who have had to do with Pease Steam Heaters and Ventilators.

From R. G. Gordon, Architect and Engineer, Calgary, Alta.

I have much pleasure in certifying that the test of the heating and ventilating plant installed by your Company in the new Southward school in this City, has not only met every requirement of my specification, but the gravity system of ventilation has proved so efficient that I do not anticipate that the supplementary fan installed, will under the circumstances be required. Since carrying out this test I feel confident for the Red Deer School and the High School for this City.

From Secretary, Public School Board, Carlyle, Sask.

The Economy Steam Heater and Ventilator installed in our school is giving perfect satisfaction and is the most perfect heater and ventilator for public school buildings on the market to-day.

From Secretary-Treasurer, Board of Education, Davidson, Sask.

Your system has given perfect satisfaction. During cold snap in January, the thermometer registered from 40 to 60 degrees below. During this period the temperature in the rooms was between 65 and 70 degrees during the school hours. The heating in all rooms is satisfactory no matter what the outside temperature might be. The ventilation is perfect. System installed has been in our school since 1907. Davidson School has four rooms and a teachers' room.

From Chairman, Public School Board, Humboldt, Sask.

Heating is generally satisfactory when outside temperature registers 20 degrees below. Ventilation is satisfactory. Fuel consumption is satisfactory.

From Secretary, Public School Board, Red Deer, Alta.

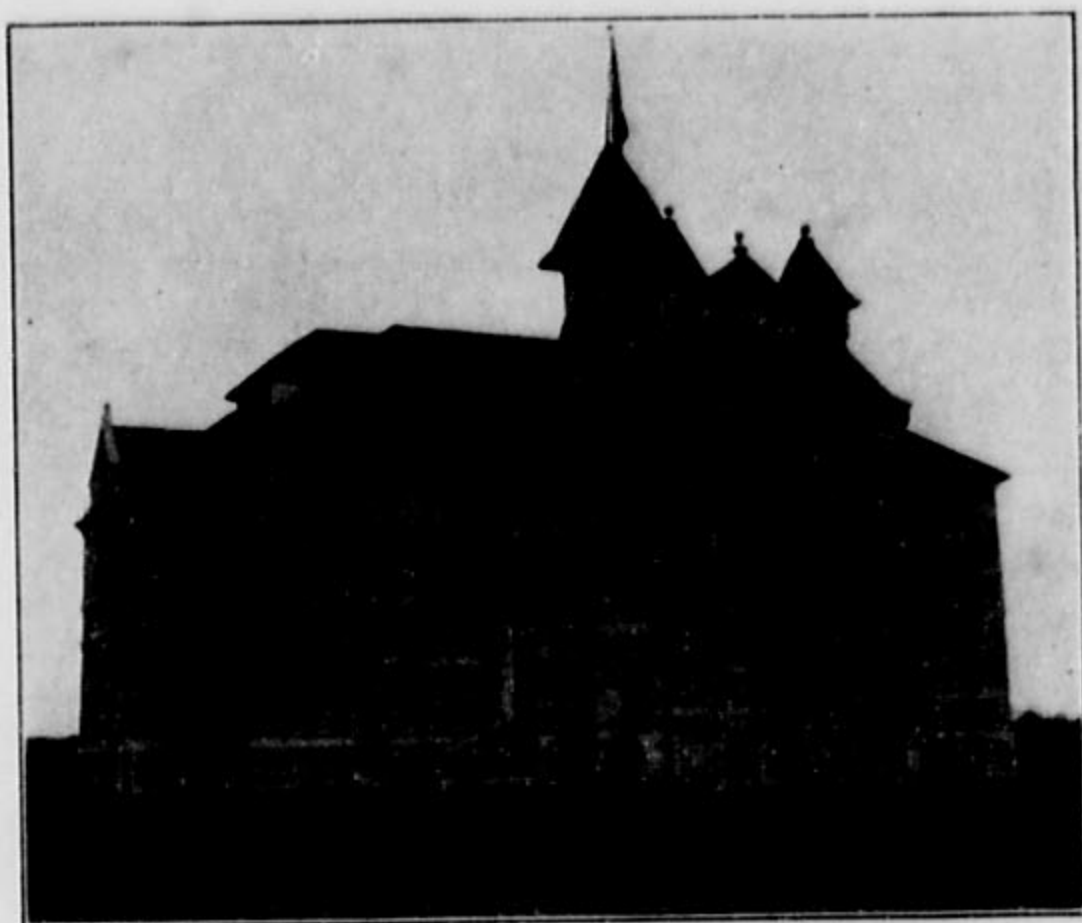

The system installed by your Company has been very satisfactory. The lowest temperature was 56 degrees below zero. The Thermometer varied from 69 to 74 degrees in the different class rooms when the school opened at 9.30. No complaints about the ventilation.

PEASE FOUNDRY COMPANY

*From Chairman,
Board of Education,
Woodstock, Ont.*

Pease Foundry Co., Limited,
Toronto, Ont.

Gentlemen,

With reference to the heating and ventilating systems installed in our new six and eight roomed school buildings by Mr. E. S. Coppins, Local Heating Contractor.

These systems have been given a thorough trial during last winter and we have also had our Architect make very exhaustive tests. It has been found that uniformed temperature can be attained at all times in all parts of building, also that the air can be changed in the different class rooms at least three times per hour, where the apparatus is being operated on the gravity system and between five and six times per hour when operated with the steel plate blowers and electric motors running. Although we are not in a position to furnish accurately as to fuel cost per class room for a full winter season, it has been demonstrated that with the Pease Heaters and Ventilators, the fuel cost per class room is much lower than with other systems we have operated in past years. There is no question but that with the Pease apparatus, it is possible to heat and properly ventilate a school building better and at a lower cost than with any other system that has been brought to our attention.

Yours very truly,

(Signed) G. WHITELAW,
Chairman Board of Education.

*From Secretary,
School Board,
Kemptville, Ont.*

Dear Sir,

Re the Pease Steam Heating systems installed in our High and Public Schools, would say that they are giving the best of satisfaction in every respect. I cannot say anything in any way against them. They are the most economical, easily managed systems I know of.

This system saves in fuel over the other about one third the fuel and buildings are better heated and ventilated and if the board were going to install another heating system it would be the Pease. What I have said is the voice of every member of the Board.

Having watched these systems closely for three years as it comes under my duties on the Board I can recommend them and know you will make no mistake in adopting it. All the Pease Company claim for them is nothing more than they will do.

Yours truly,

(Signed) W. S. JOHNSON,

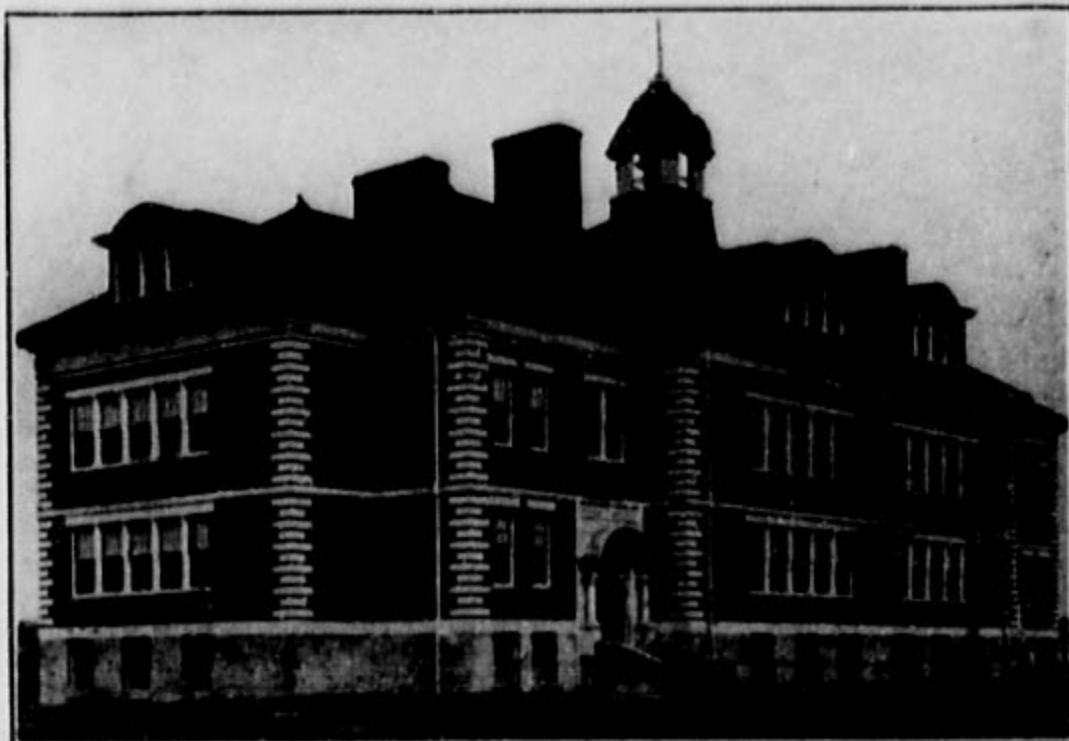

P.S. These systems work as well in one school as in the other.

PEASE FOUNDRY COMPANY.

From Chairman, Public School Board, Moose Jaw, Sask.

Systems installed in Victoria and Alexandra Schools have proven very satisfactory. We have uniform heat in all the departments and perfect ventilation. System combines economy of fuel with a healthful ventilation. We have also saved a large percentage in fuel.

From Superintendent, Public School Board, Moose Jaw, Sask.

Heating system is generally satisfactory even at the coldest temperature. Ventilation is satisfactory. Fuel consumption is satisfactory. System has been in operation three years.

From Chairman, Public School Board, Regina, Sask.

The system, after a severe test last winter proved to be economical as well as able to do the work in heating and ventilating demanded of it in our large twelve room school. The Board are at present, installing it in other ten room schools in the City which is in itself sufficient testimony of its excellency.

From C. H. C. Wright, School Practical Science, Toronto, Ont.

Have made careful calculation as to the heating powers of the Economy Heater and Ventilator No. 180 and am convinced that this heater is well balanced. Combustion is about perfect, heat units being utilized that in ordinary systems are allowed to escape out through the smoke outlet. Heater will carry seventeen hundred feet of direct radiation and the indirect surface will generate a sufficient heat for tempering air to be equivalent to 700 square feet of direct steam radiation.

From W. J. Fenton, Principal, Brampton Ont.

Your heating and ventilating system has given complete satisfaction here.

From Chairman, Board of Education, Kemptville, Ont.

Your system of heating has been giving excellent results as to distribution of heating and ventilating. The fuel consumption has been very materially less than with Smead-Dowd.

From Chairman, School Board, Preston, Ont.

System is all right and will do all that is claimed of it.

PEASE FOUNDRY COMPANY.

From Rev. Father Theo. Spetz, Waterloo, Ont.

Steam heating and ventilating you put in our Separate School and Convent building is giving the most perfect results both as to heating and ventilating.

From Superintendent Industrial School, Mimico, Ont.

The heating and ventilating apparatus you installed for us in our new school building has given us complete satisfaction.

From Chairman, High School Board, Brampton, Ont.

Heating and ventilating system installed by your firm has been entirely satisfactory. The prominent feature of the system is the thorough ventilation. There are no complaints of headache and that languid feeling so often experienced in schools.

From Principal, High School, Barrie, Ont.

Heating and ventilating system that you put in last Fall in the Barrie Collegiate Institute has proved satisfactory in every respect. For the first time in my experience in school teaching, I have been working in a building comfortably warm and at the same time delightfully sweet. No parched air, no draughts, no foul air. Moreover your steam heater is very easily managed and very economical.

From Chairman, Public School, Weston, Ont.

Our school Board installed a Pease Heating and Ventilating system (steam) and it is entirely satisfactory both as to heat and ventilation. Fuel account almost half what the old hot air system was. Have tried hot water but find steam more satisfactory.

From Chairman, Public School, Picton, Ont.

Cost for fuel has been \$25.00 per room for a full school term. Saving over the old system has been \$700 for the two years. Our teachers are well pleased and that alone warrants us in speaking in the highest praise of your system.

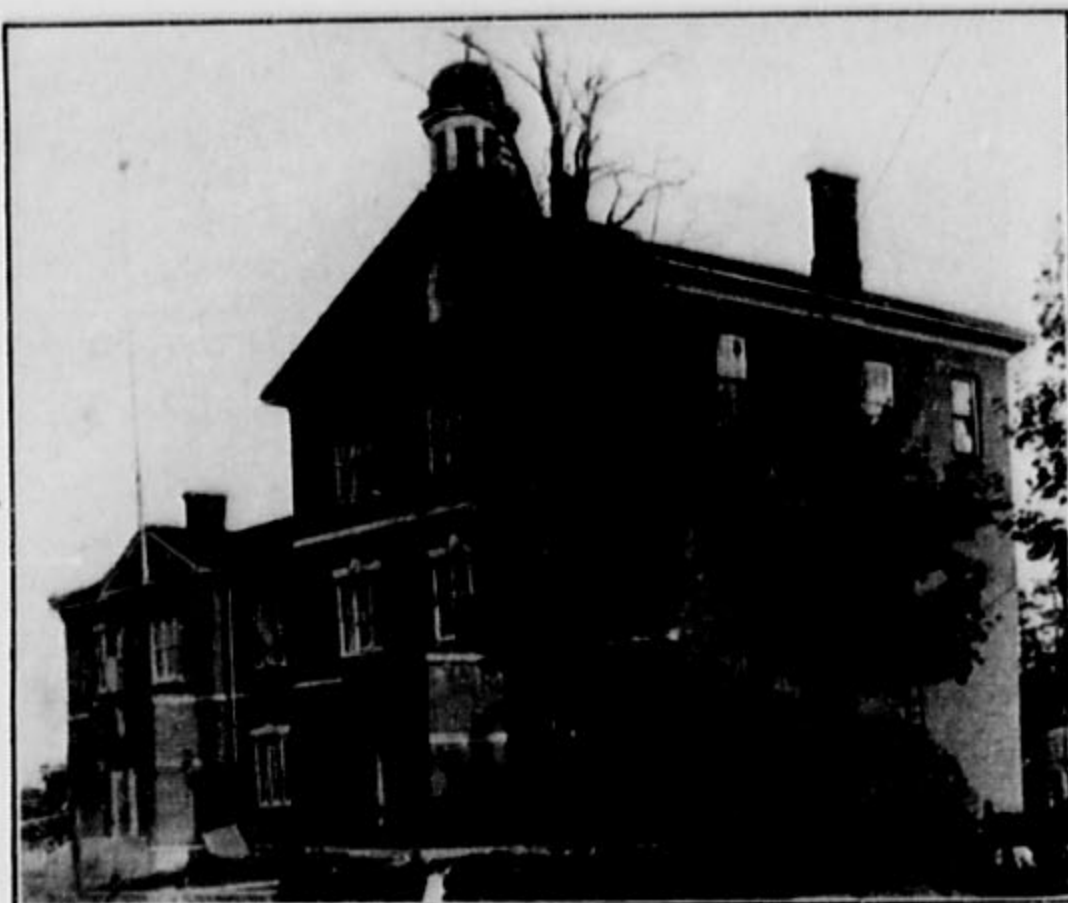

From Chair. and Sec., Public School, East Toronto, Ont.

We have experienced no difficulty in maintaining an even temperature at all times. The ventilation is also exceptionally good, netting a change of air in building of from three to five times per hour. The Pease Heater and Ventilator is certainly adapted for use in buildings where it is necessary to heat and ventilate at small fuel cost.

PEASE FOUNDRY COMPANY

From Secretary, Board of Education, London, Ont.

The heating and ventilating has been perfect so the Principal and teachers report while the cost has been about \$21.00 per room for fuel. I can certainly say the system put in by the Pease Company is the most satisfactory in the schools.

From Caretaker, High School, Walkerton, Ont.

The furnaces you placed in High School, Walkerton are giving every satisfaction.

From Chairman, School Board, London, Ont.

Re Pease system of heating and ventilating which the Board has adopted for several of the schools. Four years ago the Board built an addition of four rooms to what is called St. George School making it a sixteen room building and put in the system referred to for heating the new addition and four rooms of the old part. So satisfactory was the experience that the year following the whole school was heated by the Pease system, an additional boiler being put in. The following year the new Lorne Ave. School was built, a fourteen room school, and the system installed there. The Chesley Ave. School ten rooms was heated by hard coal furnaces, these were taken out and the Pease system put in. The saving in fuel which is quite an item, will in a very short time more than cover any additional cost that has been incurred in putting in the new plant. System easily managed and the heating and ventilating is as perfect as anything of the kind could possibly be.

From Secretary, Public School Board, Haliburton, Ont.

The Pease system has been most satisfactory this winter although the weather has been intensely cold, at times 35 degrees below zero.

From Secretary, Board of Education, Barrie.

More satisfactory than other systems, especially as to ventilation and reduction in cost of fuel, with better results.

From Secretary, High School Board, Lucan.

Very much more satisfactory than other systems.

From Secretary, Board of Education, Grimsby.

Your heating system has worked entirely satisfactorily all through the extremely cold weather of the past six weeks and the Board consider it all it was recommended to be.

Reputation

WITH an unblemished reputation of over thirty-six years in the manufacture of heating systems and producing the best Furnace in every way, we have not the slightest hesitation in recommending this booklet to your careful consideration, knowing that every time you install a "PEASE" Heating System you not only make a friend of your customer, but put out a big advertisement for your business.

Let us help you with your heating problems if you have any trouble or difficulty whatever. We have an expert staff of heating engineers who are at your disposal free of all cost to you.

Please write us at any time for information or any other assistance we can give you in regard to any heating problems.

Guarantee

THE estimated capacities of our Furnaces are based on actual tests made in this climate.

We guarantee that with proper installation and attention all our heaters will, in a reasonably well constructed building, perform the service for which they are rated.

In the case of churches and halls where the ratio of wall surface to cubic contents is smaller than in residences the furnace ratings can be increased according to general conditions.

Further than this, we guarantee our heaters to the extent of furnishing new castings for any found defective in manufacture. However, all parts claimed defective must be returned to us, prepaid, for inspection.

INTRODUCTION

*To Furnace Dealers
and the General Public of Canada.*

In presenting to the Canadian Market the new "700 Series" Pease Economy Warm Air or Combination Hot Water and Warm Air Furnaces, we do so with the utmost confidence that these furnaces will not only uphold, but will materially enhance, the reputation earned by this Company during the twenty-nine years of its occupation of the Canadian field.

The Pease Foundry Company, Limited, has always had a reputation for producing only the best in the way of heating materials, whether Warm Air, Combination, Hot Water or Steam. The "700 Series" Furnace is not an exception to the rule but presents many special features new to the furnace-using public of Canada, which are impossible to secure in any other make of furnace.

A Pease Furnace is not only a necessity but a permanent investment. The right furnace adds materially to the value of any home. A Pease Economy Furnace in a new house makes possible quicker and more satisfactory rental or sale, and soon pays for itself. A buyer or tenant never hesitates over the heating question when assured of a Pease Economy Furnace in the house.

The exclusive and individual features of the "Economy" Furnaces are convincing. Compare them point by point with the ordinary furnace—note the "Pease" advantages in material, design and workmanship. The fuel economy and the convenience as evidenced throughout, are sufficient proof of the superior construction of the Pease "Economy" Furnace.

Durable. The construction of the "Economy" Furnace is simplicity itself. Life long durability is practically secured by the extra heavy fire-pot and other important castings, copper bearing steel radiator, and heavy boiler plate dome.

Dust Proof. The cup-joints on all parts subject to expansion from heat, guarantee absolute gas and dust-tight connections.

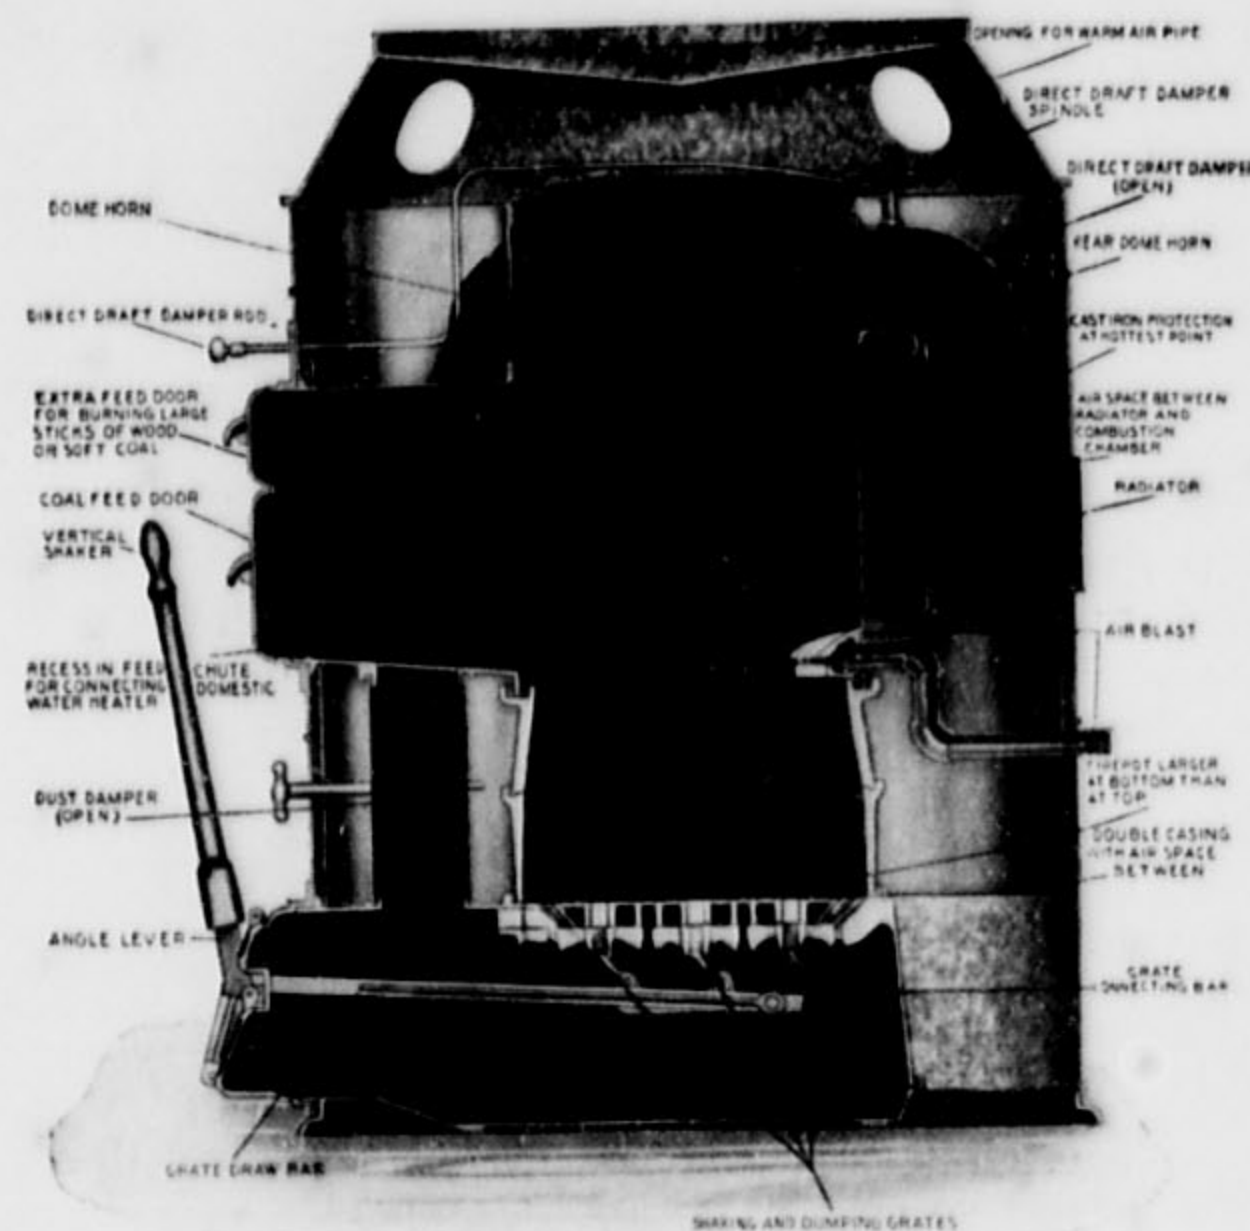

Copper Bearing Steel. The Heat Radiator which has been a well-known and economical feature of the Pease "Economy" Furnace for years is still retained, but the sides, which have to be of steel, in order to give the greatest radiating power possible, are now made of a special grade of *copper bearing steel*, which as its name implies, contains a certain percentage of copper. This enables it to resist most successfully the corrosive action of the gases contained in the smoke. Tests made of this copper bearing steel during the past four years have shown conclusively that it will resist the corrosive action of acid gases for from two to three times as long as the best of the ordinary steels used in furnace construction. While this copper bearing steel costs us considerably more than even the high grade material which we have heretofore used, we have convinced ourselves by expensive tests that it will give more lasting service than any other steel we could use.

Large Clean-out Doors. These are a wonderful improvement and convenience and are situated one on each side of the feed door—thus enabling one to clean out the furnace in a few minutes at any time and without any trouble, by simply opening the doors and inserting the brush, no matter whether *the fire is going or not*.

Domestic Water Heater. As so many people now like to have their Domestic water tank connected to the furnace instead of to the kitchen range—we have made provision for this in the Pease "700 Series", so that at any time the connection can be made without taking down the furnace or drilling any holes. On the left hand side of the feed door, space is provided, with two holes, properly capped, in the casting for the flow and return pipes; this is one great advantage of a Pease "Economy" "700 Series" Furnace.

Firepot. Note the illustration of two firepots, (on Page 13). No. 1 shows the ordinary shape of Firepot as used in most furnaces. When the fire is shaken in this pot, only the centre is fully cleared of the ashes. The sides of the firepot still remain clogged and coated with ashes, which, becoming wedged in, have no means of escape.

This coating of ashes on the sides of the firepot renders it impossible for it to give out the full amount of heat. Therefore, it is not efficient as heating surface

Sectional view of Furnace through the center, from front to back. Note all the points specially marked.

COPY

Pease "Economy" Furnaces—"700 Series"

Cut No. 2 shows the Pease Economy "700 Series" firepot absolutely straight on the inside from the centre down while the upper part tapers slightly inwards from the centre upwards.

In this way the heat rays from the burning coal strike directly on the overhanging surfaces which gather and distribute every unit of heat possible; none is lost.

This firepot cleans itself easily and completely every time the grates are shaken and as there is no waste of heat, it is nearly 50% more efficient.

The Pease "Economy" 700 Series firepot is on the same principle that has been so satisfactory and successful in all Pease "Economy" Furnaces. It is made in two sections, which fit one on top of the other with a cup joint. This prevents cracking, which so often happens with one-piece firepots, due to the unequal expansion or contraction caused by the fire. The centre of the firepot receives the greatest heat, therefore, expands most—our cup joint being right at this point allows for this, makes it absolutely gas proof, and insures longer life to the firepot.

Grate Surface. The grate surface is the controlling factor in the heating capacity of any furnace. Any one with the most elementary knowledge of the principles of combustion knows that coal cannot burn properly unless the requisite quantity of air is admitted to promote combustion.

In a furnace, the best place to admit this air is through the grate, therefore, if the grate area is small the quantity of air supplied is necessarily correspondingly small, while if the grate area is large the amount of air admitted must also be large. (See also "Air Blast" Page 15.)

The heat supplied by a furnace represents the amount of heat contained in the quantity of coal burned, less whatever heat is necessary to promote a draft. If, however, air is not admitted in proper quantity, there is a considerable amount of unconsumed and unburned gas sent up the chimney. This represents just so much absolute loss in heat.

In the Pease "Economy" 700 Series Furnace all this is eliminated. We claim to have a larger grate area, size for size, rating for rating than is supplied in any other furnace made in Canada.

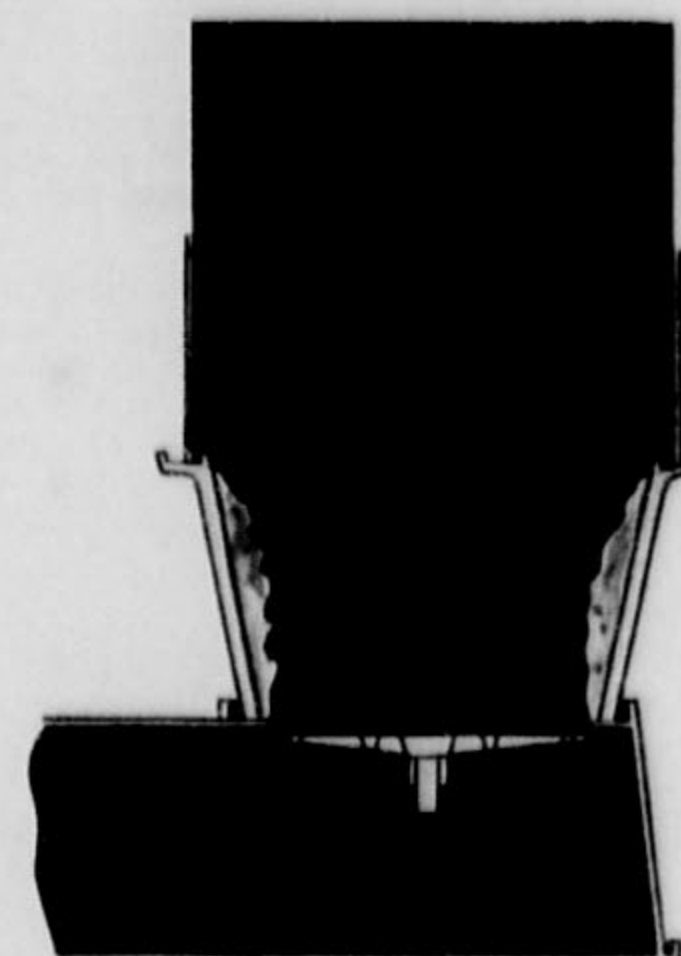

That is to say, we supply more air to every pound of coal burned in a Pease Economy Furnace than in any other make. The large area of our grate allows the largest possible quantity of air to be admitted which is freely and evenly distributed through the coal. This insures a constant and equal combustion. No coal, gases, etc., are left unburned, everything is used to produce the maximum amount of heat from the minimum amount of coal.

The saving made by this feature is very great indeed and alone forms one of the strongest features which has always made the "Pease" Furnace the standard for economy in fuel.

The Rocking and Dumping Grate.

The "PEASE" rocking and dumping grate is far superior to ordinary grates for many reasons. It is most effective, yet very simple in construction. It provides the largest possible surface area because of special sockets in the ash-pit which give support to the grate bars.

The grate bars are extra heavy so as to withstand the great strain always placed on the grate in any furnace. It cannot be forced out of position, will break any clinker, and is so set in the ash-pit as to permit of a poker being passed over its entire surface at any time, if desired. Its simplicity of construction eliminates all superfluous cogs, bearings, etc. There is nothing to get out of order or warp. It is the most simple, durable, effective and convenient grate on the market.

The Vertical Shaker.

Connected to the grate bars is a vertical shaker, which enables one to shake the grates without stooping. When the fire requires to be dumped, simply pull the shaker out as far it will come. The grates are then in a vertical position, leaving wide openings, through which they clean themselves immediately without the use of a poker.

Direct Draft Connection.

As will be seen from the cut, the smoke passes from the combustion chamber or dome of the furnace, through cast iron horns to the heat radiator, then through the radiator to the smoke pipe.

The horn at the back, leading direct to the chimney, is equipped with a damper so that when getting up a fire quickly the smoke need not go through the radiator at all, but by pulling the damper rod the rear smoke horn is opened and the smoke passes *DIRECT* to the chimney.

After the fire is nicely started the direct damper may be closed and the smoke goes through the radiator and all around the dome, thus utilizing all the heat it contains before reaching the chimney. This saves a lot of heat that otherwise would be wasted.

Dome or Combustion Chamber.

The Dome, which is extra large, is made of fine textured heavy wrought steel plate, and is absolutely impervious to gas under all temperatures. This is most important, as the dome receives the direct impact of the hot gases and flames arising from the firepot. Lighter or inferior material would in time be perforated by these fumes, and so let the gas escape to all parts of the house.

The large size of the combustion chamber is a very important factor in making more heat by causing the complete burning of all the gases released from the fuel, which in most furnaces escape up the chimney and are wasted.

The close grain and high finish of the metal in the "Economy" Dome permits the rapid and perfect transmission of the heat to the

most satisfactory degree. The remaining products of combustion are forced to the front and down through the dome horns into the radiator, adding still further to the heat producing qualities of the Pease "Economy".

Air Blast.

At the back of and just above the firepot is an ingenious device whereby a strong current of hot air enters the combustion chamber and mixes with the gases generated by the fire, insuring *complete* combustion. It has a sloping hood over its outlets to prevent it becoming clogged and it is connected to an opening in the outer casing.

The Base-ring and Ash-pit.

The base-ring and base are connected by radial arms, and cast in one piece of very heavy iron which gives tremendous strength. The ash pit, being all in one piece, cannot leak fine ashes into the air chamber which is the cause of the dust and dirt that accumulates in the house from ordinary furnaces. The ash-pit is also fitted with a large door to facilitate the removal of ashes; also a separate slice door through which the grate may easily be attended to.

The Large Double Feed Doors.

The large double feed doors will be valued wherever wood is used exclusively or during the Spring or early Fall days when only a small amount of heat is required, because it enables the owner to use rough pieces that would otherwise be wasted. The lower door is fitted with a small wheel damper for admitting additional air when required.

The Water Pan.

Water for evaporation is kept in the large water pan—inserted in the outer casing, near the base of the firepot. This, *when kept full*, insures ample humidity for perfect atmospheric conditions at all times. A water pan is not required to such an extent with this furnace as with others, as the large diameter of the casings allows the air to be warmed without being overheated and burned dry.

The Dampers and Regulators.

There are four dampers in the furnace to insure perfect regulation. The direct draft damper, opening between the combustion chamber and the smoke pipe, is operated by a rod from the front of the furnace and is designed to be used *only* when starting the fire or when adding fresh fuel. When closed, it causes the products of combustion to be drawn into the radiator, thereby

Indian Affairs. (RL 10, Volume 6155, File 421-5, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR.
COPY

Pease "Economy" Furnaces—"700 Series"

delaying their escape into the chimney long enough to permit their heat to pass through the walls of the radiator into the surrounding air currents.

At the bottom of the smoke pipe is the check damper. This should always be placed on the "T" pipe below the smoke collar of the furnace. In the ash pit door is the draft damper. Both these dampers may be regulated by chains leading from the nickel-plated Regulator which can be placed in any desired position on the floor above.

Between the feed and the ash-pit doors is the dust damper. This is opened when the grate is being shaken and by drawing the dust over the fire prevents it escaping into the cellar.

The Casings and Linings. The casings are double, the inner casing being of bright Tin, and the outer casing of heavy Best Bloom Galvanized Iron. This double casing is very important as it has the effect of keeping the heat in the furnace—the same as double windows keep your house warm. They are held in position by two steel rings and the base ring, and being of the same diameter from top to bottom, allow the air from the inlets to be distributed evenly over the radiating surfaces, reaching all the pipes leading from them.

The casings in the Pease "Economy" Furnaces are from 25 to 50 per cent. larger in area, size for size, than those of any other furnace. This allows for a large volume of moderately warmed air instead of a comparatively small volume of parched hot air being delivered in the rooms.

Conservative Ratings. It has always been the policy of Pease Foundry Company, Limited, to give conservative estimates of the capacities of furnaces. Some people comparing our estimates with those of some other manufacturers, may fail to understand why some makers rate their furnaces having the same heating surface as the Pease No. 710 to do the work for which we would recommend a furnace as large as our No. 714. It is only necessary to say that the reasons that we have given in the preceding paragraphs prove that such estimates are made by men lacking in practical experience.

Dear Sir:-

We have your letter of the 6th instant No. 152199-5A and have to thank you for the conclusion to which you have come, which we think is not only generous but just. We would ask - and if you have no authority to grant it, we would ask it as a favor if you would direct us to the person who has such authority - we would ask that hereafter all heating apparatus made in Canada be placed on a par in your specifications, putting it thus - "Gurney or equal" - "Pease Economy or equal" - or any other name that your architects think advisable place first.

We send you a booklet describing our Heater and Ventilator which is invaluable for use in any building occupied by many persons and which saves from 25% to 50% of the fuel used in other steam heating. The reason why, we shall be please to explain to any of your architects or heating engineers.

Thanking you again, we are Dear Sir,

Your obedient servants.

Sirs,-

The Department has received your statement of account dated 2nd March, which refers to an account previously rendered. Apparently the latter did not reach the Department. You should render your account in duplicate for the printing which was done and attach thereto a sample of the work, and you should forward it to Mr. C. W. Myers, Indian Agent at Atherley as his certificate thereto is required. When the account reaches Mr. Myers he will transmit it in the usual way to the Department and the matter of payment will be considered when the account has been taxed by the King's Printer which is the usual course in the case of all printing done for the Department.

Your obedient servant,

Asst. Deputy and Secretary.

I enclose herewith the accounts of the following members of the Rama Reserve.

This work was done on the Road ditch to run off the water from the school ground and drains from the school. There was a large amount of water collected around the mouth of school drain which was under water and in case of freezing which would block up drains by backing up, and in the spring the school basement would be flooded.

Sir:-

In reply to above number and date. my enquiry to Department was in my recent letter if it was sufficient for the Teacher to O.K. The Teacher and my self was of the opinion that some one should take care of the school and keep the furnace going for Christmas vacation of 2 weeks as the plant had to be kept from freezing and to be watered. School a little repair had to be done as the furnace shaker bar, was broken. The ashes had to be taken out of the school basement and a couple of seats wanted changing around. and the door lock repaired

Gentlemen:

Please note that a cheque issued by your department under date of February 9th 1915 for \$20.00 to Messrs Chambers, Sunderland was lost in the mails, after having been cashed at this office by Mr. Chambers. The cheque was endorsed by him and also bears the bank's endorsement stamp and formed part of a list of cheques which were being sent from this office to the Standard Bank, Toronto and the letter enclosing same, did not reach Toronto. We would be obliged if you would have a duplicate cheque sent to us, after having payment of the original cheque stopped. Yours truly, J. B. Sack

Ottawa, March 3, 1915.

Sir,-

I beg to acknowledge the receipt of your letter of the 26th ultimo, in which you report the loss of official Cheque No. 5768, in favour of Moses Chambers, which was drawn for \$20.00, and, in reply, I beg to say it is observed you state the cheque was lost after having been endorsed by Mr. Chambers and cashed by your bank. I transmit herewith forms of Bond of Indemnity for execution. If this form is properly filled in and returned to the Department the question of the issue of a duplicate cheque will be considered. The Bond should be executed by Moses Chambers and his surties and the bank should affix its Corporate Seal. The Bond should be made out for double the amount of the lost cheque.

Your obedient servant,

Assistant Deputy and Secretary.

The Manager,
Standard Bank of Canada,
Bunderland, Ont.

Extract from Report of Field Representative R. H. Abraham
on the Rama Indian School, Rama Agency,
Original on File 458268.

R

Rama School. ~~188~~

The school at this reserve is all that could be wished for. The teachers were asking for a bell on school and a small bookcase. The drinking system is poor, 3 or 4 pupils coming from consumptive families.

Sgd. R. H. Abraham.

Ottawa, July 26, 1915.

Sir,-

Mr. R. H. Abraham, Field Representative of the Department, in his report on the Rama School states that the teachers were asking for a bell on the school and a small bookcase and that the drinking system is poor, three or four pupils coming from consumptive families.

You may order from the George M. Hendry Co., Limited, Toronto, for this school a school bell, twenty inches in diameter, at a cost of \$16.00. You may also purchase a bookcase at a cost not exceeding \$10.00.

The Department would like to know what drinking system is used at this school. If pails are used kindly submit an estimate of the cost of furnishing the school with tanks to hold the water.

Your obedient servant,

J. D. McLEAN

Asst. Deputy and Secretary.

26 July 1915

Sir,

In reply to above number and date I beg to say as to drinking system of the Rama Bay School there are no pails used for drinking water from. The scholars drink at the pump, which I think is more sanitary than to have the water in pail or tank. Water in tank would become flat without ice. Our well splendid water. The Cup is better to be in the open air, than to be standing in the school atmosphere. and more are less water in the Cup.

In reply to above number and date I beg to report as follows
Re William Swinton & Son account for
6⁵⁰ repairing and tuning old School
Organ.

Chief York and my self in visiting the
School. noticed that the Organ was pushed
from one School room to the other when
needed by the scholars and that our Organ
would be destroyed soon by that kind of
usage.

I examined the old Organ and was
impressed it could be fixed and have
it for the Junior room scholars
which Messrs Swinton & Son made a
good job of it. The Chief brot the matter
before the Council and had a
resolution passed for the payment
of the same out of the band funds
no official letter from Dept.

OFFICE OF THE

Inspector of Indian Agencies

FOR ONTARIO, QUEBEC AND MARITIME PROVINCES.

Ottawa, Nov. 29th, 1915. 19

Mr. Benson;-

While at Rama, recently, I took occasion to visit the school. I found that the plaster has cracked considerably and in some places shows signs of falling off. As it is now about two years since the building was completed, it is reasonable to assume that any cracking of plaster that is likely to occur has taken place. I would recommend that the Agent be authorized to have the walls repaired where necessary and that they be tinted after being repaired. I think that the choice of color, for tinting, could be left to Miss. McBain, the teacher.

I beg to report to Department as to the heating of the Rama Indian School. which is not satisfactory. The registers are about 6 ft up on the wall. Scholars coming to school cold has no chance to get warmed on account of the registers being so high up, and they feel cold for a long time. I would also suggest that there should be a couple of registers in the corridor as this part being without heat, ^{cold air} rushes into the school rooms. The South School room is all right with the registers up on the wall owing being to the south the North side being the cold side of building owing to the strong winds need more heat and should have the registers low down so the scholars can get the heat.

Mr. McRae,
Dept Indian Affairs
Ottawa. 4/16/15

Dear Sir,
I understand Mr. Myers has written to the Department concerning the temperature of my room. It is worse than ever this winter. I do not think the average temperature for the last two weeks, has exceeded 42°F. Last Friday it was 37°, yesterday and to-day - 42°.

We frequently go into the Junior's Room because the Senior's Room is too cold. This is very awkward for both Miss McRae and me. Then again, her desks are too small for most of my pupils.

I shall be much obliged if the registers for admitting the heat can soon be lowered. I have been far from well lately and the cold room does not improve matters.

Yours truly
Ruth Waite

Sir,-

I enclose herein resolution passed in Council, by the Rama Reserve Chief & Councillors as to North Side of Day School Room being too cold. For the children.

I beg to report that children cannot get warm on account of the registers being high up on the wall about 6 ft. I would advise that 2 registers be placed in the corridors as there is no heat in the corridors and the cold rushes into the school room. The South Side is all right no alteration needed.

I am your obedient Servant
 Chas. W. Myers

Sir,-

I enclose herewith the account of *Wm Swinton and Son of Oullica* for repairing Bay school Organ and tuning the same. I am requested by the council to state to the Department that this debt was contracted without the permission of the Department. Sanctions as music was needed at school in the Junior room. What destroyed this organ was running it from room to room by the children who are not careful and to save the new Organ from abuse. This wrong way of doing business was done. If the Department cannot grant the payment of this account on this error. The Teachers will have to pay this debt as Messrs Swinton & Son are now asking for their money.

480735

Sirs,

The Senior room in the Hama Indian School is more comfortable at present, but as the registers in the hall have only recently been added, I cannot definitely say whether the improvement will be sufficient to make the room comfortable during the winter.

The room faces almost due north, and not a single ray of sunshine ever comes through the windows. A row of pine and spruce trees along the northern fence would not only prove ornamental, but break the bleak northerly winds also.

Yours faithfully,
Ruth Waite

Re. the school grounds
Mr. Benson

Extract from letter from Miss Eva McBain,
teacher of the Rama Indian School, dated December 22,
1916, addressed to Mr. Benson.

Re. the school grounds - we think the land
should certainly be drained, as there is water in the
basement most of the time. Sometimes we cannot go into
the front part without first putting on long rubber
boots.

Ottawa, January 20th., 1917.

Sir,-

I am in receipt of your letter of the 16th instant, with which you forwarded an account of \$9.71 from Messrs. McNabb Bros. for supplies furnished for use at the Rama Council and teacher's residence; and in reply I beg to say that seemingly this expenditure was incurred without the Department's sanction, although it is observed that it was approved by council and that you have submitted copy of resolution from the Council in the matter. If the expenditure was authorized by the Department you should quote the official letter written you in the matter.

It is desired to point out that you should not, unless under most exceptional circumstances, incur expenditure without authority from the Department. Should you at any time consider it absolutely necessary to incur expense without authority from the Department you should not request the council to pass a resolution in regard thereto until you have laid all the facts before the Department.

The matter of the payment of the account above referred to will be held pending your explanations in this matter.

Your obedient servant,

Asst. Deputy and Secretary.

Ottawa, January 25, 1917.

Madam,-

MUR

With further reference to your letter of the 18th instant reporting on heating conditions in the Rama school, showing temperatures from January 10 to 18, stating also that both school-rooms were unfit for habitation, and the apparatus inadequate, I beg to say that the school-rooms at the temperatures shown are uninhabitable. The fault, however, is entirely in the operation of the furnace and not with the apparatus, which is one of the best make of hot air furnaces on the market and of ample capacity, its guaranteed rating being 45,000 cu.ft. and the area of class-room 18,215 cu.ft. only. The total cubic area of building is 30,000 cu.ft., and as there is a kitchen range mentioned in operation, that should keep the living quarters fairly comfortable during the school hours, after which the heat from the furnace is available. You will see from this explanation that the guaranteed furnace capacity is $2\frac{1}{2}$ times the area of the class-rooms and at least double that of the class-rooms and halls, cloak-room, &c., and consequently any deficiency in heating is the result of improper attention to the furnace. It may be that the furnace requires cleaning out, as the flues will quickly choke up unless this is done every few weeks and thoroughly cleaned out once or twice a year to ensure

Lm L

Miss Ruth Waite,
Teacher,
Rama Indian School,
R.R.No.2 Atherley, Ont.

satisfaction. The Agent will be written to with a request to have the furnace cleaned out by the sub-contractor who installed it, who will also be asked to demonstrate its capabilities.

Your obedient servant,

J. D. MCLEAN

Asst. Deputy and Secretary.

Indian Affairs. (RG 10, Volume 6155, File 421-5, part 2)

Ottawa, January 25, 1917.

Sir,-

Miss Ruth Waite, the teacher at the Rama school, has written the Department stating that they have been unable to heat the building satisfactorily, and as the furnace installed is a No.316 Pease Economy, with a capacity of 45,000 cu. ft., and guaranteed to heat the building to 70 degrees when the temperature is at zero outside, the subcontractors who installed the furnace in the school are Phillips & Company, of Orillia, who should be requested to thoroughly clean out the furnace and demonstrate its fitness to meet the above requirement.

Mue
L.H.
The caretaker of the school should also be on hand when this test is being made to ensure a thorough knowledge and proper working of the furnace, so that efficient heating may be maintained in the school. This should be done as soon as possible and the results reported by you to the Department.

A copy of the letter to Miss Waite is inclosed herewith for your information.

Your obedient servant,

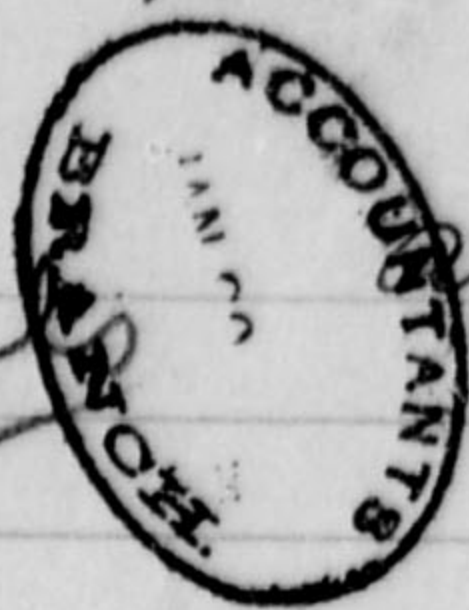

J. D. MCLEAN

Asst. Deputy and Secretary.

Sir

I beg to explain to above number and date. The account of Messrs Macnab Bros. Miss Wallace (Nurse) informed me the upstairs was to cold for her and that she wanted a stove put up. as we had the Old school stove on hand I had the same taken upstairs as there where no pipes which it entailed new one and Coal scuttle Ash Pail & Shovel and Ectres pail for Slops. as to Lanterns one was for the nurse which she had to have. the other was for Teacher Miss Wale which was badly needed to go to outbuilding after dark the other articles in bill was requied on account of wear and breakage.

The cold weather set in. and Rama Rose being away from Oullic 7 miles these articles I had to drive after them and avoided any expense in fixing up this requirement for the nurse.

25th Jan 1917

Sir,—

In reply to above number and date, I beg to report as follows. Messrs Phillips & Co sent their man to investigate the Rama Indian school furnace last Friday, 27 Below zero and wind running 40 to 50 miles an hour. A north-west-^{wind} We found the north room very cold the south room very warm, the Corridor was as cold as outside itself.

This school stands in a bleak place, the wind from the lake has a good sweep. The front of the school facing west and as there 3 entrances - south, west & north - it is impossible to keep the wind out with so many doors. The front entrance and north door is not used. As there is too much cold and wind coming in the Corridor from these doors around the jams the hot air pipes act as cold air pipes in the Corridor under those circumstances, and no heat from that source. The Corridor being as cold as the outside this cold gets into the school room, and hot air pipes not carrying the heat what it should on account of this extreme cold and wind which is too heavy for the warm air. and as we have had a few very cold and windy days in January, we had the Care taker of school with us and posted him thoroughly as to

Sir,—

running the furnace. I made another test with the Caretaker on Tuesday afternoon. I understood how to run a furnace myself. the day was Medium Cold and a good wind running from the south west. inside of half an hour the room was summer heat and had to open the windows. The whole building was warm and comfortable.

The furnace works alright the chimney has good draft and. The Caretaker and myself cleaned furnace last fall and the expert found every thing satisfactory in regards to furnace being clean.

The trouble is in the building too much cold and wind coming in the front. the only way is now to close up the front and north door do away with them. and only have the south entrance. This is the opinion of the Expert. as this will be trouble every cold snap and high winds.

ASB
to schools Br.
SIR,-

Ottawa, February 13, 1917.

I beg to acknowledge the receipt of your letter dated the 7th instant in reference to the Rama school heating system, and in reply to inform you that the Department will authorize you to have strips placed around each of the doors to prevent wind entering between the doors and frames if the cold enters at these points. The north and west entrance doors may also be kept locked until the arrival of warm weather. It is the intention of the Department to have the building thoroughly inspected during the coming summer with a view to determining the exact condition of the heating and ventilating system, also the condition of the work in the building generally, so that defects, if any exist, may be remedied before next winter.

Frank
Mick

With reference to the operations of the furnace, if the outside air enters the building to the extent reported by you, the inside fresh air duct only should be used, which will enable you to heat the building more easily than if the outside duct is in operation.

I have therefore, to request that you will have the furnace operated under these conditions and inform me of the results.

REPORT ON RAMA RESERVE.

R. H. Abraham, B. S. A.,
Chatham, Ont.

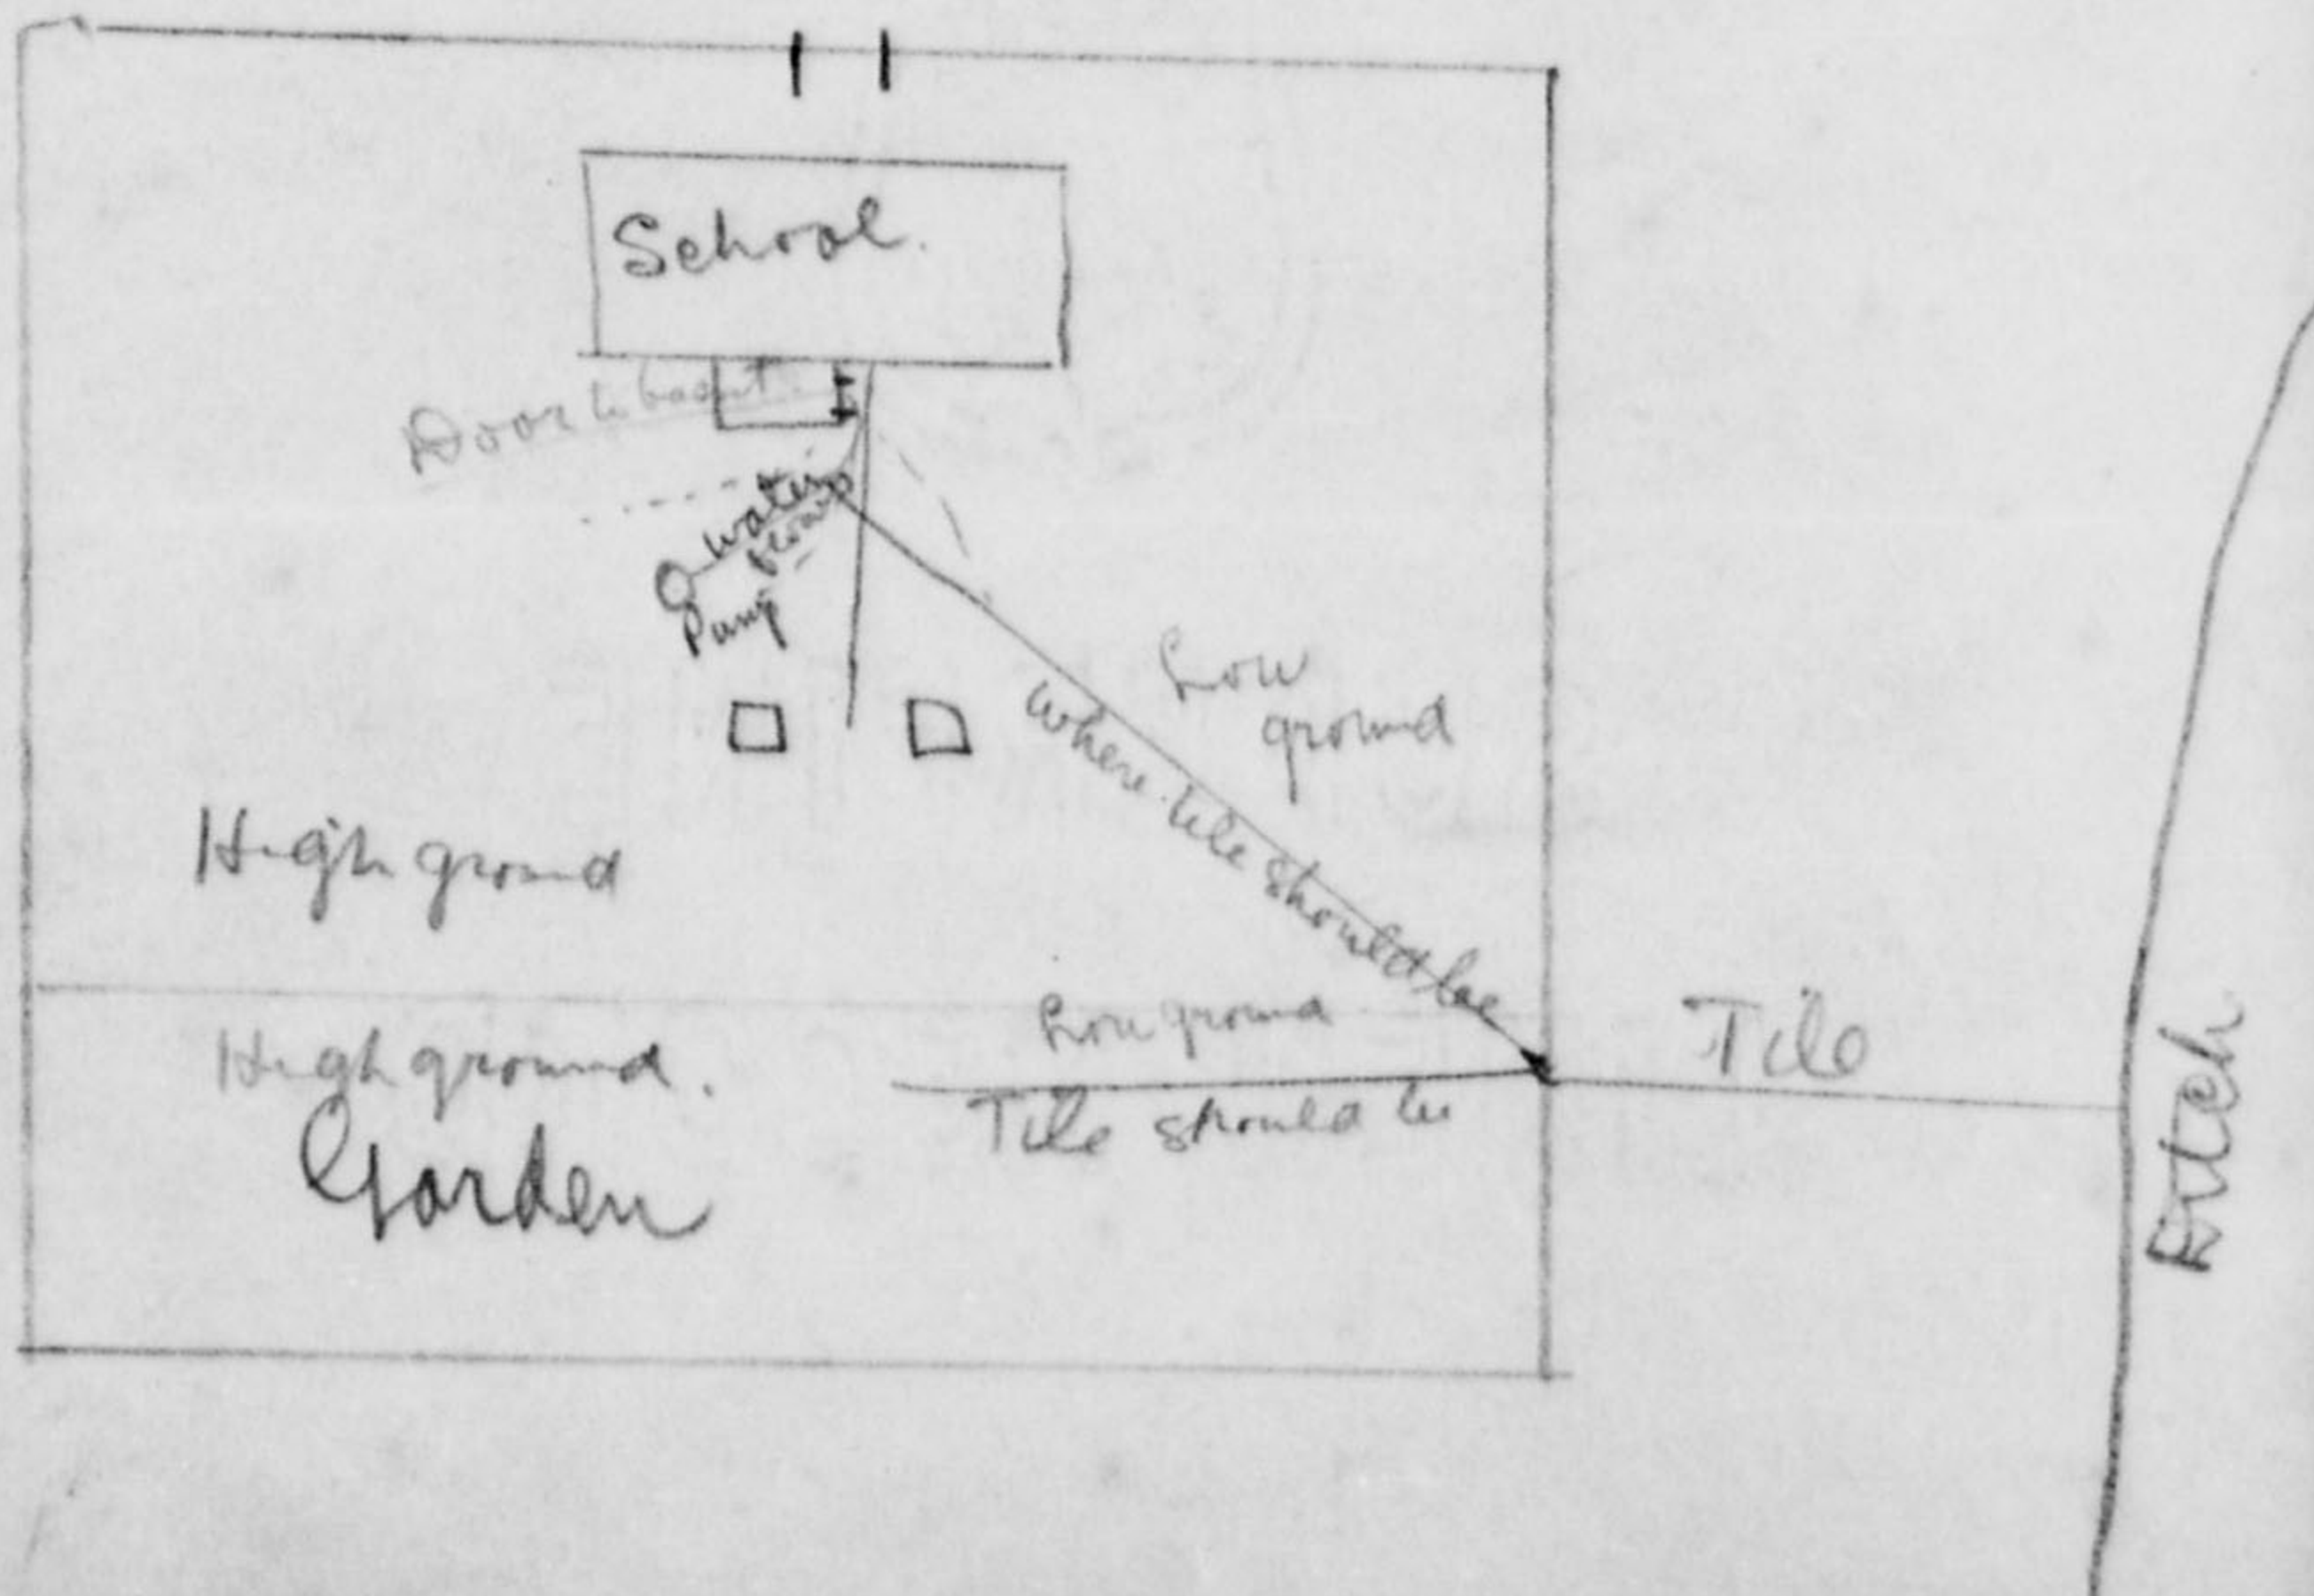

The agent says he could get no one to do the work at the estimate given. I would, therefore, recommend that the work be done by day labor, with Alder York as foreman. This drain is necessary to drain the garden, the lower part of the school grounds and carry the over flow from the pump, which at the present time flows into the basement.

The basement has water in it all the time. No provision was made for taking the water out by means of a trap in the floor, and a tile.

The water flows from the high ground back of the school into the basement, through the outside door leading to the basement. See plan.

To remedy this the door sill should be raised 8 inches to 1 ft. and clay packed in next to the wall of the school with gravel over the top. It would take about three loads of clay and 1 on gravel. The whole job, raising the door, gravel and clay would cost about \$5.00

This wet damp basement is a menace to health of both children and teachers.

In reply to above number and date of letter per above. Department instruction is carried out as to lowering school gates. Last year I ordered the gates to be lowered. This man had no Auger to bore new holes in the post so he blocked the gates and made a good job of it. so I let the matter stand that way. Gate way for team and wagon to enter by was taken out for this purpose. When Mr. Abraham was up on his visit to Rama Reserve there were 2 gates blocked which he must have seen. and it would be better to report the truth to Department. If he did not approve of the way that was done he could condemn the blocking and not say that the gates allowed the Pigs to get in the school yard. as no pigs could ^{not} get in the way the gates were blocked.

J. D. McLean
Atherley
Sir.—

July 24th 1917

In reply to above number and date of letter. I enclose my sketch of school yard drainage. and also for the Basement of the school the trouble of school basement is all surface water this must be raised with dirt next to wall about 2 ft and taper out then gravelled over. The Porch that is over the outside of stair way that leads into the basement must be raised up and the cement foundation must be built up. I should think this would cost about \$20⁰⁰. You will see by my sketch that Mr. Abraham's proposal of drainage of school is only 125 ft and the balance 5.75 is to benefit the next lot. As to placing tile around the school yard to keep the water out of the basement. I am of the opinion that this is a ridiculous proposal as heavy clay land will not let the water down to the tile all right for sand. The surface ^{water} will run to the lowest point every time and the school foundation is that point in this case. and run down the stair way from the outside entrance.

Ottawa, November 28th, 1917.

Sir,-

In reply to your letter of the 14th, instant, I beg to say that you may have three storm doors made for the Rama day school. A storm door should be placed on the boys' entrance, on the girls' entrance and on the door at the back of the school.

Each of these doors should be made of tongued and grooved " V" joint, 7/8 inch lumber. The cost of the material and labor of making them should be kept at as low a figure as possible.

Schools

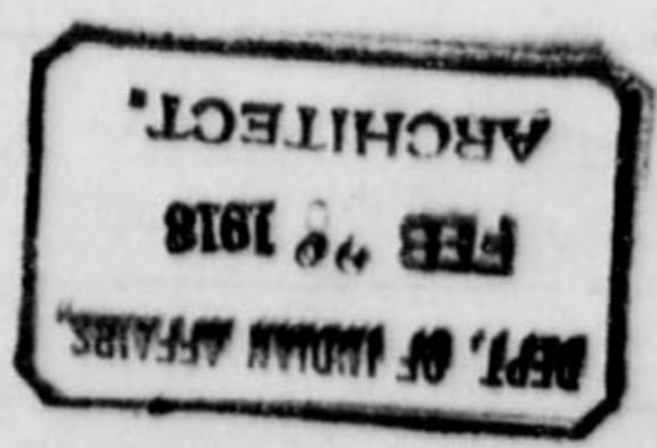

Sir,—

water in Council Chamber - under

I beg to report that the Basement of the school has 14 inches of water and we are unable to hold school on account of the water being up to grate of the furnace. perhaps this will be only for a few days as there is now a soft spell of weather here. This water is all surface water, from the rain we had, and run down the outside Basement entrance. I thought this water would run away by the drains which must be frozen up. The Teachers intend to hold school in the Council Chamber till they are able to get back to the school when the water goes down.

I am your obedient servant

I beg to acknowledge the receipt of your letter dated 23rd instant in reference to water in basement of Rama Indian day school, and in reply to say that the water should at once be pumped out of the basement, and for this purpose a suitable pump may be purchased. It will also be necessary to make a pumping pit in the basement into which the water will drain and from which the water can be regularly pumped or drained. It will also be necessary to raise the rear concrete basement entrance so as to prevent surface water running in.

You should also repair the broken window glass in council hall where school is now being held.

March 20th 1918

Sir,—

I beg to report to Department that the Basement ~~of~~ the school has 28 in water in it. This is some surface water it came in all one night this water is coming up the drains as every thing is flooded around the place. There is about 5 inches of water on top of the snow and ice.

The Teachers and I have come to the conclusion to close the school for a few days till this surface water run off. as the children feet are sopping wet, water running out of their shoes. as these children are liable to be laid up and might develop into consumption.

I beg to say that pumping the water out is only an expense. as it can't be kept down till the ditches are open by nature. we have a big thaw on now some of the Indian houses the floors are under water.

I am your obedient servant

Ottawa, April 12, 1918.

MemorandumMr. Scott,-

As instructed, I made an inspection of the Rama Indian School on March 25 and 26, last, and beg to report that the school is erected on rather low and level ground which does not permit of adequate drainage facilities during Spring freshet, the outlet of the drains from building emptying into an open road ditch which carries the surface water from a considerable area. The cellar drain and bottom of road ditch being practically on a level, the result is that when road ditch is in flood the water flows back into basement to this level which at the time of my inspection was three-feet in depth. To remedy this it will be necessary to either provide a pressure flood gate valve on the present drain, or, to build a tank with drain connected to building from which water can be pumped when necessary providing this enters the school basement.

Owing to the depth of water in the basement, no examination of the basement floor or wall surface could be made, but from due enquiry and careful examination of exterior walls and ground surrounding the building, I am of the opinion that the basement is in otherwise good condition.

In the rear of building it will be necessary to build concrete areas surrounding two of the basement windows, also to raise the wall of outside cellar entrance one-foot to provide satisfactory grade in rear, thus diverting surface water flow from building.

There

Indian Affairs. (RG 10, Volume 6155, File 421-5, part 2)

**PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA**

POOR.
COPY

2.

There is considerable repairing to the building required at this time, plastering being cracked and broken in each of the class-rooms, in cloak-room and passages, and also in living-room on upper floor. Interior woodwork is also broken in places and needs replacing; several door panels require repairs. There is a considerable space around the walls of kitchen floor which should be filled with cement to keep out the cold at this point. The exterior door and window frames should have the blind stiles removed and space filled with oakum or pitched felt before replacing to prevent cold entering the building there.

The porch over kitchen door is separated from the building and requires lifting and blocking up in front and securing to building.

The entire building (exterior and interior) should be repainted as the woodwork is very much in need of this, the original painting having been badly done (apparently only two coats instead of three specified) the wood having been left rough, without sand-papering, and visible through the paint.

The estimated cost of making these improvements is, approximately,-

4 ft. x 12 ft. deep excavation for drain well,-	\$20.00
Concrete curb with cement top,-	50.00
Connecting drains to well 30 feet,-	15.00
Grading in rear,-	20.00
Three concrete areas in rear,-	30.00
Interior plastering- = = = -	15.00
Repairs to woodwork, etc. around frames- - - -	35.00
Painting woodwork and tinting walls, etc.,- - -	150.00
Hardware, carting, etc., - - - - -	25.00
	<u>\$360.00</u>

The cost may be somewhat reduced providing the repairs are done by the Band, under capable superintendence.

M. J. Gilvin

Ottawa, April 25, 1916.

Sir,-

Plans and specifications have been prepared for drainage system for the Rama Indian School, together with the necessary areas and grading required to ensure for the future a dry and airy basement. It is also intended to make any necessary repairs to the building at the same time, including the broken plastering and woodwork, filling in around kitchen-floor, around all window frames, and thorough painting of woodwork, inside and out.

It is proposed to have this work done as far as possible by members of the Band, ^{provided competent men are available} such as carpenters, plasterers, painters, and concrete men; and if so, the rate of pay per day for each class, and the date when this labour can be most readily obtained.

It is thought that this work ought to proceed at the same time as the repairs to Council-hall, as the labour engaged can be more economically utilized in this way.

On receipt of the information requested, the matter will be given consideration, when you will be again communicated with.

Your obedient servant,

J. D. MOLEAN

Ottawa, Ont., July 5th, 1918.

Sir,-

True

As the Rama school has now closed for the summer holidays, the necessary repairs to the building should be made at an early date. The broken plaster in the interior should be carefully removed and all walls and ceilings thoroughly patched with wood fibre plaster in two coats. The damaged woodwork in interior should also be put in good repair. The porch over kitchen door should be braced up and firmly secured to building; also to raise and block up entrance to basement, raising the cement wall at least nine inches in height above the present grading. The existing doorway will necessarily be decreased in height and a new door necessary, and this will not then be of a stock size. A new door should be made of flooring or sheeting with cleats and braces on the inside.

True

Concrete areas to rear windows are also to be built to the same level as basement entrance. A drain well is to be dug to the depth shown on the plan near fence in front of building, with drain emptying therein. The well to be formed of metal tanks with top and bottom removed set on end to the height required forming case for well.

Indian Affairs. (RG 10, Volume 6155, File 421-5, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR.
COPY

The space between the tank and earth wall being filled with concrete and cement concrete, platform at surface with opening for pump. Bolts to be also fitted into concrete for bolting pump in position.

The ground in rear of school between building and pump and on right end of building, to be graded as shown on the plan, so that water will have free egress from the grounds without flooding the building. Sand and gravel should also be graded over the surface of the clay in the graded portions, to prevent the carrying of mud into the building. A field tile drain is to be sunk into the grade as shown from well to fence, so as to carry excess water from the well.

Plans sent for approval

It is thought that all of this work except the carpentering and plastering can be done by the Indians under your supervision with the assistance of the carpenter employed, The material necessary being supplied by you as cheaply as possible.

The plastering work and carpentering work to be done either by day labour or by contract as you may best be able to arrange.

Estimates should also be procured for the thorough sand-papering of the rough interior woodwork and painting of exterior and interior with one good coat of pure lead Linseed Oil, paint tinted to match existing work. Also the cleaning and tinting throughout the building with Alabastine in approved tints.

-3-

The estimates for the painting and tinting of walls to be submitted to the Department for approval before acceptance. The other work would be proceeded with as early as possible.

Your obedient servant,

J. D. MOLEAN

IN YOUR REPLY REFER TO No. 152199-5
ALSO TO DATE OF THIS LETTER

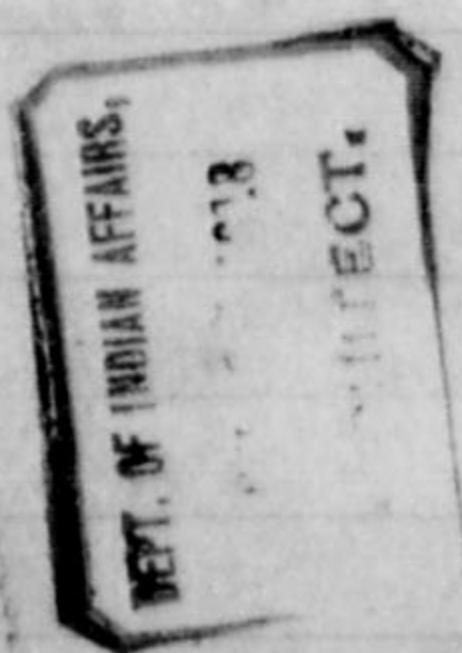

July 5th 1918 Sir,—

511518

I enclose herein tender received from Chas. McPhadden for doing the painting of the Rama Indian day school. The great trouble in getting outside tenders for this job is that there is no accommodation for the working man to be had and in getting to and from work there is big expense in his connection and loss of time.

I am your obedient servant
Chas. W. Myers
Indian Agent

J. D. McLean Esq
Asst Deputy and Secretary
of Indian Affairs

August 6th, 1918.

Sir,-

I beg to acknowledge the receipt of your letters of July 18th and 22nd with tender for painting the Rama Indian School, and in reply to say that these tenders are unreasonable. They cannot be considered.

mu
When the repairs to plaster have been completed this will be touched up with colour to render the new work less conspicuous, and the painting will be deferred to a more opportune time. I have to request that you will send me a report showing the exact condition at this time of the repair work authorized in my letter of the fifth instant.

Your obedient servant,

Chas. W. Myers, Esq.,

Indian Agent,

Atherley, Ont.

Sir,—

In reply to above date and number. I beg to say that there has as yet nothing done as to repairs authorized in letter of the 6th. I intend to commence this work on Monday next.

My reason for not starting work before now. I could not get any one to commence. as all were engaged for the Haying.

I have a suitable man for the work and have been waiting for him. and as to getting a team to get the gravel for the Cement work. this is out of the question before now.

I am your obedient Servant—

I beg to acknowledge the receipt of your letter of the 9th instant in reference to work on the Rama school, and in reply to say that it is noted that you would commence this work there on the 12th instant. The repairs to plastering and the interior work should be completed before the opening of the school, as well as the other outside and drainage work, that there may be no disturbance after the school commencement.

Your obedient servant,

FORM 2

Great North Western Telegraph Company of Canada

Exclusive Connection with the
WESTERN UNION TELEGRAPH CO.

Cable Service
to all the World

CONDITIONS.—Approved by Board of Railway Commissioners for Canada, under Order 162, dated March 30, 1916.

It is agreed between the sender of the message on the face of this form and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of any unrepeatable telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate; and, in that case, the Company shall be liable for damages suffered by the sender to an extent not exceeding \$200.00, due to the negligence of the Company in the transmission or delivery of the telegram.

Correctness in the transmission and delivery of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz.: one per cent. for any distance not exceeding one thousand miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

Sir

In reply to Telegram Re work of improvement.

I beg to report that work is under progress.

I have been delayed with promise of man power in according to Dept instruction as how the work to be done by Indian labour and as the right kind of workers are hard to get on account of production which must have preference and this labouring I had to wait for. This is the delay of this work at the school which could not be avoided.

Everything thing will be satisfactory

Report
Mr. Ogilvie

513227
152199-5

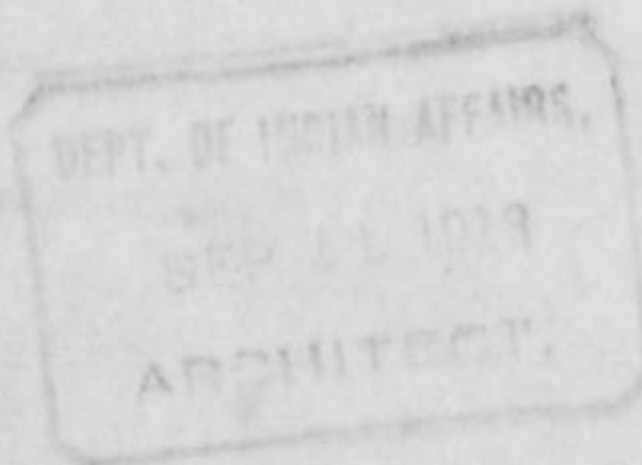

Extract from private letter to Mr. Benson received from
Miss H. Fawley, dated Atherley, Ont., September 5, 1918.

=====

With regard to the drainage I find that there are still
some pools of water in the front basement. In fact the south
side is wet along the entire width of the building. Nothing
are further appears to have been done but there four large iron
drums outside at the back, also a few lengths of lumber
and I believe the agent was around yesterday morning. Frank
Shelling tells me that he and Mr. Myers are going to do the
work between them.

Agent
authorized
to purchase
coal

There is no furnace coal whatever and only a little
stove coal for the kitchen. There is some wood but it is
all very wet.

Sir,

I enclose herein the account of Macnab Bros of Oulic for 7.50 for the purchase of a wheel barrow which was needed to do the work of improvement at the Rama Indian school as per above number and date of letter. Authority. I beg to report that the work is progressing steadily. the ground is of a very rough nature nothing but hard pan and large Boulders of Stone. The drain well and drain from under building into well is quite an undertaking, but when complete the same will be a success, and the drainage can be easily handled.

I am your obedient servant.

Sir,-

I have to acknowledge the receipt of your letter of the 25th ultimo, in which you state that certain kitchen utensils in the teacher's residence in connection with the Rama Day School want renewing.

In reply I beg to say that the Department does not, as a rule, renew the articles furnished for teachers' residences. However, you may purchase two slop pails, one dish pan, one dipper, one dust pan, two baking dishes, two pie plates, one water pail and one small lamp for the teacher's residence at this school.

Your obedient servant,

J. D. McLEAN
Asst. Deputy and Secretary.

Ottawa, July 22nd, 1919.

Sir,-

Inspector Hutchinsen, in a recent report on the Rama day school, recommends that a private closet be erected for the use of the teachers.

Kindly inform the Department of the probable costs of erecting a suitable closet.

You will be good enough to furnish this information as soon as possible, in order that, if the Department decides to erect such building, the work may be done during the summer holidays.

Your obedient servant

Assistant Deputy and Secretary.

In reply to above number and date of letter. I beg to report as follows. What require to be done at the Indian Day school. the closets must be changed to new pits and the old pits filled in. There are some repairs required to the closet and some cinders around these out building. There should be put some cinders around the school, this ground is very wet in the fall and spring I would think that 10 loads of cinders would fix up every thing all right. The Teachers closet is combined in with the Gills closet. Estimate cost would be \$25.00 to \$35.00. The same would be quite sanitary. If a new closet would be required for the Teachers by itself this would cost about \$25.00.

COP

152199-5

August 13, 1919.

Sir, p

Am

I beg to acknowledge the receipt of your letter dated 28th ultimo in reference to grading, etc., at Rama School, and in reply to say that 10 loads of cinders may be placed around the school on paths to keep them dry during the wet weather. The closet pits may also be changed and the old ones filled up if this is necessary to maintain them in a sanitary condition. The closets should also be thoroughly cleaned and washed down in the inside with disinfectant before again being put in commission.

Frank

The Department will take into consideration the providing of a chemical closet in the basement of the school for the teachers if this is found feasible, they should prefer it.

Your obedient servant,

Chas. Myers, Esq.,
Indian Agent,
Atherly, Ont.

Sir,-

I have to acknowledge the receipt of your letter of the 1st instant, in which you state that the furnace at the Rama Indian Day School requires new grates.

In reply I beg to say that you should arrange for the purchase of the grates and the installing of them in the furnace at a price not to exceed the estimate submitted by you, namely-\$14.00. You will be good enough to give this matter your prompt attention and have the furnace put in a proper state of repair.

You should forward properly certified accounts, in duplicate, covering the expenditure incurred in the purchase of the grates and the cost of installing them.

Your obedient servant,

Lyd A. F. MacKenzie

Sir,—

I am requested by the Teachers of the Indian Day School to ask the Department if the Hot Air registers were lowered down, so the children could get the benefit of the heat, when they come to school and are cold, which is needed. These registers which are up on the wall about 6 feet does not come in contact with the children which is required to warm them up. If Department is in favour of the Teachers view in this matter, would like to have this completed during Christmas Holidays.

December 22, 1919.

Sir,-

W.D.
I beg to acknowledge the receipt of your letter of the 17th instant with reference to the changing of hot air registers at the Rama Indian Day School, and in reply to say that you may have the existing wall registers changed and put on the wall at the floor line during the Christmas holidays, the work to be done as economically as possible and the accounts sent in, in the usual way.

Your obedient servant,

J.D. McLean

Sir, -

The Public School Inspector, in a report on his recent inspection of the Rama Indian Day School, remarks as follows: -

"The earth has fallen away around closets and requires attention."

You will be good enough to arrange to have the necessary repairs made, and the closets put in good condition. The work should be done at the lowest possible cost. When completed, you may furnish properly receipted vouchers covering the expenditure.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Extract from Inspector's Report on the Rama Indian
School, dated September 20, 1921 - Original on
24-1-6

Sub 773

The grounds are rather rough and uneven. Organized play is good for the children. Just what you can do to improve the grounds or supply equipment is a matter for the Department and their representative on the reserve to decide. The rain beats in at the back of the boys' closet through the cracks and wets the seat. The door is off the girls' closet. The button on the outside of door of closet is not long enough to hold it and it slaps in the wind. I would suggest that the closets should be scrubbed out every week if possible. I think that there should be a cup for each pupil and a place for each cup to be kept. A common cup on a reserve is a very dangerous source for spread of disease. The walls and ceilings of classrooms should be carefully cleaned at least once a year and paint used at least every second year.

T. R. Ferguson,

Inspector.

OTTAWA, November 5th, 1921.

Sir, -

The Public School Inspector, in his recent report on the inspection of the Rama Indian Day School, states that the closets at this school require some repairs. The rain beats in at the back of the boys' closet, and the door is off the girls' closet.

I have to request that you will take immediate action in having these closets put in a good state of repair. Any work performed should be at the lowest possible cost to the Department.

The Inspector also recommends that these closets be scrubbed out at frequent intervals. You might draw this to the attention of the caretaker, as it is considered that it is part of his duties to see that they are kept in a clean condition.

The Inspector further states that the school grounds are rough and uneven. It is too late this season to have any work done in levelling the ground, but I should be pleased if you would keep this matter in mind and early next spring furnish a report as to what you would advise should be done to put the grounds in good condition, and also state the probable cost of this work.

The Inspector further recommends that a drinking cup be supplied for each pupil in order to prevent contagion among the pupils. I would be pleased to have your views regarding this matter.

Your obedient servant,

Ry
Russell T. Ferrier.
Supt. of Indian Education.

November 5 1921

Sir,—

I beg to report to above number and date as follows.

The Public School Inspector report ^{was} the cause of the big storm we had here the rain would penetrate any thing with this wind. however the closets were not finished in the first place. they were not lined up inside which should have been done. I will have them attended to.

I had the closets thoroughly scrubbed when school opened. but owing to the fact that I placed new cinders around these out buildings to make the place sanitary and dry the black out of the cinders tracked some. but now as the rain has washed these cinders there will be no more trouble as to tracking as to school ground being rough and uneven a great many school ground are worse, at the same time it would make a big improvement to school yard to have it levelled up.

as to the individual drinking Cups I could not see that would prevent contagion as the cups that is at the well D'Gelphin says the fresh air is the thing as far as that concerned, no water is kept in school; and no slates are used. The homes is were this trouble starts

Ottawa, January 28, 1922.

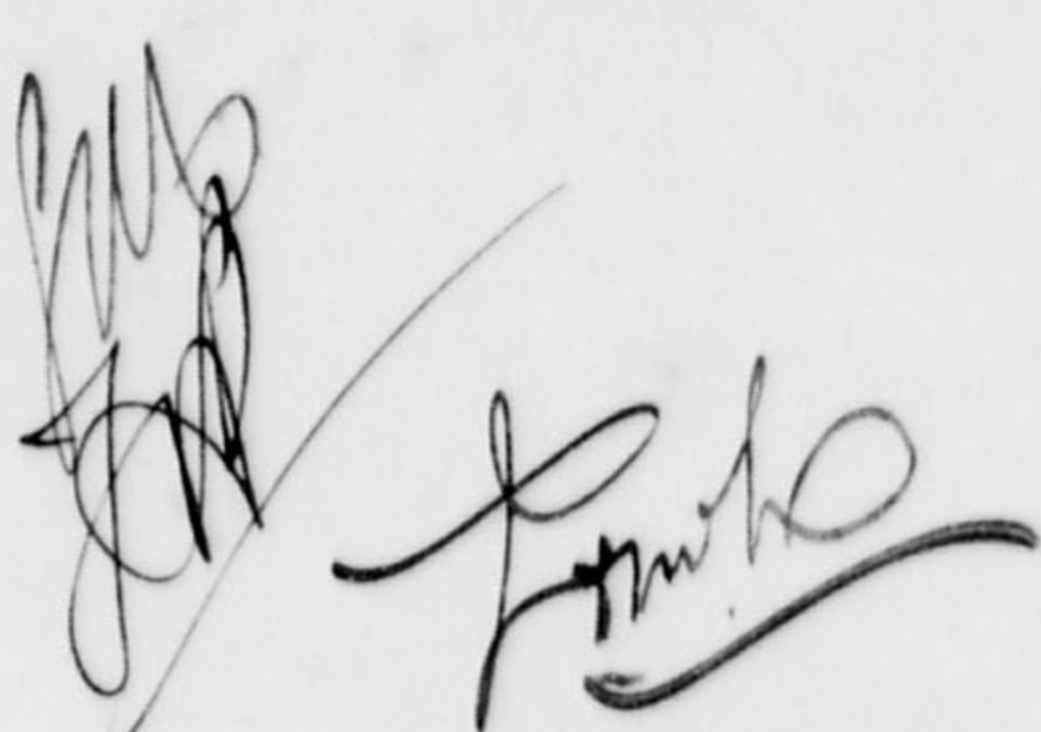

Sir,-

I beg to say the Department has received Mrs. Myer's letter of the 24th instant regarding the account for electric light incurred at your Agency, and in reply thereto I beg to say it will be necessary for the Department to receive certified vouchers accompanied by a receipted bill for the light before payment can be made.

The Department has been pleased to learn from Mrs. Myers that your health is improved, and it is hoped that you will soon be able to resume your duties as Indian Agent.

Your obedient servant,

J.D. McLean
Asst. Deputy and Secretary.

Extract from Inspector's Report on the RAMA Indian
School, Dated May 9th,

----- 560007

School

It is too bad when the electric lights were put in that a cluster was not put in each class-room. In the fall it gets dark early in the afternoon and frequently this occurs at other times in the year. A light should also have been put in the back part of the basement as well as the one that was put near the furnace.

There is some plaster off the wall in the junior class-room near the door. This has probably been from the jarring of the door.

Ottawa, June 8, 1922.

Sir,-

I beg to inform you that the Department of Finance has notified this Department that cheque No. 1435, drawn in favour of William Snake for \$10.00 to pay for work done on the Rama school, has been returned through the bank, and, that you have scored out the christian name William and written in Norman. This is very irregular and should not have been done by you, and I have to warn you against doing anything of the like in the future. If a Departmental cheque is not made out correctly, you should always return it to the Department, pointing out what change should be made in the cheque but never make any alterations in the cheque yourself.

Ottawa, September 22nd., 1922.

Sir,-

I am in receipt of your letter of the 18th instant, with which you forwarded a voucher amounting to \$17.00 in favor of Peter Bigwind for work done on the Rama Day School, and also a voucher for \$2.50 from John Simcoe for work on the same school; and in reply I have to inform you that the said vouchers are being held pending the receipt of explanations from you. Seemingly authority for the expenditure incurred was not granted, and I have to point out also that the vouchers do not give particulars with regard to the nature of the work performed.

An Indian Agent should not incur expenditure except in the way of emergency relief without authority from the Department.

Your obedient servant,

J. D. McLEAN

Sir: -

I have to acknowledge the receipt of your letter of the 23rd instant, informing the Department that the two organs at Rama require tuning and cleaning.

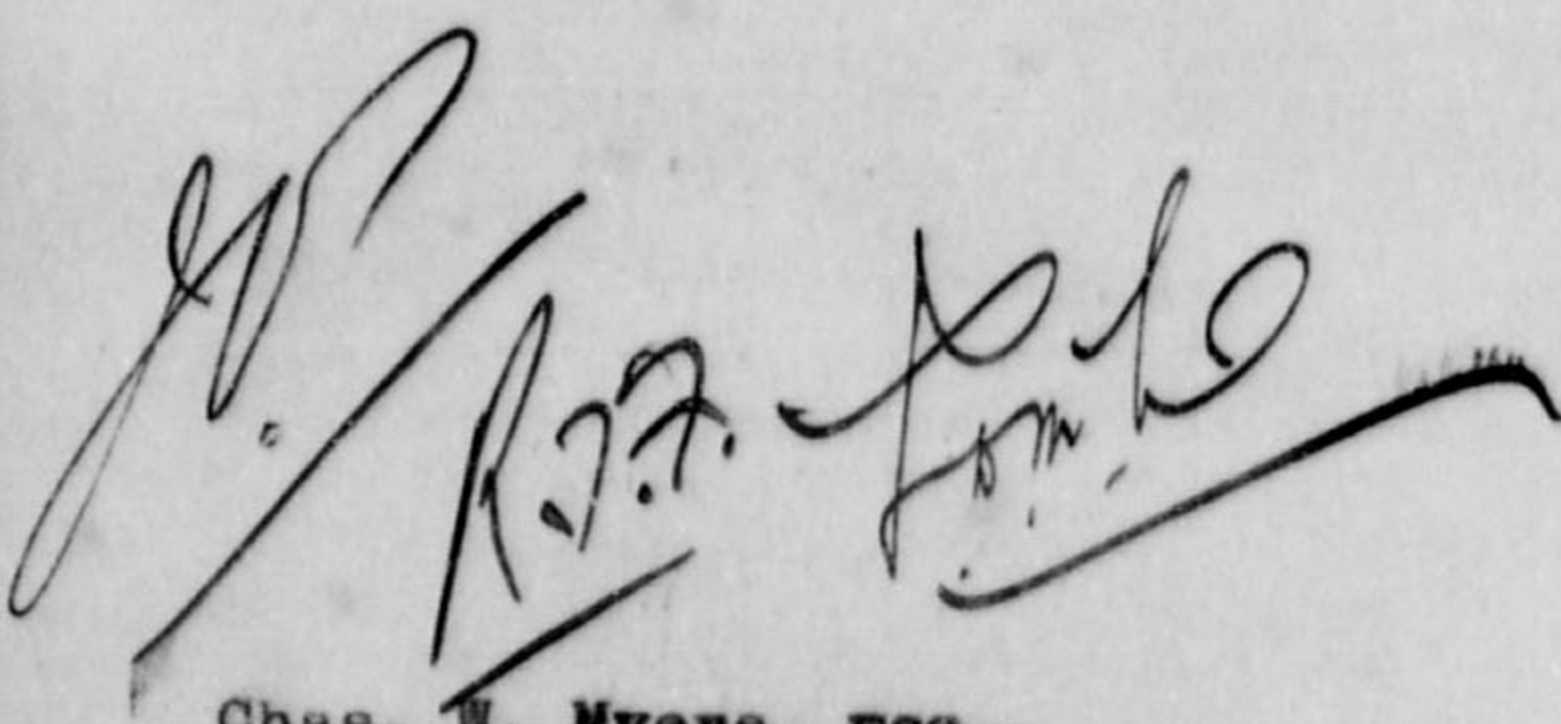

In reply I beg to say that you should state whether these organs are located in the school or elsewhere, and whether they are the property of the Department, the Indians, or by whom they are owned.

As soon as this information is received, as well as an estimate of the cost of having the tuning and cleaning done, the Department will be in a position to consider this request.

Sept 22 1922

Sir,—

In reply to above number and date of letter I beg to say that John Simeon work at Ramna Indian Day School was for cleaning the school well. in case of children taking sick the school well is always blame for it. This well is very close to quick sand and there was a large quantity of this soft putty at the bottom, and it takes 2 men to do this job. As to Peter Bigwood account there was many thing to fix up this season and this is slow work, included the Furnace, chimney's + kitchen stoves all had to be cleaned. Fence wanted attention. Centre Post in Gate way remodelled. These repairs & fixing up is an annual requirement and Teachers expecting every thing into order on their return. I did not think I was doing wrong. of course I could have reported to Department before I acted.

Sir: -

I have to acknowledge the receipt of your letter of the 26th ultimo, in which you inform the Department that the valleys of the roof of the Rama Indian Day School need some slight repairs.

In reply I beg to say that you may have the repairs required carried out, in order to prevent leakage.

I have also to acknowledge the receipt of your letter of the 28th ultimo, with reference to the request for authority to have the two organs in the schoolrooms tuned and repaired.

In reply I beg to say that you may arrange to have this work done. The cost should not exceed your estimate of approximately \$7.00.

Replying to your letter of the 10th instant, I beg to say that you may arrange to have the windows in the teacher's residence and in the schoolrooms re-puttied.

No undue expenditure should be incurred for any of the above work and, when completed, you should forward properly certified vouchers, in duplicate, covering the expenditure incurred.

Sir,—

I am requested by the Senior Teacher Miss Bowman of the Rama Indian Day School Rama Reserve to ask the Department to place a Quebec Heater Stove in her room which is on the North side of the building, as this room is too cold for her and the pupils of this room. I beg to report that this senior room is not comfortable enough and should be considered by the Department.

If the same is approved of by the Department it will be necessary to put a stove pipe hole in the chimney from the inside to receive the pipe. In examining the chimney it can be easily done. The cost of stove will be for stove about \$22.⁰⁶, & stove pipe & chimney the cost will be about \$25.⁰⁰.

I am your obedient servant

Ottawa, Nov. 28, 1922.

Sir:-

I have to acknowledge receipt of your letter of the 24th instant, regarding the request of the senior teacher of the Rama Indian Day School to have a Quebec heater installed in the classroom on the north side of the school building.

In reply I beg to say that in order to make the senior classroom comfortable, the Department will approve of the purchase of a stove of the Quebec heater type, also of having a hole cut in the chimney for the stove pipe. Before purchasing the stove and stove pipes required, it will be necessary for you to obtain competitive prices from a number of dealers, and the articles should be bought from the firm quoting the lowest price. No undue expenditure should be incurred in having the pipe hole made in the chimney. Please see that the total cost of the stove and the other work required does not exceed approximately your estimate of \$25.

Kindly forward certified vouchers, in duplicate, covering the amount involved. It is expected that the purchase of this stove will receive your early attention.

Your obedient servant,

J. D. McLEAN

Pama School,
Dec. 5th 1922.

Secretary,
Indian Department:
Dear Sir:

I have been informed that you sometimes give a small grant of money to help buy Christmas presents for Indian children. The funds in Pama Sunday school treasury are very low. We would be very grateful for a small donation to help buy presents for the Sunday school children.

Hoping you will be able to help us I remain

Yours sincerely,
Handa Bowman.

Ottawa, Dec. 9, 1922.

Madam:-

I have to acknowledge receipt of your letter of the 5th instant, requesting that a grant be allowed to purchase gifts for Christmas for the Indian children attending the Rama Sunday School.

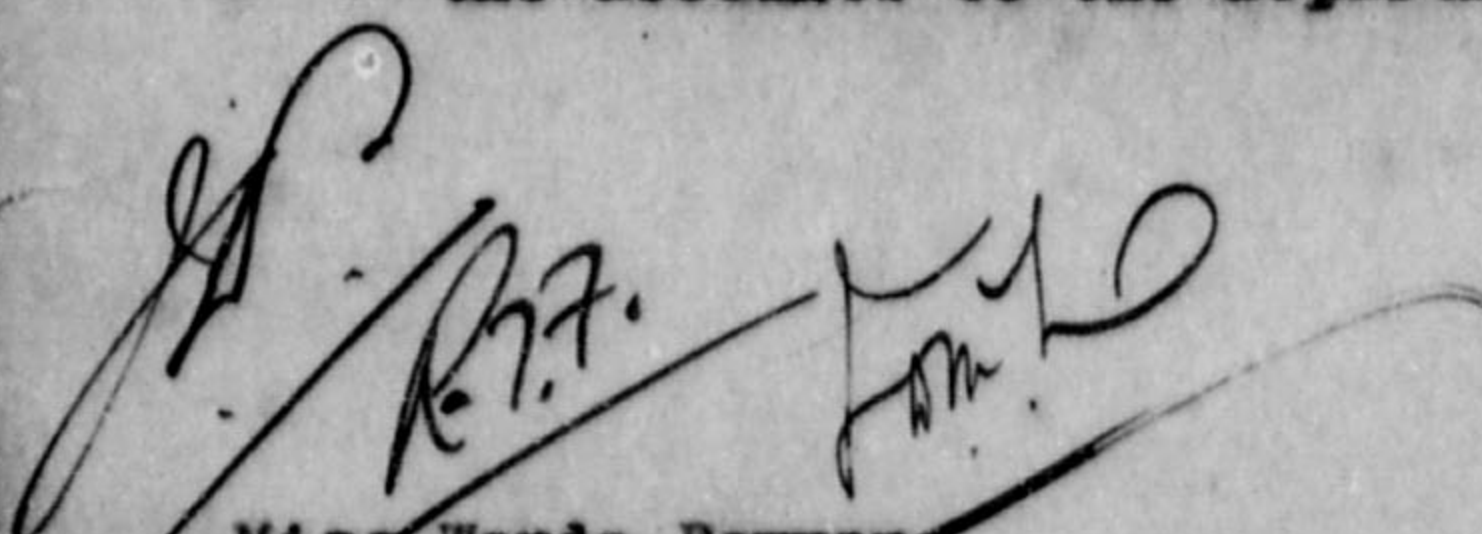

In reply I beg to say that this Department has never made a grant to children attending Sunday Schools, but we have allowed grants for the purpose of providing a treat for the children in the Indian schools at Christmas. The Department would be prepared to allow the Rama Indian Day School a grant not exceeding the sum of \$12.00 to purchase candy, books or other gifts for the children, to be given them before school closes for the coming Christmas holidays. You may expend the above amount for this purpose.

The merchant from whom this purchase is made should furnish properly itemized accounts in duplicate. You should hand these to Mr. Indian Agent Myers, who is being informed of the authority granted and instructed to certify and send the accounts to the Department for payment.

Your obedient servant,

J. D. McLEAN

J. D. McLean,
Asst. Deputy & Secretary.

Ottawa, Dec. 9, 1922.

Sir:-

A request has been received from Miss Wanda Bowman, Teacher of the Rama Indian Day School, for a small grant to buy Christmas presents for the Indian children attending the Sunday School.

We are informing Miss Bowman that the Department has never made a grant for children attending Sunday Schools, but that we will allow her to expend an amount not to exceed \$12.00, if she so desires, in the purchase of suitable gifts - candy etc., to be distributed among the children attending the Rama Indian Day School, before the school closes for the coming Christmas holidays.

Miss Bowman has been instructed to obtain certified accounts, in duplicate, from the merchant who supplies these articles and to hand these accounts to you. You will be good enough to attach them to proper voucher forms, certify in the usual manner and forward them to the Department for payment.

Your obedient servant,

J. D. McLEAN

Mr. J. W. McLean.

Dear Sir:

I wish to thank you for allowing me to expend twelve Dollars to buy gifts for the Indian school children. I bought candy nuts and a handkerchief for each child attending school. A handkerchief is something they all needed badly. These gifts will be given to them this afternoon (Friday). We have invited the parents and friends to school and are going to have a concert. I gave the duplicate bills to Mr. Myers.

Thanking you again for your kindness I remain

Yours sincerely,
H. Bowman.

Sir,-

I am in receipt of your letter of the 23rd instant, with which you forwarded a voucher amounting to \$2.50 in favour in favour of Whitney Bros for repairs to the school furnace Rama Reserve and in reply I may say it is observed that you quoted as authority for expenditure letter of the 12th instant. As the said letter authorised the purchase of a furnace shaker only, and as payment for the same has been made to Messrs Phillips & Co. the reference on the above mentioned voucher is not understood. Kindly furnish an explanation in the matter.

Your obedient servant.

January 30 1923

Sir,—

In reply to above number and date of letter I beg to report as follows. Messrs Phillips & Co of Ouelia are the local agents for the Pease & Co furnace which the school is a Pease furnace and they only keep a few repairs on hand.

The piece of casting that was broken Phillips & Co sent the wrong casting and Mr Whitney went to Rama school to put it in place which did not fit so Mr Whitney brought the broken one back and Messrs Phillips & Co had to send to Toronto for a new one and when the new casting came back to Phillips & Co there charges was for only the casting but it had to be put in its proper place at the Rama school which Mr Whitney went to Rama Indian school a second time to do this work there was a fierce storm on at the time which took him all afternoon. If this work had been completed by Phillips & Co sending a high priced man to do this work the charges would be a great deal more and under the circumstances of the weather they would not have turned out anything wrong with a furnace there is always labour with it.

J. D. McLean Esq

ports provided by
H. H. H. May 1923
pp.*

Sir:

Ottawa, April 30th, 1923.

I have to acknowledge the receipt of your letter of the 24th instant, requesting that certain equipment be supplied for the use of the pupils of the Rama Indian Day School in outdoor games.

In reply I beg to say that we are placing an order here to forward a basket ball and 2 baskets, without nets, the latter of which you can attach to the poles that are erected.

Instead of the baseball outfit which you request, we are ordering and will forward 2 indoor baseball bats and 2 balls. This game can be played either indoors or outside, and this equipment is not as liable to be lost as a baseball outfit. It is thought that the boys can provide themselves with a bat and ball.

When the above equipment arrives it should be placed in the charge of the teacher who should be responsible for its safe keeping.

Your obedient servant,

Russell T. Ferrier

Sir—

As you are aware from the past the furnace in the Ramo Day School does not give satisfaction, and it was necessary to install a stove in one of the rooms to get the proper heat in the room. In my opinion the furnace should give sufficient heat to supply the school. The stove in my opinion is an extra expense. And during the mid-summer holidays or before the furnace is started next winter I would like to have the furnace overhauled. On making enquiry it would appear that the pipes have not been cleaned for several years. Kindly let me have your opinion in this matter.

Yours truly

Certain repairs are necessary at the Rama Day School and I would like to have them done during the mid-summer holidays. The walls in both rooms & hallway should be kalsomined they are very dirty & where plaster is broken repaired also the wood work in both rooms & hallway painted or varnished and also the wood work on the out side of the building needs painting the I understand has not been painted since the building was put up, now 10 years ago.

Yours truly

Ottawa, May 16, 1923.

Sir:

I have to acknowledge receipt of your letters of the 10th instant, regarding certain repairs, calcimining and painting, as well as repairs to the furnace at the Rama Indian Day School.

In connection with the repairs to the broken plaster and the cleaning and calcimining of the walls in both classrooms and hallways, I shall be pleased if you will furnish an estimate of the cost of having this work done. Also state approximately the cost of having the outside of the building painted, and advise us whether the above work could be done by Indian labour or by contract. As soon as we have this information, we will be in a position to decide whether this work can be authorized, or not, during the coming summer holidays.

Regarding the furnace, you may arrange to have both the pipes and the furnace thoroughly cleaned and overhauled. It is considered that this furnace should be quite satisfactory to heat the building. If, after it has been cleaned, it is found that any other than minor repairs are required, you should furnish a report stating what is needed and the cost of the work. It may be that, when the furnace and pipes are cleaned, the difficulty experienced in heating the school will be to a great extent overcome.

Your obedient servant,

J. D. McLEAN

Extract from Inspector's Report on the RAMA INDIAN
SCHOOL, May 11, 1923.

The walls and ceiling require a thorough cleaning
and painting. The outside woodwork has not been
painted since the school was built. This should
be done this summer to preserve the woodwork.

The Boys' closet requires a thorough scrubbing.

All those who are at the head of affairs on the
reserve are joining in an effort to improve con-
ditions around the homes. We went over the grounds
of the school and Major Anderson will likely later
have some suggestions to make. It is too bad that
the rooms (class) were not wired when the other
wiring was done. There should also be an electric
light in the basement at the bottom of the back
stair.

Ottawa, June 2nd, 1923.

Sir:

Replying to your letter of the 28th ultimo, I beg to inform you that the playground equipment ordered for the use of the Rama Indian Day School was forwarded to the teacher, Miss Wanda Bowman, on the 9th ultimo. It was considered that it would be more convenient to have this equipment sent to Atherley than to you at Longford Mills. We have received an acknowledgment from Miss Bowman that these supplies have been received by her.

Your obedient servant,

Russell T. Ferrier

Sir:

I have to acknowledge receipt of your letter of the 26th ultimo, regarding the request of the teacher of the Rama Indian Day School, for certain supplies for the use of the teacher's residence and school.

In reply I beg to say that you may purchase and have delivered one package of tacks, one package small nails, one casserole, one floor mop and a small quantity of oil, two aluminum bake dishes, two wire waste paper baskets, four pillow cases, two comforters for beds, one small table, a screen door and stove polish. No unnecessary expenditure should be incurred. Obtain competitive prices, if possible, and purchase the above supplies from the firm quoting the lowest price. Properly certified vouchers, in duplicate, should be forwarded, covering the expenditure incurred.

Sir:

I have to acknowledge receipt of your letter of the 2nd instant, enclosing a resolution of the Rama Indian Band, regarding the painting and decorating of the Rama Indian Day School building.

In reply I beg to say that, as the Indians have resolved that the cost of having the work done is not to be taken from Band Funds, the Department has no other appropriation available this fiscal year for the purpose. The painting of the school building will, therefore, have to remain in abeyance until next year.

Sir,—

I enclose herewith an account of Wilfred Benson for work done by him in putting up screens and removing storm doors in the Rama Day School.

This work was done some time ago but I took no action in paying him, supposing he was doing it for his Mother who is caretaker, which came under her duties as caretaker, but he brought the matter up at the council meeting when the enclosed resolution was passed for payment.

Will you kindly advise me what the duties of the caretaker are, for in my opinion such work as this should be done by the caretaker.

Yours truly,

Dear Sir,-

I am in receipt of your letter of the 13th instant, with which you forwarded a voucher amounting to \$3.75, in favour of Wilfred Benson for $1\frac{1}{2}$ days work putting up screens, etc., on the Rama Indian Day School, and in reply I have to point out that the work in question forms part of the duties of the caretaker, and as this man's mother is the caretaker and failed to perform the work which apparently he did for her, the Department does not propose to make payment of the voucher in question.

Kindly explain the matter to Wilfred Benson and his mother and make it clearly understood that all the duties of the caretaker must be performed in future in return for the wages paid.

Your obedient servant,

(A.F. MacKenzie),
Acting Asst. Deputy and Secretary.

Sir,—

The furnace in the Rama Day School is again giving trouble. Following your instruction I had the furnace pipes taken down and cleaned and upon a fire being made in the furnace considerable smoke escaped through the School. I again had Messrs Phillips & Driscoll examine the furnace again and they now report that the fire pots are broken which allows the smoke to escape. I enclose herewith a copy of Messrs Phillips & Driscoll's letter giving an approximate cost of the fire-pots. The labor for putting in will be extra. As it is important that the fire-pots be replaced I would recommend that this be done at once.

Yours truly

To the Secretary

Ottawa, October 31st, 1923.

Sir:

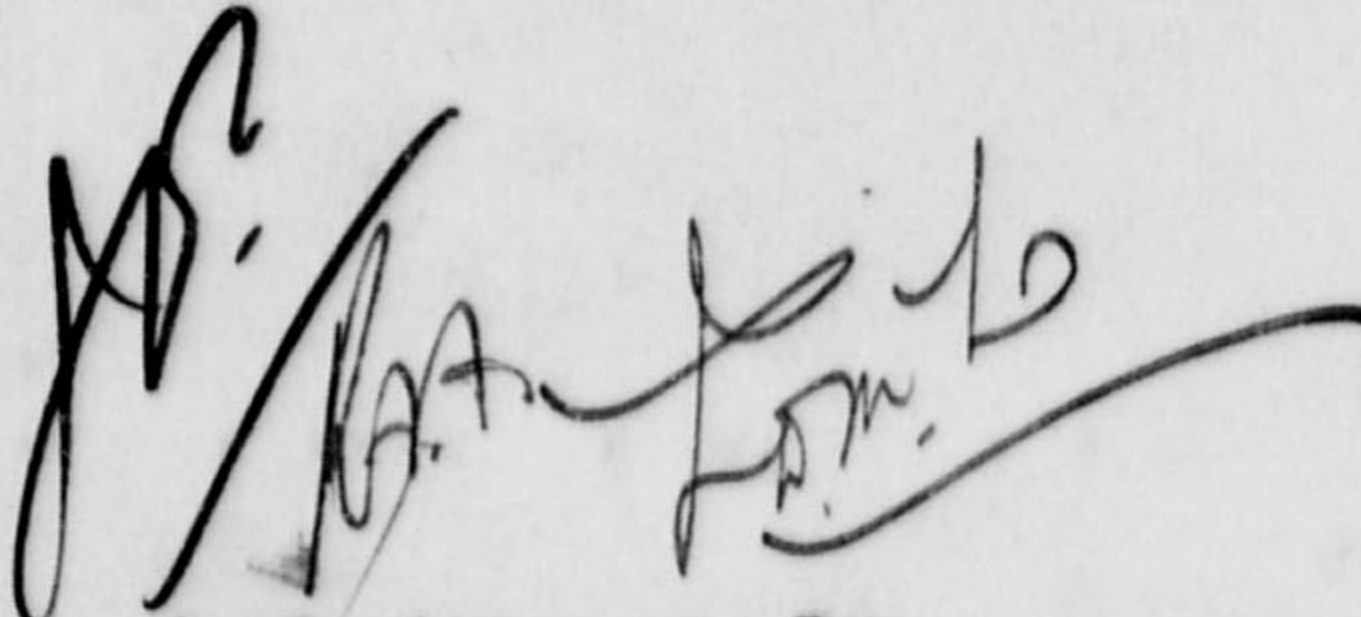

I have to acknowledge receipt of your letter of the 23rd instant, reporting on the repairs required to the furnace at the Rama Indian Day School.

In reply I beg to say that you may arrange for the purchase and installation of new fire pots as recommended by Messrs. Phillips & Co., Orillia. You should arrange to have the work done as soon as possible, in order that the furnace will be placed in good condition before the extreme cold weather sets in. No unnecessary expenditure should be incurred for the labour in having the fire pots installed. Properly certified vouchers, in duplicate, should be forwarded covering the expenditure incurred.

Your obedient servant,

J. D. McLEAN

dup

Sir,

I have been requested by the teachers of Rama Day School to secure for them if possible the following articles

- 1 Small Galvanized Pail for kitchen use
- 1 Wash Stand for kitchen use.

The Women's Institute of Rama have presented to the school a supply of Tooth Brushes sufficient for each pupil and they have asked for a supply of tooth powder and cups for use when pupils are cleaning their teeth and also some kind of a tank that the water for use can be drawn from.

There is also the question of drinking from the pump in the school yard. It is not practical to leave a cup at the pump for it would become the common property of the Reserve for drinking purposes which is not advisable. A small outlay might be made and a cup purchased for each pupil for drinking purposes.

There is also considerable space at the bottom of the door leading from the school hallway into the teacher kitchen, and every day when the sweeping is done considerable

Sir,—

dust escapes through, a small mat laid at door would prevent the dust getting through. A break nail is also required.

A cupboard used by teachers for keeping supplies is requies repairing and a new lock.

On an inspection of the school I find that a number of the locks are broken and there are no keys whatever for any doors. I enquired from the old caretaker and she stated she had no keys, and did not know where they were. Kindly let me have your instructions and oblige.

Yours truly,

Ottawa, Nov. 3rd, 1923.

Sir:

I have to acknowledge receipt of your letter of the 30th ultimo, with reference to certain supplies required for the Rama Indian Day School.

In reply I beg to say that you may purchase 1 galvanized iron pail, 1 cheap wash stand, 1 small mat and 1 bread knife. You should also purchase new locks and a key for each. You may also secure a cheap aluminum cup for the use of each pupil in the school. The Department, however, is not prepared to allow tooth paste, as it is considered that this should be provided by the parents.

You should have the cupboard repaired and provide a new lock for it.

Please furnish an estimate of the cost of a suitable water tank.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

Sir,—

I enclose herewith Voucher amounting to \$4.00 in favor of Messrs Macerab & Sons Orillia. These supplies were required for the Rama Indian Day School. The ash can was required to carry the ashes from basement to the outside of school house. The door bolt I had placed on one of the large doors leading into the school. The lock being broken and until a new lock is secured. I had this bolt placed on the door. The padlock was for the door used by the caretaker leading into the basement in the rear of the school.

Ottawa, January 28, 1924.

Sir:

I have to acknowledge receipt of your letter of the 19th instant, regarding the request of the teachers of the Rama Indian Day Schools to be furnished with certain articles for the use of the school.

In reply I beg to say that a requisition is being forwarded to the Government Stationery Office to send to your address 1 pencil sharpener and 2 desk bells for the classrooms. You may purchase and have delivered 4 1/2 yards white oilcloth, 1 hoe, 1 rake, 1 hand sickle, 1 quart paint and 1 door scraper. You should forward properly certified vouchers, in duplicate, covering the expenditure incurred. This material should be placed in charge of the teachers who are to be responsible for its care.

Regarding the manual training tools for the use of the boys, I should be pleased if you would furnish a list of what is required, and, if possible, give the approximate cost of the same. You should also state what facilities are provided for the teaching of this work to the boys. When we have full information as to what arrangements can be made for using these tools consideration will then be given to purchasing the same.

Your obedient servant,

J. D. McLEAN

Sir—

A supply of Electric light bulbs are required for the School. (say half a dozen) and some repairing to the wires, also the back door leading into kitchen requires to be repaired. Also would you consider having the floors in the Main Room and halls oiled with the object of controlling a certain amount of the dust that rises when ever the sweeping is done. I would also recommend that a ^{coarse} shell mat be purchased for the landing leading into the School which I believe could be used to good advantage by pupils cleaning the muds of their boots before entering the School

Ottawa, February 20, 1924.

Sir,-

In reply to your letter of the 16th instant, I beg to say that you may arrange for the purchase of six electric light bulbs of the candle power required and a mat for the landing of the Rama Indian Day School.

It is considered that a cocon mat would be preferable to a steel mat for the purpose for which it is required.

You may also arrange to have the repairs required made to the back door leading into the kitchen and also purchase the quantity of oil necessary and arrange for having the floors in the class-room and hall oiled. The floors should be thoroughly cleaned before being oiled.

No unnecessary expense should be incurred in the above purchase or in the labour of having the oiling of the floors carried out.

Properly certified vouchers, in duplicate, should be forwarded, covering the cost in the purchase of the above supplies and for the labour employed.

Your obedient servant,

J. D. McLEAN

Sir:

I have to acknowledge receipt of your letter of the 2nd instant, enclosing resolution of the Rama council in which they request that the school well on the Rama Indian day school property be cleaned out, in order that a pure supply of drinking water can be obtained.

In reply I beg to say that the Department will approve of this resolution. You may, therefore, arrange to have the well thoroughly cleaned out and put in good condition. No unnecessary expenditure should be incurred, and properly certified vouchers, in duplicate, should be forwarded covering the cost. This work should be attended to as soon as weather conditions permit.

Ottawa, April 25th, 1924.

Sir:

I have to acknowledge receipt of your letters of the 22nd instant, regarding the repairs and supplies required at the Rama Indian Day School.

With reference to the request for a boiler for heating water, please state the type of boiler required and the approximate cost of the same.

Regarding the cleaning and moving of the closets, I beg to say that you may arrange to have these buildings moved to another site on the school grounds and the present holes properly filled in.

You may purchase the supply of screw nails, nuts and bolts required, in order to place the school desks in a good state of repair.

Regarding your request to have walks installed from the gates entering the school grounds to the school building, I have to request that you will state whether you would recommend that concrete or crushed stone be used for the two main entrances leading to the school, and the approximate cost of putting down the concrete and crushed stone. As soon as we have this information, we will be in a position to consider whether the work can be authorized or not.

Regarding the playground equipment required, please state what it would cost to have a teeter, a swing and a sand pile placed in the school grounds. You may purchase a few rubber balls for the smaller pupils. It is considered, however, that the flat bats can be made by the older pupils ~~and~~ their parents.

Regarding the repairs to the windows in the classroom and cellar, I beg to say that you may arrange to have these windows repaired. You may also arrange to have the broken glass on the picture in the classroom replaced.

Regarding the request of the teacher for the payment of the light used, I beg to say that if this is used in the teachers' living quarters it is considered that they should be responsible for payment for this service. You may arrange to have a light installed in the basement where the teachers keep their supplies. This should be installed in a manner satisfactory to meet the requirements. If required, a switch for this light may also be installed. The Department does not consider that a light in the

I overlooked notifying you that in arranging for opening of the same Indian Day School that I considered it advisable to have the School room floor and hall & wood work around room oiled which I trust will meet with your approval. Have you any funds available for the purpose of painting the School on outside and inside. The outside could be done at any time and the inside possibly at Xmas holidays. The building certainly needs painting. When I had this question up with you last there were no funds for that purpose.

Yours truly
D. S. Anderson Agent

Ottawa, October 1, 1924.

Sir:

Replying to your letter of the 26th ultimo, I have to inform you that the action taken by you, in having the schoolroom floor, hall and woodwork around rooms at the Rama Indian Day School oiled, is approved. You should furnish properly certified vouchers, in duplicate, covering the cost of the oil and the labour employed.

With reference to the painting of the inside and outside of the school building, I have to say it is considered that it would be unsatisfactory to have this work carried out this fall. I shall be pleased if you will make a note of this matter and forward a request early in the spring, at the same time stating approximately the cost of having the work done and whether you could arrange to have it performed by day labour, under the charge of a competent foreman, if required.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Ottawa, October 27th, 1924.

Sir:

I have your letter of the 22nd instant, containing a list of the articles required for the use of the Rama Indian Day School and teachers' residence.

In reply I beg to say that you may arrange for the purchase and delivery of the following, viz: -

1 Wash board,	1 Ironing board,
1 Clothes boiler,	4 Window curtains,
1 Porridge double boiler,	10 Yds. cretonne, inexpensive,
1 Bread box,	1 Set irons,
1/2 Doz. tins chloride lime,	1 Bottle O'Cedar oil.

You may also purchase and have installed 3 panes of glass in the lavatory and 1 pane of glass in the concert hall. The door of the boys' lavatory should be repaired.

The Department is not prepared to supply a steamer, hair brooms and the half dozen glass jars.

In the purchase of the above authorized equipment, competitive prices should, if possible, be obtained. While serviceable articles should be secured, it is not intended that any unnecessary expenditure be incurred. Properly certified vouchers, in duplicate, should be forwarded covering the cost.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

INDIAN OFFICE

At Longford Mill
Dec 16 1924

[Handwritten signature]
Sir

Owing to the condition of the
wood work over the top of the well and
cistern at the Kana Indian Day School
I found it necessary to purchase plank
boards to have the top repaired. The
wood had become decayed and surface
water was getting into the well
Trusting this will meet with your approval

Yours truly

Ottawa, February 20, 1925.

Sir:

The Public School Inspector, in a report on his recent inspection of the Rama Indian Day School, states that the classrooms are in need of redecorating. He also states that the electric wiring is in the building but not in the classrooms, and that the wire could be installed in these rooms with very little extra cost.

I shall be pleased if you will furnish your views as to the need of having the interior of the classrooms redecorated. You should state the nature of the work you would recommend be done, and the approximate cost of the same. Please also report on the need of having the electric wiring installed in the classrooms. Except for a short period in the fall of the year when extra light may be required in the classrooms, the Department cannot see the need of having electric lighting installed therein. The information asked for regarding any painting, kalsomining or other redecorating which you recommend should be forwarded at an early date. If it is decided to authorize having the work done, it could be carried out when the school is closed for the summer holidays next.

Your obedient servant,

J. D. McLEAN

INDIAN OFFICE

At

Longford Mills

Feb 26 1925

Sir

Reference No 24-1-5.

I beg to acknowledge receipt of your letter of the 20th inst regarding re-decorating Rama Indian Day School and the installing of electric lights in the class rooms. Both these questions I have had up with you on previous occasions. The school certainly needs painting both inside and out. In 1923 I called for tenders and those submitted for painting on outside & decorating & painting inside varied from \$270⁰⁰ to \$310⁰⁰ but this price cannot be used now, as I will have to call for new estimates which I purpose doing in accordance with your letter of October 1st 1924 so that if it is decided to do the work it will be carried on during the summer holidays.

In accordance with your letter of 25th April 1924 you then decided that you did not consider the lights in the class ^{rooms} ~~you~~ required. Most of the time during school hours the light is sufficient, but there are odd times when the pupils cannot see the work on the blackboard.

Ottawa, March 4th, 1925.

Sir:

I have your letter of the 26th ultimo, relative to the painting of the interior and exterior of the Rama Indian Day School building during the coming summer holidays. It is noted that you will obtain an estimate of the cost of having this work done.

In this connection it is considered that the amount required should be provided from the interest funds at the credit of the Band. After you have obtained an estimate of the cost, you should submit the matter to the Band in Council, and, if possible, obtain a resolution authorizing the Department to pay the expenditure incurred from the interest account at the credit of the Band. It is hoped that the Council will willingly consent to provide the funds. I might say that it is unlikely that the funds required to pay the cost of the painting could be provided from Parliamentary Appropriation, and in the event of the Indians refusing to provide the funds necessary this work would have to stand over.

Regarding the extension of the electric light system to the classrooms, we will await your estimate of the cost involved before giving consideration to authorizing the work being done. This matter was only brought up on the recommendation of the Public School Inspector, as, owing to the period each day the classes are held, the Department is unable to see the necessity for providing electric light to carry on the work.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

reference to 24-1-5

Referring to your letter of the 4th inst regarding installing electric lights in class rooms of Rama Indian Day School & Painting of School.

To install two lights in front of each black board in each room and a switch for each room including inspection and shades or reflectors on lamps would cost \$35.00

In regards to tender for painting to have the best results and reach the trade in general I would recommend that tender be advertised for in the Orillia paper one insertion in the paper would be sufficient

24-1-5

Longford Misses
March 14th 1925

Referring to previous correspondence regarding work approaching to Rama Day School, to go to expense of laying concrete pavements would be rather expensive and I would recommend that crushed stone be secured & placed at School. On my last visit to school it was rather mild & the mud was very bad & on pupils entering school they cannot keep but carry considerable into the School. The crushed stone would have to be hauled from Longford and it should take two ^{or three} days for to haul sufficient at \$5.00 per day in which time about 8 loads should be hauled at 1st per load.

A new gate is also required at the entrance to the School grounds the present one being fast repair

A padlock is also required for Teachers out door closet

Mrs. Loman one of the teachers has also requested that I secure for School grounds this spring a load of well rotted manure and a few loads of loam for the flower beds at the School

Ottawa, March 18th, 1925.

Sir:

I have your letter of the 14th instant, submitting an estimate of the cost of installing electric lights in the classrooms of the Rama Indian Day School, and also with reference to the painting of the school building.

In reply I beg to say that you may arrange for the installation of two lights in front of each blackboard in each classroom with suitable shades or reflectors, also for the installation of a switch for each room as required. It is noted that you estimate the cost of this work to be approximately \$35, and this amount should, if possible, not be exceeded. When the work has been completed, you should furnish properly certified vouchers covering the cost.

With reference to obtaining prices for the painting of the interior and exterior of the school building, I beg to say that if tenders are called it would be necessary to submit the same to His Excellency the Governor General in Council for approval. We would prefer that you obtain an estimate from a reliable painter of the cost of the material required, such as paint, oils, etc., and a separate estimate for the labour in doing the painting. Another arrangement that would be satisfactory would be for you to purchase the material after obtaining competitive prices, and arrange for the labour under a competent foreman, keeping time sheets for the men engaged. Please forward the estimate of the cost of the material and labour, and state which of the above arrangements you prefer for having the work done. It will be necessary to prepare a brief specification of the amount of painting to be done, and I shall also be pleased to have this information.

The question of authorizing the work during the coming summer holidays will depend entirely upon obtaining a resolution from the Band in Council to authorize the Department to pay the expenditure required from the interest account at the credit of the Band, and you should, after ascertaining what the cost will be, endeavour to obtain this resolution for the amount required.

Your obedient servant,

J. D. McLean

Ottawa, March 18th, 1925.

Sir:

I have your letter of the 14th instant, recommending that crushed stone be secured and placed on the walks and approaches to the Rama Indian Day School.

In reply I beg to say that, when weather conditions permit, you may arrange to obtain the quantity of crushed stone required and have it hauled from Longford and placed on the walks and approaches. No unnecessary expenditure should be incurred for the purpose, and you will see that this work is satisfactorily carried out and the walks left in a neat and finished condition.

You may also purchase and have installed a gate at the entrance to the school grounds, also a padlock for the teacher's outdoor closet.

The Department will also approve of the purchase of a load of well rotted manure and a few loads of loam for the flower beds on the school grounds.

You should furnish properly certified vouchers, in duplicate, showing the expenditure incurred for each of the above services.

Your obedient servant,

J. D. McLEAN

Ottawa, August 31st, 1925.

Sir:

In reply to your letter of the 27th instant, with reference to the desks in the Rama Indian Day School, I beg to say that the only information the Department has on file shows that these desks were purchased in December, 1913, from Wm. Low, Furniture Dealer, Uxbridge, Ont.

In reply to your other letter of the 27th instant, I beg to say that you may purchase for the Rama Day School 2 brooms, 6 bars soap and 11 panes of glass.

Your obedient servant,

Russell T. Ferrier

Ottawa, October 16, 1925.

Sir:-

relying to your letter of the 12th instant
I beg to say that you may purchase the following equip-
ment for the use of the teacher's living quarters at
the Rama Indian Day School:

- 1 hand basin
- 2 water pails (granite)
- 2 slop pails (with tops)
- 1 Ironing board
- 2 stove lifter
- 1 sauce pan
- 1 stove mat for stove and classroom
- Front casting for Range
- Bricks for Range Front and back.
- 1 qt O'Cedar Oil.

Regarding the dinner set asked for I beg to say that if
you consider this to be necessary you can arrange for
the purchase of one half a set. These dishes whilst
serviceable should be as unexpensive as possible and
the Department will rely on you to see that unnecessary
expenditure is incurred in any of the above purchases.
Please forward properly certified vouchers in duplicate
covering the cost.

We are not prepared to authorize the supplying
of the crocks and the preserving kettle.

your obedient servant,

Extract from Report of Inspector Ferguson on
the Rama Day School, dated October 7, 1925.
Original on file 24-1-6

The walls of the classrooms need attention badly. The
hardwood floors have heaved. Now with the fire on these
will go back in place except up the centre of one
class room where the floor has heaved so high that I do
not think that it will go back in place. Some of the
boards may have to be replaced. The kitchen range
is in bad condition. The front grate is burned through
and the bricks are again broken. This requires attention
before the severe weather sets in. I am pleased to
see that base balls, bats and footballs have been provided
for the smaller children. It would not be much trouble
to provide these.

Sir,

I beg to advise that the following panes of glass are required for the Rama Indian Day School.

- 1 Pane 7 ft 4 in x 9 ft 6 in
- 3 panes 8 x 10 in
- 2 panes 8 x 17 in

The large pane and the 3 panes 8 x 10 were discovered broken after the parties who broke into the School according to my letter of 17th inst had departed. The last two I could not find out how they were broken.

Yours truly
A. S. Anderson, Agent

EX-10

Ottawa, November 21st, 1925.

Sir:

I have your letter of the 18th instant relative to the glass which was destroyed in the windows of the Rama Indian Day School.

In reply I beg to say that you may arrange for the purchase and installation of the number of panes of the dimensions required and have them placed in the windows. Please forward properly certified vouchers, in duplicate, covering the expenditure incurred.

Replying to your letter of the 17th instant, I beg to say that you may incur an expenditure not exceeding \$12 in the purchase of suitable gifts for a Christmas treat for the pupils. Accounts, in duplicate, properly certified, should be forwarded covering the expenditure incurred for this purpose.

Your obedient servant,

J. D. McLean
J. D. McLean,
Asst. Deputy and Secretary.

At Longport May 1st 1926

Sir,
I beg to advise that a number of the seats in the junior class room of Rama Indian Day School require repairing or replacing. It would appear that the continual raising & lowering of seats has worn the catch that holds the seat when it reaches the proper place, with the result that seats lower to a very uncomfortable angle for the pupils to sit on, there are (11) chairs that appear to require attention.

Yours truly

Ottawa, May 5th, 1926.

Sir:

I have your letter of the 1st instant, relative to the condition of the desks in the junior classroom of the Rama Indian Day School. We note that there are eleven desks requiring attention.

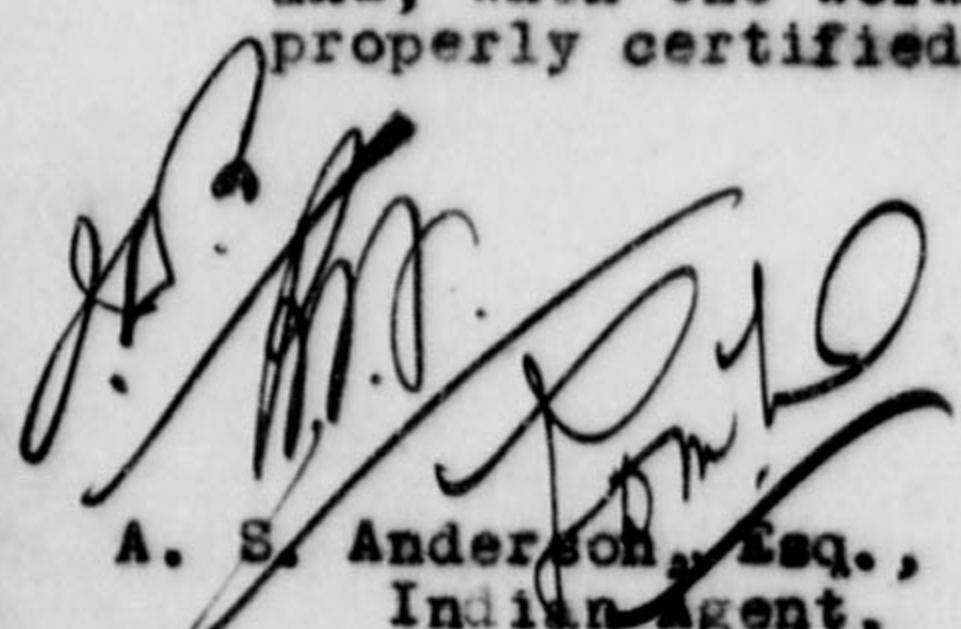

In reply I beg to say that you may arrange to have the necessary repairs carried out to these desks. If any new parts are required, you should obtain same from the manufacturer of the desks. It is thought that you can obtain the manufacturer's name from the desks, and you should furnish full particulars as to any parts required, giving sizes, etc. If, however, no extra parts are required, you should have the desks requiring attention gone over and placed in good condition.

You may also purchase and have installed two door locks - one for door leading into senior classroom and one for door leading into school on south side. It is considered that the teacher should see that better care is taken of the door locks and furniture at this school, as recently there has been considerable expense in making minor repairs.

No unnecessary expense should be incurred in the repairing of the desks and in the furnishing of the locks, and, when the work has been completed, you should forward properly certified vouchers, in duplicate, covering the cost.

Your obedient servant,

J. D. McLEAN

Sir:

I have your letter of the 19th instant, with reference to the conditions of the engagement of Mrs. Stickle, newly appointed senior teacher at the Rama Indian Day School. It is true that the Department is particularly interested in household science, but I am not prepared to authorize the supplying of a sewing machine at the present time. Later, after the work is well under way, if this equipment appears to be urgently needed, you may again bring the matter to the attention of the Department.

There is no change of policy in connection with what should be supplied to the teachers at this school, but I wish to make Mrs. Stickle feel as comfortable as possible. In my offer to her, I stated that the necessary furniture and equipment, with the exception of linens, etc., was provided. I mentioned that fuel was supplied by the Department and a janitor employed. I consider that the teachers should continue to pay the electric light charges and supply the smallware, etc. necessary.

With reference to the time table and course of studies to be followed, you may inform Mrs. Stickle that the Department wishes her to be guided by the curriculum prescribed by the Ontario Department of Education. She should give the practical work particular emphasis and should endeavour to correlate classroom exercises with the activities of the children's homes and environment. You might refer Mrs. Stickle to the advice and instructions printed on the covers of the classroom register.

IN YOUR REPLY REFER TO
LETTER No. **10-2**

OFFICE OF THE
AGRICULTURAL REPRESENTATIVE

DEPARTMENT OF INDIAN AFFAIRS
CANADA

CHATHAM, ONT. July 24, 1926.

Dear Sir:

While at the Rama Reserve this week, I noticed that the school needs painting very badly. The outside wood trimmings are deteriorating very rapidly. This school should have been painted four or five years ago. I asked the agent about it, and he stated that the Indian Council would not pass any resolution. I beg to recommend that funds of the band be used, and the school painted. The metal capping on the belfry and chimneys should also be painted as they are rusting badly.

The agent also informed me that he had a letter of instructions from the Department stating that he was to prepare for a school garden. In this connection I wish to point out that the soil in the school yard is not suitable for a garden. We tried our best to have a garden and make a success of it this last number of years, but the ground is very hard tough clay. One end of it is very wet and low, and before anything could be done a tile drain would have to be put in. I surveyed for this tile drain a number of years ago, but it was not put in. I do not think that the idea of having a garden at the school is practical. The school children have been having their gardens at home, and the produce has been exhibited at the fair. The big problem with the school garden is that during the summer holidays, when the children are not at school and the teachers are not on the Reserve, the garden goes to weeds and not only that but it is a disgrace, setting a very poor example for the children.

I beg to recommend that the children continue on the basis of their home plot, rather than a school garden.

Yours truly,

J.D. McLean, Esq.,
The Secretary,
Dept. of Ind. Aff.

Sir:

I beg to refer you to official letter of the 10th instant, relative to the painting and decorating of the Rama Indian Day School. Mr. R. H. Abraham, Agricultural Representative of the Department, who recently visited the Rama reserve, strongly recommends that this work be carried out this summer. He discussed this matter with you and states that you informed him the Indian Council would not provide the funds for the purpose. I have to request that you will carry out the instructions contained in the above mentioned letter, prepare brief specifications of the painting, etc., which you consider should be done and obtain quotations from a number of responsible painters for performing the work. When these quotations have been received, you should forward same to the Department for consideration. I may say that the Department will provide the amount required for this painting from its Appropriation for Indian Education and not from the funds of the Band. Please give this matter your prompt attention, as we desire to have this building painted during the present summer.

Mr. Abraham has drawn attention to the carrying on of a school garden in connection with this school. He states that the soil in the school yard is not suitable and that the idea of having a garden there is not practical. He further states that the children have gardens at their homes. It is considered that no further action need be taken by the teachers and pupils in the conducting of a garden at the school. You should, however, encourage the pupils to conduct garden plots at their homes and exhibit samples of the produce grown at the local school fair.

Your obedient servant,

Sgd. T. R. L. MacInnes

Ottawa, July 31, 1926.

Sir:

I have your letter of the 24th instant, relative to the painting of the Rama Indian Day School building and the carrying on of a school garden. With reference to the painting, I beg to say that Mr. Agent Anderson was requested to prepare a brief specification of the work to be done. He was asked, also, to obtain prices from two or three responsible painters in the vicinity for performing the work. The Department will pay the expense involved from the Appropriation for Indian Education and not from Band Funds. We are again drawing this matter to the attention of the agent.

Your report regarding the carrying on of school garden work is noted. It is also noted that you consider having a garden at this school is not practical, owing to the ground in the yard being unsuitable, and the problem of attending to same during the summer holidays. We are taking this matter up with the agent and suggesting that, in view of your report, he need not take any further action in having the teachers and children carry on gardening at this school. We are advising him to encourage the children in every way possible in the conducting of home garden plots and exhibiting samples of the produce grown therein at the local school fair.

Your obedient servant,

Sgt. T. R. L. MacInnes

R

Sir,

I beg to acknowledge receipt of your letter of 30th ult regarding painting of Rama Indian Day School.

Following the instructions contained in your letter of July 10th 1926. I prepared brief specifications for painting etc. and submitted same to a number of painters in the district. and now beg to enclose herewith copy of specifications submitted, and list of painters received as follows.

Messrs. Bonthron Bros.	\$255.00.
John Gill	1300.00
Robert M. McClelland	300.00

Messrs. Bonthron Bros. being the lowest tender. I would recommend that their tender be accepted. They are recommended as a good and reliable firm.

Yours truly
A. S. Anderson Agent.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

August 9th, 1926.

Memorandum:

Dr. Scott.

The Rama day school building requires to be re-painted both outside and inside. It is proposed to have the woodwork on the outside given two coats of paint, and the interior woodwork in both schoolrooms, halls and cloakrooms cleaned and painted, and all walls and ceilings kalsomined.

The Indian Agent was asked to have the Indian Council pass a resolution authorizing the amount required from their funds to cover the cost of this work. We have been informed by Mr. Abraham, who recently visited this Reserve, that the Indian Council would not provide the funds. As, however, it is necessary that this work be done, we instructed the Agent to prepare a brief specification of the work to be done and obtain prices from a number of responsible painters in the vicinity. I now submit the prices he received for doing the work, as follows:

Bonthron Bros. \$255.00,
John Gill 300.00,
Frank M. McClelland 300.00.

The Agent recommends that the contract be given to the lowest tenderer, viz. Bonthron Bros., and that this work be commenced at an early date and finished before the school reopens after the present summer holidays.

I shall be pleased to have your authority to incur the expenditure from our appropriation for Indian Education, and also to place the contract for doing the work with the lowest tenderer.

*May be changed to
Other urgent work*

Ottawa, August 11th, 1926.

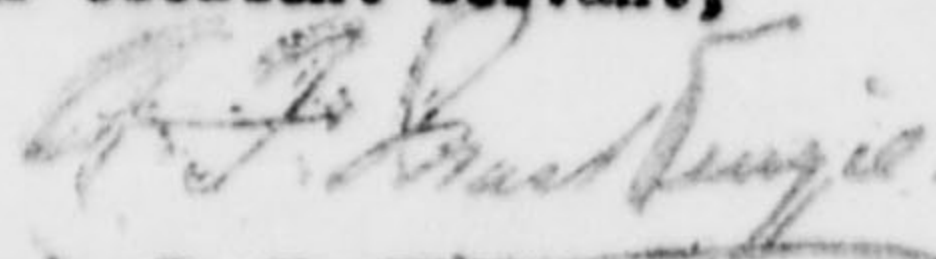

Sir:

I have your letter of the 3rd instant, enclosing the prices which you received for the painting and decorating required in the Rama Indian Day School.

In reply I beg to say that the price quoted by Bonthron Bros., Orillia, viz. \$255.00, to carry out the painting of the building, both outside and inside, and the other work, as per the specifications prepared by you, is accepted. Please arrange with this firm to begin this work as soon as possible, and you should see that it is performed in a workmanlike manner and to your satisfaction. You should also see that a good grade of paint, etc., is used. When this work has been finished, you should forward a properly certified voucher, in duplicate, in favour of the above firm for the amount due them for the work.

As we have no funds available from our appropriation for Indian Education, it has been decided that the cost of this painting, etc., will be charged to Band Funds.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

Sir,

I enclose herewith voucher amounting to \$44.53 in favor of Messrs Sands & McNamee, 67 King St. Oshawa.

Repairing desks & seats in Rama Indian Day School. This expenditure was authorized by Departmental letter H. 24-1-5 dated May 5, 1976.

I had considerable difficulty in securing anybody to do this work before locating the above firm.

John Low of Matricorn through whom the seats & desks were purchased did some two years ago. and I was unable to find who the manufacturer was, there was nothing on the form to indicate who made them.

The seats were in worse condition than my first inspection indicated.

The following supplies and repairs are required for the Kanna Indian Day School

- End Brick for Kitcher Range in Teacher's quarters
- A new Reservoir for Kitcher Range in Teacher's quarters
- Brooms for School and Teacher's quarters
- 1 Case of Gellie's Lye for School floors
- The clock in the School requires cleaning and a glass put in the face
- I received your permission to have the Davenport in Teacher's quarters repaired and upon obtaining a price for repairs which amounted to about \$20.00 I considered the cost was more than the Davenport is worth and would recommend a Bed Couch be purchased to replace same at a cost of about \$17.00

Ottawa, September 4, 1926.

Sir:

I have your letter of the 30th ultimo, relative to the supplies and repairs required for the use of the Rama Indian Day School. In reply I beg to say that you may have the end brick, required for the kitchen range, supplied and installed. You may also purchase and have installed a new reservoir for the range in the teacher's quarters. You may purchase two brooms and one case of Gillet's Lye and you should arrange to have the school clock cleaned and a glass put on the face.

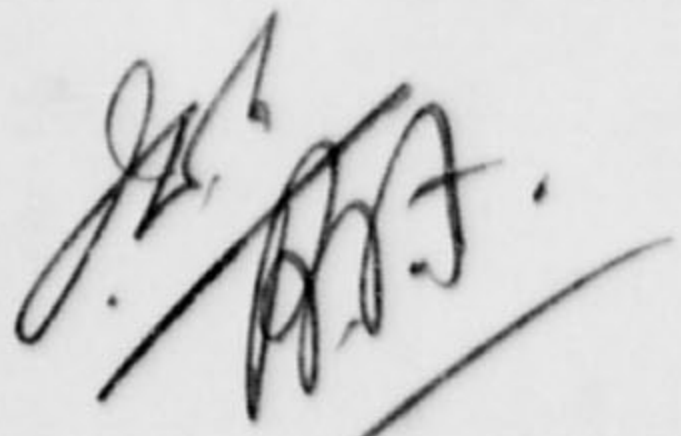

With reference to the repairs to the davenport, it is noted that the cost would be more than the article is worth. You should, therefore, arrange for the purchase of a bed couch to replace the davenport. We note that you estimate the cost to be approximately \$12.00. You may also have the blankets in the teacher's quarters washed.

No unnecessary expenditure should be incurred by you in the above authorized work. When completed, you should forward properly certified vouchers, in duplicate, covering the cost.

Your obedient servant,

Sir, I enclose herewith vouchers
amounting to \$1.61 in favor of
Mrs George Ivory
196 Mary St
Orillia

for washing 2 1/2 pair blankets and 4 sheets
for Rama Indian Day School.
This expenditure was authorized by departmental ^{letter}
to 24-1-5 dated Sept 4/24 excepting the 4 sheets
as these had been left dirty by previous
teachers I authorized the cleaning of them

Yours truly

NOV 5 1926
SCHOOLMAN

Sir -

I have a request from
Mrs. Jess Stickle Principal of Rama Indian
Day School. that at least four large
seats be provided for grown up pupils
who have returned to School to take
up the Entrance work.

The forms in the senior class room are no
doubt too small for the boys & girls who have
returned to School.

It is a new experience to see these boys & girls
return to School after leaving and to give
them and the teachers all the encouragement
we can. I would recommend that at least the
four large seats be provided.

Yours truly

Ottawa, November 5th, 1926.

Sir:

I have your letter of the 1st instant, requesting that 4 desks of a large size be supplied to accommodate the older pupils who have returned to take up entrance work at the Rama Indian Day School.

In this connection I beg to say it will be necessary for you to state the name of the manufacturer of the desks at present in use in this school, and also whether they are of the double or single type of desk. The larger size desks are manufactured to accommodate pupils of the following ages: -

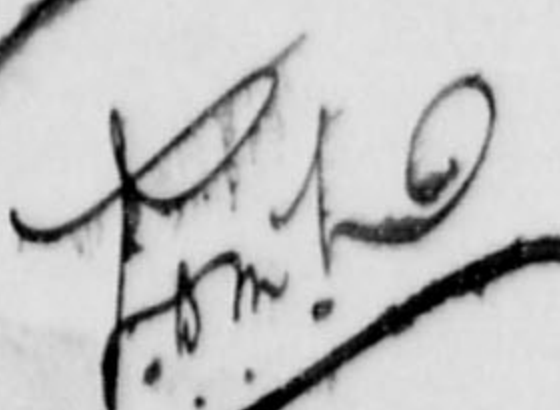

No. 1 - Adults,
No. 2 - Pupils 16-20 years,
No. 3 - " 12-18 "

You should state the size of the desks required. When we have this information, consideration will be given to authorizing the purchase of these desks.

Your obedient servant,

J. D. McLEAN

With reference to the Principal's request that a medicine cupboard with lock and key be provided, I shall be pleased if you will furnish an estimate of the cost of supplying a suitable cabinet in which the medicine could be kept. You might be able to have one built by a local carpenter at less expense than the purchase of a cabinet would entail. When we have information as to the cost, etc., consideration will be given to the supplying of a medicine cupboard.

Sir,-

Referring to your letter of the 8th inst regarding cupboard for Rama Indian Day School.

What is required is a cupboard for holding School Supplies. The small cupboard at present in use is not large enough and can be used for medicine supplies and as a new one installed for all other school supplies.

I am enclosing herewith an estimate of the cost for same and provided you approve of one being installed I would recommend that the tender for the one at \$33⁰⁰ be accepted.

Sir:

I have your letter of the 20th instant, relative to providing a cupboard for holding school supplies at the Rama Indian Day School, and enclosing an estimate of the cost of same.

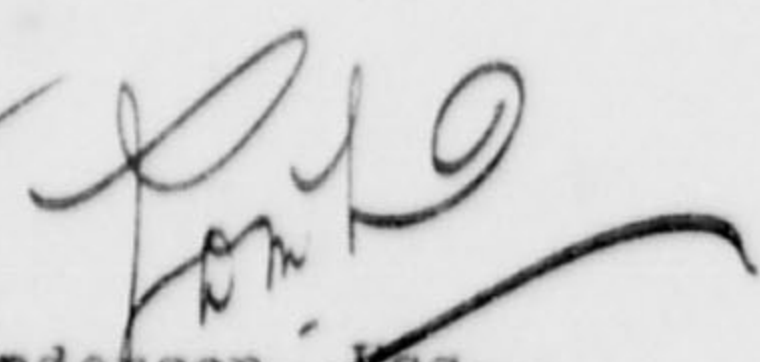

In reply I beg to say that you may arrange to supply the cupboard at a cost not exceeding \$33. The small cupboard at present in use can be used for medical supplies and the new cupboard which you are authorized to supply will be for the use of the school supplies. When this cupboard has been installed, you should furnish properly certified vouchers, in duplicate, covering the expenditure incurred.

I have also your letter of the same date, relative to the glass required in the senior room. You may arrange to have a new pane of glass installed, and vouchers should be forwarded covering the cost.

Sir:

I have your letter of the 20th instant, relative to the additional desks required to accommodate the older pupils at the Rama Indian Day School.

In reply I beg to say that you may arrange for the purchase and delivery at the school of 4 desks, size No. 1, and 4 rear seats. You should place the order with the firm who can supply the same type of desks as those already in the school, in order to have uniformity in the seating equipment. The price quoted by the firm who supplies these desks should be F.O.B., the nearest railway station to the school.

Please obtain an account, in duplicate, covering the cost, which you should certify in the usual manner and sent to the Department for payment.

The Department will leave the matter of obtaining these desks in your hands to make the best arrangements you can for securing same and at the lowest possible cost.

Your obedient servant,

Nov 20 1926

Sir,

I beg to advise that in the basement of the Rama Indian Day School a certain amount of water lodges there and lately it has been very bad. I examined it on Thursday last and from observation it would appear to me to be necessary to take levels to find out if there is sufficient drop for proper drainage. Provided you have the plans when the school was built I am of the impression it will show a drain from the North West corner of School to a well a little west of School, and from this well another drain was made but I am informed was never connected to the well.

I cannot advise opening these drains until it is certain that proper drainage can be had.

[Initials]

I understand you will be at Brantford and other points in about two weeks' time, and I would request that you visit the Rama Reserve, near Orillia, and examine the drainage at the Rama Indian Day School building. Complaints have been made from time to time that there is water in the cellar, and the Agent has not sufficient information as to the location of the drains to make the necessary repairs.

There are funds available in the Interest Account at the credit of the Rama Band for the purpose of making repairs to the drainage, and you may authorize the necessary work being done when you are on the ground.

The Indian Agent is Mr. A. S. Anderson, whose address is Longford Mills, Ont.

Ottawa, November 26th, 1926.

Sir:

I have your letter of the 20th instant, relative to the condition of the drainage in the basement of the Rama Indian Day School.

In this connection I beg to inform you that Mr. Orr, the Architect of this Department, will be in Orillia in about two weeks' time, when he will visit the school and examine the drainage, and arrange for the repairs that may be required. He will inform you of the date of his visit, when you should arrange to meet him at the school.

Your obedient servant,

J. D. McLean

Extract from Report of Inspector Ferguson on the
Rama Indian Day School - dated Sept. 9th, 1926.

Original on file 24-1-6

The closets should have daily care by the caretaker. This should be definitely stated in his work. He doesn't seem to think that he receives sufficient pay to do this, but it is very important especially on a reserve where health conditions are none too good.

Ottawa, September 25, 1926.

Sir:

The Public School Inspector, in a report on his recent inspection of the Rama Indian Day School, recommends that the closets receive the attention of the caretaker each day, and that he should see that they are kept in a cleanly condition. It is considered that the teachers should impress upon the children the need of cleanliness and thus assist the caretaker in keeping these toilets in a sanitary condition.

Please draw this matter to the attention of the teachers and the janitor and insist that the janitor see that these toilets are kept in a sanitary condition.

Your obedient servant,

J. D. McLEAN

R

Sir,

I beg to acknowledge receipt of your letter of the 25th inst regarding cloths at the Rama Indian Day School, and your instructions therein will be carried out.

I find the difficulty in keeping these cloths clean is owing to the fact that they are used a great deal by others than the School Pupils. This of course is not advisable and to overcome that I would recommend that the School cloths be locked and only opened during School hours.

The teacher could see that the doors be opened and closed each day by appointing some senior pupil. To attend to this,

Yours truly

A. Anderson Agent
Rama Indian Reserve
Ottawa.

Ottawa, October 2nd, 1926.

Sir:

I have your letter of the 29th ultimo, relative to the closets at the Rama Indian Day School.

In reply I have to request that you will arrange to have good strong locks placed on the doors of these closets. The keys should be kept under the charge of the senior teacher, and she should see that the doors are only open during regular school periods. The caretaker should visit these closets frequently and see that they are kept in a cleanly condition.

After you have had the locks installed on the doors, please forward properly certified vouchers, in duplicate, covering the cost.

Your obedient servant,

J. D. McLEAN

Ottawa, December 10, 1926.

Sir:

Replying to your letter of the 4th instant, I beg to say that you may incur an expenditure not exceeding \$12.00 in purchasing suitable gifts for the pupils of the Rama Indian Day School to be given them before the school closes for the Christmas holidays.

Please obtain itemized accounts, in duplicate, and attach same to proper voucher forms, certify in the usual manner and send to the department for payment.

It might be advisable to consult the teachers as to the supplies they require.

Your obedient servant,

Sir. *[Signature]*

Longford M. E.
Feb 19th 1927

Reference to 24-1-5.

Referring to your letter of 16th April 1925 in regards to oiling of floors in Rama Indian Day School. Mrs. Stickler one of the teachers has requested me to take the matter up with you with the object of having the floors oiled oftener than twice a year she suggest 4 times a year, but I consider three times would be sufficient i.e. at Term, Easter and opening of fall term. As the cost is small I would recommend that permission be given to have the floors oiled three times in a year.

Yours truly
A. S. Addison

Ottawa, February 26, 1927.

Sir:

I have your letter of the 19th instant, relative to the oiling of the floors in the classrooms at the Rama Indian Day School.

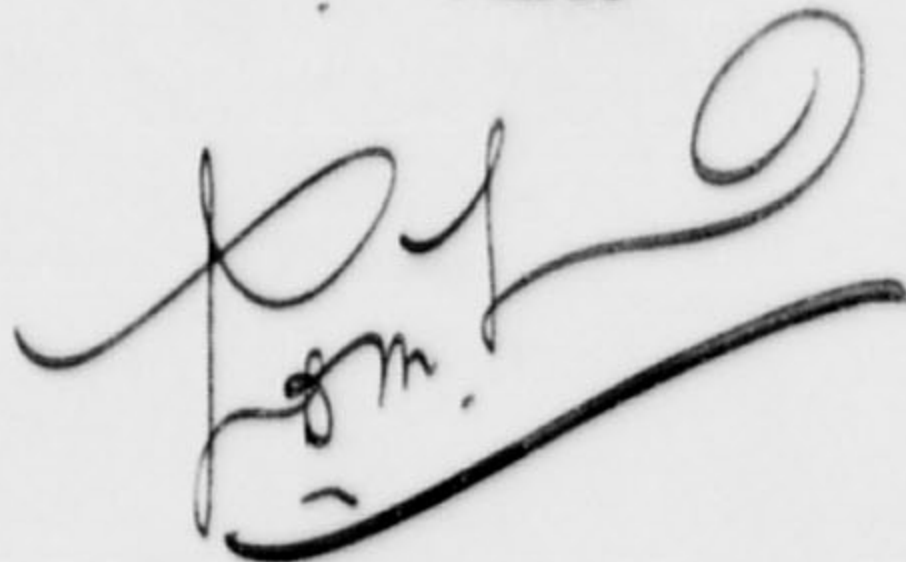

In reply I beg to say that the Department will approve of having these floors oiled three times each year, at intervals of approximately 4 months. The floors should first be scrubbed and allowed to thoroughly dry, after which the oil should be applied. You may arrange for the purchase of the oil required for the purpose. Arrangements should be made to have the oiling done over the week end or on holidays, in order that there will be no interruption in the classroom work. It is thought that the oiling of the floors three times each year would be sufficient.

Your obedient servant,

J. D. McLEAN

Sir:

I have your letter of the 9th instant, relative to the request of the senior teacher of the Rama Indian Day School to be supplied with 100 glass vials for weed seeds. Please have the teacher obtain an estimate of the cost of these vials and inform the Department.

The Department will forward two bats for soft-ball. It is considered that goal posts for volley ball could be put up by the older boys, without expense to the Department.

You may arrange to have the soft water cistern emptied and thoroughly cleaned out. Please forward a certified voucher, in the usual manner, covering the expenditure incurred for this purpose.

Ottawa, May 27th, 1927.

Sir:

I have your letters of the 21st instant, relative to the window screens and glass vials asked for by the teacher of the Rama Indian Day School.

In reply I beg to say that you may arrange for the purchase and delivery of the screens for the windows of the classrooms and teachers' living quarters of the dimensions as mentioned in your letter. We note that the cost, including delivery charges, will be approximately \$19.25. You may also arrange for the purchase of 100 glass vials for weed seeds, the cost of which you state to be \$1.50.

I have also your letter of the 7th instant, which I regret was inadvertently overlooked. Regarding the carpenter tools which the teacher requests be supplied, you may purchase and have delivered the following: -

1 Hammer,	2 Saws
1 Screw Driver,	(1 Small - 1 Large),
1 Chisel,	1 Pkt. Small Nails.

It is expected that the teacher will see that these supplies are properly cared for and stored during the coming summer holidays.

After the above purchases have been made, you should forward properly certified vouchers, in duplicate, in the usual manner covering the expenditure incurred.

Your obedient servant,

Rama Day School
June 6/27

Mr. A. S. Anderson, Agent.
Longford, Ont.

Dear Mr. Anderson:

In discussing the problem of a school picnic before the end of June, Miss Skelton and I wondered if it would be permissible to arrange an Educational trip, say to Port McNeill to the docks, or some such place, just for the pupils from 10 years of age up. We could take lunch with us and combine Geography, History and picnic. There would be the expense of a truck or conveyance of that kind. Do you think the Department would be willing to bear the expense. If you could go along and Rev. & Mrs. Mackenzie, as well as we two teachers, the children would be well taken care of. They see so little of the real Canada, it would be good for them.

Yours truly,
Jean Skelton
Principal

Sir
re Rama Indian Day School.
Sir. Sir

I have been requested by the Teachers of Rama Indian Day School to arrange for a one day outing or pic-nic for pupils from 10 years of age up. The proposal is to give them an outing that would be of some education to them. The School children never see anything more than what takes place on the Reserve and an outing as set forth in letter I enclose from the Principal Mr. Shickel would no doubt be a benefit and a pleasure to the pupils.

The only expense would be cost of conveyance in the way of motor truck which will cost \$9.00 per hour and would be for whole day.

June 11-1927
reference to 24-1-5

Referring to your letter of Nov. 26-1926 wherein you advised that Mr. Orr, the Architect of the Department would visit the Rama Indian Day School. I beg to advise that up to the present he has not arrived and the water in the basement of the School is very bad at present time. and unless some relief can be made. I would recommend that the coal bins have a floor installed raising the bottom about six inches so that the coal will be clear of the water.

I also enclose a resolution passed by Council regarding a new Council Hall provided Mr. Orr visits the Reserve he could then visit and inspect the Hall and make a report

24-1-5.

Ottawa, June 15, 1927.

Sir:

I have your letter of the 11th instant, with reference to water in the basement of the Rama Indian Day School. I cannot agree to the provision of a wooden floor in the coalbins. Mr. Orr will visit the school in the early future and action will be taken following his report.

I have also your letter of the 11th instant, asking for a grant for an educational trip, or picnic, for the older pupils of this school. This scheme commends itself to the Department and I have to authorize you to expend the sum of not more than \$24 for a school outing.

Your obedient servant,

J. D. McLEAN
J. D. McLean,
Asst. Deputy & Secretary.

A. S. Anderson, Esq.,
Indian Agent,
Longford Mills,
